FOREWORD

Welcome back to another school year at Jefferson County School District. This year will be great for you and your child(ren). Jefferson County School District is dedicated to providing a quality education for every student enrolled in our district. It is imperative for students to realize that they are accountable for what they accomplish daily. Therefore, our teachers will regularly report your child's(ren's) progress to you. We encourage parents to discuss the handbook with their child(ren) so that students understand that there are certain standards that must be met in academic achievement, discipline, and grade-level promotions.

The goal of the Jefferson County School District is to educate today's students for tomorrow's world. To accomplish our goal, we look forward to students, parents, families, and the community being a part of our school family. We firmly believe in educating the total student and setting high academic achievement, physical education, and character development expectations. Parental Involvement is critical to the success of our schools. We ask that parents help us by conveying messages to their child(ren) about the importance of good study habits, attendance, and good citizenship. We hope this will be a successful year for your child(ren). We thank you in advance for your help and support in the coming 2020-2021 school year and the years to come. Together, we will create a partnership that is dedicated to providing every student with a quality education.

Special Education Graduation Requirements

IDEA Students

1. An IDEA student who is a candidate for a standard high school diploma shall follow the same criteria for mastery and promotion as any other student.
2. IDEA students, who achieve twenty-one credits to earn an occupational diploma, will be awarded such. Carnegie credits may serve in lieu of occupational credits upon recommendation by the school counselor and IEP team (See Appendix G, Mississippi Public School Accountability Standards of 2018). 2017-18 IDEA students who are entering as freshmen will not have the option of an occupational diploma.
3. An IDEA student, who will be 16 years of age by September 1, may be placed in high school by the Individual Education Program (IEP) Team. The sending principal must notify the receiving school principal of all such cases.
4. An IDEA student who cannot meet the basic skills as set forth in the district curriculum but does successfully complete the Individual Educational Plans (IEP), may be moved to an age appropriate grade level by the IEP Team and a certificate will be granted upon completion of the program.
5. An IDEA student must meet all requirements for graduation by or before age 21 in order to receive a diploma or certificate. Services will be terminated at the close of the school year in which the IDEA student's 21st birthday occurs.

Option One: Regular High School Diploma. For every student receiving special education services, there will be consideration, during the IEP Review/Revision session prior to the student's entry into the ninth grade, as to this student's possibilities for achieving sufficient Carnegie units to earn a regular diploma. Students may be resourced to special education classes for assistance as specified by their Individualized Education Plan (IEP). Classes labeled as resource are not awarded academic credit for graduation. A special education student must complete the requirements for the regular high school diploma by age twenty-one (21). Any special education student who completes all requirements for graduation will be allowed to participate in graduation exercises and receive a regular high school diploma.

Option Two: Certificate of Completion. This certificate is for SPED students who do not meet the district and/or state requirements for the regular high school diploma. The certificate may be awarded after four (4) years of high school (grades 9-12) attendance, based on the decision of the child's parent(s) and concurrence of school officials. The certificate must be awarded prior to the age of twenty-one (21) years or the child is no longer eligible to attend public high school. The student must successfully complete the skills aligned to the Essential Elements Curriculum provided in the student's Individualized Education Plan. Students who successfully complete these requirements will be awarded a Certificate of Completion, which states, "This student has successfully completed an Individualized Education Program." Students eligible to receive the Certificate of Completion will be permitted to participate in graduation exercises.

Option Three: General Education Development Test (GED). Special education students may enroll in the GED program if they meet the districts requirements and/or placed by an IEP decision. This certificate must be awarded on or before the student reaches twenty-one (21) years of age and is no longer eligible to attend public high school. If at any time during the high school years, the IEP Committee believes that a change is appropriate and feasible from pursuing a diploma to pursuing a certificate (or vice versa), then this change may be made by revising the IEP and the proposed 4-year schedule.

Beginning with the Freshmen Class of 2018-2019, the following are high school exit options for students with disabilities.

Exit Option	Intended Student Population
Traditional Diploma with/without Endorsement	The vast majority of students with an IEP should be able to earn a Traditional Diploma.
Alternate Diploma	Students who have a Significant Cognitive Disability.
Certificate of Completion	Students with disabilities who have reached the maximum age of service under IDEA, which in Mississippi is age 20, and have not been able to meet the requirements for a traditional diploma.

Individual Success Plan (ISP)

All students **are required** to have an ISP by the end of their 7th grade year. Students will revise their ISP each year in grades 9-12. Please see the form below.

Miscellaneous

Students who fail English or Math may take two English or Math courses in a school year upon approval of the principal and/or counselor.

Students may take Advanced Placement (AP) courses through Mississippi Virtual Public School upon approval by the counselor and/or principal. These AP courses can be taken during the regular school day in lieu of the equivalent academic course offered at JCHS.

Only one high school credit may be earned through correspondence. Those seeking graduation within the current school year must complete correspondence work by the date set by the agency furnishing the course.

Only one credit per year may be obtained through summer school. Students may obtain additional credits through the district's credit recovery program.

Credits earned through Mississippi Virtual School or other online resources must be approved by the principal and/or counselor.

VII. NOTES

August 2017: Begins with incoming freshmen of 2018-2019

(1) Dual credit program allowances. A student may be granted credit delivered through the following means:

- (a) Examination preparation taught at a high school by a qualified teacher. A student may receive credit at the secondary level after completion of an approved course and passing the standard examination, such as an Advanced Placement or International Baccalaureate course through which a high school student is allowed CLEP credit by making a three (3) or higher on the end-of course examination.
- (b) College or university courses taught at a high school or designated postsecondary site by a qualified teacher who is an employee of the school district and approved as an instructor by the collaborating college or university.

(c) College or university courses taught at a college, university or high school by an instructor employed by the college or university and approved by the collaborating school district.

(d) Online courses of any public university, community or junior college in Mississippi.

(2) Admission criteria for dual enrollment in community and junior college or university programs. Students may be admitted to enroll in community or junior college courses under the dual enrollment programs if they meet that individual institution's stated dual enrollment admission requirements.

(3) Tuition and cost responsibility. Tuition and costs for university-level courses and community and junior college courses offered under a dual enrollment program shall be the responsibility of the parents or legal guardians of the student pending availability of funds from the school district. Payment for tuition and any other costs shall be made directly to the credit-granting institution.

(4) Transportation responsibility. Any transportation required by a student to participate in the dual enrollment program is the responsibility of the parent, custodian or legal guardian of the student.

(5) School district average daily attendance credit. When dually enrolled, the student shall be counted, for adequate education program funding purposes, in the average daily attendance of the public school district in which the student attends high school.

(6) High school student transcript transfer requirements. Grades and college credits earned by a student admitted to a dual credit program shall be recorded on the high school student record and on the college transcript at the university or community or junior college where the student attends classes.

(7) Ineligible courses for dual credit programs. Any course that is required for subject area testing as a requirement for graduation from a public school in Mississippi is not eligible for dual credit.

(8) Eligible courses for dual credit programs. Courses eligible for dual credit include, but are not necessarily limited to, foreign languages, advanced math courses, advanced science courses, performing arts, advanced business and technology, and career and technical courses.

(9) High school Carnegie unit equivalency. One (1) three-hour university or community or junior college course is equal to one (1) high school Carnegie unit.

(10) Maximum dual credits allowed. It is the intent of the dual enrollment program to make it possible for every eligible student who desires to earn a semester's worth of college credit in high school to do so. A qualified dually enrolled high student shall be allowed to earn an unlimited number of college or university credits for dual credit.

(11) Grading. Dual credit course grades will be multiplied by a factor of 1.05 and may exceed 100 for each dual credit course.

