Parent Handbook 2023-24

Immaculate Conception School
200 West Wayne Street
Celina, Ohio 45822
419-586-2379

August 2023

Dear Immaculate Conception Students and Parents,

Another school year has begun! We are very blessed to be partners with God and the parents of our children in the formation of their faith. Witnessing the spiritual, academic, emotional, physical, and social development that will take place between now and the end of May will be exciting for us!

The teachers and I will enjoy working with you and your students this year, and we look forward to getting better acquainted. This handbook provides the guidelines regarding our school policies and procedures. Please take the time to thoroughly read it, and keep it handy for reference. Also be sure to fill out the form that acknowledges you have read the handbook and responsible use of technology policy and agree to abide by all of the policies in this handbook. (The form will be a part of your beginning of the year forms in Digital Academy.)

In order for our partnership to be effective, good communication will be critical. Please check Digital Academy regularly for announcements and news, as well as your accounts and your children's grades, but also keep an eye out for emails or any printed materials sent home and always feel free to contact us with questions or concerns. May the upcoming year be filled with the excitement of learning and with the warmth of being part of God's loving family.

Sincerely,

Polly Muhlenkamp, Principal

IMMACULATE CONCEPTION SCHOOL MISSION STATEMENT

Immaculate Conception Catholic School prepares students to meet the challenges of the future as faith-filled disciples of Jesus.

We foster an environment for the spiritual, intellectual, physical and social growth of each student while respecting the uniqueness of each learner.

IMMACULATE CONCEPTION SCHOOL VISION

Immaculate Conception School will challenge children of all abilities to achieve academic excellence, become life-long learners, and aspire to be responsible citizens devoted to Christ.

IMMACULATE CONCEPTION SCHOOL BELIEFS

We believe that we pass to new generations the traditions of our faith and loving relationship with God.

We believe that parents, teachers, parish and community are partners in education.

We believe that students of all ages should be taught and encouraged to be good stewards.

We believe that each student is a valued individual with unique physical, social, emotional, spiritual, and intellectual needs.

We believe positive relationships and mutual respect among and between students and staff enhance the student's self-esteem.

We believe that all students can learn, and we provide instruction for the different learning styles of children.

We believe when given the appropriate opportunities, each child will develop his/her leadership potential.

We believe that to serve others is to serve God. We challenge our students to help those in need through charity, prayer, and service.

Mrs. Jennifer Bruns	Preschool 2 Aide
Mrs. Heather Bohman	Preschool 1 Aide

Teacher email addresses

These email addresses are provided to facilitate communication between home and school. Most communication between parents and teachers should occur through the school app, but you may also use email to contact a teacher.

HOWEVER, do not use them for communications that need immediate attention, such as reporting absences or informing us that a child is to be picked up.

Please, no bulk or chain-letter type emails!

ADMISSION AND REGISTRATION

ADMISSION AND REGISTRATION POLICY, GRADES K-6

1. Immaculate Conception School provides a faith-based education with an emphasis on Catholic values and high academic standards. We are a partnership with parents, the I.C. Parish, and the community in educating children spiritually, intellectually, physically, and socially to reach their individual potential.
2. All new families are encouraged to arrange a family conference and school tour to begin the admission process. Call the school at 419-586-2379 to arrange a meeting or e-mail the principal at polly.muhlenkamp@icschool-celina.org.
3. **No student is excluded from Immaculate Conception School solely because of race, sex, color, religion, national/ethnic origin, or ancestry.**
4. Admission shall not be based solely on ability or achievement. However, since Immaculate Conception School does not have appropriate educational facilities to meet the instructional needs of students who are severely developmentally or physically handicapped or those with severe behavioral or learning disorders, they shall not be admitted unless special arrangements have been made between the parents and the school administration.
5. The following forms must also be submitted when a student registers at Immaculate Conception School:
 - Birth certificate (certified copy from the Health Department)
 - Baptismal record if Catholic (and other sacramental records, if available)
 - Most recent report card, if older than kindergarten age
 - Any court documents related to custody (in cases of divorce, adoption, foster parenting, or other court ordered custody)
 - Immunization Record
6. Parents will provide a signed release of records form, which allows Immaculate Conception School to request a child's academic and behavioral records from their previous school. Records from the previous school must be received prior to admission. These records will help to determine if Immaculate Conception School is an appropriate educational setting for the child.
7. If a child is on an Individualized Education Plan (IEP) for speech or learning disabilities, Immaculate Conception must review the IEP before admitting the child in order to assure we can meet the instructional needs of the child.
8. Refusing to provide requested information to the school, or providing false, incomplete, or inaccurate information to the school, may result in the denial or revocation of admission and/or disciplinary action, up to and including suspension and expulsion.
9. Kindergarten students must be 5 years of age by August 1 and complete kindergarten screening procedures at Immaculate Conception School in the spring of the year prior to entering kindergarten. (Kindergarten screening from another school may be accepted if parents apply for admission after the screening date. If screening records indicate a potential issue, additional screening may be required.)
10. A new student entering Immaculate Conception School must present documented proof that he/she has received all immunizations prior to the first day of school.
11. Any new student to Immaculate Conception School is admitted on a probationary period for the first quarter. At the end of this probationary period, an assessment will be made by the administration, in conference with teachers and parents, to determine if the grade placement is proper or whether a different placement is appropriate in order to help the child be a successful learner.
12. Continued enrollment at Immaculate Conception School is dependent on the following factors:
 - Tuition and all other charges paid to date. Failure to keep tuition payments up to date may result in a denial of enrollment.
 - Maintenance of a satisfactory disciplinary record, as determined by the principal and faculty.
13. Registrations for students in grades K-6 that meet all requirements will be accepted on a space-available basis according to the following priorities:
 1. Students currently enrolled at I.C.

2. Children of registered I.C. Parish members who currently have siblings enrolled at I.C.
3. Children of non-parishioners who currently have siblings enrolled at I.C.
4. Children of registered I.C. Parish members enrolling a first child.
5. Children of registered St. Isidore the Farmer family of parishes parish members.
6. Children of non-cluster families enrolling a first child.

*Admission policy for Immaculate Conception Preschool is outlined in the preschool handbook.

The process for admission and enrollment at Immaculate Conception School is as follows:

1. **Set up a family tour and conference.** Call the school office at 419-586-2379.
2. **Go to www.icschool-celina.org**, and from the Prospective Parents tab, choose “ENROLLMENT.” This link will connect you with the Digital Academy website and the FACTS website. (Digital Academy is the company that manages our enrollment and tuition collection, while FACTS is the company that manages our financial aid applications for grades K-6).
3. **Set up a Digital Academy** account, using your e-mail and a password you choose.
4. **Enroll your child** by logging into your Digital Academy account and providing the requested information. You will be charged an **annual \$50.00 REGISTRATION FEE** (per child).
5. **Apply for financial aid** (optional) through FACTS (available for K-6 only). Returning families’ deadline is March 30. There is a \$30.00 fee to apply for financial aid, and documentation such as tax forms are required to be uploaded. (If you need help with this process, please contact Mrs. Muhlenkamp.) In order to be considered for aid from the Archdiocesan Catholic Education Foundation, applications should be completed prior to January 20.
6. **A finalized agreement will be sent out once grants and aid are determined.** (These are typically sent out in May, once need-based grants are calculated.)

(Adopted by the Immaculate Conception School Advisory Board 06.18.13)

GENDER IDENTITY POLICY

Faith is integrated into all aspects of the school’s activities. It would be inconsistent with the school’s identity and mission to teach, promote, or encourage an understanding that is contrary to Catholic teachings. According to the Catholic Faith, a person’s sexual identity is rooted in one’s biological identity as male or female. So a person’s biological identity and gender identity are considered to be one and the same.

Immaculate Conception School’s policies include:

- All students will be treated with sensitivity, respect, mercy, and compassion, making **reasonable** accommodations for additional privacy.
- Participation on school teams will be according to biological sex.
- Names and pronouns will be in accordance with the student’s biological sex.
- Gender appropriate dress, bathrooms, locker rooms, showers, and sleeping accommodations on trips will be according to biological sex.
- Names in school records will be maintained according to the student’s biological sex.

TUITION

Immaculate Conception School strives to make its education affordable for all those who want to choose it for their children. The actual cost of educating a student at I.C. School is over \$8000, and the parish helps to subsidize this education. Families who cannot afford the tuition (\$5,000) can apply to FACTS for financial aid. This application is done online and is **completely confidential and unbiased**. There is a \$30 charge for the FACTS company handling this paperwork. Families are strongly encouraged to do this application in January in order to be eligible for tuition

assistance from the Catholic Education Foundation of the Archdiocese of Cincinnati, which may provide grants of between \$300 - \$1,200 per student, depending on student need.

Active members of the St. Isidore the Farmer Family of Parishes who are not eligible for a scholarship which covers 100% of their tuition may elect to apply for the St. Isidore Scholarship. This scholarship is currently valued at \$625, and is available for families who do not have complete coverage of their tuition through a scholarship who are active parish members at one of the parishes in the family. Active parish members would attend Mass on a regular basis and take an active role in supporting the parish activities.

Parish tuition grants of \$200 - \$3000.00 are supplied for those who need them. (Need is determined by FACTS). In addition, families have the option of asking for extra assistance from our Adopt-A-Student Fund. These funds are privately donated by parish members who want to insure that every family can afford a Catholic education at I.C. School.

Once grants are offered, families will receive an email with the financial aid information. Families will set up payment plans on Digital Academy and may choose to make 1, 2, 10, or 12 payments. They may choose to have automatic withdrawals from a bank account or pay by credit card, or they may pay by cash or check directly to the school. Late payments will be charged a \$25.00 late fee. Returned payments will be charged a fee of \$30.00. If there are extenuating circumstances, please contact Mrs. Muhlenkamp at school to work out a possible variance. Report cards may be held at the end of the year until all tuition is paid in full.

Since tuition grants are made from parish funds, all parents are urged to support Immaculate Conception, St. Teresa, and Our Lady of Guadalupe parishes in every way possible with your time, your talents, and your treasure. Sunday collections, and summer festival profits all go toward the cost of maintaining our Catholic school, as well as interest from our Endowment Fund.

Immaculate Conception School is an approved educational provider for the Ed. Choice Expansion Program which provides full-tuition scholarships for families of students below a specific income. The program is open to students in kindergarten through sixth grade and who are entering those grades for the first time. Contact the school or look at the Ohio Department of Education (<http://education.ohio.gov/>) website for more information and for forms. Applications and documentation for this program should be submitted by mid-April.

Immaculate Conception School is also an approved educational provider for the Jon Peterson Special Needs Scholarship program for children with learning disabilities. More information can be obtained from the school office or at the Ohio Department of Education website (<http://education.ohio.gov/>).

