VIRTUAL SCHOOL DAYS - If a Virtual School Day occurs, students will log in to their Schoology account and complete the learning tasks assigned by their teachers for each of their classes. JCC Middle/High school teachers will have the day's plans posted on their Schoology accounts by 10:00 am on the Virtual School Day. Teachers will be available for questions and discussion via Schoology and school email throughout the day. For students who don't have internet access on inclement weather days, their teacher will provide resources for them when they return to regular classes. All students will have two school days plus the snow day to complete the Virtual School Day assignments. Any uncompleted assignments will result in an unexcused absence and/or loss of credit.

GRADING STANDARD

Jackson County Central High School has a high commitment to the quality of the course content and student progress within the classroom itself. We believe that all students should have the opportunity to experience a rigorous program to achieve success and be challenged in their academic efforts toward their classroom developing a level of readiness for college. One of our goals is to see that every student will graduate with the understanding necessary to enter post-secondary education without remediation. We believe that as a student progresses through high school, the student will experience a grading standard of high school courses which is in alignment with post-secondary expectations.

We believe that this alignment will prepare students for college success when entering the post-secondary settings developing a high understanding of college expectations. The depth of student growth is aligned with the expectations of college instructors to think critically, develop and support arguments, interpret results, solve complex problems and generally think deeply about what is being taught. This requires the student to move at a faster pace, be self-reliant, and know when and where to ask for help.

The teachers will establish a grading scheme within their courses to achieve these expectations. This plan will include the value and weight given to all areas of the classroom setting including assessments, daily work, classroom participation, timelines of projects and presentations. The teacher will also establish a criteria for acceptance of late work and missing or unfinished assignments.

The conditions of the classroom expectations and grading lay in the discretion of the classroom teacher. The components of the class will be developed in the course syllabus and provided to the students at the beginning of the term.

GRADUATION REQUIREMENTS

Starting with the class of 2022-23, JCC HS will be changing from a 7 Period Day to an 8 Period Day. The credits for graduation will be prorated as follows:

HONOR ROLL

Following the end of each semester, the A and B honor rolls will be published in the Jackson County Pilot and the Lakefield Standard.

d. **When your child is absent from school:**

- **Parents will be electronically notified when absences are unexcused at the end of each day. If the students' ABSENCE IS UNEXCUSED from school, the parent will have two (2) school days to have the absence cleared as excused. After two days, the absence will remain unexcused.**
- **Work missed because of absence must be made up within 1 day** from the date of the students' return to school. The building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

VI. Required reporting

a. Continuing Truant

- i. Minn. Stat. §260A.02 provides that a continuing truant is a student who is subject to the compulsory instruction requirements of Minn. Stat. §120A.22 and is absent from instruction in a school, as defined in Minn. Stat. §120A.05, without valid excuse within a single school year for: three days if the child is in elementary school; or one or more class periods on three days if the child is in middle school, junior high school, or high school.

b. Reporting Responsibility

- i. When a student is initially classified as a continuing truant, Minn. Stat. §260A.03 provides that the school attendance officer or other designated school official shall notify the student's parent or legal guardian, by first class mail or other reasonable means, of the following.
 1. that the child is truant;
 2. that the parent or guardian should notify the school if there is a valid excuse for the child's absences;
 3. that the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minn. Stat. §120A.22 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minn. Stat. §120A.34;
 4. that this notification serves as the notification required by Minn. Stat. §120A.34;
 5. that alternative educational programs and services may be available in the district;
 6. that the parent or guardian has the right to meet with the appropriate school personnel to discuss solutions to the child's truancy.
 7. that if the child continues to be truant, the parent and child may be subject to juvenile court proceedings under Minn. Stat. Ch. 260;
 8. that if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction, or delay of the child's driving privilege pursuant to Minn. Stat. §260C.201; and
 9. that it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one day.

