Section 4. No member of the Board of Control shall serve on the Board while a case involving the school which he/she represents is being heard.

Article VII Amendments

Section 1. The Constitution may be amended by a majority of the membership of the Legislative Council. The action of the Legislative Council shall be final except that any amendment it makes may be appealed to the entire membership upon request of 25 members of the Association submitted to the Executive Director in writing. An appeal to the membership must be participated in by at least 51 percent of the total membership or the appeal will be void. A two-thirds majority of those voting will be necessary to reject a regulation adopted by the Legislative Council. Any item, not on the regional agenda, that is submitted by a member school to the Legislative Council must be in writing and submitted to the Executive Director no later than four weeks prior to the meeting of the Legislative Council at which the item is to be submitted. Any item to be placed on the agenda of the Legislative Council must be submitted by the chief administrator of a member school, a committee established by the Board of Control, Legislative Council or members of the TSSAA staff.

Section 2. The Legislative Council shall not act on any proposed rule changes affecting any sport sponsored by TSSAA unless the proposed change has been called to the attention of the membership by letter or by being printed in the TSSAA bulletin.

Article VIII Regional Meeting

Section 1. Regional meetings shall be held in November and/or December of each year at Jackson, Nashville and Knoxville for the purpose of electing members to Board of Control and Legislative Council and of considering proposals to amend the Constitution and Bylaws or other legislative proposals. Proposals for consideration at regional meetings may be submitted by member schools, the Board of Control, or the Legislative Council. All such proposals must be submitted to the Executive Director in writing not later than October 15 of the year they are to be presented at the regional meetings. The Executive Director shall furnish all member schools with a list of all legislative proposals prior to the regional meetings, and the school or group responsible for each proposal shall be indicated. A committee composed of the President and Vice-President of the Legislative Council, the President of the Board of Control, and the Executive Director shall determine the order in which these proposals shall be considered at the regional meetings.

Non-voting faculty representatives of member schools have the privilege of speaking for or against any proposal considered.

The vote of the member schools at the three regional meetings is not binding but shall be considered by the Legislative Council in adopting or rejecting legislative proposals.

DEFINITIONS

Affiliate Member – A school that has all the privileges and responsibilities of membership but does not participate in the tournament series in any sport.

Athletic Program – All aspects of the member school’s program of interscholastic athletic competition in the sports listed in Article I, Section 4, of the TSSAA Bylaws.

Athletic Record – A student has an “athletic record” if the student has played in an interscholastic contest at the varsity, junior varsity, ninth grade, or any other level, on behalf of a TSSAA member school or a school that is a member of a state athletic association holding membership in the National Federation.

Bona Fide Change of Residence – A move from one community to another that justifies a change of schools. Where a family continues to maintain a previous residence for the residential purposes of that family or any of its members, the move is not one that justifies a change of schools for purposes of the TSSAA Bylaws.

Coach – Anyone who instructs or supervises student-athletes in practices or contests.

Cooperative Program – Two member schools forming a single team in a sport in which at least one of the schools does not have a team and has not had a team for the previous two (2) years.

De Novo – Heard anew. Where a decision by the Executive Director is appealed “*de novo*” to the Board of Control, the Board of Control is not in any way bound, restricted, or limited by the findings or conclusions of the Executive Director and may render whatever decision it deems appropriate based on its own review of the facts and circumstances.

Enrolled – A student is considered “enrolled” at a school, for purposes of these Bylaws, when the student has (a) completed all paperwork required for attendance at the school; (b) paid all deposits and tuition due where applicable; and (c) either (i) attended classes for three days; (ii) engaged in three or more days of football, girls volleyball, cross country, golf, or girls soccer practice during the period on or after the TSSAA first official day of practice; or (iii) participated in an athletic contest in any Fall sport. A student may not be considered to be enrolled in more than one school at any time.

Guardian – An adult with whom the student has lived for twelve (12) or more consecutive months. For purposes of TSSAA Bylaws, official appointment by a court is not required to establish guardianship; however, no person may be considered a guardian for purposes of these Bylaws unless the student has lived with that person for twelve (12) or more consecutive months, regardless of whether that person has been appointed as a guardian by a court.

Junior Varsity – Any level of play below the varsity level, whether denominated as junior varsity, b-team, freshman, ninth grade or otherwise.

Last Participation Date – the date of the last interscholastic athletic contest in which the student participated.

Non-Traditional Students - Non-traditional students include those students attending:

- a public virtual school recognized by the Tennessee Department of Education
- a legally-registered independent homeschool student
- a homeschool student enrolled in a church-related umbrella school
- a homeschool student enrolled in an online accredited school

Parent – The birth mother and biological father of a student; the person(s) to whom a proper jurisdiction grants adoption of the student; or a step-parent with whom the student regularly resides.

Practice – Any interaction between a coach and student-athlete(s) where instruction, teaching, coaching, etc., is occurring. Happenstance communications between coach and student-athlete(s), in circumstances where

2024-25 TSSAA Handbook

attendance by the student-athlete is neither expected nor required, are not considered to be practice. Such communications may not, however, be used to circumvent the requirement in open facilities that a coach act in a supervisory capacity only. In addition, try-outs are considered practice.