FINANCIAL/FEE REFUND POLICY

The \$50.00 registration fee per child is non-refundable, even if a family should move after enrolling. However, any tuition paid beyond the \$50.00 deposit, which is part of the registration fee, can be reimbursed if a family moves or unenrolls, and is based on a per day basis. Families who have paid ahead will be reimbursed and families who have an outstanding balance will be expected to pay the remainder of it.

Tuition and all other obligations are expected to be paid on time. If a variance is needed due to some hardship, the family should contact the principal to work out a suitable plan. If any obligations are not met by the end of the school year, the principal may hold students' report cards until things are worked out.

WITHDRAWAL POLICY

Parents may withdraw a student at any time during the school year. Parents should work with the administration to make the process as smooth as possible for students and teachers. Families will be charged a prorated tuition for the days the student is enrolled at Immaculate Conception School. If they have paid an overage, it will be refunded to them.

Records will be transferred to the school the student will be attending as soon as possible, once all fees have been settled.

ATTENDANCE

ATTENDANCE, ILLNESS, AND ABSENCE

Regular attendance and punctuality are important to our students' growth and success in school. Each child has valuable contributions to make, and time spent in the classroom with the teacher and with fellow students cannot be replaced. School begins at **8:20 am** each morning for K-6 students. (See "Student Attendance Accounting" on page 10 in regard to notifying the school of absence.)

The following absences are allowed as EXCUSED absences from school:

- Illness or Injury
- Illness in the family necessitating the presence of the child
- Quarantine of the home
- Death of a relative
- Medical or Dental appointment
- Family Emergencies
- Family travel (if only 1 day or with prior approval)

When absences are extended (more than 3 days) or repeated, appropriate documentation will need to be provided. Bringing documentation from a doctor, dentist, or other health professional is always recommended, but is required upon request or in the case of an extended absence or repeated absences. Prior approval by the principal is required if a student will miss more than 1 day of school for family travel. Please request a form in the school office.

Students on the Ed Choice scholarship program must follow the attendance guidelines provided by the Ohio Department of Education which will be provided to each family receiving the scholarship.

The following may be considered UNEXCUSED absences:

- Family travel that is not given prior approval
- Student absence due to suspension
- No excuse given
- Any reason not stated in the list of excused absences (*A child who is not cooperative or a parent who wants to sleep in are not adequate excuses for missing school.*)

Being on time for school is important. When students arrive late, it creates additional disruption to the classroom, and learning is missed. Students who arrive after 8:20 but before 9:50 am will be counted as tardy. The tardy will be unexcused unless there has been an appointment or other necessary reason (emergency, bus arriving late, etc.)

Students who arrive later than 9:50 am, leave before 1:45 pm, or miss more than one and a half hours of instructional time during the school day will be considered absent for a half day. A student who is not in attendance for at least 1 1/2 instructional hours will be considered absent the whole day.

If a child is tardy (unexcused) more than 5 times in one quarter, a conference will be requested with the parents and student by the principal to help set up an intervention plan. Students may be required to make up for class time missed at recess time or after school. At 10 or more unexcused tardies in a quarter or 20 or more within the year, the principal may call upon law enforcement to assist in intervention and help insure the child gets to school on time.

If a student is absent 5 or more days in one quarter (even if excused), the principal may contact the parents for a conference to set up an intervention plan. Students may be required to make up class time missed at recess time or after school. Failure to cooperate with an intervention plan may initiate the assistance of law enforcement to reduce the number of student absences. Any student missing more than twenty (20) school days (excused and unexcused) may be required to attend summer school or may be recommended for retention in his/her grade level. If an illness or injury will require an extended absence for a student, parents are asked to provide documentation from a medical professional as to the amount of time and reasons for any lengthy absence. Parents are asked to work closely with school personnel to insure the student is able to make up for missed instructional time.

If a child contracts a communicable disease, he/she should not return until a physician gives permission to do so. If a child displays symptoms of illness at home, these symptoms must be checked before sending the child to school. **A child should be free of fever (without medication) for 24 hours before returning to school (if the illness is determined not to be COVID).**

*Any student or staff member who exhibits one of the following possible COVID-19 symptoms should be kept (and will be sent) home: Fever of more than 100 degrees, shortness of breath, serious cough, or trouble breathing. Or if they have 2 of the following symptoms: body aches and stiffness, headache, sore throat, new loss of taste or smell, and GI issues (nausea, vomiting, diarrhea). If a student or staff member is determined to have COVID, he/she may not return until they are fever free for 24 hours (without medication), 5 days have passed since the onset of symptoms, **and** there is improvement in other symptoms. They are expected to wear a mask for 5 days upon return.*

When a student becomes ill at school, he or she may not leave school without the permission of both the principal and a parent or designate. When notified, the parents must make arrangements for transporting the child home.

In the event that head lice are discovered, the school takes action to prevent the spread but in a low-key manner so as not to create a stigma for any children involved. If a child is known to have head lice, the parent is contacted. The school staff checks the classmates of the affected child, as well as any of his/her siblings in the school. If this check finds other cases, those parents are also contacted, and the children are sent home for treatment to clear up the situation. The children are checked upon their return to school and must be free of any evidence of live lice to return to the classroom.

At the discretion of the principal, the Absentee Policy can be altered according to the individual student's needs, because the philosophy of Immaculate Conception Catholic School deals with the uniqueness of the individual student.

STUDENT ATTENDANCE ACCOUNTING

Immaculate Conception School acts in accordance with the Ohio Revised Code in our effort to prevent missing children. We attempt to know the whereabouts of each child; this requires cooperation and good communication between school and parent when a child is absent. Therefore, we use the following procedures:

1. The parent will notify the **school office** before 8:20 am on the day the student is absent stating the reason the child will not be in school. The school office opens at 8:00 am. If you call before that time, a message may be left on the answering machine. **Parents also have the option of filling out a student absence form in Digital Academy.** *In order that we can assist the health department in noting the types of illnesses students are experiencing, please include the symptoms your child is experiencing when reporting their absence.* Please also note what to do about homework (send it with a student, parent pick up, etc.).
2. A written note can be sent to the office with a brother or sister of the absent child stating the reason for the absence. This note will serve the same purpose as a telephone call. A verbal notification by a sibling will **not** be acceptable. *Notification must come from a parent.*
3. Notice may be given in advance for absences such as funerals, appointments, etc.

4. If the school has not heard from the parent on the morning the child is absent, the school will attempt to contact the absent child's parents or guardian by phone.

These procedures are to ensure the safety of your children. If parents do not contact the school by 8:20 when a child is absent, it will be necessary for us to call them in order to account for every child. If a parent cannot be reached, we will attempt to call the listed emergency contacts, and if none can be reached, the school may call the truant officer or law enforcement. With these procedures, there will be more immediate follow-up for any missing child.

HOMEWORK FOR ABSENT STUDENTS

Whenever students are absent, they will need to make up work they have missed. Students are not expected to have all work completed the next day when they are absent due to illness, but generally have as many days to complete work as they are absent with an illness. When parents report a student's absence, they should give directions concerning homework for the day. Options include:

- Pick up at the cabinet after 3:00 pm.
- Have work sent home with a sibling, relative, or a student who lives near your family.
- Special requests can be made to pick up work from the office at an earlier time that is more convenient.
- Wait until student returns.
- Tests and quizzes will need to be taken when the student returns to school.

When parents notify us of an absence in advance (an appointment, funeral, etc.), work may be requested from the teacher in advance. If more than one day is requested, parents should understand that students will still need to check with teachers upon return to be sure nothing is missed.

RELEASING STUDENTS DURING SCHOOL TIME

A student will be released from school ONLY to a parent or legal guardian, or to a person designated in writing or per phone call or email by the parent or legal guardian. The office staff reserves the right to ask for identification if a person is unfamiliar to them. Students may **not** leave the school grounds by themselves during the school day.

If it is necessary for a child to leave school during the school day (e.g., dental, eye, doctor appointments), a phone call to the office, or a written note must be sent with the child and given to his/her teacher, who will send the note to the office. A dismissal slip for the child will be issued from the office. *Please do not inform us via email or app message, since this may not reach us in a timely manner. **If you do send an email and do not receive a confirmation that it has been received, please be sure to CALL us.** It is fine to use email or app message a day or more in advance.*

WHEN PICKING UP A CHILD, PARENTS OR GUARDIANS MUST REPORT TO THE SCHOOL OFFICE, where the child will meet them. If the child returns to the school after the appointment, he/she should also report to the office.

VACATIONS

While we recognize the value of family vacations, such vacations are **strongly discouraged** during the school year. Instructional time lost in the classroom is difficult, if not impossible, to make up with assignments done independently outside the class. If circumstances make it necessary for a family to take a student out of school for an extended vacation (longer than one school day), the parents must obtain a form from the school office to complete and return, *at least one week before the absence.*

Parents should also recognize that it is difficult, if not impossible, to determine exactly what work might be missed during an extended absence. Teachers may not be able to give exact assignments ahead of time (sometimes plans change due to student needs and scheduling issues), so students should always plan to check in with teachers upon

return to be sure they have all assignments they need to do. All work that is given prior to vacation should be completed upon the student's return. If a parent(s) does not have the intention of making sure students complete the work while on vacation, they should not request it ahead of time.

Teachers will not be required to do remote learning in order for a family to have access while on vacation.

CURRICULUM

CURRICULUM TO CHALLENGE STUDENTS

The curriculum at Immaculate Conception School is designed to provide needed assistance for students who have difficulties with their work, while at the same time challenging those students who are able to go beyond the normal curriculum. The achievement of our students shows that we succeed with both parts of that goal. Often, students with lower abilities achieve standardized test scores well above what their ability tests predict for them, and the challenges within IC's curriculum prepare the students very well for their experiences at the middle school and high school.

INTERVENTION FOR STUDENTS

Title I reading is an intervention available to students struggling with reading at grade level or sometimes for enrichment. Mrs. Julie Hrycko is the teacher who will test students to determine if this is a need and will work in a small group setting with these students. She also sets up students who need a Reading Improvement Monitoring Plan (RIMP) and monitors their success and works with third graders who will need to pass the Third Grade Reading Guarantee for test practice.

Speech services are available to our students. Ms. Megan Schlater will deliver speech and language services to students who have difficulty in these areas. Ms. Schlater will place students in need of these services on an ISP (Individual Service Plan) which will be reviewed annually by parents.

Our intervention specialist, Mrs. Anita Muhlenkamp, works with students who have an identified learning disability and are currently on an IEP (Individualized Education Plan). Students who may qualify for these services are identified by teachers and then tested by Celina City Schools. The IEP is reviewed annually with parents, I.C. Staff, and Celina City Schools' Staff.

IC provides tutoring services to any students who need some extra support in academic areas, and this service will be provided by Mrs. Anita Muhlenkamp, Mrs. Julie Hrycko, or a volunteer. Any parent who does not want their child to receive tutoring during the school day needs to make that request to Mrs. Polly Muhlenkamp, in writing.

Students who have an identified need may also qualify for physical therapy or occupational therapy provided through Celina City Schools. Typically, these services are related services on an IEP or an ISP.