Habitual Truant

- i. An habitual truant is a child under the age of 16 years who is absent from attendance at school without lawful excuse for seven school days if the child is in elementary school or for one or more class periods on seven school days if the child is in middle school, junior high school, or high school, or a child who is 16 or 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days and who has not lawfully withdrawn from school.
- ii. The school district shall refer a habitual truant child and the child's parent or legal guardian to appropriate services and procedures, under Minn. Stat. Ch. 260A.

Truancy /Skipping

One time per week, our office admin assistant will prepare the letters for students who have reached continuing or habitual truancy.

It is the students and parents responsibility to monitor their attendance. If a student receives an unexcused absence on Infinite Campus, they need to have a parent call/email and excuse the absence within two days. Only absences that fit under the excused absences may be considered to be excused. If the student feels that an unexcused absence is in error, they need to contact the teacher and the teacher needs to email our Office Admin Assistant to clear the absence. After two days, if the unexcused absence is not cleared, students will need to serve a lunch detention.

- Lunch detention will occur for any unexcused absences. Students will be called to the office at 8:15 each day. Students will have until the end of third hour to clear any absences (via parent phone call/email or teacher email). After the third hour, the office will finalize the detention list. Students will be called over the PA to the detention room just prior to their assigned lunch hour. Attendance will be taken and after the lunch line is clear, students will go down and grab their trays and return to the detention room for the remainder of the lunch period. Refusal to serve a lunch detention or not follow the detention rules is considered insubordination and will result in an ISS/OSS. The student will text their parent about the lunch detention.

- If multiple class periods have been skipped, the administration has the discretion to assign consequences that exceed the lunch detention.

- Third unexcused absence: If a student is 17 or under, continuing truancy will be filed. If multiple class periods have been skipped, the administration has the discretion to assign consequences that exceed the lunch detention.

- If the student continues to show a pattern or unexcused absences, a parent meeting will be set up to discuss the issues.

- Seventh unexcused absence: Habitual Truancy is filed. If multiple class periods have been skipped, the administration has the discretion to assign consequences that exceed the lunch detention.

Tardies

If a student is showing a pattern of tardiness, the teacher will assign a lunch detention.

Backpacks

Backpacks are not allowed in the classroom and should be kept in student lockers. The only exception to this rule is if a student has a medical exemption.

PSEO

Academic Eligibility-

The various activities programs at JCC High School are designed to supplement our classroom offerings. Thus, students are encouraged to participate in one or more of the many sports, fine arts or music activities as a means of developing their skills in areas of special interest. The staff, administration and school board feel strongly that an individual student must maintain certain academic standards in order to participate in the activities offered by the school. They must be successful in the classroom as well as in the activity if a whole scale benefit can be achieved.

While it is a goal of the school to provide opportunities for all Jackson County Central High School students, it must be remembered that these activity opportunities are special privileges which are not required by law and exist only as a result of the concern

and generosity of the school district. Students in these activities often represent the school at community, area, and state competitions. Many activities require that the students be given special benefits and personal responsibilities; therefore, a special relationship of trust must exist between the student and the school. Subsequently, the high school places eligibility requirements on participation in extracurricular activities sponsored by JCC High School.

Beginning with the first week of school, the office will run a progress report for students every two weeks on Wednesday. Any students who are failing a class at that time will be placed on academic probation. If a student on academic probation is still failing a class at the time of the next progress report, they become ineligible to participate in any category 1 or category 2 activities. The student is then ineligible until the next progress report at which time their status is reevaluated. If a student on academic probation or suspension is passing all classes at the time of the next progress report, they will be reinstated to full eligibility. Any student who fails a course at the end of first or second semester will be ineligible for the next event they are participating in for Category 1 and 2.

APPEAL PROCESS

Any student, who feels that there are mitigating circumstances which contributed to his/her ineligibility, is asked to write a letter to the principal asking for a hearing. The principal and the counselor will determine whether the appeal is warranted. If an appeal hearing is scheduled, the participants will be:

- 1) The student
- 2) A representative for the student - may be any individual chosen by the student
- 3) The principal
- 4) The school counselor
- 5) One other in-season coach or advisor chosen on a rotating basis. A list of coaches and advisors will be kept in the principal's office. Advisors are defined as the individual that is the supervisor for a particular activity, i.e.: math league, FFA, student council, etc.
- 6) Athletic Director and current classroom teachers.

