

Portage Elementary School District

AED Building Locations:

The Portage Elementary Building has 2 Cardiac Science Automatic External Defibrillators (AED). One is located in front of the Auditorium and the other is located in front of the gymnasium. The AED is connected to the adult pads ready for use. The pink AED pads are for children 8 and under.

Stop the Bleed Equipment/Supplies: are located with the AED in the plexiglass bottom shelf.

Emergency Epi-Pen's are located in the school nurse office in the Yellow Emergency Epinephrine Box under the Medication cabinet.