ACADEMIC EXPECTATIONS

Academics are a high priority at Immaculate Conception School. Students are expected to make good effort to complete all work in a timely manner, both in class and out of class. Students should always do the best they can on all work.

ACADEMIC SUBJECTS

Students in all grades receive instruction in the following subjects according to the graded courses of study of the Archdiocese of Cincinnati:

- Religion - Students will learn about Jesus and how to live according to the Gospel. We use the *We Believe* series in grades K-6. Students will learn specific prayers of the church and attend weekly Mass and other prayer services. Each year, our school has a faith theme -- in 2023-24, our theme will be "We Believe in Miracles." 2nd grade students will prepare for and receive the sacraments of reconciliation and Eucharist. Special care is taken to communicate with parents of non-Catholic students in this year and to let them participate as they desire and are able. We are also incorporating the Theology of the Body curriculum produced by Ruah Woods to help students build an understanding of people as gifts from God, which greatly affects how we treat one another.
- Language Arts - Students will learn reading and writing skills with a strong emphasis on phonics in grades K-2. We will use the Magnetic Reading series from Curriculum Associates in grades K-5 as our main textbook. Grade 6 will base reading instruction upon novels. We are using Simple Solutions Reading in grades 6 this year and for Grammar in grades 3-4. In addition, grades 4-6 use Vocabulary Workshop and grades 5-6 use Grammar Workshop.
- Math – We use the Sadlier Math program and it has work texts in grades K-2 and textbooks and workbooks in grades 3-6.
- Science and Health - Students will study science using many materials. All grades will have access to an online curriculum for science that they should use as a base. Grades 3-6 will have Sciencosaur Resource books to use as a reference. Grades K-3 often cover science lessons from Scholastic News and other sources as well.
- Social Studies - Students learn about history, geography, and economics in social studies. They use various materials and textbooks to cover the standards.
- Physical Education - Students participate in 2 gym classes each week. They learn skills, good sportsmanship, and teamwork. P. E. classes are held on Monday and Thursday and students need to have tennis shoes for this class.
- Art - Students have 1 art class each week. They will learn about and apply different art techniques and elements, as well as have an opportunity for free expression. They are exposed to art history along the way.
- Music - Students have 2 music classes each week. They will sing, play instruments, and move. They will also learn about different kinds of music, how to read music, and information about some famous composers. Students have an opportunity to perform at least twice a year at programs. 4th graders learn to play recorders.
- Band - Band is offered as an optional class for 5th and 6th graders. Students will learn about reading music and to play an instrument. The band performs at two programs a year.
- Technology - Students will have 1 technology class per week to learn some basic keyboarding skills and to learn how to use Google to create documents, slides and other tools. Students will learn about digital citizenship (safe internet use) and other needed skills to use technology. This is not a graded class.

HOMEWORK

Assigned homework, whether it is a short-range or a long-range assignment, is expected to be completed as directed by the teacher. Parents should assist in the homework process by providing proper study space and conditions and by encouraging good use of time by their child. They should allow the child to do the work. It is important that parents express interest in their children's work and that they encourage them to do their best.

Homework should not place a huge burden on students and their parents. However, it should be treated with importance and purpose. If parents have questions or concerns about a student's homework and the time they are spending on it, they are encouraged to discuss these concerns with the teacher.

Teachers will make their best effort to return graded homework in a timely and meaningful manner, so that the feedback is helpful to students as they continue to learn.

HOMEWORK CONSEQUENCE POLICY (Applies to Grades 3-6)

Doing homework in a timely manner is a very important skill in building responsibility and providing appropriate practice for skills learned at school. Due to this importance, a specific progression of consequences will be applied to students who miss homework assignments.

- ### PROGRESS REPORTS (K-6)

REPORT CARDS (K-6)

Grades K-2 will be using the new Archdiocesan Student Progress Update for the report card. These progress reports focus on areas of standards in each subject. Teachers will provide specific information concerning what is covered under each of the standards. Not every standard area will be assessed each quarter. Students may receive the following marks:

- Grades 3-6 will continue to use the Archdiocesan report card. Students may receive the following marks:

- If parents have any questions about the child's mark, they should make an appointment to see the child's teacher.

STANDARDIZED TESTING

14

Immaculate Conception School will administer any necessary state tests to **all ODE Scholarship students in grades 3 - 6**. The i-Ready tests are acceptable alternative for math and reading tests in grades 3-6, but 5th grade students will still need to take the state science test. Third grade students on the Ed Choice Scholarship are required to gain a promotion score on the language arts test. More information will be sent to parents prior to scheduled testing.

Immaculate Conception School and all other schools and parish religious education programs with the Archdiocese of Cincinnati participate in the ARK test to evaluate knowledge of religious concepts. This test is given to grades 2-6 in the spring of the year.

SCHOOL RECORDS

Cumulative records are kept on each student in K-6 in the school office. The records include student grades, attendance, standardized test results, and copies of other important documents such as birth certificates and custody information. If a parent wishes to view his/her child's records at any time, the request must be made to the principal of the school, and the principal must have time to double check that student's file to be sure nothing has been placed in it that should not be in it. If a student transfers to another school (or after completing 6th grade), the records and a copy of the cumulative records are transferred directly to that school.

If and when there may be changes in legal documents or other information relating to a child, such as a change of last name due to adoption, changes in custody arrangements, change of address or phone numbers, **it is the parent's responsibility to inform the school of this as soon as possible and to bring any legal documents to the school in a timely manner**. The school will make copies and return the originals to the parent.

If it is necessary to create two copies of documents such as report cards and communications, **it is the parent's responsibility to make sure the school is made aware of this need each school year**.

TEXTBOOK CARE

Textbooks are on loan to the students, and these books constitute a major expense for the school. It is important that students use proper care when handling their books and that they return them at the end of the year in good, usable condition. Textbooks should be covered at all times, with covers that will provide protection. Covers should not be the sticky type that adheres to the book.

SCHOOL MASS

All students in grades K through six celebrate Mass together each Friday at 9:00 a.m. We welcome our parents and all parishioners to join us for these liturgies. Occasionally, due to holy days or to conflicts in the school calendar, the school Mass may be changed to a different day of the week. These changes will be noted in the Sunday parish bulletin, and in parent communications.

RECESS

Opportunities for fresh air and exercise during the school day are important, and short recess periods are built into the school schedule. Students are expected to go outside during recesses, unless some health reason prevents it. In such cases, a note must be written to the teacher. Parents should see that students come to school adequately dressed for the weather, with coats, hats, gloves, etc., as the conditions warrant. When it is raining or very cold (below 20 degrees wind chill,) students may have recess indoors.

COMPUTERS / TECHNOLOGY

I.C. School's computer lab allows the students to gain experience with technology through the use of a variety of educationally appropriate software and the internet. Students have regular availability in the lab as a class. In addition, each student in K-6 will have Chromebooks available for regular use in the classroom.

Before students are given access to websites on the internet, each must agree to follow the "Responsible Use of Technology Policy" agreeing to follow the school's policy for using technology (This policy is found in Appendix A to this handbook). Students who are caught using technology in an inappropriate way may lose internet privileges for a period of time, up to the remainder of the school year, and may also receive other disciplinary consequences, as deemed appropriate by teacher(s) and the principal.

LIBRARY

The I.C. School library provides the students with books for general reading, informative reading, and assistance with research for school projects. These books are loaned for one week for grades K through 3 and two weeks for grades 4 through 6. (Kindergarten students may borrow only 1 book.) A book can be renewed if no one else has requested it. At the end of the school year, all books must be returned or lost books paid for. If books are not returned or paid for, report cards will not be released.

During library class time, students will review parts of a book and types of books, learn about authors, illustrators, and reference materials, and put into practice library skills.

BEYOND THE BOOKS

I.C. School has instituted a program called Beyond the Books which is open to students in grades 3-4 who wish to participate and pursue an independent project of their choosing. Students will plan a project, and when it is finished, they will create a display and share it with their class. These projects do not receive a grade. It is a way for students to enrich or extend their learning to areas which are interesting to them. In order to participate, a student must be completing all class work and getting all passing grades.

LUNCH CLUBS

Students in grades 5 and 6 may participate in lunch clubs as an opportunity for enrichment. The clubs are varied each quarter and have included such options as science, art, book club, walking club, physical fitness, cooking, sign language, stock market, mock trial, and others, depending on the availability of volunteers and staff to conduct the clubs. The clubs are intended to introduce students to potential career choices and build their life skills. No grades are given, but participation is a privilege, and students may be denied participation if there are serious academic or behavioral concerns.

The clubs meet for 1 quarter during the first 1/2 hour of the lunch period. Typically, 3-4 clubs are offered per quarter and a student may choose to participate in up to two. Some clubs have limited numbers due to the nature of the club. Every effort will be made to give students an ample opportunity to participate in clubs of their choice when possible.

Parents or other volunteers who may have an appropriate expertise are invited to reach out to the school to offer to lead a lunch club.

MUSIC PROGRAMS

All students have the opportunity for performance at the Christmas Program, and there may also be a spring music program (usually limited grades). Fifth and Sixth grade band students perform at both. It is part of the students' music

curriculum to prepare for these performances, and **it is expected they will attend and participate**. Any variance needs to be cleared by the music teacher and the principal, or the student may receive consequences such as an extra assignment in place of the performance or a missed recess, etc... The fifth and sixth grade students also have an opportunity to participate in a musical in the spring.

MUSICAL

Each year, the 5th and 6th graders have an opportunity to participate in a musical production. Mrs. Amy Drake is in charge of this musical **which will take place this year on March 13-15**. Students will be selected for parts in December and rehearsals will take place after school on assigned days from January through March. All students who have parental permission may participate.

BAND

Fifth and sixth grade students at Immaculate Conception have the opportunity to learn to play a musical instrument and perform as part of our band. The band classes generally meet twice each week, and the fee for the year is \$100.00 (\$50.00 per semester.) Parents will need to provide an instrument (may be rented from the Celina Music Store) and a band book for their student. The band performs at the Christmas program and the spring program.

FIELD TRIPS

A number of field trips are planned by the teachers each year to supplement what students are learning in the classroom. Parents are required to sign a permission slip for each field trip that requires transportation. **The permission slip will be a form in Digital Academy.** Walking field trip (of less than 1 mile from school) permission is provided in a general form at the beginning of the year. **Students who do not have a signed permission slip will not be permitted to go on the trip and will stay behind with another class for the day.**

Parents may be asked to volunteer as chaperones, depending upon the nature of the trip. Class trips are meant to be an experience for the students as a class, and for that reason, younger brothers and sisters may not accompany parents who chaperone. **Parents who wish to be chaperones on school field trips must complete a child protection training program and remain current on the training in order to be in compliance with the Decree on Child Protection of the Archdiocese of Cincinnati.** Chaperones need to give their undivided attention to ensuring the safety and well-being of their assigned group to the best of their ability.