NCAA Guide for the College-Bound Student-Athlete

If a student is planning to enroll in college and wishes to participate in Division I or Division II sports, he must be certified by the NCAA Initial-Eligibility Clearinghouse. The Clearinghouse will analyze the student's academic information and determine if he meets the NCAA's initial-eligibility requirements. See the counselor for more information and requirements.

NCAA-www.ncaa.org- before an athlete can play a sport or receive a scholarship at a Division I or II college, he/she must meet NCAA Academic Requirements.

Athletes entering a **Division I** school in the fall of 2008 or after must have **16 core courses**:

- 4 years of English
- 3 math courses Algebra I and higher
- 2 natural/physical science courses
- 2 social science courses
- 1 additional English, math or natural / physical science

- 2 years social science
- 2 years additional English, math, or natural / physical science
- 3 years of additional courses from areas listed above OR foreign language or non-doctrinal religion / philosophy.

In addition to taking the Core Courses, the student-athlete must also obtain a minimum GPA and ACT score. These minimum scores run on a sliding scale. For example, a student with a 2.0 GPA must have a much higher

ACT score than a student with a 2.5 GPA. Details on the sliding scale may be obtained from the athletic director, a coach, or the guidance counselor.

NAIA- www.naia.org- To play a sport or receive an athletic scholarship, an athlete must meet two of the following three NAIA requirements:

- ☐ Have the required ACT or SAT score
- ☐ Have an overall 2.0 GPA
- ☐ Graduate in the top half of his/her class

NJCAA - www.njcaa.org Division I and II community and junior colleges can offer athletic scholarships; there are no academic eligibility requirements for athletes entering community or junior colleges.

ACCEPTABLE USE POLICY (TECHNOLOGY)

Improper use of the electronic devices that violates the District Acceptable Use Policy may result in immediate and possible permanent loss of use of **AUTHORIZED** electronic devices (Chromebook, iPads, etc.) on campus and disciplinary action as defined in the Student Code of Conduct. Improper use includes but is not limited:

- recording and/or transmitting campus activities or fights,
- bullying other students,
- posting to social media during instructional time, or
- violating privacy of students and/or employees

The parent/guardian of each student will be expected to read the JCSD Acceptable Use Policy and to sign an Acceptable Use Agreement for Internet/Media Use. Parents/guardians are expected to properly supervise their child's computer activity at home and to advise the JCSD immediately if they discover any violation of the user agreement at home or at school. Additionally, parents/guardians are expected to notify the JCSD immediately if they discover their child or their child's fellow students are committing civil and criminal violations of the law. Failure to report this behavior is negligent supervision and relieves the school of any liability that flows from this behavior if the school could not have reasonably foreseen this type of behavior on the child's home computer. Any conduct by a student that is in conflict with these responsibilities is inappropriate and such behavior may result in the termination of access and possible disciplinary action. No student will be given Internet access unless a completed and signed Acceptable Use Agreement for Internet/Media Use form is on file.

ACTIVE PARENT

Your child's grades, discipline, attendance, and school news are available to you with an ActiveParent account. To access this information, parents must enroll at the school for a username and password. Only one account is necessary for multiple students.

ALTERNATIVE PLACEMENT

There are two types of alternative placement that may be an option for those students who cannot adapt to the regular educational setting. Students may be assigned to a long-term placement which lasts from a nine weeks period to the remainder of the school year. Short-term placement will last for a minimum of ten days for the first offense, fifteen days for the second offense and twenty days for the third offense. Short-term placements for less than 10 days are possible for IDEA (Individuals with Disabilities Education Improvement Act) students. **Students placed in alternative school for disciplinary reasons, cannot attend, participate in any extra-curricular or school related/sponsored activities, or be on campus after hours.**

The parent/guardian must come for a conference to be orientated and to sign placement forms. Should the parent/guardian fail to come and sign the forms after proper notification, it will be assumed by school authorities that their consent for placement is by remission. Participation in all training programs of the alternative school will be administered to the student in the absence or neglect of the parent/guardian to sign the proper placement forms.

All students will participate in a behavior modification program and instructional maintenance (completion of all assignments sent by the regular teacher). While assigned to the Alternative School, students may not interact with other students during the day.

High school long-term placement curriculum will be designed to allow students to receive credits that will lead to fulfilling the requirements for graduation through the regular route or through the General Education Development

route. The long-term teacher along with Individualized Instructional Plan committee will be responsible for obtaining the assignments from the student's other teachers. In order to keep the students from having idle time, teachers will be encouraged to assign **MORE WORK** than is being assigned in the classrooms and the long-term teacher will have discretion of supplementing any assignments.

*Students who are assigned alternative school **will not** be permitted to ride the bus to and from school. Students who are in alternative placement will not be allowed to drive to school under any circumstances; students who have a valid decal will lose parking privileges during alternative placement.

ARRIVAL / DEPARTURE

Bus transportation is provided for all eligible JCPSD students. Students should not arrive at school ***before 7:00 a.m.*** Students are expected to be in the classroom in their seat and ready for instruction when the tardy bell rings. Any student not in his/her assigned area, seated and ready for instruction, is tardy. Students who arrive after 8:00 a.m. must be accompanied to the office by an adult and signed in through the office. Parents/guardians will not be allowed to check students in after 8:00 a.m. A student who arrives after 8:00 a.m. cannot be checked in without a doctor, dental, court, or principal's excuse.

Being on time for school is important. When students are late for school, they miss valuable instructional time. See Code of Conduct for consequences.

ASBESTOS REINSPECTION NOTICE

In compliance with the U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Act (AHERA), in the summer of 1989 we performed inspections of each of our school buildings for asbestos containing materials (ACM). The inspection reports and asbestos management plans have been on file in each school's administrative office since that time.

The EPA requires us to perform re-inspection of the asbestos materials every three years.

During the months of May and June, every three years, accredited asbestos inspectors will perform our three-year re-inspections. An accredited asbestos management planner will review the results and recommend any actions we should take to safely manage all asbestos materials in our school buildings.

All asbestos materials in the schools are in good condition and we will continue to manage them in place, as recommended by the accredited management planner.

The asbestos management plans and all inspections are on file at each school's administrative office. Everyone is welcome to view these at any time during normal school hours (M-F, 8:00 a.m.-3:30 p.m.). The Asbestos Program Managers, Dr. Adrian Hammitte and Mr. Vernie Washington, are available to answer any questions you may have concerning the asbestos in our schools. Call (601)786-3721.

ATHLETICS (Including BAND, CHORUS, & JROTC)

To participate, a student must provide a certified copy of their birth certificate and be examined by a physician and declared physically fit. The Principal, Athletic Director, and coaching staff with the approval of the superintendent have the prerogative to establish criteria for participation relative to the student's conduct and lack of academic progress. Additional information about all extra-curricular activities is available upon request.

The Children First Act eligibility rule requires students in sixth grade or above to maintain a 2.0 (or C) grade point average on a 4.0 scale to participate in sports or extracurricular activities. The State Department of Education would monitor eligibility based on a semester grade reporting period. Students who do not have a grade point average of 2.0 or above will be ineligible for the next semester. Ineligibility will remain in effect until the student's grade point average in a succeeding semester is a 2.0 or higher on a 4.0 scale.

ELIGIBILITY RULES FOR ATHLETICS AND OTHER SCHOOL ACTIVITIES

1. Be a full-time student and conduct him or herself properly.
2. Meet age requirements
 - a) 7th graders must not have reached 14 years of age prior to Aug. 1
 - b) 8th graders must not have reached 15 years of age prior to Aug. 1
 - c) High School: Not reached 19 years of age prior to August 1.
3. Not participated in athletics for more than four consecutive years after the date of entering ninth grade.
4. Live in the school district prior to participation (see MHSAA ruling).

