**Mission:** *KGLA Mission is to Empower our Scholars to LEAD as they prepare for college, careers, or the workforce.*

**Vision:** *We envision a school where we love, we learn, and we lead.*

### **Beliefs:**

We believe that . . .

- Every child deserves a quality education.
- Provided the opportunity, all children can learn.
- A positive relationship between parent and teacher can enhance a child's success.
- Education should address the whole child: socially, emotionally, culturally, and academically.
- All students should be able to compete in a global society.
- All students should become effective users of technology.