While buses are the preferred transportation for field trips, if any parent agrees to drive on a field trip, the following conditions MUST be met:

1. The parent must fill out the field trip driver form and bring a copy of his/her driver's license and proof of insurance to the school office **PRIOR TO** the field trip. Copies of this documentation will be kept in the school office until after the field trip (and will then be shredded). This must be done prior to EACH field trip.
2. The drivers must travel directly to the field trip site in a caravan and return directly to school. If a vehicle emergency occurs, the parent should notify another car in the caravan to stop as well.

Field trips are *privileges* for students. Students may be denied participation if they fail to meet academic or behavioral requirements. If a student is denied participation in a field trip for these reasons, he or she must attend school and do required school work or the absence will be unexcused.

RETENTION POLICY (K-6)

Retention is deemed appropriate if the benefits to be expected from repeating a grade outweigh the negative aspects of retention, and the difficulties expected as a result of moving to the succeeding grade level outweigh the positive aspects which could be expected as a result of that move. Each retention consideration shall be approached on an individual basis, and will consider academic, social, emotional, and personal development.

It shall be the teacher's responsibility to inform the student's parents, on an ongoing basis, of the student's difficulties as the school year progresses. The retention itself shall be proposed before the end of the third quarter of the school year.

If the parents disapprove of the proposal, the principal of the school, in consultation with the teacher(s), will make the determination as to whether retention is to be carried out. This determination will follow the considering of information pertinent to the issue. The decision will be indicated by the principal in writing. This decision will occur within twenty (20) days of the initial proposal to retain. This decision is final.

Students who receive an Ed Choice Expansion Scholarship are required to achieve a promotion score on the 3rd grade state Reading and Language Arts test or a permissible alternative test in order to be promoted to 4th grade. Students are required to take the state ELA test in the fall and in the spring and may take an alternative test in the fall and again in the spring. Parents will receive ongoing communication whether their student is on track to get this score and what interventions are being offered to their child, if needed.

SIXTH GRADE AWARDS

At the end of each school year, an awards ceremony is held, recognizing and honoring the sixth grade students. Awards given that day include:

- Certificates for completion of sixth grade
- Service Awards for sixth grade safety patrol members and altar servers
- Recognition for high academic achievement

- President's Award for Academic Excellence – to sixth grade students whose grades qualify them for this national award
- Mitch Richards Memorial Award – to one sixth grade student who best displays the qualities of honesty and trustworthiness, hard work and leadership, and respect for fellow students and for teachers. These criteria were established by Mrs. Patty Richards in 1994 when she began giving this award as a memorial for her late husband Mitch, and the award includes a prize of \$400 in savings bonds.

STUDENT CONDUCT

DISCIPLINE

We strive to help our students develop the self-discipline and responsibility that are important for them as they grow into mature Christian people. All of our rules and consequences are made and enforced to help students develop the following attitudes:

1. Students will demonstrate respect for all people, especially the authority of staff members, as well as materials and the school building.
2. Students will demonstrate reverence during Mass and other prayer experiences.
3. Each student is to show ownership for his or her own choices and the effects of their behavior on others.
4. Each student is expected to take ownership of their school work and their learning by paying attention, asking necessary questions, using their time wisely, and completing any needed work outside of class.
5. Students will treat others with kindness and compassion.
6. Good attendance and timely arrival are important to success in school and in life.

CONDUCT CODE

The Conduct Code is a set of rules designed to maintain a Christian atmosphere in Immaculate Conception School and to assist students in developing the attitudes and behaviors to help them live as a disciple of Jesus. This code is in effect at those times when a student is scheduled to be in attendance during regular school sessions, traveling to and from school, in attendance at extra-curricular activities at school or other places, and whenever a student may be engaged in serious misconduct related to the school or its staff, which may include activities involving social media and other communications.

Parents are expected to help students understand the Conduct Code and to assist teachers in reinforcing appropriate behaviors. Teachers and staff members will be responsible to maintain order throughout the school by enforcing the conduct code in a fair and consistent manner, and they will keep parents informed on behavioral issues that arise as needed. The principal will support teachers and parents in their efforts and will take an active role in dealing with chronic or severe behaviors.

1. Students will attend school and be on time for classes unless they are ill, have a doctor's appointment, or have a request for absence that has been approved. (Please see "Attendance" on p. 9 for directions on reporting absences, etc.)
2. Students will be in their assigned rooms and under the direction of the assigned teacher at any time during the school day. They may only leave the designated area with the permission of the teacher. They are expected to follow appropriate rules and routines for the area they are in (playground, cafeteria, etc.).
3. Students will participate in the classroom and do the assigned work according to the direction of the teacher. Students are expected to work cooperatively with the teacher and with other students.
4. Students will show respect for a teacher by being attentive in class and by following directions the first time they are given.
5. Students will treat others with respect (teachers, staff, students, volunteers, etc.)
6. Students will respect the property of the school and of others and treat it with care.
7. Students will walk, not run, in the school hallways.
8. Students will remain quiet in the school hallways at all times including going to or coming from recess.
9. Students will adhere to the school dress code. (Please see "Dress Code" on p.21.)
10. Students will help to keep the school neat and clean by cleaning up after themselves.
11. Students may not bring any items to school that are unsafe to themselves or others (including but not limited to: weapons, look-alike weapons, drugs, alcohol, tobacco, etc.).

Teachers will follow a classroom plan for behaviors within the classroom and throughout the school. Consequences may include any of the following and may vary depending on the grade level and situation:

1. Oral warning or reminder.
2. A name on board or moving of a clip as a warning.
3. A verbal apology.
4. Missing recess or walking the fence during recess time.
5. Withdrawal from classroom privileges.
6. Written assignment such as a note of apology or reflection on behavior.
7. Note or phone call to parents.
8. Conference with the teacher, parents, and/or principal.
9. Detention after school hours.

Parents will not necessarily be notified in each case of a minor offense. They will, however, be notified when an offense is considered more concerning or becomes more habitual. They will always be notified when a student is to serve a detention after school.

Certain serious offenses cannot be tolerated at school and will be directly referred to the principal. These include:

1. Deliberate disrespect or disobedience to a teacher or staff member.
2. Fighting.
3. Any activity that harms the safety of another or threatens to do so.
4. Bullying or harassment, including sexual harassment. (See Harassment, Intimidation, and Bullying Policy, p. 24)
5. Theft.
6. Damage to school property or the property of others.
7. Cheating.
8. Lying.
9. Possession or use of alcohol, drugs, tobacco or any substance that is harmful or appears as a harmful substance.
10. The possession of any weapons or look-alike weapons.
11. Repeated or chronic misconduct or conduct that severely disrupts school activity.

The principal (in conjunction with the teachers, as needed) may use one or more of the following consequences when these offenses occur:

1. Conference with student, teacher, principal, and/or parents.
2. Detention after school hours (Any grade).
3. Missed recess time.
4. Isolation during lunch period.
5. Required assessments by a specialized mental health agency.
6. In school suspension of $\frac{1}{2}$ - 3 days.
7. Out of school suspension of 1-3 days.
8. Expulsion.

Parents will be notified whenever a student receives consequences for a serious offense.

Detention Procedures

1. A teacher or the principal may give a detention.
2. The detention will be for thirty minutes after school (3:15-3:45) or sixty minutes after school (3:15-4:15), at the discretion of the teacher or principal.
3. The parent will be notified at least one school day before the detention is to be served.
4. The detention will be served regardless of extra-curricular activities.
5. The date for the detention may be moved if the first date chosen provides a particular hardship for the family, due to transportation or work schedules.
6. The student will spend the time in one of the following ways, depending on the reason he/she has received the detention: working on missed assignments or other class work, reflecting upon the student's choices (usually with a written assignment), or doing an appropriate "chore."
7. Parents are responsible to arrange transportation home for the student.

Required Assessment by Specialized Agency Procedures

1. The principal may require that a student be assessed by a specialized agency when behaviors are very concerning (i.e. seriously threatening actions, drug/alcohol issues, etc.).
2. The parents will be notified in writing if such an assessment is required for continued enrollment at I.C.
3. The parents will be provided a list of agencies that can perform such assessments. Parents may choose another agency that has the appropriate professionals on staff.
4. Parents are responsible for setting up the assessment and any fees incurred as part of the assessment.

5. The assessment must be signed by a professional at the agency and must be returned to school before the student may return to the school.
6. If a treatment plan is prescribed by the agency, the parents must agree to follow it.

Suspension Procedures

1. The principal may suspend a student.
2. Suspensions can be for one half (1/2) to three (3) days.
3. The principal will give notice of intended suspension to the student stating the reasons and the length of time for the suspension.
4. The student will then have an opportunity to appear at an informal hearing before the principal and to explain his/her actions. The hearing will immediately follow the presentation of the notice.
5. Following the informal hearing, the principal will notify the parents or guardian giving them an opportunity for a conference to discuss the reasons for the suspension.
6. Suspensions may be in-school or out of school. In-school suspension means the student will be at school and expected to do class work but will be isolated from his/her classmates throughout the day. An out of school suspension means the student will not be permitted to attend school and will receive an unexcused absence. However, the student will be provided class work and is expected to have it completed upon returning to school. There will not be an academic penalty as part of student discipline. If the student does not complete the work while on suspension, he/she may have an after school detention in order to get it completed.
7. Students will not be allowed to attend or participate in any extra-curricular activities during suspension.

Expulsion Procedures

1. The principal may expel a student.
2. The principal will give the student and his/her parents or guardian written notice, stating the reasons for the student's removal and proposed expulsion. Parents or guardian will be given the option to withdraw the student from school.
3. A hearing will be held between the school representatives and the parents:
 - a. The hearing will be heard within one week after the written notice of expulsion is received.
 - b. The principal shall set the date, time, and place of the hearing and notify the parents or guardian by phone or in writing.
 - c. The principal, the pastor, and the teacher involved (if any) will be present at the hearing and will confer before the principal makes the final decision.
4. Within one week after the hearing, the principal will transmit in writing the final decision to the student and the parents or guardian.

Parents have the right to appeal, in writing, to the superintendent of schools for the Archdiocese. The decision of the superintendent to uphold the school or to order the reinstatement of the student is final.

DRESS CODE

Immaculate Conception is proud of our students, and we want them to also take pride in their appearance. Students' dress reflects their attitude toward themselves and their school, and it also affects their conduct and their work. Parents are asked to help their children develop this sense of pride by seeing that they dress and groom themselves neatly and properly for school.