5. All high school student-athletes must take the ACT beginning in school year 2019-2020.
6. All transfer students shall have any opportunity to tryout and participate in athletics and other school activities if they meet eligibility requirements as outlined by MHSAA.
7. In order to participate in a school related activity, students must be in attendance for the entire (100%) school day. Exceptions may be made if the student presents a doctor, dental, court or principal's excuse.
8. The following academic rules for students participating in activities adopted by the State Board and the Mississippi High School Activities Association Handbook define what students are required in order to be eligible for participation. Students must meet the following minimum scholastic requirements at the end of the school year to be eligible for the succeeding semester:
 - a) The MHSAA eligibility rules require each student participating in MHSAA sanctioned competitions to make "satisfactory progress toward graduation." Each school district determines the requirements for "satisfactory progress toward graduation" through its graduation requirements. Each school district must interpret this according to its requirements. Additionally, according to Mississippi law, a student must maintain a grade point average of at least 2.0 or a C average. This will be measured at the conclusion of the first semester using the semester averages of all the courses the student is taking. Students who do not have a 2.0 or a C average for the first semester will be ineligible for the second semester. At the end of the school year, each student's grade point average for the year will be assessed. This assessment will reflect the average for the entire year using the final grades for each course. If the student does not have a grade point average of at least 2.0 or a C average, he/she will become ineligible for the fall semester.
 - b) Special education students will be academically eligible if they are making satisfactory progress according to the committees reviewing their Individual Education Plans (IEP).
 - c) Out of school One or More Semesters: if a pupil who is eligible for a given semester drops out of school for one or more semesters, he/she is then ineligible until he/she passes 5 subjects that count toward graduation with overall average 70. A pupil who is eligible for a given semester cannot drop out of school during the semester or remain out of school for one or more semesters and then be eligible for the next semester he/she attends.

STANDARDS FOR ALL ATHLETIC AWARDS

The head coach of all Jefferson County Schools athletic teams will establish requirements with the approval of the Superintendent and Athletic Director for earning an athletic award letter. These requirements will be discussed with the athlete prior to the start of the first scheduled contest. Any athlete who quits, resigns, or is dismissed from a team before the season has ended, forfeits all rights to earn a letter in that sport.

ATTENDANCE POLICY (Including Hybrid/Virtual)

Compulsory Attendance Age

A compulsory-school-age child is defined as a child who has attained or will attain the age of six (6) years on or before September 1 of the calendar year and who has not attained the age of seventeen (17) years on or before September 1 of the calendar year. This also includes any child who has attained or will attain the age of five (5) years on or before September 1 and has enrolled in kindergarten.

If a compulsory-school-age child has not been enrolled in school within fifteen (15) calendar days after the first of the school year or if a student has accumulated five (5) unexcused absences during the school year, the principal shall report such absences to the school attendance officer within two school days or within five calendar days, whichever is less, according to the method prescribed by the State Department of Education.

District Attendance Policy

State law – §37-13-91(4) Mississippi Code – states that "an *unlawful absence* is an absence during the school day

by a compulsory-school-age child, whose absence is not due to a valid excuse for temporary nonattendance.” Days missed from school due to disciplinary suspension shall not be considered as “excused” absence under this section. This subsection shall not apply to children enrolled in a nonpublic school.

A student who has been absent must present valid documentation-within three (3) days of returning to school-verifying nature (reason) of the absence if an “excuse” status is sought. **(See “Excused Absences” below).** The school attendance clerk will notify the parent(s) and counselor(s) after the third absence. To be counted present, a student must be present for at least 63% of the class period. Each principal will determine 63% of the school day and present to parents prior to the beginning of school.

No school shall participate in activities that require any student to miss more than a total of 20 class periods during the school year nor more than five (5) planned absences in the same class period. Both the school and student have the responsibility in monitoring this regulation.

Participation in School Activities. In order to participate in an extracurricular or school-related function or activity, students must attend school a minimum of 63% of the school day or obtain approval from principal. ***No student will be permitted to take part in any school sponsored extra-curricular program or practice if absent from classes that day unless previously excused by the principal.***

It is the policy of the School Board that students be expected to be present each day that schools are in session. Absences due to illness, participation in school activities, funerals, or by order of the court are excused; all others are un-excused.

Absenteeism is a growing problem in our work force; both parents/guardians and school officials share the responsibility for instilling good work habits in students. Critical learning occurs in class every day; instructional activities and interactions between students and teachers can never be duplicated at another time. Parents/Guardians must monitor the absenteeism of their children. There are two classes of absences-excused and unexcused.

Hybrid Attendance

- Students in grades Pre-K-12 will be divided into two cohorts (Cohort A and Cohort B) based on their homeroom and will operate on an A and B schedule.
- Cohorts will be composed based on the students’ last name. Students with the last name beginning with A-J will be in Cohort A; students with the last names beginning with K-Z will be in Cohort B.
- Cohort A will attend classes on Mondays and Wednesdays. Cohort B will attend classes on Tuesdays and Thursdays.
- Fridays will be utilized for remediation, intensive support, social and emotional learning (SEL), and professional development. On Fridays, schools will operate on a 63% day for students.
- Cohorts will physically attend class on specified days. On Learn-at-Home days, students will complete guided and independent work provided by the teacher.
- On Virtual learning days, attendance will be checked using the LMS (such as Zoom, Canvas, etc.).
- Daily instructional minutes will increase to 90 minutes per content area courses.

Tiger Virtual Academy Attendance

Parents will have the option to request the distance learning option if they meet the provisions outlined by JCSD. Those provisions include:

- Strict adherence to the hybrid learning pathway would be followed by students 4 days per week.

- Families must have access to a device(s) (computer, laptop, tablet) and high-speed Wi-Fi access available in their homes that will allow all students in the household to work online simultaneously for a minimum of 5 hours per day if choosing this option.
- Students will “log into” their classroom, which will be broadcast via Zoom and/or Google Meet sessions. Attendance will be taken for each period, and students are required to be fully present and engaged at all times.
- Parents will transport students to the school for proctored assessments as scheduled by individual schools. These assessments will take place at least twice per month.
- Students who select this option must complete a nine-week session before switching to a different pathway (i.e., hybrid).
- Distance learning students will be held to the same expectations for work submission and grading guidelines as hybrid students.
- If at any point, the school or district deems that distance learning/virtual is not the most effective learning approach for a student, a conference will be held with the parent and school principal to determine a potential change of pathway. Please know that these models will be adjusted as we continue to receive guidance from federal, state, and local governing bodies and feedback from our staff and parents.

Excused Absences

Medical. Illnesses or injuries that prevent the student from being physically able to attend school with written and approved excuse(s) ***from parents or licensed physicians, dentists, other appropriate health care providers or county health department officials.***

- A maximum of two (2) days for illness/injury per nine weeks can be recognized as excused when a note has been signed by a parent/guardian. A student absent in excess of two (2) days per nine weeks must provide school officials with a written explanation from a health provider. These medical notes must be submitted within three (3) days following the student’s return to school.
- Medical, dental, or other appropriate health care appointments with written and approved excuses from licensed providers, except in the case of emergency.
- Isolation if ordered by county health officials, the State Board of Health, or appropriate school official.
- Death or serious illness of an immediate family member (defined as parents, grandparents, and siblings including stepsiblings or child).
- Illness or injury which prevents the physical presence of the student.

Administrative/School Related. Student academic completion sponsored by the school which include:

- Student conventions or workshops sponsored by the school.
- Pre-admission visits to college campuses by a senior classified student who is in a pre-college curriculum. Limit of two (2) days per semester with prior approval of principal.
- Participation in athletic contest sponsored by the school.
- Field trips sponsored by the school.
- Other valid educational opportunities approved by the superintendent or principal.