Principal – The chief on-site administrative official of the member school, whether known as “principal,” “head of school,” “executive principal,” or by some other title.

Regular Attendance – A student is considered to be in “regular attendance” at a school when the student is enrolled at the school; is taking at, or under arrangements approved by the member school, a minimum of five (5) full courses or the equivalent for which credit toward high school graduation will be granted by the member school upon the student’s completing and passing the courses; and is satisfying the requirements of the school or school system for class attendance applicable to students generally.

School Team – An entity comprised of one or more students in a school, under the control and conduct of the school, which represents the school in interscholastic athletic competition.

Special Olympics Athlete – A student participating in Unified Sports who has been identified by an agency or professional as having one or more of the following conditions: intellectual disability, cognitive delay as measured by a formal assessment, or significant learning or vocational problems due to cognitive delay that require or have required specially designed instruction.

Territory – For a public school, the “territory” of the school is the geographic boundaries and bus routes of the area served by that school as established by the local board of education. For a system-wide public school, magnet school or charter school, the “territory” of the school is the geographic boundaries of the school system. For a non-public school the “territory” of the school is the area within a twenty (20) mile radius from the school.

Tournament Competition – The TSSAA-sponsored championship tournament series.

Transfer Student – A transfer student is any student changing schools for any reason other than having completed the highest, or terminal, grade at another school. A student who must change schools because he/she has completed the highest grade at his/her previous school is not considered a transfer student and is eligible to participate in athletics at any school he/she attends, without further approval, provided he/she satisfies the residence requirement above.

Unified Partner – A student participating in Unified Sports who has no intellectual disability or cognitive delay. Unified Partners are paired with Unified Athletes to participate on Unified Sports teams. Unified Partners are not eligible to participate in the TSSAA postseason at the state level on the school team for the sanctioned sport in which they are participating in the Unified competition.

Unified Sports – Special Olympics Unified Sports® is an inclusive sports program that combines an approximately equal number of Special Olympics athletes (individuals with intellectual disabilities) and partners (individuals without intellectual disabilities) on a team for training and competition.

TENNESSEE SECONDARY SCHOOL ATHLETIC ASSOCIATION

BYLAWS

There are three primary objectives that the member schools of the TSSAA attempt to achieve through their Bylaws: (1) maintaining athletics in its proper perspective as subordinate to the primary academic mission of the schools; (2) preventing the exploitation of students for athletic purposes; and (3) fostering fair competition, or a “level playing field,” among the TSSAA member schools. While some particular Bylaws may serve additional purposes, all of the Bylaws should be read with these three overriding objectives in mind.

Sanctioned Sports - Section 4
Emerging Sports – Section 5
Cooperative Programs - Section 6
Responsibility of the Principal - Sections 7 and 8
Coaches - Section 9

Membership

Section 1. Any Category 1, 2, 3, or 4 secondary school in Tennessee which includes grade 9 and/or higher, desiring membership in TSSAA may make application to the Board of Control. Prior member schools that continue to serve students within the state of Tennessee may also make application to the Board of Control. Contracts for membership shall be approved or rejected annually by the Board of Control.

Member schools that withdraw from the TSSAA membership must be an affiliate member for one year upon application to renew membership.

Section 2. The annual dues for a senior high school in Division I Class 1A shall be \$150.00, in Division I Class 2A \$200.00, in Division I Class 3A \$250.00, in Division I Class 4A \$250.00 and for a junior high school shall be \$100.00. The annual dues for a senior high school in Division II Class A shall be \$150, in Division II Class AA \$200. The Legislative Council may not increase membership dues unless the increase is approved by a vote of TSSAA member schools.

Membership contracts shall be submitted by August 1 for the subsequent school year. Membership dues shall be paid no later than September 1 and shall be for the school year (August 1 – July 31). There shall be a five dollar (\$5.00) per business day late fee charged to any school that fails to remit its membership dues by September 1.

Section 3. For tournament competition there shall be two categories. Division I shall consist of all member public schools. Division II shall consist of all member independent schools.

Any school which includes grade 9 and/or higher may compete as a member school.

Please see FAQ's on Page 42-59.

Sanctioned Sports

Section 4. TSSAA shall sanction the following sports: baseball, basketball, bowling, boys' lacrosse, cross country, football, girls' lacrosse, girls' softball, girls' volleyball, soccer, tennis, track & field, Unified Sports, and wrestling. Any sanctioned sport offered by a member school that is approved by the school's governing body, shall fall under the jurisdiction of the TSSAA Bylaws.

Please see FAQ's on Page 42-59.

