Nurse Barrett will be sending out an email to everyone notifying them of the start dates and rules and etc. We are gathering the number of water bottles needed to and emailing that information to the AG office.

The second item of business that was discussed was Water Day. This will be held May 17th and May 18th 2023. The SHAC board members will be gathering donations for the snacks for the concession stand as well as picking them up and delivering them to the school. SHAC members will also be working the concession stand both days. So far we have Lisa and Fallon down to work. The cafeteria is giving us sacks to use for the kids.
