2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Our vision at Righetti High School is to provide a healthy, safe, and engaging learning environment through relevant curriculum in order to promote academic achievement, college and career readiness, social responsibility, and emotional well-being for all students. Our first Schoolwide Learning Outcome focuses on academic excellence as measured by literacy skills, essential mathematics skills, and critical thinking skills. Additional outcomes relate to college and career readiness, being socially responsible global citizens and target the social and emotional wellness of our students. We earned a full accreditation from the Western Association of Schools and Colleges in June, 2021.

ERHS staff regularly participates in Professional Development opportunities and Professional Learning Communities (PLC's), and shares best practices through collaboration and teamwork. We work closely with all members of our school community to inspire, motivate, and challenge all of our students to excel in school and in life. Our motto is Greatness Starts Here and it encapsulates all we hope for our students as they progress through their educational journey.

Sincerely, Ted Lyon, Principal

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

Misassignments	7.10	3.90
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	7.10	4.90

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered "out-of-field" under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	2.00	0.00
Local Assignment Options	5.70	3.80
Total Out-of-Field Teachers	7.70	3.80

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	7.3	4.7
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	2	1.7

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

SMJUHSD provides standards-based aligned textbooks for all students. The textbooks are adopted from a state-approved list. Every student has access to their own textbooks and instructional materials, including English Learners.

Textbook selection is a collaborative process. Textbooks are selected through content area department meetings at the District level. State approved textbooks are evaluated by certificated staff (who teach that specific area content) to determine which one best meets the needs of all students in the district. The selection is then sent to the Board of Education for approval.

School Facility Conditions and Planned Improvements

Ernest Righetti High School was built between 1962 and 1964. All permanent buildings except the Administration Building were modernized between 2000 and 2006. The Administration Building renovations were completed during the summer of 2011. The school encompasses 37.6 acres in the southeast section of the Santa Maria valley. The school is located outside the city limits, in the unincorporated area of Orcutt.

The school consists of the following facilities:

- Total classrooms 124
- Permanent Classrooms 99
- Portable Classrooms 25 (Twelve removed Summer 2023)
- Restrooms 39
- · Administration Building
- · Library Building
- Gymnasium
- Cafeteria Kitchen
- · Cafeteria Dining Room
- Athletic Facilities
- Pool June 2009
- Gymnasium
- Football Field New Artificial Turf March 2021
- Football Stadium 1989
- Baseball Field Varsity
- Baseball Field Junior Varsity
- Softball Field Varsity
- Tennis Courts (outdoor)
- Basketball Courts (outdoor)
- Volleyball Courts (outdoor)

School Facility Conditions and Planned Improvements

Ernest Righetti High School is a closed campus. The school is cleaned daily.

The Custodial Staff consists of 16 FTEs. The distribution is as follows:

1-custodial supervisor evenings weekdays

10 evenings Monday - Friday

4-weekdays (3 classroom vacuuming/student restroom cleaning)

2-evenings and weekends

Grounds maintenance is provided by 5 FTEs: 2-Grounds Maintenance on weekdays

2-Grounds Maintenance days and weekends

Building maintenance is provided by 3 FTEs:

2-semi-skilled Building Maintenance weekdays

1-Electician

The school shares six (6) central maintenance personnel with the other schools in the District: Lead Maintenance, Carpenter/Welder, Plumber, HVAC Technician, and two Painters.

Although the State discontinued the State School Deferred Maintenance Program, the District continues to set aside funds in a restricted account to address expenditures for significant repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, and floor systems. For the 2022-23 fiscal year, the District spent \$676,883 on deferred maintenance. In addition, for the 2022-23 fiscal year, the District spent \$4.39 million in Routine Restricted Maintenance expenditures (California Education Code Section 17070.75), which amounts to 3.14% of the District's General Fund expenditures.

Planned Improvements (School Year 2023-24):

Reestablish the northeast parking lot on Bradley Road (twelve portable classrooms removed)

Modernization of Industrial Arts (Career Technical Education - CTE) Welding and Wood shop Labs

Replace the Football Stadium scoreboard

Replace carpet in the Career Center

Furnish a new Wellness Center

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2022-23 Career Technical Education Programs