Court Appearance/Ordered. Required appearances in court or at an administrative tribunal if the student is a party to the action or under subpoena as a witness. If a student has an administrative excuse and is absent during the review process of a major exam, he/she will have 3-5 days to review and complete tests.

Steps to follow for an Absence

Within three (3) days after the absences, the student must submit an appropriate written statement to the principal's office between 7:30 a.m. and 8:30 a.m.

Un-excused Absences

Any absence from class not properly excused is un-excused. The absence may be for a class, any part of the school day, or for the whole school day. Students must make up work assigned by the teacher. If make-up work is not completed in the allotted time the student will receive an F (See Steps for Make Up Work Below).

MAKE UP WORK

Students who know in advance that they will be excused from classes to participate in a school-sponsored activity should discuss make-up work with their teachers as soon as it is known that they will be absent. These arrangements must be made prior to the absence. Students must contact their teachers immediately upon return to arrange for work and/or test missed. Students who have been absent should contact their teachers regarding make-up work, homework, class work, tests, etc. It is the responsibility of the student to contact the teacher about such work.

- Students have three (3) days upon returning to school to arrange make-up work. The three days will give the student ample time to make arrangements for make-up work, not the work itself. The teacher will determine the length of time a student should have in making up work missed. However, in most instances all work should be made up within two weeks, depending upon the length of time the student was absent. No student should assume the two weeks can be utilized for making up work when absent for only one or two days. In cases when the student was present when work was assigned or tests were scheduled, it is expected that the student submits the work or takes the test upon returning to school. When work is not made up within the allotted time or the time specified by the teacher, the student will receive an F for any and all work missed.
- A student who is truant may make up any work or test missed.

What will happen if my child does not attend school? *

- The school attendance officer will make parental contact after the child has missed five (5), ten (10) and/or twelve (12) unexcused days.
- The school attendance officer may file a petition in a court of competent jurisdiction after twelve (12) unexcused days.
- Any parent, guardian, or custodian of such child is subject to a \$1000 fine, up to one year in jail, or both.

BUS DISCIPLINE

Conduct on School Buses and Consequences for Misbehavior

Riding the school bus is a privilege, not a right. Students are expected to follow the same behavioral standards while riding school buses as are expected on school property or at school activities, functions or events. All school rules are in effect while a student is riding the bus or at the bus stop.

The Building Principal or the principal's designee will impose consequences for school bus/bus stop misconduct. In addition, all school bus/bus stop misconduct may be reported to the Department of Public Safety and/or local law enforcement.

School Bus and Bus Stop Rules

The Jefferson County Public School District school bus safety rules are to be posted on every bus. If these rules are broken, the school district discipline procedures are to be followed. Consequences are progressive and may include suspension of bus privileges. It is the school bus driver's responsibility to report unacceptable behavior to the Jefferson County Public School District's Transportation Office/School Office.

Rules on the Bus

1. Immediately follow the direction of the driver.

Consequences

Consequences for school bus/bus stop misconduct will apply to all regular and late routes. Decisions regarding a student's ability to ride the bus in connection with co-curricular and extra-curricular events (for example, field trips or competitions) will be at the sole discretion of the Jefferson County Public School District. Parents or guardians will be notified of any suspension of bus privileges.

Unclassified Offenses

It is not possible to list every offense that can be classified as a violation of our discipline policy. The school administration reserves the right to add any other offenses that may reasonably fall into the three categories of violations. All offenses listed apply to student behavior on school buses and during school related activities. Offenses that occur on the bus may result in consequences that include a combination of out of school suspension, alternative school placement, and suspension off the bus.

BUS NOTES

ALL students must submit a note to the office/teacher if they are NOT riding their assigned bus home for any reason.

Bus notes need to be received in legible handwriting or typed out and signed. All notes should include at least: your child's name, your signature, the bus number or driver name, the date. If you do not know the bus number or driver, a physical location of where the bus needs to deliver the child. If your child will be riding a different bus or will not be riding at all for several days, please indicate that on your note.

Be advised, that all notes must be **written out** or **typed and signed** in order for it to be followed. **Telephone calls are no longer accepted as we cannot verify if it is really the parent calling; exceptions may only be made by the building level administrator or designee.** If it is an emergency and you need to pick up your child, please come before 2:30 p.m. so that we may redirect your child to the front office. This is so that you may get your child and be off the campus before bus loading begins.

Students are to submit their notes to their homeroom teacher/office first thing in the morning. Their teacher/office

will fill out a Bus Slip for them. The student must hand the Bus Slip to the bus driver upon boarding the bus. If they do not have a Bus Slip or they hand the bus driver a handwritten note, they will be sent back into the building. This could cause your child to miss the bus in the afternoon. The buses do not wait for a student to return to the bus with a Bus Slip. Once the bus drivers are given the “all clear” signal to leave, students are not permitted to exit the building for their safety due to the buses moving.

Buses do not return to school in the afternoon to pick-up any student who missed the bus. The office will call the parents to come pick them up.

CAFETERIA

The Jefferson County Public School District (JCPSD) Child Nutrition Department’s mission is to provide the highest quality meals possible each day. JCPSD Child Nutrition Department is administered through the United States Department of Agriculture, the Mississippi Department of Education and the local School Board. Comprehensive regulations must be adhered to in order to receive federal funding.

FREE MEALS FOR ALL STUDENTS

JCPSD has implemented the Community Eligibility Provision (CEP). All enrolled students are eligible to receive a healthy reimbursable breakfast and lunch every school day at no charge. No application is necessary for participation. CEP is being provided to help promote sound nutrition and Dietary Guidelines. However, the concept of healthy school meals encompasses more than just meeting dietary guidelines; it also means making safe nutritious meals accessible to all children. All meals served will meet patterns established by the U. S. Department of Agriculture. However, if a child has been determined by a doctor to be disabled and the disability would prevent the child from eating the regular school meals, each school will make any substitutions prescribed by the doctor. If a substitution is needed, there will be no extra charge.

Adult Meal Prices:

Breakfast	\$2.25

These examples also apply to electronic information retrieved from the Internet. The Jefferson County School District will not condone such acts and any students suspected of cheating will be informed of allegations in a private and professional manner. If determined, beyond a reasonable doubt, that the student is guilty of such allegations, **a zero (0)** will be issued for that assignment. **If the assignment is a major grade, term paper, nine-week tests, etc., a written discipline report with evidence of allegations will be submitted to the principal's office; the offense will be classified as a category two offense (See Code of Conduct).**

CHILD ABUSE AND NEGLECT

School officials are required by Mississippi Law to report suspected incidences of child abuse or neglect to the appropriate authorities for investigation (Miss. Code 37-11-29). Child abuse should be suspected when a child shows such physical signs as bruises, scars or burns, has injuries which might have resulted from being beaten, or shows other indicators of cruel and abusive treatment. Child neglect exists when a child is discovered to be in any one or combination of these situations: (1) abandoned; (2) poorly clothed, malnourished or ill-fed; (3) ill without medical attention; (4) overworked or otherwise exploited; and (5) lacking love, care, guidance, and protection. The JCPSD participates in an on-going statewide effort to identify, locate and evaluate children ages birth through twenty-one, who are physically, mentally, communicatively, and/or emotionally disabled. Early identification of children in need of special educational experiences is very important. Child Find requirements apply to:

*Highly mobile children (including migrant children);

*Homeless children;

*Private school children;

*Children who are wards of the State' and Children who may have a disability, and in need of special education even though they are advancing from grade to grade

The Director of Special Services works with the Department of Human Services, Department of Health, Department of Mental Health, local education agencies, ministers, physicians, and other individuals to locate and identify children who are in need of special services. In disciplining of students, a fair approach will be used, always keeping in mind that self-discipline and self-direction are the goals toward which we want students to work.

