Dear Parents and Guardians;

As the end of another memorable school year comes to an end, we reflect on the hard work of our teachers, students and staff. It is because of their hard work and dedication that we are able to have such a successful school year. The 2021-2022 school year has been full of unforgettable memories and amazing achievements that we at OHS are extremely proud of! We know that next year will be just as amazing, if not better!

We would also like to express how proud we are of our senior class! They have truly made their last year of high school one to remember! Though we will miss them, we can't wait to see how they will continue to succeed throughout the next chapter of their lives. As for the remaining classes, we know that they will continue to make the next school year one full of hard work and fun!

Throughout these six weeks we have had stressful times but also monumental moments. Despite the tiresome finals that our students have taken, we have had a very successful prom and upcoming graduation! It's moments like these that we want our students to look back on when they think of their high school years. Our goal is to give them years that they will never forget, filled with a balance of fun and hard work!

Have a fun and safe summer!
Sincerely, The Journalism Club

SPORTS

The end of the school year has brought the end of many great seasons. One of the better seasons in recent school history was the Odem Boys' Golf Team who went to Kerrville to compete in the regional meet for the 2nd year in a row. Over there they played some pretty good golf and shot very respectable scores. The softball team was able to enter the playoffs as the 3rd seed after narrowly losing to Orange Grove in a seeding game. They ended up playing state ranked SGA. During this game the Lady Owls had an early 1-0 lead going into the 3rd inning. However, SGA found their groove and put up 10 unanswered runs to end the game 10-1. The baseball team also went into the playoffs as the 3rd seed after winning 5 games in a row. They would end up playing former state-ranked #1 London Pirates, who were the runners-

up at last years' state championship game. During this very hot game the owls took an early 2-0 lead in the first, and had many crucial plays to keep London off the board. However, in the 4th inning the Pirates were able to scratch 3 runs across the board to make it a 3-2 game. There were many chances during this game for both teams, but after a hard fought battle the Pirates would win 3-2. Another great season for Coach Pfluger and his coaching staff.

The Regional Track meet was another highlight of the six weeks with 8 owls making it. Mark Moreno competed in long jump and triple jump, in triple jump he finished 4th place. Both relay teams for the 4x1 and 4x2 were able to make a good run at it, but were unable to advance. Chloe Hill, a freshman, was able to make it to this stage, and even though she didn't have her best day we congratulate her on a wonderful season. Great season for track and field. Many awards were given out to many of the softball and baseball players, and all of them are very deserving of all the awards they received especially in the tough district that they are in. Also during the athletic banquet there many more awards given to all the different sports. Congratulations on those as well. One more great career is coming to an end as well Coach Tony Ramirez, the boys' head basketball coach has announced his retirement after 12 years at OEISD. Congratulations on the great career. Nominated this year for the CBCA all-star games were Austin Dominguez, Marcus Martinez, and Jesse Siegford for the football game; Austin Dominguez, Marco Gonzales, Arabella Garza, and Nicole Ortiz for the basketball game. However, a few careers are just starting up with Arabella Garza, Noah Ramirez, and James Adams are all going to compete at the next level. Congratulations to you three.

COMMUNITY NEWS

SCHOLARSHIPS

***Niche \$1,000 Scholarship:
Due: 20th of every month***

giving \$1,000
Due: May 15th***

***Minecraft Scholarship is
awarding \$2,000
Due: July 31st***

***Courage to Grow
Scholarship is awarding
\$500 each
Due: Last day of every
month***

As our final six weeks come to an end we recognize how our community developed and all we accomplished. These six weeks have shown extreme growth and change within our community, and not only does it show the community effort but proves how much our town means to everyone.

As the final days of the school year approaches, we congratulate our students and recognize their service to our neighbors.

This six weeks has been a quite intriguing one, in which the community incredibly showed their support and help to the class of 2022 in various ways. During teacher appreciation week the community and parents of students showed a tremendous amount of support for our teachers and treated them to breakfast and lunch throughout the week.

As the near end of our 2021-2022 school year, we appreciate the students, but we also appreciate the community efforts that have been made in support of our town. The community has flourished incredibly this school year making it definitely one for the books.

Congrats Class of 2022!

DEAR CLASS OF 2022,

CONGRATULATIONS ON THIS MONUMENTAL MILESTONE, EVERY HARDWORKING MOMENT IN YOUR LIVES HAS LED YOU TO THIS POINT. DURING YOUR TIME IN HIGH SCHOOL WE HAVE WITNESSED YOU EVOLVE INTO THE WONDERFUL LEADERS THAT YOU ARE TODAY. FROM THE SHARED STOMACH ACHING LAUGHS, TO THE EMOTIONAL TEAR SOAKED TALKS, YALL HAVE HELPED SHAPE THE UNDERCLASSMEN INTO WHO WE ARE TODAY, AND FOR THAT WE WILL FOREVER BE GRATEFUL.

WE WISH YOU ALL THE BEST ON YOUR FUTURE ENDEAVORS, WHETHER THAT MAY BE FIGHTING FOR OUR COUNTRY, EXTENDING YOUR EDUCATION OR JUMPING INTO THE WORKFORCE. WE ARE EXTREMELY PROUD OF YOU. AS WE PREPARE OURSELVES TO SAY GOODBYE TO THE CLASS OF 22', WE HOPE TO LEAVE YOU WITH A MOTTO TO REMEMBER TO BE BOLD, BE COURAGEOUS, BE EVERYTHING YOU'VE EVER WANTED TO BE.

BEST REGARDS,
CLASS OF 23', 24' AND 25'
