

Call Out for January 21, 2022

This is Richard Dennis, Superintendent of Elmore County Public Schools.

Another week of high COVID numbers has 403 students and 116 employees reporting testing positive. The excessive numbers, specifically impacting personnel, forced six schools to observe e-days this week. Currently, all schools are expected to be back on a regular schedule next week based on the reported personnel numbers. If circumstances change communications will be made to parents identifying schools that are impacted. Also, please be aware that bus routes some areas will be delayed due to a shortage of drivers and substitute drivers. This situation may continue during the duration of the COVID spike.

Be reminded, if you would prefer to get my call outs and other system-wide communications texted to you through Remind, visit the Elmore County Public Schools website and follow the registration process.

We appreciate your support and have a great weekend!

*Every Student Empowered, Every Student Succeeds.*
