

AUGUSTA

ELEMENTARY BASKETBALL LEAGUE

Once again, the Augusta Athletic Department is offering a spring elementary basketball league. The Augusta Elementary Basketball League (AEBL) is a recreational and educational basketball league comprised of students in **grades K-6**. The league is designed to accommodate players of all skill levels! This is a great opportunity for players to continue to grow their abilities, learn the values of good sportsmanship and - most of all - have fun playing the game we all love! Our focus is on helping each attendee take the next step in his or her development as a player, regardless of what that next step might be. Our ultimate goal is to help kids love the game of basketball while they learn the game of basketball in a safe but competitive environment! We would love your child to join us in learning the fundamentals of basketball while enjoying time with their friends, coaches and older players who will be mentoring them.

This league will run on Tuesdays and Saturdays from March 21 through April 29 and will consist of drills for skill development and game play. The kids will be divided into groups by grade (K-3/4-6) and/or skill level. The drills will be completed in roving stations allowing more to be covered as well as individualized instruction. Games will consist of two 12-minute halves with a running clock. There will be a short break at half time. Each player will play in every game and the league will encourage teamwork and good sportsmanship. The number of teams we have will be based on the number of players that sign up. Each session will consist of two one-hour time blocks Tuesday (3:00-4:00 for K-3 and 4:00-5:00 for 4-8), Saturday (9:00-10:00 for K-3 and 10:00-11:00 for 4-8). Children must attend the skills development sessions to be able to play in the games that week.