Emerging Sports

Section 5. The Legislative Council can sanction an “emerging sport” once 15% of the TSSAA membership are either currently participating in the sport or are committed to participation once sanctioned. For the purposes of calculating this percentage, schools only participating in cooperative programs or that have joined TSSAA for only one sport will be omitted from the total count of member

2024-25 TSSAA Handbook

schools. When proposing the sanctioning of an emerging sport, the following information should be provided:

- **Reasons for requesting the TSSAA to sanction the emerging sport**
- **Estimated costs per year to TSSAA member schools and the TSSAA, including payment information for officials**
- **Proposed sports calendar for the emerging sport**
- **If not already a sanctioned NFHS sport, information about the governing body who determines the rules of the emerging sport**

A sanctioned emerging sport will be treated the same as all other TSSAA sanctioned sports, except that a state championship will not be offered. Instead, TSSAA will work to classify participating schools into districts, regions, and/or sections for a postseason invitational. All emerging sports, regardless of initial participation numbers, must go through a one-year trial period before a state championship will be added. It will be the responsibility of the Board of Control to approve a state championship after the trial period and once the TSSAA office has determined that participation numbers have increased, there exists an appropriate amount of geographic representation throughout the state to execute postseason qualifying procedures, and the state championship can be implemented by existing TSSAA staff. Emerging sports can remain in the emerging sport category indefinitely until a state championship is added. Once a sport is sanctioned with a state championship, the state championship will not be removed even if participation numbers fall.

The following sport has been sanctioned as an emerging sport: girls' flag football.

Cooperative Programs

Section 6. Two member schools in the same Division may petition TSSAA annually for permission to have a cooperative program in any sport if one of the schools does not have that program and has not had that program for the last two years. The Executive Director of TSSAA may approve such cooperative programs subject to approval by the principals of the schools involved. A request for a cooperative program between two schools in different Divisions or between more than two schools shall require Board of Control approval.

Responsibility of the Principal

Section 7. The principal of each school, in all matters pertaining to the athletic relations of his/her school, is responsible to this Association. Administrators must realize that they have more responsibilities than the general public to understand the purpose of high school athletics and the principles behind the TSSAA rules, and they must maintain that level of understanding and purpose when dealing with the general public and students. The principal shall exercise control over all finances, the scheduling of contests, and all other matters involved in the management of the school's athletic program. Any school whose athletic program is managed by a non-school group shall not be eligible to hold membership in TSSAA.

The principal shall furnish to the Executive Director such information as may be desired concerning eligibility of contestants, participation and reports on officials. Failure to comply within a reasonable time shall subject the school to suspension, fine or other penalty. Any eligibility list shall remain on file in the principal's office for a period of not less than five years.

Administrators' meetings are held annually. Failure of a member school representative to attend the meeting shall result in a fine of \$50.00.

Section 8. All games shall be properly supervised to ensure sportsmanlike contests. The host school shall be responsible for providing sufficient security to ensure orderly conduct on the part of all spectators. Visiting teams shall be accompanied by the principal or someone designated by the principal. If the game is played on a neutral field and neither team is designated as the host team, the competing schools shall share the responsibility of providing sufficient security.

The host school is responsible for the safe passage of the game officials upon arrival and exiting the facility.

Public criticism of game officials by administrators or coaches may result in a fine of \$500.00 assessed to the school.

2024-25 TSSAA Handbook

Member schools are responsible for the conduct of their own fans and students at every athletic contest, regardless of where it may be held.

The coach and principal of each of the schools participating in an athletic contest shall file a report immediately with the state office if there is any unusual incident involving poor sportsmanship, during or following the game, on the part of players, coaches, school administrators, game officials or spectators.

Section 9. All coaches must be registered with TSSAA annually and will fall under one of the following categories:

1. Full-time certified teacher (a minimum of 100 school days) of a board of education with a Tennessee teaching license or the equivalent.
2. Retired educator (five or more years' experience) with a valid Tennessee state teaching license or the equivalent.
3. Non-faculty coach – Anyone approved by the principal, superintendent, and/or local board of education in the normal course of employment procedures in accordance with applicable state law.
4. Classified Employee – Any individual employed by a member school or school system in a position that does not require a teaching license or the equivalent. A Classified Employee must be employed 30 hours or more per week in a non-coaching position and may not be an independent contractor or an employee of an independent contractor.

A. Coaching Requirements:

1. All coaches must be approved by the principal, superintendent, and/or local board of education prior to coaching.
 2. All coaches must be submitted online and assigned to the appropriate sport(s) in the school's portal account to the state office annually. This should be done prior to coaching.
 3. Non-faculty Coaches and Classified Employee Coaches must complete the NFHS "Fundamentals of Coaching" and "First Aid, Health, & Safety for Coaches" courses prior to assuming the position. Coaches who have successfully completed the ASEP Coaches Education Course prior to May 15, 2013, will not be required to take the NFHS courses. A school must pay an annual registration fee of **\$75.00** per Non-faculty Coach. There is no registration fee for a Classified Employee.
 4. In addition to the requirements listed above, all coaches of Unified Sports must meet the requirements set forth by Special Olympics of Tennessee.
- B.** Use of a coach who does not meet all the requirements listed above shall result in a fine of \$500.00. Use of a Non-faculty Coach or Classified Employee Coach who has met the requirements listed above but has not been submitted to the state office prior to the date of first contest allowed by the Sports Calendar shall result in a fine of \$50.00. Use of a full-time certified teacher or retired educator who has not been submitted to the state office prior to the date of first contest allowed by the Sports Calendar shall result in a fine of \$50.00.
- C.** All coaches are subject to the TSSAA rules and regulation and must conduct themselves in a manner becoming of a coach and representative of the school. All coaches are responsible to the principal of his/her school. Coaches must realize that they have more responsibilities than the general public to understand the purpose of high school athletics and the principles behind the TSSAA rules, and they must maintain that level of understanding and purpose when dealing with the general public and students. Coaches must be paid entirely from funds approved by either the board of education, governing board of the school, Director of Schools, or the Principal of the school.