Administrators and teachers shall hold students to strict account for disorderly conduct or misconduct during the school day, on the way to and from school, at school sponsored activities, and on school buses.

The purpose of the discipline policy is to clearly define those things that cause problems within the school environment and to make sure that all students understand what is expected and the consequences of violation of these expectations. § 37-11-55 - Code of Student Conduct

The local school board shall adopt and make available to all teachers, school personnel, students and parents or guardians, at the beginning of each school year, a code of student conduct developed in consultation with teachers, school personnel, students and parents or guardians. The code shall be based on the rules governing student conduct and discipline adopted by the school board and shall be made available at the school level in the student handbook or similar publication. The code shall include, but not be limited to:

(a) Specific grounds for disciplinary action under the school district's discipline plan;

(b) Procedures to be followed for acts requiring discipline, including suspensions and expulsion, which comply with due process requirements;

(c) An explanation of the responsibilities and rights of students with regard to: attendance; respect for persons and property; knowledge and observation of rules of conduct; free speech and student publications; assembly; privacy; and participation in school programs and activities;

(d) Policies and procedures recognizing the teacher as the authority in classroom matters and supporting that teacher in any decision in compliance with the written discipline code of conduct. Such recognition shall include the right of the teacher to remove from the classroom any student who, in the professional judgment of the teacher, is disrupting the learning environment, to the office of the principal or assistant principal. The principal or assistant principal shall determine the proper placement for the student, who may not be returned to the classroom until a conference of some kind has been held with the parent, guardian or custodian during which the disrupting behavior is discussed and agreements are reached that no further disruption will be tolerated. If the principal does not approve of the determination of the teacher to remove the student from the classroom, the student may not be removed from the classroom, and the principal, upon request from the teacher, must provide justification for his disapproval;

(e) Policies and procedures for dealing with a student who causes a disruption in the classroom, on school property or vehicles, or at school-related activities;

(f) Procedures for the development of behavior modification plans by the school principal, reporting teacher and student's parent for a student who causes a disruption in the classroom, on school property or vehicles, or at school-related activities for a second time during the school year; and

(g) Policies and procedures specifically concerning gang-related activities in the school, on school property or vehicles, or at school-related activities.

Suspension and Expulsion Guidelines

Every effort will be made to keep students in school. However, it is sometimes necessary to suspend students out of school if they fail to follow the discipline policy. The purpose of suspending students out of school is to let the student and parent or guardian know there has been behavior that is unacceptable. Days suspended out of school are considered as unexcused absences; with 70% as the maximum possible grade on assigned make-up work.

If the suspension occurs during nine weeks tests, the student may be allowed to make up these tests since they are reflective of a greater portion of the year than a daily grade or chapter test. If the student is allowed to take the test, an incomplete will be given until certain conditions are fulfilled by the student as determined by the teacher and principal.

- Make-up work will be provided upon returning to school and must be requested in writing by the student/parent within three (3) days of the student's return to school. When work is not made up within the allotted time or the time specified by the teacher, the student will receive an F for any and all work missed.
- If the parent or guardian does not attend a required discipline conference, they are subject to being charged with a misdemeanor, which is subject to a fine not to exceed \$250.00. (Miss. Code §37-11-53)
- While suspended, students cannot participate in or attend any extracurricular or school sponsored activities or come on campus. This loss of privilege begins at the moment of the notification of the suspension.
- Students can be recommended to the school board for expulsion if a student is repeatedly suspended from school.

Unclassified Offenses

It is not possible to list every offense that can be classified as a violation of our discipline policy. The school administration reserves the right to add any other offenses that may reasonably fall into the three categories of violations. All offenses listed apply to student behavior on school buses and during school related activities. Offenses that occur on the bus may result in consequences that include a combination of out of school suspension, alternative school placement, and suspension off the bus.

Reverse Suspension

As an alternative to suspension (**Category One Offenses Only**), a student may remain in school by having the parent, legal guardian or custodian (with the consent of the student's teacher(s) and principal) attend classes with the student for a period of time specifically agreed upon by the reporting teacher and school principal. If the parent, guardian or custodian does not agree to attend class(es) with the student or fails to attend, the student shall be suspended with the code of student conduct and discipline policies of the school district. This option can be enforced after the second (2nd) infraction. The following requirements must be met:

- Parents, legal guardians or custodian must be willing to meet with the administrator and teacher. Two possible meeting times will be offered.
- If the parent does not or is unable to make the set meeting date; the suspension cannot be reversed on the student's records.

CONFERENCES

The Jefferson County School District encourages parents to participate in conferences. Conferences are available with teachers, counselors and school administrators. All conferences with the teacher must be scheduled at least 24 hours in advance; **exceptions can only be made at the discretion of the building level administrator.** Requests for conferences should be made through the school office or the parent liaison.

COVID-19 Update

Conferences will be scheduled using online teleconferencing tools or via phone. Parents/guardians may also schedule in-person conferences. Please contact the school or the parent liaison for more information.

Report card and progress report conferences are held several times per school year. **Only parents or legal guardians may pick up reports cards/score reports.**

The school may also request a conference; any parents/legal guardians who do not come for a designated conference within a reasonable amount of time may be reported to Youth Court officials.

COURTESIES

The national anthem as well as the national flag represents the struggle and success of the United States as a nation; they are symbols of the people, their land and their institutions. When we show respect during the playing of the “Star Spangled Banner” and presentation of the flag we are showing respect for the nation. To ensure the proper courtesies are observed during the playing of the national anthem, the following protocol should be followed:

- **Outdoors**

When outdoors and the national anthem is played, everyone present should rise, stand at attention, face the flag (if the flag is not visible, face the music) and place the right hand over the heart. A male removes his hat and holds it in his right hand over his heart. Women do not remove their hats; they place their right hand over their heart.

- **Indoors**

When indoors and the national anthem is played, stand, face the flag and take the place of attention. If the flag is not visible, take the position of attention and face the music or the front.

- **Respect for the U.S. Flag**

Because of what the flag symbolizes-justice, unity, and pride in your country-it should be honored with respect and dignity. When you are outdoors and the flag passes (as in a parade), stand at attention with your right hand over your heart. If you are wearing a hat, hold it in your right hand and over your heart. When the colors pass indoors, stand at attention until the colors are six steps past.

Note: The aforementioned protocol is a courtesy; no student or individual will be obligated to adhere to these courtesies if they violate the individual’s religious or personal beliefs.

CRISIS MANAGEMENT PLAN

Teachers will review the Crisis Management Plan with students at the beginning of the year. Please see the JCSD Crisis Management Plan.

DELIVERIES AND MESSAGES

School personnel will make every effort to get items and messages that are delivered to the school to the appropriate person. However, the school is not responsible for lost, stolen, or undeliverable items. Instructional times will not be interrupted for messages. At no time will the school accept deliveries of balloons or items with floating attachments.

