# Paulsboro Public Schools

*Superintendent, Dr. Roy Dawson, III*

## *Board of Education*

Mr. Marvin E. Hamilton, President

Mrs. Danielle Scott, Vice President

Mrs. Theresa Cooper

Mr. Robert Davis

Mrs. Crystal L. Henderson

Mrs. Rosanne Lombardo\*

Ms. Elizabeth Reilly

Mr. Markee Robinson

Ms. Tyesha Scott

Mrs. Irma R. Stevenson

\* Greenwich Township Board of Education Representative

## *District Administration*

Mrs. Christine Lindenmuth, Director of Curriculum, Instruction  
& Assessment

Mrs. Anisah Coppin, Business Administrator/Board Secretary

Mr. Robert Harris, Director of Special Services

Mrs. Tina Morris, Principal, grades Pre-K to 2

Mr. Matthew J. Browne, Principal, grades 3-6

Mr. Paul Morina, Principal, grades 7-12

# **Paulsboro Public Schools**

## **Mission Statement**

The mission of the Paulsboro School District is to work with students, parents, educators, and community to develop excellence in education while preparing each student to be viable and productive citizens in society. Our goal is to develop the unique potential of the whole student by creating a challenging and diverse learning climate that prepares students for the 21<sup>st</sup> Century and is rich in tradition and pride.

## PACING CHART (2020-2021)

TOPIC	# OF DAYS	DATES	COMMENTS
<b>Robotics</b>	<i>10-20</i>	<i>vary</i>	focus on real world connection
building			sub-topic option
programming			sub-topic option
career exploration			sub-topic option
<b>Engineering</b>	10-20	vary	focus on real world connection
renewable energy			sub-topic option
air & water quality			sub-topic option
construction design			sub-topic option
career exploration			sub-topic option
<b>Science</b>	10-20	vary	focus on real world connection
biomedical			sub-topic option
forensic			sub-topic option
climate change			sub-topic option
career exploration			sub-topic option
<b>Technology</b>	10-20	vary	focus on real world connection
virtual & augmented reality			sub-topic option
circuits & electronics			sub-topic option
Animation & video game design			sub-topic option
digital textiles			sub-topic option
career exploration			sub-topic option

Dates and number of days will vary based on resources available and school schedules.

## **DEFINITIONS**

**NJ Student Learning Standards** – Clear and specific benchmarks for students' achievement in various content areas. The standards ensure that each child receives a “thorough and efficient education”.

**21<sup>st</sup> Century Life and Careers Standards** – These skills that are comprised of the “12 Career Ready Practices” and Standards 9.1 through 9.4. The organization of these standards intends to enable students to make informed decisions that prepare them to engage as active citizens in global society and be prepared for the opportunities of the 21<sup>st</sup> century workplace.

**ELA Companion Standards** – Consists of standards for reading and writing in History, Social Studies, Science and Technical subjects. ELA curricula

**Gifted and Talented Learners** – Students with high-ability who may need more depth and complexity in instruction.

**Special Education Learners** – Students in need of supports and interventions to improve student achievement

**English Language Learners** – Students with a native language other than English or who are at varying degrees of English language proficiency.

**QUARTER 1 –**  
**Big Idea: Robotics**  
**Topics: Build/Program**

<p><b>Standards:</b>  <b>NJ Student Learning Standards:</b> NGSS            3-5-ETS1-1. Define a simple design problem reflecting a need or a want that includes specified criteria for success and constraints on materials, time, or cost.            3-5-ETS1-2. Generate and compare multiple possible solutions to a problem based on how well each is likely to meet the criteria and constraints of the problem. 3-5-ETS1-3. Plan and carry out fair tests in which variables are controlled and failure points are considered to identify aspects of a model or prototype that can be improved.  <b>21<sup>st</sup> Century Life and Careers:</b>            CRP6. Demonstrate creativity and innovation</p>	<b>GOAL</b>

Special Education Learners:  
written list of instructions,  
extended time, alternate  
projects, flexible use of  
materials

English Language Learners:  
extended time, teacher  
modeling, simplified  
instructions, frequent breaks

**QUARTER 1 –**  
**Big Idea: Robotics**  
**Topics: Career Exploration**

**Standards:**

**NJ Student Learning**

**Standards: NGSS**

3-5-ETS1-1. Define a simple design problem reflecting a need or a want that includes specified criteria for success and constraints on materials, time, or cost.