Please see FAQ's on Page 42-59.

Rules Meetings for Coaches

Section 10. A member of the coaching staff in each sport and cheerleading shall attend a state rules meeting in person for their sport each year and submit their attendance voucher online or complete an online version of the same by the TSSAA Date of First Contest, or the school will be fined \$50.00. A school administrator may also

2024-25 TSSAA Handbook

satisfy this requirement on behalf of his/her school. If the TSSAA Date of First Contest deadline is missed, the head coach will not be eligible to coach in the post-season tournament series until he/she completes the online rules meeting.

Contracts

Section 11. Contracts made and entered into by member schools may be cancelled by mutual agreement or by authority of the Board of Control. In the event a dispute arises under a written contract between two member schools, and the contracting schools are unable to resolve that dispute, either school may request a resolution by the Executive Director. The Executive Director's determination may be appealed to the Board of Control, whose decision shall be final and binding. TSSAA shall not resolve any disputes under contracts that are not in writing.

Preamble

The member high schools of the Tennessee Secondary School Athletic Association have adopted, through their elected representatives, an essential inter-related group of minimum eligibility requirements which work together to define and preserve the fundamental nature of the program.

All eligibility rules are designated “Varsity” if they apply to Varsity participation and “JV” if they apply to Junior Varsity participation.

Enrollment and Attendance (Varsity, JV)

Section 1. To be eligible, students shall be regularly enrolled, in regular attendance, and carrying at least five full courses or the equivalent. A student is eligible to participate in football, volleyball, cross country, golf, and girls’ soccer prior to the beginning of school if the student is enrolled at the school and meets all other eligibility requirements.

A student shall not participate in athletics during any semester unless he/she is duly enrolled on or before the 20th day of the semester. This rule shall not apply to transfer students who have met the attendance requirements in the school last attended.

Please see FAQ’s on Page 42-59.

Academic Rules (Varsity, JV)

Section 2. To be eligible to participate in athletic contests during any school year, the student must earn five credits the preceding school year if less than 24 credits are required for graduation or six credits the preceding school year if 24 or more credits are required for graduation. All credits must be earned by the first day of the beginning of the school year. Students who are in the ninth grade must have been academically promoted to the next higher grade in order to be eligible. Academic eligibility for a student is based on the requirements of the school the student was attending at the conclusion of the previous school year.

Students who are ineligible the first semester may gain eligibility the second semester by earning a passing grade in five classes or three blocks or the equivalent by the end of the first semester. These students will be eligible to participate in athletics when school resumes on or after January 1 of that school year.

Students on trimesters who are ineligible at the beginning of the school year may gain eligibility by earning a passing grade in five classes or three blocks or the equivalent by the end of the first trimester. These students will be eligible to participate in athletics when school resumes on or after January 1 of that school year.

2024-25 TSSAA Handbook

If a student is forced to withdraw from school, or is prevented from enrolling in school, due to the student's illness, his/her accident, or his/her disability, the principal may request a ruling in regard to the student's eligibility, provided the student was eligible at the time the illness or accident forced the student to withdraw or prevented the student from enrolling in school. If ruled eligible, such a student shall be charged with a semester of attendance for athletic purposes for the semester of non-attendance or withdrawal.

A student who returns to a member school after attendance at a school of correction or alternative school may be eligible for athletic participation provided the school of correction or alternative school is accredited by the Tennessee State Department of Education and provided the student returns to the school attended before entering the school of correction or alternative school.

Section 3. For athletic purposes the scholastic record filed in the office of the principal or superintendent at the end of a semester shall be final. Credits earned in a summer school accredited by the State Department of Education shall be recognized for eligibility purposes provided the student was enrolled during the spring semester immediately preceding the summer session and attended at least 40 days of that spring semester.

Section 4. A student who drops out of school before the end of the semester shall be ineligible to participate in secondary school athletics until the student has been in school a semester and has passed in at least five full unit subjects or the equivalent. (To become eligible under this regulation, a student must attend school for at least 40 days of the semester, but in no case shall the eligibility become effective until the beginning of the succeeding semester.)

Please see FAQ's on Page 42-59.

High School Graduate (Varsity, JV)

Section 5. No student shall be eligible to participate in athletics after he/she has graduated from a secondary school. (A student who takes an accelerated course shall not lose his/her eligibility even though that student earns enough units to graduate provided he/she does not participate in a graduating exercise or accept a high school diploma, and provided the student has not attended a secondary school for eight semesters after enrolling in the ninth grade.)

Eight-Semester Rule (Varsity, JV)

Section 6. A student, once enrolled in the 9th grade, has eight (8) semesters of athletic eligibility. Attendance of 40 school days of any semester shall be regarded as a "semester" under this rule regardless of athletic participation. If a student participates in athletics during a period of attendance of any number of days less than 40, he/she shall be charged with a semester of attendance.