FLEXIBLE LEARNING PERIOD (FLP)

The learning period will happen every Wednesday from 12:22-1 PM. Along with social emotional learning, we will also be expanding this time to help students academically. Students will be selected to work with a teacher if they have missing assignments/tests or need additional help. If students are not selected to work with a teacher for academic purposes, the student will select an SEL or

enrichment activity to participate in during their learning period. Normal attendance policies will apply.

Seniors who meet the following criteria may be eligible for Senior Privilege during our Wednesday Advisory Period: 1. Signed permission form on file. 2. Not pulled by a teacher. 3. Passing all of their classes. 4. No unserved detention/ISS/OSS. Seniors who do not meet the criteria will be required to stay for advisory time. Senior privilege is decided on a weekly basis.

CLOSED CAMPUS

JCC High School is administered as a closed campus. That means students shall remain on school premises from the time they first arrive at school at the start of their school day, including the noon period, until they are dismissed at the close of the school day. During this time **no student shall leave the school** without authorization from his/her school principal or designee. Students are not to be in their cars during the school day. A student who violates this policy shall be subject to the provisions of the school's discipline policy. Violations will fall into disciplinary policies for unexcused absence.

COLLEGE VISITS

Students who are scheduling college visits will need to bring back documentation from the college to have it excused if it falls on a school day. If documentation is not provided, the absence will be unexcused. College visits may be considered unexcused if the proper procedures are not followed. Parents are to call the high school main office to report this absence from school.

FIELD TRIPS/ACTIVITIES

Advisors, who wish to have students released from school for related events and activities, will provide classroom teachers with a list of student participants. It is the student's responsibility to make sure that all make-up work is completed. These students will not be considered absent from class for participating in these activities.

BEHAVIOR AND EXPECTATIONS

Students are expected to demonstrate appropriate behavior in the school, in the classroom and at all school activities. Good behavior is necessary to provide an environment that is pleasant for education and healthy for learning.

The following expectations will help to insure that the educational environment will be pleasant and healthy for all students:

1. Be present in class daily and on time.
2. Be prepared for class by bringing all materials with you.
3. Be attentive and participate in class and make a successful effort.
4. Show respect for teachers, other students, and property of school and others. Do not use offensive language to staff members or other students.
5. Follow directions of teachers and others.
6. Take care of school property and help keep the school clean and neat.
7. Be a good role model for each other.
8. Take pride in yourself, your school, and your education.
9. Students are not to wear hats, caps or hoods (No head coverings of any kind) during school hours.
10. Backpacks will not be allowed in classrooms, the lunch room, or between the cafeteria doors.

Students who demonstrate behavior that is inappropriate and disturbs the education process will be referred for disciplinary action.

The student behavior policies are guides to appropriate conduct acceptable for students of JCC High School. Consequences for violations of these policies may include a notice to the parents. The principal may impose or recommend longer suspensions, expulsion, or any other disciplines as appropriate on a case by case basis. Detention should be served before or after school. A teacher will be in attendance to supervise students at all times. Students will be productively involved during detention, reading library materials or doing homework. There will be no socializing or sleeping during detention. If the detention is not completed with the teacher, the incident will be considered insubordination. Detention assigned by the principal must be served after school by the end of the week it has been assigned. Failure to meet this obligation will result in suspension. When corrective action taken by the teacher has failed or the rule infraction is of a serious nature, the incident shall be referred to a principal for investigation and action. The severity of the consequences applied by the principal will depend on two factors:

1. Previous disciplinary record of the student.
2. The seriousness of the offense.

A conference will take place and a behavior contract may be used. The following consequences may be imposed on the student based upon the incident and parent notification may take place. Disciplinary action may include, but is not limited to, one or more of the following:

1. Classroom warning
2. Detention assigned
3. Restriction of privileges or loss of privileges
4. In-School Suspension
5. Out of school suspension
6. Alternative Education Placement
7. Expulsion

STUDY HALL GUIDELINES

1. Sign-out privileges to the library, locker, and/or restroom will be available to students at the discretion of the teacher. Students are reminded that they must sign in and out of the media center.
2. No student is allowed to leave the study hall for another classroom without a pass in advance from the teacher involved. The student will not be counted absent.
3. Students wishing to come to the high school office or guidance office during study hall should secure a pass in advance from the office.
4. Individual study hall rules will be developed by the supervising teacher.
5. Study hall is considered a place to study. All students should bring appropriate study materials. Visiting is not appropriate.

514 – BULLYING PROHIBITION POLICY

(To view the entire policy on line; please see the school districts' home web page District Info > JCC Policies)

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.

B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.

C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

E. False accusations or reports of bullying against another student are prohibited.

F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSB/MASA Model Policy 506). The school district may take into account the following factors:

1. The developmental ages and maturity levels of the parties involved;
2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

A. The school district provides equal educational opportunity for all students, and does not unlawfully discriminate on the basis of sex. No student will be excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under any educational program or activity operated by the school district on the basis of sex.

DRESS AND GROOMING GUIDELINES

All students in school should become aware of the importance of being neatly and sensibly dressed. A student who is neatly groomed and dressed tends to take his/her schooling more seriously, and as an end result, there are fewer behavior problems in and out of the classroom. It is important that students develop good practices in grooming and in good citizenship. It is reasonable to expect that all students would present an appropriate appearance during school hours.

The following guidelines apply:

1. Clothing must not be hazardous to health or safety.
2. Clothing must be decent by reasonable standards.
3. Appearance must not be disruptive to the normal operation of a classroom.
4. Clothing or shoes must not be such as to cause damage to school property.
5. Buttons or insignia on clothing may not be worn which displays obscenity, advertises alcohol, drugs or smoking, or promotes its use.
6. Head coverings are not allowed during the school day.
7. Blankets are not permitted during the school day.
8. Any clothing with derogatory, offensive, or suggestive pictures or slogans is not allowed.

It has been decided by the administration team of School District #2895 that no students will be allowed to wear any gang-related clothing. This includes low rider pants, sagging pants, wearing of bandanas, belts that hang down, & groups dressing alike, etc. This determination of inappropriate wear will be made by the administration. This pertains to all school sponsored events, home & away.

REMOVAL OF STUDENTS FROM CLASS

* Teachers have the responsibility of attempting to modify disruptive student behavior. When interventions fail or when the teacher determines it is appropriate, the teacher shall have the authority to remove the student from class.

* The building principal will determine the amount of time appropriate for a student's removal from class

*The teacher will follow up on any removal from class with a call to the office followed by a written description of the incident or a meeting with the principal.

IN-SCHOOL SUSPENSION RULES

These rules apply to all students who are sent to the office by their own choice or by teacher choice.

1. No eating or drinking of food or beverage.
2. Quietness.
3. Students serving in-school suspension are to complete assignments and keep up with their class work. Failure to make up the work may result in the lowering of the final grade.
4. Students are not allowed to have any electronic devices while in ISS, except their Chromebook, which will be used for assignments only.
5. One five minute bathroom break will be granted in the morning and afternoon. The break will not coincide with regular passing time or with other suspension students.
6. Sleeping is not allowed.
7. Failure to adhere to these rules will result in additional disciplinary action.

This applies to students who choose not to be in class or are sent to the office out of class.