The following are expectations for dress at Immaculate Conception:

1. Students will have their hair properly groomed and in a style that is not a distraction to others.
2. Students will wear shirts/tops that are appropriate for school purposes. Printed messages or pictures must not conflict with our message and purpose as a Catholic school. Tops must cover both shoulders with at least 1-inch wide straps and should cover the midriff. *Under clothing should always be covered.*

- Students may wear jeans, athletic pants, or other pants. Girls may also wear skirts, dresses, jumpers or skorts. **Clothing should be clean and free from rips or tears.** All skirts, dresses, jumpers, or skorts should be a modest length (finger-tip length is a good guide).
- Excessively tight clothing is not permitted.
- Students must wear shoes. (Socks or hosiery are recommended with most shoes). **All** sandals must have heel straps to help insure the safety of students. High-heeled shoes are not appropriate for normal school wear. For gym class, students **must** wear gym shoes.
- Students are not to wear hats in the school building, nor coats or jackets that are intended for outdoor wear.
- Makeup is not permitted for normal school days. Moderate makeup may be used for special occasions on older students (May Crowning, 6th grade recognition, etc.).
- Students are expected to wear an outer garment for outdoor recess as long as temperatures are below 50 degrees (grades 3-6) or 60 degrees (Preschool – grade 2). It is important that parents keep an eye on weather forecasts and try to send students with appropriate outdoor clothing so they can play outdoors at recess. When wind chill temperatures are below 20 degrees or it is raining or extra slippery, we will have recess indoors.

WARM WEATHER ATTIRE

During the first and fourth quarters of the school year, on days when hot weather warrants cooler attire, students may dress according to these expectations:

- Shorts or capri pants may be worn. Shorts **MUST** be at least fingertip in length and **MUST** have a hemmed or cuffed bottom (no “cut-offs”).
- No spaghetti strap tops, halter-tops, or low-cut necklines.
- Tank tops are to be in good taste. They must cover both shoulders with at least a 1-inch strap, and the armholes must be tight enough that under clothing is not visible; a t-shirt is to be worn under loose-fitting tanks or tops.

MASS DAY ATTIRE

Since Mass day is special for us at Immaculate Conception School, students’ clothes should reflect this. Students should dress according to these expectations:

- No jeans, athletic pants, or shorts. (During the 1st and 4th quarters, girls may wear nice Capri pants). Rompers are considered to be shorts and are not appropriate for Mass attire. Girls may wear shorts under a dress or skirt as long as the dress or skirt covers the shorts.
- No t-shirts or sweatshirts. No other shirts with printed messages or pictures. Very small logos are permitted. Students who have a ministry at church must remove outer garments such as a hoodie or jacket and clothing must follow Mass Day attire guidelines.

Students will be permitted to change clothes after Mass only when it is considered necessary for the activities of the day (i.e., on very warm days or when there is a special school activity).

FIELD TRIP DRESS

Certain field trips (such as the symphony) require students to dress in Mass attire. For other field trips, each student should have an I.C. t-shirt (any style) or a plain royal blue t-shirt or polo shirt to wear. This will provide for easy identification of our students on the trip.

MUSIC PROGRAMS

For school music programs, each child from K-6 will be asked to wear nice, dressy clothing. No t-shirts, sweatshirts, shirts with printed messages/ pictures, jeans or sweat pants. Parents will be notified of any exceptions to this at least 3 weeks in advance of the program. (Some students may wear school-supplied costumes.)

SPIRIT DAYS

Occasionally, there are spirit days or other “dress-up” days to celebrate various occasions or are sponsored by student council. On these days, unusual dress such as pajamas, silly socks, or hats may be allowed. Students are encouraged to participate in such “dress-up” days as they can, but are never penalized for not participating. Regular dress code expectations apply on dress-up days, except for the particular items allowed. For example, shoes must always be worn; shorts should always be finger-tip length, etc. The spirit dress should never cause a major disruption to the learning process (no excessive jewelry, face painting, etc.).

CONSEQUENCES

Students who do not follow dress code guidelines are subject to consequences. The first violation will be 5 minutes of lunch recess, the second will be 10 minutes, and the third will be all of lunch recess (per quarter). Students who wear flip flops will not be permitted to play on the big toys or play in running games at recess. When violations are more serious or habitual, parents may be called and asked to bring a change of clothes or a conference may be set up with parents, teacher, and principal.

HARASSMENT, INTIMIDATION, AND BULLYING POLICY

Harassment, intimidation, or bullying is any intentional written, verbal, electronic, or physical act that a student has exhibited toward another particular student more than once and the behavior causes mental or physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student. Examples of conduct that could constitute prohibited behaviors include, but are not limited to: offensive and insulting behavior, physical violence or attacks, threats or taunts in words or gestures, extortion, damage, stealing of money or possessions, exclusion from the peer group or spreading rumors, etc.

The policy of Immaculate Conception School is that any form of harassment, intimidation, or bullying, regardless of where, how, or when it takes place is expressly forbidden. The School reserves the right to impose discipline for harassing, intimidating, bullying, and other inappropriate behavior that takes place off school grounds and outside school hours, in addition to anything that happens during the school day. This includes any act committed through the use of a cell phone, computer, or other electronic communication device. Many factors can affect the determination of whether or not a situation involves harassment, intimidation, or bullying, and the School will make this determination utilizing its sole and absolute educational discretion and judgment.

Students and/or their parents may report suspected harassment, intimidation, or bullying to the principal or a teacher and may do so in writing or verbally. Teachers are expected to report any such complaints to the principal. Complaints need to be as specific as possible including persons involved, number of times, and places of the alleged conduct. School staff will conduct an investigation and communicate with parents of students who are involved. Complainants may ask to remain anonymous, but this may mean the School is only able to investigate insofar as they are able without releasing the name of the complainant and still be fair to the student alleged to have committed the prohibited acts.

Verified acts of harassment, intimidation, or bullying shall result in intervention by the principal, in cooperation with teachers as needed. The intention of such intervention is to enforce the prohibition of these behaviors and to make sure that the behavior ends. Students whose participation in such conduct is verified are subject to the full range of disciplinary consequences, including suspension and expulsion, and the school may use other disciplinary measures as the situation warrants. No discipline issued in one particular instance will bind the school to issue the same or even comparable discipline to other students in the future, as each case will be handled based on the particular circumstances of that case and the individual students involved.

Any allegations of criminal misconduct will be reported to law enforcement, and suspected child abuse will be reported to Child Protective Services, consistent with the Archdiocese Decree on Child Protection and Ohio law. All school personnel must cooperate with investigations by outside agencies.

CELL PHONES / ELECTRONICS

If electronic devices such as cell phones, iPads, e-readers, or electronic games are brought to school for any reason, they are to remain **turned off and in a student's book bag during the school day**. The responsibility for such devices is solely that of the student and parent. Electronic devices are not to be used during indoor or outdoor recess or any other time they are not closely supervised, such as an after school practice. Rare exceptions may be made for actual class presentations or other unusual circumstances. Students will not be given access to the school's wireless network on a personal device unless there is a compelling reason approved by the principal. **Devices such as watches that can access the internet or be used for communication or games may not be used for such purposes or teachers may ask students to remove them and put them in their book bags until the end of the day as we do with other devices.**

IDENTIFICATION OF STUDENTS' PROPERTY

To aid in identifying the many lost items that are found during the year, parents are asked to clearly mark the student's name on items such as book bags, lunch boxes, jackets, sports balls, etc. Items placed in the lost-and-found will be kept there for two to three weeks, after which we may dispose of them.

STUDENT PROPERTY INSPECTION

A student's desk and any personal items are subject to inspection by school administrators at any time for any reason without prior notice, as a condition of bringing personal items on the school premises. Such items include, but are not limited to, packages, lunch boxes or bags, containers, backpacks, book bags, purses, and pockets. An inspection does not imply wrong doing by the student being inspected. A student and his/her parent or guardian's consent of inspection of personal items is a condition of enrollment and attendance at the school. Refusal to consent may result in disciplinary action, up to and including expulsion, even for a first refusal.

TELEPHONE CALLS

Phone calls home by students during the school day or phone messages for students from parents are strongly discouraged by the school, as they disrupt the functioning of the classes and of the school office. Parents and students are encouraged to LOOK AHEAD so that plans can be made and messages exchanged before school in the morning.

A student will only be called to the phone during school time in the case of an emergency. Teachers can be reached by phone during their planning periods, or can be given a message to return a call during their planning period.

Students may not use the phone for personal calls, including calls for forgotten items, during school time unless their teacher deems it necessary.

HEALTH / SAFETY

IMMUNIZATIONS

Ohio law (ORC Sections 3701.13 and 3313.671) requires children attending pre-school and grades K-12 to be immunized against certain vaccine preventable diseases. Up to date protection against diphtheria, tetanus, whooping cough, polio, measles, mumps, rubella, hepatitis B and chickenpox are required for kindergarten. (Please see Appendix B,

Immunization Schedule). An updated immunization record is to be provided to the school by parents **before** the first day of school.

If a parent does not have a child immunized due to philosophical or medical reasons, the parent is required to sign an exemption form. **When signing the exemption form, the parent is acknowledging that the child may be required to stay home from school if there is an outbreak of a vaccine preventable disease.** The purpose of exclusion is to protect the child who is vulnerable to the disease and to prevent a greater spread of the disease. The time of exclusion from school will be determined based on the incubation period of the disease and will be calculated from the most recent case disclosed. This may also be enforced if there is an outbreak in the public schools due to the fact that students may be exposed to germs on the buses.

ADMINISTRATION OF MEDICATION BY SCHOOL PERSONNEL

When it is necessary for school personnel to administer medication, we are required by state law to follow these guidelines:

1. The medication and signed permission forms, as described below, must be brought to the school office by the parent/guardian. **Students may not have the medication in their possession on the way to school or at any time.**
2. The administration of any drug (prescription or over-the-counter) without the order of a physician **and** the permission of the parent/guardian could be interpreted as practicing medicine and is prohibited by law.
3. Written request must be obtained from the physician and the parent/guardian before **any** medications (non-prescription drugs and ointments, as well as prescription drugs) may be administered by school personnel. The request must include instructions as to name of medication, dosage, time and duration of medication, and possible side effects. A pdf of the form for this request may be found on the website, or may be obtained from the school office. Both sections, **parent and doctor**, of the form must be completed. (This may be emailed directly from the doctor's office.)
4. **Medication must be in original containers** (child proof) and have an affixed label including the student's name, name of medication, dosage, route of administration, and time of administration.

We cannot give medications without the properly signed forms. This includes over the counter medications such as Tylenol, Ibuprofen, or other common medications including creams and ointments. This form is available on the school's website – Current parents – Forms.

The one exception to these guidelines is the administration of cough drops. If a child needs to take cough drops at school, **the parent must write instructions to the teacher and the drops must be given to the teacher**, who will dispense them to the child as needed.

A parent/guardian may administer medication to the student during the school day. Medication must be brought to the office and the child will be called from the classroom.

SCHOOL BUILDING SECURITY

All exterior doors of the school building are kept locked during the school day. The main door by the office and the west door on the playground will be programmed to be open during student arrival times (7:55- 8:20). At other times during the school day, all entrance to the building must be at the main entrance, and visitors must call the office through a video doorbell and be granted entrance to the school.

Visitors and parents must enter through the main entrance and are required to sign in at the office and wear a visitor badge during their time in the building.

