

Midland Public Schools
Inspiring Excellence

BACK TO

Our Schools

August 2025

A Message from the Superintendent

Dear Midland Public Schools Community,

As the summer days wind down and we prepare to welcome our students and staff back to our buildings, I share with you my heartfelt excitement for the 2025–2026 school year.

Each new school year brings with it the energy of fresh beginnings, renewed purpose, and the promise of growth. While a new school year can bring change, our commitment to our students, families, and the Midland community remains the same: to provide exceptional learning experiences in an environment where every student can reach their fullest potential.

Our community has long been known for its enthusiastic support of education, and we are incredibly grateful for the trust you’ve placed in Midland Public Schools to educate generations of Midlanders. Whether you have a current student in our schools, have an MPS graduate in your family (including yourself!), or are a resident in our district, it is an honor to serve you every day.

If you have questions, concerns, or ideas for MPS you want to discuss, please reach out to me or to one of our talented school administrators listed below. Here’s to a fantastic 2025–2026 school year—rooted in excellence, focused on the future, and driven by our shared belief in what’s possible.

Sincerely,

Penny Miller-Nelson
Superintendent, Midland Public Schools

A school bus is one of the safest vehicles on the road.

Children are more at risk when approaching or leaving a school bus. It’s important for all drivers, as well as parents and students, to understand school bus safety. Do you know what the lights mean on an MPS school bus?

Yellow flashing lights indicate the bus is preparing to stop to load or unload children.
You should slow down and prepare to stop your vehicle.

Red flashing lights and extended stop arms indicate the bus has stopped and children are getting on or off.
You must stop your car and wait until the red lights stop flashing, the extended stop-arm is withdrawn, and the bus begins moving, before you can start driving again.

Familiarize yourself with Michigan school bus safety laws & help keep our students safe this school year!
