### FALL 2021

## Message from the Principal

Dear Students, Parents, and Community,

On behalf of the entire SMHS staff, welcome to the first phases of the 2021-22 school year. I am genuinely excited to be preparing for this quickly approaching school year as it symbolizes the end of a long struggle against the Corona Virus and the hopeful return to normalcy for our school and our community. At this time all preparations are for our "in person" return to the pre-pandemic calendar, daily bell schedule, and routines we enjoyed before the pandemic changed all our lives. As we continue to emerge from the preventative restrictions of COVID 19 it seems both staff and students are coming into this school year with a renewed energy and an appreciation for our school.

As most of you know Santa Maria High School is the "Home of the Saints" and is located in the heart of Santa Maria spanning 128 years of history and community pride. SMHS has an incredible staff devoted to preparing our students for success after high school. Last year we enjoyed a graduation rate over 90%, which is well above the state average for high schools. Of these 569 graduates 235 met qualifications to attend a 4-year college. With an addition 175 students planning to attend Allan Hancock College we have almost 75% percent of our graduates declaring themselves to a 2-year or a 4-year college. We also have more students completing career pathways than ever before due to our 16 Career & Technology Educational (CTE) pathways recently added to our curriculum.

If you have driven past SMHS lately you probably noticed another exciting development on our campus. Earlier this spring construction began on a rather expansive construction project which will leave our students with a state-of-the-art, fifty-classroom building and one of the most beautiful campuses in the area. There will be more information coming as we go through the many stages of this exciting project.

Santa Maria High School also offers a multitude of extra-curricular activities including athletics, visual and performing arts, vocational education, and a robust list of clubs and community service opportunities. We encourage all of our students to take advantage of what SMHS has to offer and leave here prepared for a successful life after high school. With facilities improving and academic indicators on the rise there is a positive momentum at SMHS that is enjoyed by students, staff, and parents. For more information about SMHS please browse through our website at [www.santamariahighschool.org](http://www.santamariahighschool.org). I look forward to working with all of you, get ready for a great year, and "Go Saints"!

## RETURNING BACK TO SCHOOL “IN PERSON”

The Santa Maria Joint Union High School District is returning to full-time, in-person instruction for the 2021-2022 school year. It is the priority of the State of California and our district that all students return to on-campus learning to experience the valuable role it plays for our children's social and emotional development. Current California Dept. of Public Health education guidelines require that all students wear masks indoors on school campuses when we return this Fall. As we experienced throughout the COVID-19 pandemic, guidelines and requirements for schools change frequently and are often different between counties. We will communicate with you when changes occur. We also recognize the individuality of our students, their unique learning styles, and special family circumstances. The purpose of the district's new Virtual Learning Academy is to create a rigorous college-prep A-G independent study program where students utilize online curriculum in a predominately self-paced fashion. Currently, we are not offering a hybrid or remote instructional model option. The academy is a full-time online program separate from on-campus classrooms. Students will attend school either completely on-campus or completely online.

To learn more about this new program you should have registered online, but if you need more information please feel free to contact our school at 805-925-2567.

- Submit a digital photograph (**jpg or tiff**) taken in a **vertical** orientation with the highest resolution, 300dpi or greater, at the minimum size of 3" x 5" (yearbook staff can shrink it to fit the space, but enlarging it will make it blurry).

**Make sure you:**
- Give us ONE image only.

# A Good Education is the Foundation for a better Future

## **ONLINE FREE Meal Program**

All students enrolled in the school district are eligible to receive a healthy breakfast and lunch at school at no charge to your household each day for the 2021-2022 school year.

To ensure maximum student support services for your high school student(s), we kindly request that your household submit a Household Income Data Survey online at <https://family.titank12.com/income-form/new?identifier=T8X7HA> no later than October 31, 2021. This survey will ensure that your high school student (s) has access to all eligible resources, including waivers for college admissions

test and applications, discounts on home internet, and it also generates additional State and Federal funding to support supplemental education programs and services at our high schools. The website is accessible by clicking on this Titan link which is also located on the District and high school websites. Paper forms are also available at each school site's community liaisons' office and at the District Support Services Center. The online and paper survey forms will be available after August 1, 2021.

Your student will be able to participate in this meal program without having to pay a fee or submit a meal application. The district looks forward to serving nutritious well-balanced meals to your child (ren) all year long.

## PARENT INVOLVEMENT OPPORTUNITIES

Parent involvement is key to the success of students and the school community. As equal partners, we highly encourage our parents and guardians to participate in the committees our school offers. Below are programs and committees parents are encouraged to participate in:

### English Language Advisory Committee (ELAC)

The English Language Advisory Committee (ELAC) is comprised of parents of Limited-English Proficient (LEP) students. Any parent is welcome to become a member of the ELAC committee. The committee examines issues surrounding bilingual education, including needs assessment for LEP students. For more information, please call 925-2567, extension 3707.

### School Site Council

The School Site Council develops and evaluates our yearly learning goals as outlined in our School Plan. The School Site Council is formed by parents, students, community members and school personnel. Members of this council are elected by their peers and serve for a two-year term. Elections for new members are held each year as one half of our members rotate. Meetings are held monthly and are open to the public. For more information, call 925-2567, extension 3702.

### Shared Decision Making

The purpose of Shared Decision Making is to provide an opportunity for the school community (teachers, parents, students, and other, site employees), in collaboration with the principal, to jointly shape decisions regarding policy making and organizational issues related to student, teachers, and/or classrooms at the school site level. For more information, call 925-2567, extension 3702.

### Un Cafecito Meeting (Coffee with the Principal)

This is a quarterly meeting to meet with SMHS parents to discuss and address school policies, activities, and campaigns, address parent concerns/issues, disseminate school information and request for school community feedback. These meetings will be promulgated by an all call notification. For more information, call 925-2567, extension 3202.