DRESS CODE/UNIFORM AND GROOMING POLICY

The Jefferson County Public School District believes that the implementation of a student dress, grooming, and uniform code is conducive to the learning environment. EARLY RELEASE OF SENIORS

The Early Release Option is an earned privilege available to Seniors at Jefferson County High School. It may be revoked due to disciplinary action taken by a school administrator or teacher. Also, the parent/legal guardian may revoke this for their student at any time. When this privilege is revoked, students shall be placed in study halls for the remainder of the semester. Seniors may be released up to a maximum of 3 periods at the end of the school day. The actual time of day that they are released may vary according to the school schedule for that day. Students who participate in the early release option must leave the school premises at the early release time each day. They are not to remain in the building or on the school property, nor be on any other school property throughout the district while school is in session. If the student has an after-school activity, they must return to that activity after

school has been dismissed. To qualify for Early Release Option, seniors must meet certain requirements and maintain their eligibility for the entire year. GRADING SYSTEM

The grading system is based upon student achievement and performance, bearing in mind that any system incorporates both subjective and objective considerations in student evaluation. A student's final Grade Point Average will be determined by calculating all Carnegie unit courses for the high school years (including Carnegie units earned in the 7th and/or 8th grade), plus all four nine weeks grades of senior year. The final overall GPA will be reflected on the transcript to include work up to the last day of school for students.

The following numerical values shall be used in determining letter grades for **middle and high school students**:

Letter Grade	Performance	Numerical Grade
A	Excellent	90-100
B	Above Average	80-89
C	Average	70-79
D	Below Average	65-69
F	Failure	64 and below

The following numerical values shall be used in determining letter grades for **elementary students**:

Letter Grade	Performance	Numerical Grade
A	Excellent	95-100
B	Above Average	85-94
C	Average	75-84
D	Below Average	70-74
F	Failure	69 and below

Honor Roll. To recognize academic achievement, three honor groups will be named at the end of each nine-week grading period.

- **SUPERINTENDENT'S SCHOLAR** - All A's in academic courses
- **PRINCIPAL'S SCHOLAR** - All A's and B's in academic courses
- **HONOR ROLL** - All B's in academic courses or A's, B's and ONE (1) C.

Term Grades. The following formula will be used to calculate term grades for all students grades Pre-Kindergarten through twelfth (Pre-K-12th). A student shall not receive a grade lower than 55 per nine weeks.

Grade Type	Weight
Daily Grades (class work, quizzes, homework, and similar assignments)	25%
Weekly Assessments	50%
Nine Weeks (Term) Exam	25%

Advanced/Accelerated Courses. Dual credit, accelerated courses, and 2nd-year Career & Technical Education (CTE) Program GPA course grades will be multiplied by a factor of 1.05 and may exceed 100 for the aforementioned courses.

Ranking/Honor Status. A student's ranking will be determined by calculating the GPA of all courses for the high school years (including Carnegie units earned in the 7th and/or 8th grade), plus Terms 1-3 (first three nine weeks) of the student's senior year. In order to be classified as an Honor Student, the student's GPA must be 90% or higher. These seniors will be recognized at graduation as “Honor Graduates” and will wear Honor Cords. The valedictorian will be determined by the senior with the highest G.P.A. for all final grades where credit is earned. The senior with the second highest G.P.A. will be designated as the salutatorian. Both will be recognized individually at graduation.

Grade Transfer. Grades received on transfer from other schools and from dual enrollment will be interpreted according to the following conversion chart unless the actual number grade is provided by the transferring school. If a student’s transcript does not include numerical or letter grades, the student will be required to take a placement test.

Letter Grade	Numerical Equivalent	Letter Grade	Numerical Equivalent
A+	100	C+	79
A	95	C	75
A-	90	C-	70
B+	89	D+	69
B	85	D	65
B-	80		

Note: Transfer student at the elementary level will use the grading scale as outlined on page 49.

Grading Periods

Nine Weeks	Dates	Progress Reports	Report Cards
First	August 3-October 5, 2023	August 23, 2023 September 22, 2023	October 19, 2023 (Parent Pick-up)
Second	October 6-December 15, 2023	November 17, 2023	January 18, 2024 Report Cards Issued
Third	December 18, 2023-March 6, 2024	February 16, 2024	March 21, 2024 (Parent Pick-up)

GRADUATING SENIOR OFFENSES

Seniors who commit an offense so near the end of school that the student cannot complete the disciplinary consequences – at the sole discretion of the Jefferson County High School Principal - may not be allowed to participate in graduation exercises.

GRIEVANCE PROCEDURE

We do recognize that students and parents may disagree with decisions that are made relative to discipline matters or other school-related concerns. All students and their parents have the right to be given due process in order to express their complaints and grievances. A grievance procedure is in place to offer an orderly process to resolve the complaints and grievances of the student. It is recommended that parents do not call school officials at their homes because they do not have the documented materials that are necessary to evaluate the student's grievance. The following represents the procedure to follow for a grievance or complaint:

- The parent or guardian should contact the school office in order to set up a conference with the person who made the decision in question.
- If the matter remains unresolved, the student or the parent or guardian may bring that matter before the principal.
- If the matter remains unresolved, it may be brought to the superintendent for his/her consideration.
- Complaints that remain unresolved following any action of the superintendent may be referred in writing to the board of education.

Parents/guardians and students should understand that an effort will be made to resolve all grievances and complaints at the lowest possible level. School officials will be more than glad to listen to concerns; if profanity is used by parents or guardians or if out of control behavior is demonstrated by the parents or guardians, the school will not hesitate to consider legal action. (1972 Education Amendments, Title IX; CFR Part 86; 1964 Civil Rights Act, Title VI; 1973 Rehabilitation Act, Section 504; 45 CFR Part 84.)

All students regardless of sex, religion, handicap or ethnic origin may present any grievance to the proper school official:

Sex Bias Contact: Bertha Watts, Title IV Coordinator

Handicap/Disability Contact: Dr. Cartrell Hammitte, Coordinator of Special Education

General Education: School Level Principal

GUIDANCE SERVICES

The Mississippi Department of Education (MDE) acknowledges the value of and is committed to supporting strong, productive school counseling programs. This is reflected in the School Counselors' framework, developed by the MDE, which is aligned with the American School Counselors National Model. School counselors have a tremendous responsibility in addressing the personal/social, academic, and career needs of every Mississippi student in prekindergarten through grade 12 and career and technical education. As student advocates, counselors provide support and foster student development as children learn to live, learn to learn, and learn to work.

School Counselors' activities are all designed to keep students in school and to help them be successful. Their primary objective is to promote and enhance student learning. Counselors play a valuable role in all aspect of K-12 education. They provide consultation in defining and identifying at-risk students. Counselors work as members of a team with other school personnel to provide essential services. The goal is to identify and intervene before students move through a continuum of self-destructive behavior.

School counselors coordinate programs that provide the following comprehensive counseling services:

Academic and personal/social counseling;

- Use Multiple student data sources to help students make informed academic and career choices;
- Career and educational counseling;
- Individual and group counseling (large/small);
- Crisis intervention and preventive counseling;
- Community resources awareness and referrals;
- Educational consultations and collaboration with teachers, administrators, parents and community leaders;
- Educational and career placement services;
- Follow-up counseling services;
- Conflict resolution

Professional school counselors should spend a minimum of eighty percent (80%) of their time delivering the aforementioned services to students as outlined by the American School Counselor Association (ASCA). Thus, provide direct services to students, parents, school staff and the community stakeholders to ensure college or career readiness.

Career Center Managers

Career Center Managers are professional or paraprofessional school staff who maintain and organize the career education materials accessible to students, counselors, teachers and administrators at the high school level. Responsibilities include overall management of the career center lab, assisting students with career exploration and educational information. They work directly with professional school counselors and teachers. Career Center Managers build public relation activities into their curriculum, which includes business in the classroom events, career awareness events, and Reality Fairs. In addition, they assist students in working through a well-defined sequential curriculum to avail students of appropriate information in their planning in careers and education.

HEALTH SERVICES

The Jefferson Comprehensive Health Center has provided primary health care services through school-based health centers on the campuses of the Jefferson County High and Elementary Schools since 1999. The School-Based Clinics give students and school employees an opportunity to be seen by a licensed healthcare provider without having to miss school or time away from work. The child's parent does not have to be present for the child to be seen, but a consent form and medical history must be completed and signed for services to be rendered. All students with parental consent are afforded health care services regardless to their ability to pay.