A student who registers for two or more ninth grade subjects after having completed one school year in the eighth grade shall be classified as a high school student for athletic purposes.

The seventh and eighth semesters of athletic eligibility shall be consecutive.

Please see FAQ's on Page 42-59.

Repeating Rule (Varsity, JV)

Section 7. A student who participates in middle school athletics for more than two years after entering the 7th grade shall be ineligible for participation in all sports at all levels in the 9th grade.

Please see FAQ's on Page 42-59.

2024-25 TSSAA Handbook

Eighth Grade Participation (Varsity, JV)

Section 8. An eighth grade student is eligible to participate for a member school provided he/she has been academically promoted and he/she is enrolled at the school. An eighth grade student who continues to participate at the middle school level shall be ineligible at the high school varsity level in that sport. Students below the eighth grade are not eligible to practice or participate for a member school. Any student repeating the eighth grade shall not be eligible for high school participation during the year that the student is repeating the eighth grade.

Participation as an eighth grader shall not reduce the number of semesters a student is allowed to participate after enrolling in the ninth grade.

Please see FAQ's on Page 42-59.

Age Limit (Varsity, JV)

Section 9. No student shall be eligible to participate in any athletic contest during any school year if he/she becomes 19 years of age on or before August 1. The age rule may be waived for the Tennessee School for the Blind when this school is competing with other schools for the blind provided such schools are permitted by their state associations to waive the age rule in competing with other schools for the blind.

Please see FAQ's on Page 42-59.

Physical Examination and Parental Consent (Varsity, JV)

Section 10. It is required that no student be permitted to participate in practice sessions or in athletic contests until there is on file with the principal a preparticipation medical evaluation form signed by a doctor of medicine, osteopathic physician, physician assistant, or certified nurse practitioner stating that the student has passed a physical examination, not prior to April 15, and that in their opinion the student is physically fit to participate in interscholastic athletics. In lieu of the form, the principal may accept a signed statement from the health care provider certifying that the student has passed a physical examination that encompasses all elements on the preparticipation medical evaluation form and attesting that in their opinion the student is physically fit to participate in interscholastic athletics.

No student shall be required to submit to a physical exam if his/her parent(s) or legal guardian shall file with the principal a signed, written statement (affirmed under the penalties of perjury) declining such physical examination on grounds of sincerely held beliefs or practices.

It is required that no student be permitted to participate in practice sessions or in athletic contests until there is on file a parental consent certificate signed by a parent or legal guardian stating that the student has the consent of his/her parent(s) or legal guardian to participate

Please see FAQ's on Page 42-59.

Students Changing Schools

Section 11. General Provisions. (Varsity)

Residence. A student changing schools for any reason, to be eligible, must live at home with his/her parent(s) or guardian(s), unless:

- (a) the student is moving to a boarding school and has no athletic record the previous twelve months in any sport;
- (b) the student is moving as a direct result of the dissolution of the student's home due to death;
- (c) the student is moving as a direct result of the divorce of the student's parents; or
- (d) the student is moving as a direct result of the separation of the student's parents, provided a complaint or petition for absolute divorce has been filed with a court having jurisdiction to grant the divorce.

Under Discipline: (Varsity, JV) If a student has satisfied all other requirements for eligibility but was under discipline at his/her former school, the student shall be ineligible at the new school in all sports for twelve months or until the disciplinary charges have been removed, whichever is less. A student is considered to be "under discipline" if he or she has been suspended from school and/or placed in an alternative setting. The

2024-25 TSSAA Handbook

discipline has been removed if the school that has imposed the disciplinary action would allow the student to re-enroll.

"Transfer Student" Defined. A transfer student is any student changing schools for any reason other than having completed the highest, or terminal, grade at another school. A student who must change schools because he/she has completed the highest grade at his/her previous school is not considered a transfer student and is eligible to participate in athletics at any school he/she attends, without further approval, provided he/she satisfies the residence requirement above.

Executive Director Approval Required. A school may not allow a transfer student to participate in athletics until his/her eligibility has been verified and approved by the Executive Director. The school is responsible for the accuracy and completeness of the information supplied to the Executive Director for this purpose.

Participation While Ineligible. If a student who is ineligible, under these provisions regarding students changing schools, competes in a contest while ineligible, then the student upon becoming eligible under these provisions will nonetheless be ineligible to participate in twice the number of contests in which he/she participated as an ineligible student or will be ineligible for the remainder of the season, whichever is less (See Article III, Section 12). The school will also be disciplined in accordance to Article III, Section 12.

Section 12. Ineligible Transfer Students.

