

EDUCATIONAL RESOURCES

AAA Math Practice

Practice for any math skill and any level, you choose.

<http://www.aaamath.com/fra57c-fract2mixedld.html>

ABCya! Math Match

Choose your level and your skill to practice. (+, -, X, division)

https://www.abcya.com/games/math_match

APlusMath

A fast paced addition, subtraction, multiplication and division skill practice site.

<https://www.varsitytutors.com/aplusmath/games>

Arcademic Skill Builders

There are many fun games for practicing different math skills.

<https://www.arcademics.com/games/>

BrainPop

Students may access our BrainPop site using the username and password that can be provided by his or her teacher.

<https://www.brainpop.com/>

BrainPop Jr.

This site contains K-3 content in Science, Social Studies, Math, Health, Technology, Arts, Reading and Writing. Students may access this information from home by using the username and password that can be provided by his or her teacher.

<https://jr.brainpop.com/>

Cool Math

Many games and skills to choose from!

<https://www.coolmath.com/>

Discovery Education

Another educational subscription site that students can access at home. More learning videos and activities for students. Students will be given their login information.

<https://www.discoveryeducation.com/>

Fuel the Brain

Scroll down to choose the math skill, which includes graphs, fractions, measurement, time, addition, subtraction, multiplication, division and more!

<https://www.fuelthebrain.com/games/>

Fun Brain

Choose the grade level, then choose the topic for fun math practice.

<https://www.funbrain.com/>

Illustrations Web Site

This is a great website with interactive games and is part of the Thinkfinity website. These activities are tied in to the NCTM and common core math standards.

<https://illustrations.nctm.org/Search.aspx?view=search&type=ac>

Khan Academy

Math Expert-created content and resources for every subject and level. "You can learn anything. For free. For everyone. Forever."

<https://www.khanacademy.org/>

MobyMax

Another Math site that asks for login information. They keep up with student progress. Very good practice site.

<https://www.mobymax.com/>

Prodigy Math Game

You must create a login, but the students create their own avatar and compete in a "battle" as they answer math problems.

<https://www.prodigygame.com/>

Starfall

Reading, Phonics and Math Practice site for Pre-K through 2nd grade.

<https://www.starfall.com/h/>