For added security purposes, surveillance cameras have been installed near the main entrance and on the playground.

FIRE, TORNADO AND LOCKDOWN DRILLS

Fire and tornado drills are conducted on a regular basis throughout the year. The classes of students have assigned areas which ensure their safety in an emergency, and are instructed how to best protect themselves in a case of tornado or fire.

Students will practice lockdown and emergency evacuation drill procedures at various times throughout the school year. These are required by state law. Students will be instructed in the procedures for these drills by their teachers.

SCHOOL SAFETY PLAN

Ohio law requires that each school have a safety plan on file with ODE and Homeland Security which provides plans for many possible emergency situations, including evacuation of the building, lockdown procedures, plans for severe weather, power outages, and active shooters. Our plan has been created with the advisement of local first responders such as Celina City Police and Celina Fire Department, and is in compliance with all state requirements. All first responders also have a copy of our safety plan, floor plans of our buildings, and any other needed information.

PARENT EMERGENCY INFORMATION

If any school emergency happens during a school day that is more than a drill, parents will be notified through Digital Academy. The notification will happen once the emergency has been resolved to a point that we know all students and staff are accounted for, and any active situation is handled. If the emergency requires a change in dismissal procedures, parents will be notified through the Digital Academy of the appropriate procedure and timing to pick up students. Please follow any instructions given. In such circumstances, parents or any other adult who comes to pick up children should be prepared to show identification in case the staff member assigned to this station is not familiar with a parent/grandparent. It is extremely important that you remain patient in such an emergency, as necessary procedures may require some time.

SNACKS AND BIRTHDAY TREATS

Due to the timing of our lunch period, it has been determined that it is no longer necessary for students to bring in a daily snack. If there are times to send in a snack, your child's teacher will let you know.

ALL birthday or other classroom treats should be individually packaged and store bought so that all ingredients and other important information is available in order to safely provide snacks and treats to children who have special nutritional needs or food allergies and sensitivities. Any other treat provided by parents must have prior approval by the teacher AND the principal.

WELLNESS POLICY

Immaculate Conception School's Wellness Policy was developed to raise awareness of healthy choices in nutrition and physical activity, both here at school and at home.

Several important points in the policy are:

- For classroom celebrations, there will be fewer sugary treats, more healthy snacks, and a limited amount of food.
- When children bring birthday treats from home, they will be limited to one small item per child, and a non-food treat or healthy snack is encouraged.

- In the “Offer versus Serve” program in the cafeteria, a child may decline one or two side items but will be encouraged to eat what he takes and to try a variety of items. If the lunch includes several items the child cannot eat, he should pack a lunch that day.
- Lunch brought from home should be healthy foods; no soft drinks or fast food items should be packed.
- Students are encouraged to participate in physical activities during Physical Education class and recess times as well as activities outside of school time in order to grow in fitness and coordination.
- Getting adequate sleep is important to students’ performance in school the next day, so we encourage parents to set an appropriate bedtime for their children.

Our hope is that this policy will promote the health and well-being of our families. Parent involvement is valuable to its success.

STUDENT ACCIDENT INSURANCE

Immaculate Conception School and the Archdiocese of Cincinnati provide Student Accident Insurance for IC students enrolled in preschool through grade six. The benefits of this program pay for covered expenses that are not recoverable from another plan, providing an extra level of protection to the families of our students if they are accidentally injured during school hours and/or during school sponsored activities.

When an accident occurs during school or other sponsored activities, the school will give the parents a claim form, with instructions for completing it and filing it with BMI Benefits, LLC, which administers the plan.

ALCOHOL, TOBACCO, AND ILLEGAL DRUGS

Alcohol, tobacco, and illegal drugs are prohibited substances on the school grounds and at all school activities. This is for students, parents, and staff, and applies to events where students may be present, and those at which students are not present, but are held on school/parish grounds. The exceptions to this are the IC Parish Festival, which holds a special license to serve alcohol and the IC dinner auction, which is not held on school grounds.

GUIDANCE PROGRAM

During the 2023-24 school year, Immaculate Conception will have a part-time Qualified Mental Health Specialist contracted through Foundations. The counselor will be here to meet the following purposes:

- to provide classroom instruction (approximately once per month) in various life skills and social-emotional health.
- to provide consultation to teachers in dealing with students who have behavioral or emotional issues.
- to provide individual and small group minor (1-3 sessions) counseling services to students who may be experiencing grief, trauma, or interpersonal challenges as needed.
- to help guide families whose students may need regular or more intensive counseling services to be able to find the resources they need.

FUNDRAISING / VOLUNTEERING

FUNDRAISING

IC School has developed a fundraising committee. This committee will do a yearly mailing that will ask all parishioners and alumni to donate to IC School. This committee oversees the total fundraising efforts for the school, including ongoing events like SCRIP sales, and annual events such as the school carnival and dinner auction. The fundraising committee is always open to suggestions and ideas as they come along. Families of I.C. students are asked to support the fundraising efforts as they are able. The support can be in the form of prayer, positive words, and/or participation.

SCRIP PROGRAM

SCRIP is a fundraiser that raises money for IC School while you shop. SCRIP cards are shopping cards that can be ordered online or picked up at the rectory office. Here is how it works: If you purchase a Wine Store card for \$25, you will receive the card at full face value. The Wine Store has agreed to donate 10% of your sale back to IC. Hundreds of national retailers are involved and many, many local retailers. The retailers donate back anywhere from 2% to 15%. This is a very successful fundraiser for IC and we ask **all families** to participate. Remember it is no extra money out of your pocket! Additional information may be obtained at the school office.

SCRIP is available each business day in the rectory office from 9:00 am – 5:00 pm. It is also sold after all the weekend Masses at I.C. In addition, orders can be sent into school and cards sent home with students or orders can be placed online. Parents may also enroll in the Presto Pay program and pay for orders directly through their checking account. Families with a Presto Pay account may also purchase SCRIP Now! this can be printed for immediate use or kept in a “SCRIP Wallet” on your phone to use electronically. **The SCRIP Program has now added an app called "Raise Right" for android and apple devices. Scrip Now may be purchased directly on your phone and kept in your SCRIP wallet to use at stores and other places (the usability may vary by merchant.)**

VOLUNTEERS

The involvement of parents and other adults in their children’s school benefits everyone. The children see in their parents a model of commitment and service. The school is able to improve the quality of its programs. And the parents themselves get to know other parents and teachers.

One area that especially needs volunteers is our cafeteria, where parents, grandparents and other parishioners help serve the meals. Volunteers are also appreciated in classrooms and in the library for school projects, either on a regular basis or for special programs. Volunteers are also needed for fundraising activities and the enrollment committee. Please call the school office to offer your time and talents. Parent volunteers, like all visitors, **MUST CHECK IN AT THE SCHOOL OFFICE** each time they arrive at school. Cafeteria workers will check in at the cafeteria.

Volunteers who work around or with students must pass a criminal background check and be trained in a child protection program through the Archdiocese of Cincinnati to learn about the Church’s commitment to keep children safe and be in compliance with the Decree on Child Protection. (This includes parents or grandparents who want to chaperone on class field trips or volunteer for one time activities such as Field Day.) Information may be obtained from Mrs. Muhlenkamp.

PARENT TEACHER ORGANIZATION

Immaculate Conception School has an active Parent Teacher Organization which does many activities to support the school, and all parents of preschool through 6th grade students are considered members of the organization. The organization holds meetings 2-4 times each year. The meetings usually last about 1 hour and are held at 6:30 p.m. in the Lourdes Room at school.

Parents are encouraged to sign up to help with various projects throughout the year. PTO projects include:

- Fundraisers to help support the school
- treats for students on various special days usually including All Saints Day, Feast of the Immaculate Conception, and Catholic Schools Week
- a father-daughter dance and mother-son event

PTO provides at least \$20,000 to our annual fundraising goal, pays for all bussing for our field trips, purchases water for our cafeteria, and helps to purchase various supplies and other needs for our classrooms. Several fundraisers will be planned throughout the year – watch communications for more information.

Current PTO Officers are:

- Heather Bohman, President, hbohman00@gmail.com, 419-305-9725
- Heidi Henry, Vice President, heidihenry27@gmail.com, 614-787-8153
- Sarah Kittle, Treasurer, sarah_hipp@yahoo.com, 419-733-9295
- Jamie Nieberding, Secretary, manco@bright.net, 419-733-8503

EXTRA CURRICULAR ACTIVITIES

Sports Program – Boys and girls in grades five and six may join the basketball teams. Girls in grades five and six may join the volleyball teams. These teams participate in area leagues. Some years these programs are open to students in 4th grade, if more students are needed to form a team.

Student Council – This organization allows students to develop leadership skills within the school. Representatives from the upper grades are elected to serve the whole school.

Safety Patrol – The Safety Patrol assists children in safely crossing streets and in the pick-up line in the vicinity of school immediately after school in the afternoon. All students, regardless of age, must obey traffic laws and must listen to the directions of the patrol members. The fifth and sixth grade students on Safety Patrol learn to be responsible and to provide valuable help to other students.

Any other program using the school grounds outside of school time must be approved by the principal and the parish staff. Any program or meeting without such approval in writing is expressly forbidden. It is considered best practice that a school staff member be present for any such activities when feasible, and at least two adults who are not husband and wife MUST be in attendance.

Requirements for participation in extra-curricular activities: All students must maintain at least a “C” average in all subject areas or have special permission from their teachers and the principal to remain eligible for participation in any of the extra-curricular activities.

Parents are asked to be timely in picking their students up from any extracurricular activities. The two adults who are present when these activities take place are required to stay until all students are picked up, and it is important to be considerate of the extra time they are giving the students. If a parent will not be able to pick your child up on time, perhaps it is possible to find another parent who is willing to take your child home or your child may walk to the library or other public place where he/she can be picked up later. Please remember that no one will usually be in the office during this time for you to call.

STUDENT TRANSPORTATION

BUS TRANSPORTATION

Transportation to and from school is provided by Celina City School buses, for students who live farther than a one-mile distance from school. Celina City Schools determines the bus routes and policies, and students are required to abide by all bus rules. Questions about bus transportation can be directed to the bus garage, 419-586-8300 extension 7. Students are only permitted to ride their assigned bus.

BUS SAFETY

Students who ride Celina City School buses to and from school are to observe the bus regulations of the city schools and the bus drivers. The drivers' first responsibility is the safe operation of the bus, and students' behavior must not hinder the driver in any way. If a student causes a disturbance on the bus, he/she will be reported to the school principal with a bus discipline notice, and the principal will in turn talk with the student and may impose disciplinary consequences. Parents will be notified via written notice. If disturbances continue, the student may be forbidden to ride the school bus. Parents will then be responsible for providing transportation to and from school.