3-5-ETS1-2. Generate and compare multiple possible solutions to a problem based on how well each is likely to meet the criteria and constraints of the problem. 3-5-ETS1-3. Plan and carry out fair tests in which variables are controlled and failure points are considered to identify aspects of a model or prototype that can be improved.

**GOAL**

**SWBAT** explore careers in the field of robotics

**Essential Questions**

**Assessments**

1. What are careers in robotics?

*(Include benchmark assessments where possible – This could be a link to the assessment, a page reference in a book to the assessment or an attachment following this document referencing these standards and this goal.)*

Formative assessments include: interactive response, observation, active participation in a team environment, and/or data collection of investigation.

**21<sup>st</sup> Century Life and Careers:**

CRP6. Demonstrate creativity and innovation  
CRP8. Utilize critical thinking to make sense of problems and persevere in solving them  
CRP10. Plan education and career paths aligned to personal goals  
CRP11. Use technology to enhance productivity  
CRP12. Work productively in teams while using cultural global competence

**Technology Standards:**

8.2.5.C.4 Collaborate and brainstorm with peers to solve a problem evaluating all solutions to provide the best results with supporting sketches or models.

**ELA Companion Standards:**

NJSLSA.SL4. Present information, findings, and supporting evidence such that listeners can follow the line of reasoning and the organization, development, and style are appropriate to task, purpose, and audience. NJSLSA.SL5. Make strategic use of digital media and visual displays of data to express information and enhance understanding of presentations. NJSLSA.SL6. Adapt speech to a variety of contexts and communicative tasks, demonstrating command of formal English when indicated or appropriate.

**MODIFICATIONS:**

Gifted and Talented Learners:

**Enduring Understanding**

**Resources**

Careers in robotics

Ipads  
Wonder Workshop robots  
UB Tech robot kits  
LEGO Mindstorm robots  
Chromebooks

<p>student centered, compact curriculum, flexible pacing, assume ownership of own learning</p> <p>Special Education Learners: written list of instructions, extended time, alternate projects, flexible use of materials</p> <p>English Language Learners: extended time, teacher modeling, simplified instructions, frequent breaks</p>

8.2.8.A.4 Redesign an existing product that impacts the environment to lessen its impact(s) on the environment.

**ELA Companion Standards:**

NJSLSA.SL4. Present information, findings, and supporting evidence such that listeners can follow the line of reasoning and the organization, development, and style are appropriate to task, purpose, and audience. NJSLSA.SL5. Make strategic use of digital media and visual displays of data to express information and enhance understanding of presentations. NJSLSA.SL6. Adapt speech to a variety of contexts and communicative tasks, demonstrating command of formal English when indicated or appropriate.

**MODIFICATIONS:**

Gifted and Talented Learners: student centered, compact curriculum, flexible pacing, assume ownership of own learning

Special Education Learners: written list of instructions, extended time, alternate projects, flexible use of materials

English Language Learners: extended time, teacher modeling, simplified instructions, frequent breaks