OUT OF SCHOOL SUSPENSION

Students who are suspended from school are not to be on school property during the period of suspension. This includes any after school activities and events including dances, games, programs, etc

DIST. 2895 FOOD SERVICE PROGRAM

Food Service:

The JCC School District operates a closed campus, including lunch. No students are to leave the school premises at any point during the school day. The State Department of Health requires that food served in schools be obtained from appropriate/licensed sources. Parents can deliver restaurant or home prepared lunches for only their children. Students are not allowed to have food delivered directly from a restaurant to the school. The Jackson County Central Independent School District #2895 has computerized the Food Service Program. All students are strongly encouraged to maintain a positive balance at all times. If a negative balance occurs, this will be allowed for up to **three days**. All payments will be applied to negative balances first. To find out the status of your account balance at any time during the school year you may call the office or log onto the On-Line Parent Access through our school web page. If an unforeseen situation arises that makes payment difficult, please contact the school. School Board adopted on April 25, 2016.

Menus

Jackson County Central Schools participate annually in the National School Breakfast and School Lunch Programs. These programs make available a nutritious breakfast and lunch meal daily for a reasonable cost.

Families who are eligible for free or reduced priced meals receive meals at no charge.

One half-pint of milk is included with every meal. Individual milk purchases do not fall under the free and reduced meal benefits. Students who bring lunch from home or want an additional milk may purchase it for \$.50 per carton. If students bring food or beverages from home, we encourage all families to select nutritious choices.

Menus are planned using the USDA Menu Planning guidelines. Menus will be posted on the district website at <https://jccschools.schoolinsites.com/foodservice>.

Offer vs. Serve

The “offer vs. serve” federal regulation requires that students be offered (rather than served) 5 required food components comprising the full lunch meal. Students may choose 3, 4, or 5 lunch food items based on their preferences instead of having to take some of each food. Students are required to take a full serving of a fruit or vegetable at lunch as one of the meal components. Students will be offered 4 required food components at breakfast and must choose at least 3 of the food items. Federal regulations require meals to be priced as a complete unit and students must pay the full price even if they did not choose the complete meal. Students are encouraged to take all of the food items offered, because it provides a balanced meal for the best price.

Food Allergies and Special Dietary Needs

The Child Nutrition Department may honor dietary restrictions due to allergies or intolerances with the proper documentation from a medical authority on file. A suitable alternative will be provided when possible.

For students with a lactose intolerance, a lactose reduced milk product will be provided at no extra charge, with a complete meal, on the written request of the parent/guardian or physician. Forms for allergies and any special dietary needs are available on the Child Nutrition Department webpage or from the District School Nurse.

Please contact the District School Nurse or the Child Nutrition Director if you have any questions.

Free and Reduced Meals

Free or reduced meals are available for children who qualify. An educational benefits form must be completed each school year and submitted to the Child Nutrition Office for review and approval. Applications are strictly confidential.

Applications for free or reduced meals are mailed out to each household in August Husky Howl. The applications are also available online or upon request from the Food Service Director. Families can now complete the educational benefits application online through Infinite Campus Parent Portal. The Child Nutrition Office will process applications as soon as possible, however, it may take 7-10 days for an application to be reviewed and a response sent to the parents/guardians. A letter indicating your benefits will be mailed. Please save this letter in case you need to show proof of benefits for other programs. Benefits from the previous school year will be carried over until October 2023.

Families receiving MFIP, SNAP or FDPIR and enrolled in Jackson County Central Schools will be directly certified by the State of Minnesota to receive free meals and may not need to complete an application.

Payment will be required for any meals purchased prior to the approval of the application.

Staff Meals, Adult Meals, Visitor Meals and Second Meals

Parents/Guardians and other family members may eat with students during their meal time. All visitors are required to sign in at the school office. Staff meals, adult meals, visitor meals and second student meals are priced higher because the Child Nutrition Department does not receive any federal or state reimbursement for those meals, as we do for a student's first meal. The cost for a non-student meal is \$2.40 for breakfast and \$3.85 for lunch. Meals are to be prepaid.

À la Carte

À la carte food items are available for purchase at the Middle School and High School. Elementary students may only purchase extra milk for \$0.50 per half pint. There will be no charging of a la carte items if an account has a negative balance. A la carte purchases must have sufficient funds in the account for the total purchase amount. Prices of a la carte items are posted in the school kitchens. Food items and prices may vary throughout the school year.