Students who are Medicaid eligible will be offered an Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) evaluation in accordance with the schedule recommended by the Division of Medicaid. Screenings are performed on campus at the school-based clinics. Vision and hearing screenings are conducted annually on all elementary students. Students may also be screened through parent or teacher request or as part of the intervention process. If a student fails his/her vision and/or hearing screening twice, a notice is sent home to the parents and periodic follow-ups are performed.

The school-based clinic is also responsible for the administration of first aid. In all cases of emergency, illness, or where injury is assessed and believed to be of a potentially serious nature, every effort is made to contact the student's/staff member's parent, guardian, or next of kin.

HEAD Lice – If a student is suspected of having head lice, he/she will be inspected by the school-based clinic's licensed health care provider. If a student is found to have head lice, the parent will be contacted to pick the student up from school for treatment. Written instructions for proper treatment will be given to the parent/guardian. The parent must bring the student, along with proof of treatment, the following day to be checked by the school nurse. In order to remain at school, the student must be free of nits. If the student is in a self-contained classroom and found to have head lice, all students in that classroom will be checked for head lice. For any student who has had lice on three consecutive occasions during one school year, the principal shall notify the county health department of the recurring problem of head lice with that student. The student shall not be allowed to attend school until proof of treatment is obtained (Miss. Code 41-79-21). The school nurse shall conduct parent conferences regarding special requirements for care as needed.

Please contact 601-786-8206 (Tri-plex Location) or 601-786-9645 (High School Location) for more information on health services.

COVID 19 General Information *(Please visit [cdc.gov](https://www.cdc.gov) for more information.)*

Coronavirus (COVID-19) is an illness caused by a virus that can spread from person to person. The virus that causes COVID-19 is a new coronavirus that has spread throughout the world. COVID-19 symptoms can range from mild (or no symptoms) to severe illness.

Know How COVID-19 is Spread

You can become infected by coming into close contact (about 6 feet or two arm lengths) with a person who has COVID-19. COVID-19 is primarily spread from person to person. You can become infected from respiratory droplets when an infected person coughs, sneezes, or talks. You may also be able to get it by touching a surface or object that has the virus on it, and then by touching your mouth, nose, or eyes.

Protect yourself and others from COVID-19

There is currently no vaccine to protect against COVID-19. The best way to protect yourself is to avoid being exposed to the virus that causes COVID-19. Wear a cloth face covering that covers your nose and mouth in public settings. Clean and disinfect frequently touched surfaces. Wash your hands often with soap and water for at least 20 seconds, or use an alcohol-based hand sanitizer that contains at least 60% alcohol. Remain at least six feet apart at all times.

Prevent the Spread If You Are Sick

Staff and students should stay home if they have tested positive for or are showing COVID-19 symptoms. Staff and students who have recently had close contact with a person with COVID-19 should also stay home and monitor their health.

Health and Safety FAQs

How will my child/ren remain safe at school?

The district will work to ensure safety guidelines recommended by the CDC are followed. Students will remain six feet apart in the classrooms, hallways and common areas. School leaders will provide floor and seat markings to ensure students practice social distancing. The school will limit nonessential visitors and activities. Training will be provided to staff members on safety protocols.

Will students and teachers be required to wear masks all day?

Yes, the students and teachers will be required to wear their mask the entire school day unless otherwise instructed. Masks will be worn by students on the bus as well. Some exceptions will be made.

How often will the school be sanitized?

Building leaders and maintenance staff will perform ongoing/routine cleaning and disinfecting of the schools, restrooms, classrooms and high touch areas.

What happens if my child/ren has a fever?

You will be asked to take your child to your preferred health care provider; the health care provider will determine if testing is necessary. In the event of a test, the student must remain quarantined until results are provided. The student may return to school once cleared by the doctor. Written documentation must be provided.

Will there be enough personal protective equipment (PPE) at each school site?

Yes, the district will provide each school and faculty and staff with the necessary PPE. Each student will receive a reusable mask from the district. We encourage parents to provide additional masks. We will provide a disposable mask in the event a child loses or misplaces his or her mask.

If my child has underlying health issues and they are at greater risk for contracting COVID-19, will they still be required to attend school?

No, students will not be required to attend face-to-face classes. Students with underlying health conditions will receive chrome books to assist with at-home learning. Contact the individual school sites to find out if this option is available for your son/daughter.

Will my child receive breakfast and lunch?

Yes, students will receive breakfast and lunch in the cafeteria. Students will eat lunch in the classroom in the event of a change in the mode of learning

As public conversations around COVID-19 increase, children may worry about themselves, their family, and friends getting ill with COVID-19. Parents play an important role in helping children make sense of what they hear in a way that is honest, accurate, and minimizes anxiety or fear. CDC has created guidance to help adults have conversations with children about COVID-19 (<https://www.cdc.gov/coronavirus/2019-ncov/daily-life-coping/talking-with-children.html>) and ways they can avoid getting and spreading the disease

HOMEBOUND INSTRUCTION

Homebound instruction will be used at the discretion of the school principal. The Compulsory School Attendance officer will be notified. Placement on the homebound instruction will be addressed in a parent/guardian-school conference to develop an IEP (Individualized Education Plan). The duration of home bound instruction will be set by the school principal. The student will receive credit for the work satisfactorily completed during home bound instruction. Excessive absences from homebound instruction will be reported to the school attendance officer.

The site of homebound instruction will be established during the IEP meeting. The site will be a public setting such as library, city hall, sheriff's office, etc. The parent/guardian will be responsible for providing transportation to the site of instruction.

Students that are homebound because of behavior problems cannot attend any school-sponsored activities, (prom, ball games, club activities, school sponsored trips, etc.) or come on campus without permission from the principal.

HOMEWORK

Homework is a responsibility of every student. As a general rule, students will have to spend some time at home each day on work from school. Students are expected to turn in all work on the pre-determined due dates. Students who are absent from school are responsible for arranging to make-up work and turning it in to the teacher as assigned. Failure to turn in make-up work will result in a lower grade.

Days suspended out of school are considered as unexcused absences; with 70% as the maximum possible grade on submitted work homework. Students who are suspended will receive their homework assignments upon their return to school; refer to section on "Make-up Work."

IN-SCHOOL SUSPENSION (ISS)

In-school suspension will be used as discipline for certain minor offenses. The following is a list of some the major premises of the in-school suspension program:

1. Classroom teachers will furnish a written list of the class assignments for the student or work will be assigned by the in-school suspension instructor.
2. A zero will be recorded as a daily grade for work not done by the student while in ISS.
3. Students are expected to follow all rules governing in-school suspension.
4. Students who do not follow the rules of in-school suspension will be subject to out of school suspension and/or alternative school placement.
5. Students are expected to bring all books and materials to in-school suspension.
6. Students are expected to check with the classroom teacher upon their return to the classroom about any work or tests that may have been missed during their time in in-school suspension.
7. Students assigned to in-school suspension will not be allowed to participate in field trips.

LIBRARY BOOKS

The library functions as a service for the students and teachers. The library is open from 7:45 a.m. to 3:15 p.m. **Middle / High School** books are checked out for a period of three weeks and may be renewed. **Elementary School** books are checked out for a period of two weeks and may be renewed. **Elementary / Middle/High School** fines for overdue books are \$.10 per day (excluding weekends and holidays). Books must be returned, and fines paid before report cards are issued. Students are expected to work in the library in an orderly fashion.