**QUARTER 3 –**  
**Big Idea: Science**  
**Topic: Career Exploration**

<p><b>Standards:</b>  <b>NJ Student Learning Standards:</b> NGSS          3-LS1-1. Develop models to describe that organisms have unique and diverse life cycles but all have in common birth, growth, reproduction, and death.          3-LS4-4. Make a claim about the merit of a solution to a problem caused when the environment changes and the types of plants and animals that live there may change          3-ESS3-1. Make a claim about the merit of a design solution that reduces the impacts of a weather-related hazard  <b>21<sup>st</sup> Century Life and Careers:</b>          CRP1. Act as a responsible and contributing citizen and employee.          CRP5. Consider the environmental, social and economic impacts of decisions.          CRP7. Employ valid and reliable research strategies.          CRP8. Utilize critical thinking to make sense of problems and persevere in solving them.  <b>Technology Standards:</b>          8.2.5.A.4 Compare and contrast how technologies have changed over time due to human needs and economic, political and/or cultural influences.</p>	<b>GOAL</b>	
	SWBAT explore careers in science.	
	<b>Essential Questions</b>	<b>Assessments</b>
	1. What are careers in science?	<p><i>(Include benchmark assessments where possible – This could be a link to the assessment, a page reference in a book to the assessment or an attachment following this document referencing these standards and this goal.)</i></p> <p>Formative assessments include: interactive response, observation, active participation in a team environment, and/or data collection of investigation.</p>
	<b>Enduring Understanding</b>	<b>Resources</b>
Careers in Science	Biomedical Resources Forensic Resources Climate Change Resources Chromebooks Ipads	

8.2.5.A.5 Identify how improvement in the understanding of materials science impacts technologies.

8.2.8.A.4 Redesign an existing product that impacts the environment to lessen its impact(s) on the environment.

**ELA Companion Standards:**

NJSLSA.SL4. Present information, findings, and supporting evidence such that listeners can follow the line of reasoning and the organization, development, and style are appropriate to task, purpose, and audience. NJSLSA.SL5. Make strategic use of digital media and visual displays of data to express information and enhance understanding of presentations. NJSLSA.SL6. Adapt speech to a variety of contexts and communicative tasks, demonstrating command of formal English when indicated or appropriate.

**MODIFICATIONS:**

Gifted and Talented Learners: student centered, compact curriculum, flexible pacing, assume ownership of own learning

Special Education Learners: written list of instructions, extended time, alternate projects, flexible use of materials

English Language Learners: extended time, teacher modeling, simplified instructions, frequent breaks

## QUARTER 4 –

**Big Idea: Technology**

**Topic: Virtual & Augmented Reality**

<p><b>Standards:</b>  <b>NJ Student Learning Standards:</b> NGSS            3-5-ETS1-1. Define a simple design problem reflecting a need or a want that includes specified criteria for success and constraints on materials, time, or cost. 3-5-ETS1-2. Generate and compare multiple possible solutions to a problem based on how well each is likely to meet the criteria and constraints of the problem. 3-5-ETS1-3. Plan and carry out fair tests in which variables are controlled and failure points are considered to identify aspects of a model or prototype that can be improved.</p> <p><b>21<sup>st</sup> Century Life and Careers:</b>            CRP2. Apply appropriate academic and technical skills. CRP6. Demonstrate creativity and innovation. CRP10. Plan education and career paths aligned to personal goals. CRP11. Use technology to enhance</p>	<b>GOAL</b>	
	<p><b>SWBAT</b> explore virtual &amp; augmented reality.</p>	
	<b>Essential Questions</b>	<b>Assessments</b>
	<p>1. What is virtual &amp; augmented reality?</p>	<p><i>(Include benchmark assessments where possible – This could be a link to the assessment, a page reference in a book to the assessment or an attachment following this document referencing these standards and this goal.)</i></p> <p>Formative assessments include: interactive response, observation, active participation in a team environment, and/or data collection of investigation</p>
<b>Enduring Understanding</b>		<b>Resources</b>

productivity. CRP12. Work productively in teams while using cultural global competence.

**Technology Standards:**

8.2.5.C.4 Collaborate and brainstorm with peers to solve a problem evaluating all solutions to provide the best results with supporting sketches or models.  
8.2.5.C.1 Collaborate with peers to illustrate components of a designed system  
8.2.5.C.7 Work with peers to redesign an existing product for a different purpose

**ELA Companion Standards:**

NJSLSA.SL4. Present information, findings, and supporting evidence such that listeners can follow the line of reasoning and the organization, development, and style are appropriate to task, purpose, and audience. NJSLSA.SL5. Make strategic use of digital media and visual displays of data to express information and enhance understanding of presentations. NJSLSA.SL6. Adapt speech to a variety of contexts and communicative tasks, demonstrating command of formal English when indicated or appropriate.