ARRIVAL / DISMISSAL TIMES

Classes for Grades K-6 will begin at 8:20 and classes will end at 3:15. Students are to enter the building upon arriving at school. If they arrive before 8:10, they should go directly to the Lourdes Room. There will be no supervision on the playground before school. *Students should not arrive before 7:55 unless they ride a bus or have the prior permission of the principal.* Students who arrive after the 8:20 bell will be counted as tardy and should report directly to the school office.

AM Drop-off, K-6

Buses will unload on Wayne Street and bus students will enter the main doors near the office. Students who walk to school may also enter the main doors near the office. Students who are dropped off by parents or others should be dropped off on the playground and enter Door #7 (at the west end of the playground), which will be unlocked ONLY during the entrance period to school. This door will be unlocked from 7:55-8:20 each school morning. Any students arriving after 8:20 will need to press the button by the door to be admitted and check into the office. Parents or others who are dropping off students should drive through the parking lot on the south side of the school. Children can safely exit cars near the playground and proceed to Door #7 for entrance. Parents can exit the parking lot via Anthony Street between the church and the rectory or may continue through to Sugar Street. (We suggest the Anthony Street exit for K-6 to avoid the AM preschool congestion.) If you need to park and come into school with your child, please use the designated parking areas on the east and south sides of school or park along Walnut, Anthony, or Sugar streets. You should not park on Wayne Street or on the playground area.

Pick-Up, K-6

Bus students will be dismissed at the Wayne Street doors (#1 and #2) and board the transfer bus on Wayne Street at 3:15.

In order to reduce congestion in the pickup lines after school, we will continue the following plan for pick-ups at dismissal time:

Parents or others who are picking up ONLY students in grades 3 - 6 should park in the parking lot by the Parish Activity Center. Those students will be dismissed from the door on the east end of the building as soon as the buses are loaded and will walk to the corner, accompanied by a teacher, and cross the corner of Wayne Street and Walnut Street where there is a stop sign for traffic and the safety patrol can assist to insure safe crossing. The students will then be able to get into cars, and parents may proceed to go home. It will be in the best interest of reducing traffic issues if parents pull in the lot from Walnut Street and exit the lot onto Wayne Street.

Families with ANY student in grades K-2 will continue to use the pickup line between the church and the school or to park along Anthony or Sugar Streets. If you park along the streets, you should get out of your car and come meet your children to help insure they are safe in the busy traffic. If you are unable to get out of your car because you have other young children, then please get into the pickup line and drive through. If you are wanting to let your children play or to talk with a teacher or other parents, please park in the lot space or along the street and get out of your car. **And for the safety of all children, please drive slowly and do not pass one another in the pick-up line.**

BICYCLE SAFETY

Students who ride their bicycles or scooters to school will park them in the rack provided. They should be walked on the school grounds and may not be ridden on the school grounds at any time during the school day. All students are asked to leave the bicycles alone and not to tamper with them at any time. Students riding bicycles before entering school grounds should be careful when riding on the sidewalks, so as not to aggravate or injure the walkers. At no time are bicycles or scooters to be ridden on the grass. Students failing to observe these regulations may lose their privilege of riding bicycles to school.

CHANGE IN "GOING HOME"

At the beginning of the school year, parents are to indicate what the usual rule should be for students going home (picked up, walk, bus, etc.). There are times when it is necessary for a child to go home a different way or to go to someone else's home other than where he/she usually goes. When this happens, a note must be sent to school with your child detailing who will pick up the child; or in the case of a child who rides the bus, where the child is to go.

It is the policy of the Celina City Schools that pupils will not be discharged from their school bus at any place other than their regular destination without written permission from their parents and their school principal. Send a note to school with your child to explain what is to happen. The school office will confer with the bus garage regarding the change. School bus drivers can only discharge students at stops that are on their regularly scheduled routes. Celina Schools do not allow students to ride a bus other than their own.

If your child regularly rides the bus and you intend to pick him/her up, it is **essential** that you write a note to the teacher and advise him/her of your plans **or** call the school office. (If no note or call is received, your child will be placed on the bus.) Please **DO NOT USE** email or other messaging for this, as a message may not be seen in time. If another parent or someone else is picking up your child, please be sure the school knows about this. We cannot release a child to someone without a parents' permission.

COMMUNICATION

SCHOOL WEBSITE

The school website is www.icschool-celina.org. The website contains much helpful information and several valuable links. The calendar on the website is interactive. By clicking on an event, any additional information posted will be made available. We encourage you to check the website often and look for new postings.

DIGITAL ACADEMY

I.C. School uses Digital Academy for an online gradebook, attendance register, tuition account, lunch program manager, school forms, and for communication with parents. All parents will have a login to Digital Academy in order to be able to track lunch accounts and will also be able to see their children's grades, averages, and any missing assignments. All parents are expected to check the Digital Academy app or website regularly for updates or announcements.

Tuition and lunch accounts are also managed in Digital Academy. Tuition accounts are set up as automatic payments, according to family preferences. Families may make payments to lunch accounts in Digital Academy as well. In addition, some incidental charges, such as preschool snack fees, band fees, and field trip fees, may be able to be paid online through Digital Academy. *(Families always have an option of paying by cash or check, but please send any money in an envelope clearly marked with your child's name(s) and the purpose for the money!)* Digital Academy charges the following fees: \$1.00 for withdrawals from a checking account or a 3% fee on any credit card payment.

Mass emails and text messages may also be sent from Digital Academy. **We will be making Digital Academy the default system for sending out messages this year about school delays and closings.**

E-MAIL CORRESPONDENCE

Some correspondence with parents will be done by e-mail, although most correspondence will occur through Digital Academy. Parents should be sure to check their email on a regular basis and request the email is sent to any addresses at which they wish to receive it. Correspondence is available in print form by parent request. *Please notify the office if you need printed correspondence, either temporarily or permanently.*

FAMILY DIRECTORY

A family directory of all students and parents will be printed and includes all contact information. This directory is intended for the use of school personnel only and will not be released to the public. The directory is available to organizations such as PTO who are directly related to the school and who may use the information to seek out assistance in fundraising projects or other like purposes.

It is our school policy not to release student or family contact information to another parent or any other party without the express consent of the parent involved. It is important to respect a family's right to privacy.

SOCIAL MEDIA

Immaculate Conception School does have a page on Facebook, and families who use Facebook are encouraged to “like” this page in order to receive any updates through it. However, students should not attempt to contact any staff members directly through Facebook or other social media. Any other social media that may be used by Immaculate Conception School should also be treated in the same manner. All members of the Immaculate Conception School community are reminded to respect the privacy of others and use these communication tools responsibly.

Parents will be asked to complete a form to give permission to use their child's picture in various publications at the beginning of the year. Once that form is turned in, any changes to those permissions must be made in writing to the principal of the school.

No student or volunteer is ever permitted to use a technology device to take pictures or record video and post it on any social media or distribute it through texting or other electronic communication without the specific permission of a teacher or the principal. **NO PARENT may post any picture of another student on any social media site, even if they copy it from a school communication or if they are from a school activity. Photos from school activities should be forwarded to school personnel to post.**

DELAYS OR CLOSING FOR EMERGENCIES

Immaculate Conception School follows the same schedule as the Celina City Schools elementary buildings for weather-related closings and/or delays.

In the case of a delay, IC School will send out text messages through Digital Academy. Radio announcements will also be made over the following local radio stations: WCSM (96.7FM or 1350 AM) and WKKI/K-94 (94.3 FM.)

POLICY ON MAKEUP DAYS

Beginning with the 2014-15 school year, Immaculate Conception is required to count its instructional time by hours rather than days. The Archdiocese of Cincinnati requires that we are in school a minimum of 1030 hours, even after all

delays and cancellations. Our school's schedule allows for 6.17 instructional hours each day (the lunch period cannot be counted.) Our present calendar provides for 1110 hours for the 2023-24 school year.

In order that we may preserve and provide a consistent and excellent education for all children and be most certain that we will not need to add days on to the end of the year, we will establish the following make-up days policy:

1. We will generally allow for 5 days to be missed due to weather or other emergencies before doing make-up days.
2. We will generally use e-learning days as makeup days. These will be announced at the time the closure is announced and teachers will have work posted in Google classroom by 10:00 am. Students will be expected to complete the work in as timely a manner as possible, but we are aware that not every student may have access to a computer or other materials at that time (at a sitter or day care, etc.), so the **work will technically be due 1 week from the assigned e-learning day. If other variances are needed (borrowing a Chromebook, printed materials, etc.), it is a parent's responsibility to request this from the school/teacher.**
3. If weather closures are more severe and there is too much missed class time at once, we may opt to add one or more makeup school days. If this is needed, the makeup days will be announced at least 1 week ahead of time to allow families time to adjust plans, if needed. The following dates MAY be used as makeup days during the 2023-24 school year:

November 27	January 15	February 19
March 28	April 1	
4. Since we must count hours, numerous school delays may create situations where learning time needs to be made up as well. As long as cancellations are not excessive, delays should not cause us to use a makeup day. But the school reserves the right to make a decision that we feel will be in the best interest of our students.
5. On a two hour delay, school will be in session from 10:20-3:15. On a three hour delay, school will be in session from 11:20-3:15. (See preschool handbook for preschool plans.)

PARENT-TEACHER CONFERENCES

Communication between teachers and parents is essential to effective education. Parents and teachers are encouraged to contact each other when the need arises; parents can call the teacher at school or message them in Digital academy or use e-mail. Teacher email addresses are included at the front of this handbook and are available on the school's website to facilitate parents' communication. Some teachers may provide cell phone numbers, and parents should be respectful in using them.

Any concerns or issues should be discussed at the lowest level whenever possible. Parents who have concerns with a teacher should go directly to the teacher before coming to the principal. Only if unsatisfied at this level, should parents contact the principal. If necessary, the principal may be reached through Digital Academy, email, or by the school phone.

Parent-teacher conferences are held in November, shortly after the first quarter ends, for all students, and again in the spring, after the third quarter, for K-6 students as needed. Preschool conferences are held at the same time in the fall and again in the spring.

PARTIES

IN CLASS: For special occasions, throughout the year, the teachers plan classroom celebrations for their students. These vary in number from lower to upper grades and are up to the discretion of the classroom teachers. Students are not to plan "surprise" parties for their teacher without his/her involvement, nor should they collect money from all the students in the class for teacher gifts.

AT HOME: If a student is planning a home party, invitations to that party may be distributed at school **only** if all the boys or all the girls in a given classroom are invited. If only a few children from a class are to be invited, invitations must be delivered outside of the school day, in consideration of the feelings of those excluded. Arrangements for the party should be made with all the children's feelings in mind.

SPECIAL OCCASION GIFTS

Students should not receive birthday gifts of flowers or balloon bouquets at school due to the distraction this can cause in the classroom. Parents who wish to give these to their children should plan to do so outside of school.

VISITS TO SCHOOL

Parents are welcome to visit their children's classrooms; however, the school office must be aware of all visitors. Parents and visitors must CHECK IN AT THE SCHOOL OFFICE whenever they come to school. (See section on School Building Security, page 27.) Parents should also make prior arrangements with the teacher or principal if coming to visit a classroom.