The following transfer students are ineligible for a period of twelve months from the student's last participation date, unless a different period of ineligibility is specified:

- a. **(Varsity)** A student who engages in three or more days of practice after the TSSAA first official date of practice with a school in which the student is enrolled shall be ineligible in that sport for that season if the student enrolls in another school without a corresponding change in the residence;
- b. **(Varsity)** A student who transfers as a result of a change of residence is ineligible unless (1) the old residence is outside the territory of the new school, (2) the new residence is outside the territory of the old school, *and* (3) the new residence is inside the territory of the new school;
- c. **(Varsity)** If a student has been ruled eligible as a result of a change of residence, and the parents or guardian return to the former residence before the student has been enrolled in the new school for one complete school year (or twelve months if the transfer occurred during the school year), the student will be ineligible for twelve months from his/her last participation date;
- d. **(Varsity, JV)** If a student with an athletic record transfers to a new school where an "athletic coaching link" existed in the past 12 months, that student is ineligible for 12 months past their first date of enrollment at the new school at all levels in the specific sports where a linkage was present. Links may include (1) attendance at an individual camp (and then transferring); (2) playing on non-school (independent) teams where the school coach is the coach or served as an administrator for the independent team/league (and then transferring to that coach's school); (3) transferring into a school where a former coach has been hired; and (4) transferring to a school where a former or current personal trainer or strength and conditioning coach is employed.

This rule does not apply if the student moves to his/her new schools after completion of the highest ending grade at his/her previous school.

If the ineligible transfer student has an athletic record for the previous or current school year in any TSSAA sanctioned sport, the student will be ineligible to participate in the sport(s) in which an athletic record has been established.

Section 13. Eligible Transfer Students. (Varsity)

Except as otherwise provided in Section 12 above, the following transfer students are eligible:

- a. The student has no athletic record in the previous twelve months in any sport sponsored by TSSAA;
- b. There has been a bona fide change of residence by the student's entire family unit in which (1) the old residence is outside the territory of the new school, (2) the new residence is outside the territory of the old school, *and* (3) the new residence is inside the territory of the new school. If such a change of residence occurs between school years, the student must transfer at the beginning of the school year

2024-25 TSSAA Handbook

to be eligible. If the change of residence occurs during the school year, the student may transfer without loss of eligibility (1) at the time his/her parents change residence; (2) at the end of the next report card period; (3) at the close of the semester or term; or (4) at the close of the school year;

- c. The student changes schools as a direct result of re-zoning or re-assignment of students by the local school system provided the student transfers at the time they are re-zoned or re-assigned;
- d. The student is moving from a boarding school where they are a boarder to the school serving the territory where his/her parents live, or vice versa, provided the student has attended the school he/she is leaving for a minimum of twelve months and provided the principal at the school he/she is leaving indicates in writing that the move is not for athletic or disciplinary reasons. The move must be at the beginning of the school year. (Note: The school must be outside the day school territory of the boarding school.);
- e. The student is transferring to a senior high school in the same system into the earliest grade offered at that senior high school, i.e. at the student's first opportunity to move to that school;
- f. The student who has been determined by a Court to be dependent and neglected and consequently changes residences and schools as a result of a Court order;
- g. The first time the student changes residence from one parent to the other as a result of a court-ordered custody change, so long as the principal of the former school attests in writing that the move was not for athletic or disciplinary reasons; or
- h. The first time the student changes residence from a guardian to either or both parents as a result of a court-ordered custody change, so long as the principal of the former school attests in writing that the move was not for athletic or disciplinary reasons;
- i. The student is attending school where the student's parent/guardian works as a full-time certified teacher, that parent/guardian takes a full-time job as a certified teacher at a different school, and the student transfers to the school where the parent/guardian takes the new job. The transfer must take place when the parent/guardian takes the job or, if the job change occurs during the school year, the transfer must take place when the parent/guardian takes the new job or must be made at the beginning of the following school year;
- j. The student who transfers from school A to school B and then returns to school A without having participated in any sanctioned sport at any level or without practicing three or more days after the first official TSSAA day of practice in any sport at any level at school B. This must be verified in writing by the administration of school B.
- k. **A student transfers from a TSSAA member school to a non-traditional setting but continues to participate for the same TSSAA member school; and**
- l. **A non-traditional student transfers to the TSSAA member school where he/she is already participating.**

Section 14. Practice Rule.

Only students who are enrolled and in regular attendance at a school may participate in practice.

Section 15. Foreign-Exchange Programs. (Varsity)

A foreign exchange student is an international student who attends high school in the U.S. To be eligible for interscholastic athletics in the U.S., such student must be under the auspices of and be placed with a U.S. host family by an international student exchange program that has been accepted for listing by the Council on Standards for International Education Travel (CSIET) and be recognized by the U.S. Department of State. The foreign exchange program must assign students to host families by a method that ensures that no student, or his/her parents, school or other interested party may influence the assignment for athletic or other purposes. The foreign exchange student may not be selected or placed on any basis related to his/her athletic interests or abilities.

A foreign exchange student is considered to be placed with a host family when written notice of placement is provided by the exchange organization to the student and his/her parents, and to the host family.

2024-25 TSSAA Handbook

Neither the school the student attends nor any person associated with the school shall have input into the selection of the student.

No member of the school's coaching staff, paid or voluntary, shall serve as the host family.

The foreign exchange student must possess a current J-1 visa, issued by the U.S. State Department.

The foreign exchange student must comply with all eligibility requirements, with the exception of Article II, Section 11 (Residence).

The foreign exchange student may participate a maximum of one school year. If the student decides to stay beyond the year in which they participate, then Article II, Section 11 (Residence) will be applied at the beginning of the next school year.

