Inspiring Excellence

DISTINGUISHED SERVICE AWARD

A quality educational system can only occur when every employee group works together to promote the welfare of the students and the community it serves. The Midland Public Schools Board of Education acknowledges the valuable contributions made by its support staff in providing an excellent education for our students. To further recognize these efforts, the Board has established the Distinguished Service Award. These awards are made possible through the generous support of the Rollin M. Gerstacker Foundation.

ELIGIBILITY INFORMATION:

Full-time and part-time (non-certified) employees in the following categories are eligible:

Administrative Assistants • Managers/Directors • Paraprofessionals • Transportation