SCHOOL LUNCH

CAFETERIA

Lunch cost for the 2023-24 school year will be \$3.15. Students (except K) may order extras of one or two items, **but the extras must be paid for (even if a student is on free lunch)**. An extra entrée will be \$2.15; an extra fruit, vegetable, or dessert will be \$1.00. Extra milk cartons are \$0.40 each. Adult regular lunches will be \$4.00. An adult extra entrée will be \$2.60, with extra fruits or vegetables being \$1.40.

Families should convey to the homeroom teacher any restrictions about extras (only fruits and vegetables, only milk, only once per week, none allowed, etc.). Once a family is notified that a student's lunch account is under \$5.00, that student will not be permitted to purchase extras until their account has a balance higher than \$5.00. Parents can check in at Digital Academy to keep an eye on what extras students are purchasing and to keep lunch balances up to date.

A hot lunch is available each school day to all students in grade kindergarten through six. A peanut butter sandwich may be substituted for the entrée, if a student tells the teacher in the morning when the lunch count is taken. The rest of the meal will be served with the peanut butter sandwich replacing the main entree. Extra sandwiches/pizza MUST also be ordered at the time of the lunch count. *We will not serve additional extras after students have been served this year.*

Parents may see the balance on their child(ren)'s lunch accounts in Digital Academy. The cafeteria will send email reminders to parents when accounts are low or depleted. Payments to lunch accounts may be made in the following ways:

- Electronic payment from checking account or credit card account directly in Digital Academy
- Send in check or cash in an envelope marked with child's name and purpose

If a student loses or forgets lunch money, he/she may "charge" his lunch. The cafeteria will again send an email to parents when students charge a lunch or other item. Please pay these charges off as soon as possible. If money is owed at the end of the year, we will hold the report card until the bill is settled.

Immaculate Conception School uses an "Offer versus Serve" program, as permitted by the Ohio Division of the School Food Service. Intended to reduce food waste, this program allows students to decline one or two food items they do not plan to eat. Students must take the meat component (the main item on the menu), but may decline one or two of

the side items (e.g., vegetable, fruit, rolls, milk, French fries.) The price for lunch remains the same, even if items are declined.

This program gives the students some options in regard to their lunch. However, what they do take, we expect them to eat and not waste. Please review the menu each week with your child and PACK LUNCH for your child when he/she does not like what the cafeteria is serving. All students must eat lunch, either the cafeteria meal or a packed lunch from home. Packed lunches should not include soft drinks or fast foods.

If a child has an allergy to certain foods or to milk, the parents must supply a verification form from a doctor. It is important that the school have this information on file.

FREE/REDUCED PRICE LUNCH PROGRAM

Government free or reduced-price lunches are offered each year. Papers are sent home at the beginning of the year explaining the program as well as who is eligible to receive free or reduced-price lunches for their child/ren attending Immaculate Conception School. These papers are provided to all families in order that there is no stigma in asking for them. We encourage all those families who meet the requirements of this federal lunch program to take advantage of the free or reduced-price lunches for their child(ren).

Families who qualify for free lunch in grades K-4 may also choose to participate in the backpack program from CALL ministries. This program provides nutritious foods to feed your child over the weekend. A letter about this will be sent when a family qualifies for free lunch and must be signed and returned if you want your child to participate.

SCHOOL GOVERNANCE

GOVERNANCE MODEL

Immaculate Conception School is under the authority of the principal and pastor, with guidance provided by an Advisory Board. The Advisory Board typically holds monthly meetings which provide oversight and helpful discussion on policies, the budget, and changes made to the school. The board meetings are closed to the public. The day to day operations are carried out by the administration of the school and include such matters as planning calendars and schedules, admission and supervision of students, assignment and supervision of faculty and staff. Two important committees exist as subcommittees of the board and bring regular reports to the board: Fundraising Committee and Enrollment/Marketing Committee.

RIGHT TO AMEND HANDBOOK

The Principal, or his/her appointee, with the support of the pastor, retains the right to amend this parent/student handbook for just cause. Parents and students will be given prompt notification if changes are made.

APPENDIX A - RESPONSIBLE USE OF TECHNOLOGY POLICY

Catholic School Office Archdiocese of Cincinnati

INTRODUCTION

- Vital to the evangelizing and educational mission of the Catholic Church, we are Christ-centered communities dedicated to the faith formation, academic excellence, and individual growth of our students, all rooted in the Gospel message of Jesus.

Catholic School's Mission Statement

- The Church views emerging technologies as gifts of the Spirit to this age and challenges "God's faithful people to make creative use of new discoveries and technologies for the benefit of humanity and the fulfillment of God's plan for the world.."

Aetatis Novae, #2, #3; Rose, 1992

GENERAL INFORMATION FOR USERS OF TECHNOLOGICAL RESOURCES

Catholic schools in the Archdiocese of Cincinnati are using the Internet and technological equipment/resources (i.e. computers, laptops, iPads, tablets, scanners, printers, cameras, email, software, and all other electronic devices and programs) (the Internet and all technological equipment/resources are referred to collectively in this Policy as "Technological Resources") to enhance student learning and to provide a quality educational experience for all students. Use of a school's Technological Resources is strictly limited to educational purposes.

In keeping with the mission of the Catholic schools, school personnel will make reasonable efforts to ensure that the school's Technological Resources, during school hours and while on school grounds, are used appropriately by the student or adult user. Parents/guardians and students are solely responsible for use of the school's Technological Resources at home, off school property, and/or outside of school hours.

USER AGREEMENT/PARENT PERMISSION FORM

In order to ensure the proper use of the school's Technological Resources, it is necessary that each student user, his/her parent/guardian, and each adult user annually sign the attached User Agreement/Parent Permission Form. The signed form must be on file at the school before any Technological Resources are provided to or accessed by the student or adult user. Signing the form means that the student user, his/her parent/guardian, and the adult user will abide by the terms and conditions set forth in this Policy.

Each school must have on file a signed Responsible Use of Technology Policy – User Agreement/Parent Permission Form for any student user, his/her parent/guardian, and each adult user (administrators, faculty and staff members, parents, volunteers, and other school-affiliated adults) who use the school's Technological Resources. All Technological Resources are strictly limited to educational purposes. Students are not allowed to access personal accounts using any of the school's Technological Resources. School personnel (administrators, faculty and staff members) are allowed to access personal accounts using the school's Technological Resources but are subject to responsible use provisions herein. Individual schools may be further governed by the policies of the Instructional Technology Centers or other Internet Service Providers. Any Technological Resources provided to a user remain the property of the school. The school reserves the right to search and inspect school property, including any computer, laptop, iPad, tablet, school email or other Technological Resources at any time and for any reason. When using any of the school's Technological Resources, the user shall have no expectation of privacy.

The school shall provide access to Technological Resources for educational purposes only. The school shall also provide training for students and teachers related to appropriate online behavior, including interaction with other

individuals on social networking sites, cyber-bullying awareness, and reporting the misuse of technology. The school shall take reasonable measures to guard against student access, during school hours and while on school grounds, to objectionable material through the school's Technological Resources. Unauthorized disclosure, use, or dissemination of personal information regarding minors is forbidden.

STUDENT USER, HIS/HER PARENT/GUARDIAN, AND ADULT USER RESPONSIBILITY

The user shall access and use the school's Technological Resources for educational purposes only. Each user is responsible for information that is sent and received under his/her personal and/or school account. Passwords are to be guarded and not displayed or shared with others. The user must strictly adhere to copyright laws. In addition, unethical and/or illegal uses of the school's Technological Resources are prohibited. Unauthorized access, including hacking or use of another person's credentials or account, is strictly forbidden. The user agrees not to bypass or attempt to bypass the school's firewall or filters, nor to harm or alter school property, including any of the school's Technological Resources. The user agrees not to change any computer settings, hardware, software, parts, or cabling. The user agrees not to pirate, nor to submit, publish, display, distribute, send, or view any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, harassing, bullying, racially offensive, or illegal material at any time, on or off school property; nor shall the user encourage the use, sale, or distribution of alcohol, drugs, or controlled substances. Any use in violation of law is prohibited. Any commercial use of the school's Technological Resources is strictly forbidden. Unless authorized by the school, the user agrees not to access chat rooms, newsgroups, listserves, instant messaging, or a personal webpage. The user agrees not to download anything without permission. The user agrees he/she will not damage the school's Technological Resources, including computers, computer systems, and computer networks. Personal technology equipment brought to school is subject to the procedures outlined in this Policy. If the student user, his/her parent/guardian, or the adult user becomes aware of inappropriate, illegal, or non-educational material being used, accessed, sent, received, or displayed through the school's Technological Resources, he/she agrees to immediately report the matter to the principal or supervisor. Student users and their parents/guardians agree that they are solely responsible for monitoring the student's use of the school's Technological Resources at home, off school grounds, and outside of school hours.

DISCIPLINARY ACTION

The school may take disciplinary action against any user who violates the Responsible Use of Technology Policy, or other school or Archdiocesan policies, through use of the school's Technological Resources. Disciplinary action may include, but is not limited to, revocation of access to Technological Resources, suspension or expulsion from school, termination of employment, and/or possible legal action.

Kindergarten and Preschool

Immunizations for the 2023-2024 School Year

Kindergarteners are required to have the following vaccines:

The 5th Diphtheria, Tetanus and Pertussis, the 4th Polio, the 2nd Measles Mumps Rubella, and the 2nd chickenpox vaccines. Children can receive these vaccines any time after their fourth birthday.

Preschoolers are required to be up to date on immunizations. An up to date preschooler has the following vaccines: 4 Diphtheria, Tetanus, and Pertussis, 3 Polio, 1 Measles Mumps Rubella, 1 Chickenpox, 3 Hepatitis B, 2 Hepatitis A, 3-4 Haemophilus vaccines, and a yearly influenza vaccine. Each child's immunization history should be reviewed.

Vaccines can be administered at some physician offices or at the Health Department.

If you wish to have your vaccines at the Mercer County Health Department, please call 419-586-3251 options 2 for an appointment or to talk to the nurse.

For more information on vaccines, go to www.immunize.org or www.cdc.gov

Immunizations are always by Appointment
Available Monday, Tuesday, Wednesday, Friday 7:30-3:30
Thursdays 9:30-5:15

Extra clinic Appointments are available on the following dates.
Call 419-586-3251 option 2 to schedule an appointment.

Tuesday	March	14th	9:30am to 5:15pm
Tuesday	April	4th	9:30am to 5:15pm
Tuesday	May	9th	9:30am to 5:15pm

We are contracted with many insurance carriers and will bill the insurance as a courtesy. Please have your insurance cards available. Please log into your insurance company's website or call the 1-800 number on the card before your appointment to determine your individual coverage. Federally provided vaccines will not be denied to children 18 and under due to inability to pay.