Ernest Righetti High School (RHS) offers a comprehensive, high-quality Career Technical Education (CTE) Program designed to offer industry recognized skills, hands-on curriculum, and work-based experiences to ensure career opportunities after graduating from high school. RHS offers high-quality CTE pathways in the following sectors: Agriculture and Natural Resources, Arts, Media, and Entertainment, Environment, Energy, and Utilities, Family and Consumer Science, Health and Science, Manufacturing and Architecture. With the addition of the SMJUHSD CTE Center and School Farm, students have access to high skill, high demand, high wage employment opportunities through training and hands on experiences, that will assist students to transition into the world of work or off to earn a more advanced degree at a community college or at the university level. Many of our CTE opportunities also include concurrent enrollment classes with a partnership with our local community college. These concurrent opportunities allow our students to develop a relationship with higher education as well as earn college credits. The RHS Agriculture Program is a top-ranked program in the State of California and FFA Regional Chapter of the year, holding the second largest quantity of industry-recognized certifications by students, and offers many opportunities of work-based learning. The Arts pathways include opportunities for students in digital arts in both the concentrator and capstone courses. Film pathway includes a state-of-the-art film studio and updated equipment that matches industry standards. The Film pathway capstone course is a AHC Concurrent Enrollment class which allows high school students to obtain college classes for free as a part of their high school schedule. This ensures students will not only have the creative skills, but also the technical skills needed to compete for independent work and employment. The Environmental, Energy, and Utilities Program has grown into a robust hands-on learning opportunity with three industry certifications, and a community college concurrent enrollment class. Students learn to test water, air, and soil for toxins, bacteria, and other elements relevant to industry skills and practices highly sought after in the Santa Maria Valley. The Agriculture pathways now includes Agribusiness, Ag and Natural Resources, Agriculture Mechanics, Agriscience, Animal Science and Sustainability pathways. We currently share Advisory Committees and Advisory events, such as the District Advisory Committee and Student and Industry Advisory, as well as Hancock's, State of the College, with Allan Hancock College. We have industry and college advisors for every CTE pathway offered. We have over 21 industries informing our educational practice, and well over 100 industry partners. For CTE contact information see the district website.

RHS has a College and Career Center, with a counselor dedicated to making sure to support and pursue students' future goals. There is also a Allan Hancock College counselor, and a full time EAOP advisor from UCSB. Students receive assistance and support filling out FASFA applications, college and university applications, as well as career pathway and employment skills information. RHS utilizes Xello for student interest surveys, resume development, and college transfer preparation. In collaboration with the college and career center, all seniors receive 5 days of instruction in the RHS Reach Higher Academy through their English classes. Sessions include Community College application process (partnering with Allan Hancock College), financial aid including FAFSA/CADA/private/institution funding (partnering with Santa Barbara Foundation), UC/CSU/Private institution application process (partnering with UCSB EAOP), and college and career exploration using Xello. For more College and Career Center information please see the RHS website.

Students and Families are informed of these opportunities through various forms of advertising including social media, website, registration paperwork, registration and classroom presentations, and ParentSquare notifications.

2023-24 Opportunities for Parental Involvement

Contact Person Name: Ted Lyon, Principal Contact Person Phone Number: (805) 937-2051

RHS employs multiple strategies to encourage and facilitate parent and community involvement. With elected councils, district-sponsored activities, site administrative efforts, and individual teachers and counselors working with parent & community groups, RHS provides many opportunities for parent and community involvement and input in the teaching/learning process. As communication is integral to building parental and community involvement, RHS staff and administration has developed a system of communication via RHS website, ParentSquare, parent/student handbooks and workshops, and Back to School Night and targeted Parent Education Nights throughout the year. RHS encourages parental involvement and leadership in a variety of organizations and agencies such as PTSA, Booster Clubs, SSC, and ELAC. Counselors also provide information to parents through our Warrior Parent Academy. Parents also engage in VPA, AVID, and as Guest Speakers. Please visit our website for links to our parent groups at www.righetti.us.

The School Safety Plan is updated/revised every year. Each procedure is described in detail in the School Safety Plan and utilizes the school emergency management team for emergency procedures. The complete plan is available for review at the school site or at the District Office. Not every position may need to be activated on every incident. Each incident needs to be evaluated individually with appropriate response initiated depending on the complexity.

It is important to note that school administrators are responsible for the health and safety of students and staff during an emergency. Although the procedures in the school plan refer to specific actions, school administrators must exercise discretion in implementing standardized procedures, and should consider modifications as necessary to assure the health and safety of all personnel during an emergency. The school and district conduct reviews and make adjustments on a regular basis.

The Comprehensive School Safety Plan is updated and approved by School Site Council each year by March 1st. The SEMS/NIMMS plan which is in Appendix A of the School Safety Plan is a living document that is reviewed each semester and updated with roles and responsibilities of all parties involved.

Professional Development

Our recent staff development opportunities have focused on preparing our students to be college/career ready, decreasing suspension and chronic truancy rates, increasing academic achievement of all students including our English learners, and tending to the social emotional needs of our students. The Technology TOSA's in the district have also provided very timely training in the use of technology. Two of the four full day Professional Learning Days have been conducted on site. They have emphasized the four School wide Learner Outcomes (SLO's): Academic Excellence, College and Career Readiness, Social Emotional Wellness and Socially Responsible Global Citizenship. The focus on SEL has been very prevalent recently. The school has brought in guest speakers and used its own staff to provide high quality learning opportunities for staff. In addition to the four dedicated all-day Professional Development Days, Righetti faculty have attended a variety of core content area conferences and workshops, restorative approaches training, and collaborate with their peers every Monday during our Collaboration days.

This table displays the number of school days dedicated to staff development and continuous improvement.
