When considering a binder for the planner & the pencil pouch, a trapper keeper may be best to help with carrying/storing the comp books. Students will have a locker to store their supplies if they do not want a trapper keeper.

Pencils and earbuds are always an issue for 7th graders. We understand that 3 packs of pencils sounds like a lot, but 7th graders cannot keep up with a pencil. We minimized the supplies to only what is a necessity. We appreciate your help with supplies.
