Contractor Requirements

The contractor must, as a minimum, provide the following specifications:

The program should have the following, but not limited to, specifications:

- Computer-adaptive system that provides direct instruction in each student's home language and gradually releases them into English instruction.
- Online program that provides progress monitoring at least three times a year.
- Establishes individual learning paths that are aligned with the Mississippi College and Career-Readiness Standards
- Students are generally able to complete an assessment in 30 minutes or less.
- Reports are available to teachers and administrators in real time, as soon as students finish testing.
- Courseware remediation and recovery that's aligned to the Mississippi Curriculum.
- Provides opportunities for Credit Recovery and Credit Accrual
- Resources within the program that meet State intervention requirements
- The computer-adaptive assessment system provides universal screening and progress monitoring in early literacy, reading, and math.
- The program is cloud-based and is accessible using a range of devices, including iPads, Chromebooks, and other laptop and tablet computers.

- The vendor is compliant with The Family Educational Rights and Privacy Act (FERPA) and other regulations governing data privacy.
- The vendor is able to provide onsite training and professional development for key staff