MN STATE HIGH SCHOOL LEAGUE RULES

MOOD-ALTERING CHEMICALS (as adopted by MSHSL and Local School District)

A. Philosophy and Purpose

The Minnesota State High School League recognizes the use of mood-altering chemicals as a significant health problem for many adolescents, resulting in negative effects on behavior, learning, and the total development of each individual. The misuse and abuse of mood-altering chemicals for some adolescents affects extracurricular participation and development of related skills. Others are affected by the misuse and abuse by family, team members, or other significant persons in their lives.

STUDENTS REPRESENTING JCC:

This applies to activities or events not already under the jurisdiction of the MSHSL

Definition- **Represent:** to speak, act, or be present officially for another person or people (JCC).

Representing JCC is a privilege. Therefore, a student receiving an OSS, ISS, other disciplinary referrals/ actions, or who receives a chemical violation in/outside of the school MAY be ineligible to represent JCC for up to (but not to exceed) one academic year as determined by the HS Principal. Ineligibility will not carry over from one academic year to the next.

ACADEMIC CODE FOR STUDENTS INVOLVED IN EXTRACURRICULAR ACTIVITIES

The various activities programs at JCC High School are designed to supplement our classroom offerings. Thus, students are encouraged to participate in one or more of the many sports, fine arts or music activities as a means of developing their skills in areas of special interest. The staff, administration and school board feel strongly that an individual student must maintain certain academic standards in order to participate in the activities offered by the school. They must be successful in the classroom as well as in the activity if a whole scale benefit can be achieved.

While it is a goal of the school to provide opportunities for all Jackson County Central High School students, it must be remembered that these activity opportunities are special privileges which are not required by law and exist only as a result of the concern and generosity of the school district. Students in these activities often represent the school at community, area, and state competitions. Many activities require that the students be given special benefits and personal responsibilities; therefore, a special relationship of trust must exist between the student and the school. Subsequently, the high school places eligibility requirements on participation in extracurricular activities sponsored by JCC High School.

Beginning with the first week of school, the office will run a progress report for students every two weeks on Wednesday. Any students who are failing a class at that time will be placed on academic probation. If a student on academic probation is still failing a class at the time of the next progress report, they become ineligible to participate in any category 1 or category 2 activities. The student is then ineligible until the next progress report at which time their status is reevaluated. If a student on academic probation or suspension is passing all classes at the time of the next progress report, they will be reinstated to full eligibility. Any student who fails a course at the end of the school year will be ineligible for any remaining events for the rest of the spring season or one event next fall, whichever is greater.

APPEAL PROCESS

Any student, who feels that there are mitigating circumstances which contributed to his/her ineligibility, is asked to write a letter to the principal asking for a hearing. The principal and the counselor will determine whether the appeal is warranted. If an appeal hearing is scheduled, the participants will be:

- 1) The student
- 2) A representative for the student - may be any individual chosen by the student
- 3) The principal
- 4) The school counselor
- 5) One other in-season coach or advisor chosen on a rotating basis. A list of coaches and advisors will be kept in the principal's office. Advisors are defined as the individual that is the supervisor for a particular activity, i.e.: math league, FFA, student council, etc.
- 6) Athletic Director and current classroom teachers.

CHURCH NIGHT

Wednesday is designated as church night in Jackson and Lakefield. Activity advisors are to be certain that no school activities occur after 6:00 p.m. Every effort has been made to avoid scheduling any events which involve JCC students on Sunday. Any exceptions to Wednesday activities must be approved by administration. Please contact the High School office concerning any questions.

FAMILY RIGHTS AND PRIVACY ACT

The Family Education Rights and Privacy Act requires school districts to notify parents/guardians and students that certain information from student records will be released and made public without written consent of the parents or students 18 years of age or older.

This information is called "directory information." **Directory information includes: Name, address, telephone, date and place of birth, major field of study, participation in officially organized activities and sports, weight, height of athletic team members, dates of attendance, degrees and awards received, previous school attended, and photos for school-approved publications, newspapers or district website.** These publications could include district-initiated publications such as calendars, newsletters, annual reports, and brochures. They also include school initiated publications such as student newspapers and yearbooks. In addition, media including weekly community newspaper, may ask to take photos of district students. Parents of a minor student of majority age who do not want directory information released must notify the district in writing by September 15. They must specify which types of directory information they do not want released.