Please see FAQ's on Page 42-59.

Non-Traditional Students (Varsity, JV)

Section 16. This bylaw establishes the minimum eligibility requirements for a non-traditional student desiring to practice, tryout, and participate at any level in extracurricular athletics at a member school:

1. **The family must reside in the TSSAA member school's territory.**
2. **The parent or guardian must notify the principal of the TSSAA member school of the non-traditional student's intent to try out and possibly participate before the first official practice date in the sport.**
3. **A non-traditional student participating for an independent school must pay full tuition and abide by all financial aid rules. For the purpose of this rule, "full tuition" is defined as the same amount paid by all other students enrolled and in regular attendance at the school.**
4. **Non-traditional students must meet all other eligibility requirements.**

Tuition and Financial Aid (Varsity)

Section 17. If tuition is charged, it must be paid by parent, bona fide guardian or other family member. If a parent, guardian or other family member secures a loan for payment of tuition, it must remain an obligation of the parents, guardian or other family member to repay the principle and interest in full with no exceptions. Any loan program, grant program, educational foundation or similar program that is established and/or administered, in whole or in part, by a school or official of a school is considered financial aid. Financial aid will be allowed under the following condition:

Financial aid may be awarded on the basis of need, but proof of such need must be filed in the TSSAA office on forms approved by the Executive Director. In order to determine the basis for need, all schools awarding financial aid shall use one of the following services: FACTS Grant and Aid Assessment (FACTS), Financial Aid for School Tuition (FAST), School and Student Scholastic Service for Financial Aid (SSS), Family Financial Needs Assessment (FFNA), Private School Aid Services, Blackbaud Tuition Management, Tuition Aid Data Services (TADS), or **Clarity**. Schools must choose one of the companies for all student-athletes. A committee consisting of School Heads from Division II schools and one ex-officio, non-voting member from the Board of Control and Legislative Council will meet and make recommendations to the Board of Control on each student submitted. In addition, this committee will collect information from schools regarding financial aid statistics, grant procedures, and the overall financial aid program within the school. The Board of Control will then rule on all cases at the November meeting. The Board of Control shall have authority to reject the basis of need for students when in its opinion, or in the opinion of the school committee, the amount of need stated by the financial service cannot be justified.

Schools shall remove any student from athletic eligibility whose accounts with the school are 60 days overdue.

All records pertaining to financial aid or tuition assistance shall be open to TSSAA upon its request. Each school shall be responsible for securing necessary authorization to allow TSSAA to review or audit such records.

Please see FAQ's on Page 42-59.

2024-25 TSSAA Handbook

Recruiting Rule (Varsity)

Section 18. Athletic recruiting is prohibited. Athletic recruiting is the use of influence on a student or the parents or guardians of a student, by any person(s) directly or indirectly associated with the school, to secure or retain a student for athletic purposes. In the event that there is a violation of this rule, there shall be a penalty against the school, and the student(s) who was the subject of the violation shall be ineligible for a minimum of one year.

The penalty and any additional period of ineligibility beyond the one-year minimum will be determined by the Executive Director based on a consideration of the number of violations involved, the number of student-athletes involved, the nature of the violation(s), the individual(s) responsible for the violation(s), and the extent to which the violation may have been knowing, deliberate, or in reckless disregard of the provisions of this rule and the commentary that accompanies this rule.

Guidelines for Understanding the Recruiting Rule

1. Athletes or prospective athletes should be treated no differently than students who are not athletes. Students should be seen as students and not singled out based on their potential athletic ability.
2. To avoid the appearance of impropriety, a coach who is contacted by any student or family or individual about attending a school where he or she is the coach should inform that person that he or she needs to contact the administrative official or officials of the school who normally deal with the admission process.
3. To avoid the appearance of impropriety, any meeting with coaches regarding athletes or prospective athletes should be a part of the admissions process at the school and should take place at the school.

Q. How is influence for athletic purposes interpreted in the recruiting rule?

A. Examples of influence for athletic purposes may include, but are not limited to:

1. Offers of or acceptance of any special privileges not afforded to other students, whether athletes or not.
2. Offers of financial aid based on need to any prospective student-athlete by any member of the coaching staff. All financial aid questions should be referred to the principal or person in charge of financial aid.
3. Inducing or attempting to induce or encourage any prospective student-athlete to attend any member school for the purpose of participating in athletics even when the special remuneration or inducement is not given.
4. Any initial contact or prearranged contact by a member of a coaching staff or representative of the school and a prospective student-athlete in the seventh grade and above.
5. Offering or acceptance of any item with school advertisement (shirt, caps, jackets, etc.) to a prospective student; provided that this example does not apply to items of only nominal value (pencils, etc.) that a school gives to all families that participate in the school's admission process.
6. Admitting students to athletic contests free of charge based on their participation in athletics with non-school teams.
7. Recognizing students at athletic contests based on their participation in athletics with non-school teams.
8. Coaches or their representatives sending questionnaires, cards or letters, contacting, or visiting prospective student-athletes and/or their families at their homes. For purposes of the example, the terms "coach" assumes that the individual initiating the contact is acting in his or her capacity as a coach. If that person serves another role at the school and is not acting in his or her capacity as coach, then there may be no violation, unless the contact is really a method for what is in fact the use of influence for athletic purposes.
9. Coaches or their representatives providing refreshments, gifts, and/or asking prospective student-athletes or family members for contact information.
10. Any social media post that encourages prospective student-athletes to consider attending the school.