LOST, FOUND, AND STOLEN ITEMS

Valuables and Possessions

Each student is encouraged to mark coats, backpacks, etc. with some type of permanent marker so these items can be identified if necessary.

School officials are not responsible for personal items that are lost or stolen at school. It is recommended that students only bring a minimum amount of money to school that is necessary for school purposes. Any item found at school that fits into the category of illegal or restricted items should not be disturbed or tampered with and should be reported to a school official immediately. Any student who brings these items into his/her possession is subject to punishment for possession of the item.

MEDICATIONS (ADMINISTERED AT SCHOOL)

All medications given at school (prescription or non-prescription) must first be authorized by the student's parent/guardian and physician on the *Permission to Give Medication Form*. No medication will be administered to a student without this complete form. This form is furnished by the school-base clinic and requires the signature of the parent or guardian, and the student's physician prior to the parent bringing the medication to the school. Unless otherwise specified by the doctor, we will not give any medication such as stimulants or antibiotics ordered once or twice a day. This frequency may be given at home. Please be advised that the school cannot supply medications for any student. All medication authorized to be given on school campus by the school nurse or designated person is to be secured in the nurse's office or school office with the only exception being the use of an inhaler. Students with permission forms for an inhaler of the treatment of asthma may always keep their inhaler with them. In the case of students in elementary grades or special circumstances, it may be appropriate to have the inhaler secured in the homeroom teacher's desk for convenience and prompt accessibility in the case of an asthma attack. No medication is to be brought to the school by the student. The only exception to this rule is the use of the above-mentioned prescription inhalers or ordinary cough drops. All medications must be delivered in a new, unopened container to be labeled and secured for the student by the school nurse. All prescription medication must be in the container supplied and labeled by the pharmacy or physician.

The first dose of any new medication will not be given at school. This is to protect against the possibility of the student having an allergic reaction while at school.

Before the last student attendance day in May of each year, each student's parent/guardian must pick up all remaining medications. Medications cannot be sent home with the student.

Each parent/guardian will be sent home a written reminder at least two weeks before the end of school. Any remaining medications will be discarded by the last nurse workday.

SCENT DETECTION CANINE

It is the responsibility of the Jefferson County School District to provide a safe and secure environment for all staff, students and faculty members while on campus. One method of providing this safe school environment is the implementation of a Scent Detection Canine Program. This program is designed to act as a tool to provide a means of detecting illicit drugs on campus, serve as a deterrent to those who might consider bringing illicit drugs onto campus, convey to students in the strongest possible terms that the district will not tolerate illicit drugs or other scent detectable contraband on school property.

It is the intention of school officials to employ the use of scent detection canines to conduct suspicion-less sweep inspections on school property. These sweeps will be conducted without advance notice. The areas subject to these canine sweeps will include, but not be limited to, lockers, desks, handbags/purses, coats/jackets removed by students, book bags, athletic bags, and vehicles brought on school property. Students may be required to vacate a room and leave behind their outer clothing or other possessions to allow scent dogs to examine the items left in the classrooms.

The Jefferson County School District offers a variety of programs to meet the unique needs of each exceptional student. Special services are available for children between the ages of three through twenty who are physically, mentally, communicatively and/or emotionally disabled.

Classes are available at the preschool, elementary, middle school and high school levels. Exceptionalities served include autism, specific learning disabilities, language/speech disabled, intellectually disabled, multiple disabilities, hearing impaired, visually impaired, other health impaired, orthopedically disabled, and emotionally disabled. Both resource and self-contained classes are available; a home-based program is available to students who are unable to come to school because of a disability, illness, accident or surgery. Other special programs can be added as the need arises. Parents of children with disabilities are strongly urged to take advantage of the special services available.

Elementary special classes emphasize academics. Secondary special classes include career & technical training, academics, and community involvement. Related services are available for transportation, counseling, physical therapy, and occupational therapy and any others as needed. Three options are available for graduation, depending on the student's functioning level. Special students may earn a high school diploma if they meet the criteria established by the Mississippi State Department of Education. They may receive a Mississippi Occupational Diploma (MOD) if they successfully complete the requirements of the program. (The MOD is not an option for 2017-2018 incoming 9th graders.) Students may receive a certificate of satisfactory completion of a special education course of study. 504/ADA Coordinator

The Jefferson County School District provides a free appropriate public education to each qualified person with disabilities who is in the district's jurisdiction, regardless of the nature or severity of the person's disability. The provision of an appropriate education is the provision of regular or special education and related aids and services that are designed to meet the individual educational needs of the persons with disabilities as adequately as the needs of the non-disabled persons are met and that are based upon adherence to procedures that satisfy the requirements of Section 504 of the Vocational Rehabilitation Act of 1973.

The school district has adopted grievance procedures that incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints. Section 504 and ADA complaints should be addressed in writing to the building principal. A copy of the grievance procedures is available from any school principal or counselor.

The school district does not discriminate on the basis of disability in admission or access to, or treatment or employment in its programs and activities.

STUDENT RECOGNITION

Students at Jefferson County School District are recognized for exemplary academic progress, behavior, and attendance during the school year by the faculty. At the end of the year awards will be presented to the students who have met the following criteria: perfect attendance, academic achievement, citizenship and athletic performance.

STUDENT RECORDS

(Permanent Records)

Each student has a permanent record of work on file in the office. Each phase of work is recorded and serves as a recommendation to employers or colleges.

(Certification of Immunization)

State law requires that all students in grades K-12 provide the school a Certificate of Immunization (*Form 121*). Students who transfer to Jefferson County must produce proof of immunization from their transfer school or secure the necessary inoculations. This must be done before a student may attend class.

A principal may release the following types of information to the public, keeping in mind the privacy of the student and the student's family and the totality of the surrounding circumstances: name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous school or institution attended by the student, photos, videos, information released to press, and other similar information. This does not allow the release of any of the above information to which a parent/guardian has filed an objection in writing. When a parent/guardian so objects, the student records will clearly distinguish and identify what types of information are not to be released. If a parent/guardian objects to any of the above stated information being released, please send a note to the principal within five (5) school days after receiving this student handbook.

STUDENT SEARCH

A student's person and/or personal effects may be searched whenever a school authority, other than a sworn law enforcement officer, has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. If a pat-down search of a student's person is conducted, it will be conducted in private by a school official of the same sex with an adult witness present. It will be an extremely rare situation that requires a more intrusive search of a student's person than a pat-down.

Only if extreme emergency conditions exist, and only upon prior approval by the Superintendent, shall a more intrusive search be conducted by a school official, other than a sworn law enforcement officer. If such a search is necessary, it will be conducted in private by a school official of the same sex with an adult witness of the same sex present.

Notice of Policy

Students will be provided notice of the School Search Policy by having the policy placed in the student handbook and distributed to all students. A copy of the policy will also be posted in the principal's office or other prominent place in the school.

- **Tier 1:** Quality classroom instruction based on Mississippi standards.
- **Tier 2:** Focused supplemental instruction.
- **Tier 3:** Intensive interventions specifically designed to meet the individual needs of students.

If Tier 1 and 2 instruction is unsuccessful, students must be referred to the Teacher Support Team (TST). The TST is the local team responsible for interventions developed at Tier 3. Each school must have a TST implemented in accordance with the process developed by the Mississippi Department of Education.

WITHDRAWAL FROM SCHOOL

If it becomes necessary to withdraw from school, a parent/guardian should obtain a withdrawal form from the counselor's office. The counselor will have each assigned teacher to sign this form indicating that the student is clear, and the student is officially withdrawn from school. NOTE: In addition, the form must be cleared by the librarian, counselor, cafeteria administrator, secretary and the principal before records are released. All library and classroom textbooks must be returned, and all fines paid to complete the withdrawal process.