FIRE DRILLS / TORNADO DRILLS / ACTIVE SHOOTER DRILLS

State of Minnesota regulations mandate fire drills, tornado drills and Mock Lock Downs during the school year.

Fire drills will occur periodically throughout the year, primarily in good weather. The initial fire drill will be pre-announced in the fall, giving teachers adequate time to inform students of procedures, routes, etc. Students are required to leave the building with their class

or study hall. Any person turning on a false fire alarm will be subject to prosecution by the State Fire Marshal, as well as subject to disciplinary action in accordance with the school discipline policy.

Tornado Drills will be held in the spring of the year. All students and staff are to report to the lower level storage area on the west end of the commons area.

Mock Active Shooter Drills will be performed at least five (5) times a school year.

HALLWAY PASSES

Students are expected to be in the classroom unless excused by the instructor. Any student in the hallway during assigned classroom hours must have a “student lanyard pass” from a teacher. In addition, students must sign in/out of the classroom.

IMMUNIZATION REQUIREMENTS

GENERAL STATEMENT OF POLICY:

All students are required to provide proof of immunization, or appropriate documentation exempting the student from such immunization, and such other data necessary to ensure that the student is free from any communicable diseases, as a condition of enrollment.

STUDENT IMMUNIZATION REQUIREMENTS:

No students may be enrolled or remain enrolled, on a full-time, part-time, or shared-time basis, in a secondary school within the school district until the student or the student’s parent or guardian has submitted to the designated school district administrator the required proof of immunization. Prior to the student’s first date of attendance, the student or the student’s parent or guardian shall provide to the designated school district administrator one of the following statements.

1. a statement, from a physician or a public clinic which provides immunizations, stating that the student received the immunizations required by law, consistent with medically acceptable standards; or
2. a statement, from a physician or a public clinic which provides immunizations, stating that the student received the primary schedule of the remaining required immunizations, indicating the month and year each immunization was administered, consistent with medically acceptable standards.

OVER THE COUNTER MEDICATIONS

Students who bring over-the-counter medications must have a signed parent consent form and a signed student agreement form on file in the nurse’s office. This agreement states they will carry medication in the original bottle, they won’t share, and they will let the office know if they are feeling worse. Further details of this school board policy can be found in policy # 516.

LOCKERS

School lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student’s personal possessions, the school authorities must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or

school officials. During the course of the school year, a canine unit may be requested to search the school property including lockers, storage areas, and parking lot without advanced notification.

LOST OR DESTROYED BOOKS/MATERIALS

1. An amendment to Minnesota Statutes §120.101 provides schools may charge for lost or destroyed textbooks, workbooks or library books. To do so the school must annually notify students and parents or guardians of the policy to charge a fee. The notice is as follows: "The school will charge an appropriate replacement fee for textbooks, workbooks or library books lost or destroyed by students."
2. Students will be required to pay replacement costs for lost or damaged school property.

ONE TO ONE DEVICES EXPECTATIONS

1. It is the student's responsibility to make sure that they come to class with a fully charged device. The following is a link to our policy: <https://content.schoolinsites.com/api/documents/52acbc030bfd4453a171872492bba799.pdf>

ELECTRONIC DEVICES/CELL PHONES

1. The school is not liable for the loss or destruction of these items. No electronic devices with picture/camera capability are allowed in locker rooms.
2. Electronic devices are allowed before school, in between classes, during lunch, and after school. All students need to turn their phones into a designated area during the class time. If a teacher has determined that a student has violated the policy, the teacher will collect the device and bring it to the office. A parent, guardian, or parent designee (not of school age) will need to pick up the phone. If a student violates the policy again, the parent or adult designee will need to pick up the phone. In addition, the student will receive detention.
