

Graduate Profile

Vision Statement

“Jordan Public Schools will graduate citizens who value respect, responsibility, honesty, compassion, and courage.”

Core Purpose:

The Core Purpose of Jordan Public Schools is to create varied learning opportunities that promote the interests of students to help each child reach their fullest potential, teach them how to learn, and inspire them to be lifelong learners.

Core Values:

The core values for Jordan Public Schools include graduating students who are respectful, responsible, critical thinkers, with a strong work ethic. These students will be employable, exhibit strong citizenship, and be the future leaders that Montana and America require.

****Respectful**

We value respect in school and community. We demonstrate compassion, kindness, and integrity for the benefit of all. We believe we all benefit from strong civic values.

****Civic Minded:**

Our community is strengthened by citizens who care about issues and are actively engaged in making the place they live a better place. Civic-minded individuals will be informed voters. They will volunteer on projects to benefit their community. Civic-minded individuals will be ethical in their actions and culturally respectful of those different than themselves. They will model healthy behaviors and be positive in their interactions with other citizens.

****Critical Thinkers**

Thinking critically is an essential skill in solving a complex problem at work, deciding on finances, or understanding the news for life skills. Critical thinking promotes rational judgments.

****Strong Work Ethic**

Employers prefer employees with excellent work ethics because they are reliable, honest, disciplined, and dedicated. This increases student employability and job opportunities. Strong Work Ethic includes Reliability, Dedication, Discipline, Productivity, Cooperation, Integrity, Responsibility, Accountability, Professionalism, and Punctuality.
