If a problem should occur, parent, teachers, counselor, and principal will work collectively to resolve the issue in accordance to approved policy.

Teachers may participate with the assigning of homework at their discrestion.

Plan for a Safe and Orderly Environment

Codes of Conduct and Expectations in ALL AREAS

Jack Daley Primary School (JDPS) expects exemplary conduct from our students in both scholarship, social emotional, and behavioral citizenship. Positive student behavior is based upon recognizing and respecting the fundamental dignity of every human being. Students learn most effectively in an environment in which the expectations for good conduct are clear and consquences of unacceptable behavior are defined. Expectations of exemplary conduct applies to any student who is on school property, who attends any of its school sponsored activities, or whose conduct at any time or place, including to and from school, influences discipline and order in school. Therefore, is it fundamental to examine the expectations of exemplary student conduct expected here at Jack Daley Primary School.

In order to address the whole child, JDPS will provide opportunities for students to learn strategies for their social emotional and behavioral needs, as well as Character Strong education.

We are EAGLES, Watch us SOAR! School-wide Student Expectations Safe We follow directions the first time. We are where we are supposed to be. Outstanding Citizens We keep our hands, feet, and bodies to ourselves. We take care of others and our school. Attitude of a Learner We think before we speak and act. We come to school ready to learn. Responsible We use personal and school equipment the right way. We give our best effort in all we do.

Students who choose to be contrary to the schoolwide expectations of conduct may be required to complete a series of tiered actions as part of their solution to gain a better understanding of the schoolwide expectations of conduct and be readmitted to the classroom. (Refer to TUSD Policy JK-r)

JDPS Attendance

Consistent to Arizona state law, JDPS holds to the philosophy that parents are responsible for the attendance of their students. Parents have the right to have their student out of school for any reason deemed important, but in exercising that right, they assume the responsibility for the loss of any academic material and learning presented during their student's absence and may be responsible for the loss of that learning, if absences are excessive. Parents cannot expect the school to educate students who are not physically in attendance due to unexcusable reasons. The school reserves the right to set limits on the number of absences a student may have beyond which promotion to next grade cannot be justified.

Absences Policy

Each time a student is absent, a parent must notify the school. If unable to call, a parent may use ParentVue to make a note, or a note must be sent with the student upon their return to school. Absences not reported to the office will automatically be considered unexcused. The school may call and check on a student any time deemed necessary. Excessive absences without good reason may warrant the school to report to the truancy officer to investigate the problem. Excused Absences are unavoidable circumstances, such as illness, funeral, dentist or doctor's appointment, or other *emergencies* that may arise. Each absence should be followed by a note or phone call from parents. If work missed during an excused absence is made up as far as possible, there is no grade loss or penalty.

Unexcused Absenses are absences where a choice was made by student or parent for the student not to attend school. Examples are shopping, pleasure trips, vacations, hunting, etc. Make-up work is allowed for unexcused if prior arrangements were made with the student's teacher. The work should be completed under the supervision of parents prior to, or upon the immediate return of the student to school.

Remedial Friday/Friday School

Students will be assigned to to attend Friday School by their teachers. The attendance to Friday School is based on student academic progress. Standards and Skills mastery are the focus for all students. All activities will be under the direct supervision of the inviting teacher(s). Parents are strongly encouraged to ensure their student attends on these assigned Fridays. Buses will run 2 time each Friday. Please see school and district website for times and stops.
