DATE: May 18th, 2026

TO: School Board Members

FROM: Matt Doyle, CES Principal

SUBJECT: CES Principal's Report to the CSD School Board

---

This report covers the period between the April and May board meetings.

**Academic Excellence:** Students have been completing SBAC testing this week. We are proud of our students' resilience and perseverance! Our sixth grade students visited JA Biztown in Hillsboro in April; students learned about running a business and collaborating to problem-solve. The construction team even built a beautiful Adirondack chair!

**School Leadership:** Our teachers continue to find ways to support our neediest students. During our May meeting, we have been building a system of caring adult check-ins with students. We continue to emphasize the importance of PBIS expectation with our students. Our goal is to provide a caring environment for students, while accentuating high expectations.

**Staff Development:** Salina Mae from The Teaching Well visited us in April to continue her work around building a positive staff culture, showing gratitude, and taking time to celebrate the hard work we have done this past year. May tends to be a month where energy levels among staff can be low. However, Salina said she noticed that the staff has a new sense of energy and loved the kindness everyone showed to each other. We look forward to working with Salina more in the future.

**Infrastructure and Facilities:** Facilities will be removing makeshift door window covers to comply with safety regulations, and will install droppable covers over the summer. Several classrooms will be painted over the summer.

**Student Engagement and Well-being:** Our 6th grade classes went on their Outdoor School adventure at Macgruder State Park at the end of April. What great Oregon memories they created, and they engaged in substantive learning that encompassed 6th grade science standards.

**Staff Appreciation Week:** Our classified and certified staff spoiled each other during their respective Appreciation Weeks! There was a massive dessert table for our staff meeting on May 5th, and Lisa Christensen, our media tech, hosted one of the world's longest bingo games! Thank you to the PSEA for lavishing our staff with gifts and bringing breakfast and lunch last week.