Q. What is allowed or permitted by member schools in contacting prospective students?

A. The Recruiting Rule is not intended to prevent a member school from marketing its total school program or conducting programs designed to attract students based on the school's overall educational and extracurricular

2024-25 TSSAA Handbook

programs. However, such programs must not be used as a method for securing students for athletic purposes. Examples of programs or things that would be permissible include, but are not limited to:

1. With the permission of the administration of both schools, a school may present programs or give information to elementary, junior high, or middle schools, which explain their total educational program. There should be a diversity of presenters, speaking on a variety of topics to students of all interests.
2. Once a student has pre-enrolled at a school in the spring or summer, taken necessary steps, been accepted or approved, paid a deposit (if required), and signed a contract indicating they will attend, the school may contact the student or family concerning summer programs, camps, physicals, etc., provided the student has:
 - a. Completed his/her classes and exams at his/her previous school;
 - b. Signed the independent school's enrollment contract; and
 - c. Paid the deposit required by the independent school.
3. Mass marketing of a school directed to a general population of students.
4. Mass media advertising.
5. Responding to inquiries from parents of prospective students about various aspects of the school's program.

Q. Are there activities that might appear inconsistent with the Recruiting Rule and the Guidelines but have been historically engaged in by many member schools and are permitted under the current Recruiting Rule and Guidelines?

A. Yes. Over the course of many years, there are a number of activities that many schools have customarily engaged in and that have not been regarded as violations of the Recruiting Rule. So long as the activity does not single out particular student-athletes, and so long as the activity is not being used to circumvent the Recruiting Rule, the following such activities are permissible regardless of any apparent inconsistency with the Recruiting Rule or the Guidelines:

1. With the permission of the administration of both schools, a coach may present programs or give information to elementary, junior high, or middle schools, which explain their total program. All information concerning a particular sport program must be given out at one or both of the schools. Any program must be presented at one or both schools. Those students in attendance or who receive information must be determined by the administration of both schools.
2. Students on school teams and/or all students in a school or particular grade may be admitted to athletic contests free of charge provided it has been approved by the administration of both schools.
3. Students on school teams and/or all students in a school or particular grade may be recognized for their accomplishments at athletic contests provided it has been approved by the administration of those schools.

Amateur Rule (Varsity, JV)

Section 19. A student who has never received payment for performance who has never used and is not using his/her knowledge of athletics or his/her athletic skill for pay in the sports which this Association governs and who has always contested under his/her own name is an amateur. (Accepting money for officiating athletic contests, payment for instructional services, or for working as an employee in a city or county recreation program is not a violation of this regulation.) Bowling, golf and tennis students will abide by USBC, USGA, and USTA regulations in accepting pay.

Students may receive payment for activities not related to performance provided that they are carried out in a manner that does not suggest or reasonably suggest the endorsement or sponsorship of the TSSAA school. The student's activities for which they are compensated may not include an image or likeness of the student in a uniform, or other clothing or gear depicting the name or logo of the TSSAA member school the student is attending or has attended. No reference to TSSAA accolades or championships may be used in the student's activities for which they are compensated.

2024-25 TSSAA Handbook

A student who violates any portion of the Amateur Rule shall be penalized according to the sanctions below:

- a. First Violation: The student shall receive a formal warning and return any award(s) or money received in violation of this rule. TSSAA shall direct the student in violation to immediately remove any endorsement, advertisement, sponsorship, or other promotional activity that is in violation of the Amateur Rule.
- b. Second Violation: The student shall be ineligible to participate in interscholastic athletics at any level of competition for a period of one (1) year from the date of TSSAA's determination of the second violation.
- c. Third Violation: The penalty and any additional period of ineligibility will be determined by the Executive Director based on a consideration of the nature of the violation(s) and the extent to which the violation(s) may have been knowing, deliberate, or in reckless disregard of the provisions of this rule.

Note: It is expected that the TSSAA member school will ensure adherence to any of the above penalties imposed on their student.

Please see FAQ's on Page 42-59.

Award Rule (Varsity)

Section 20. A student may accept a medal, trophy, state championship ring, high school letter, sweater, jacket, shirt, blazer or blanket but nothing else of commercial value from his/her school. (A sweater, jacket, shirt, blazer or blanket must carry the high school letter or other appropriate award emblem.) Acceptance of forbidden awards will cause a student to become ineligible for 12 months in the sport in which the violation occurs. Bowling, golf and tennis students will abide by USBC, USGA, and USTA regulations in accepting awards.

Section 21. A member school that has any connection with the presentation of a forbidden award — such as assisting in the selection of the person to receive the award, permitting the award to be given at a school function, or holding the award for a student until he/she has graduated — shall be subject to suspension from tournament play in the involved sport(s) for one season.

Please see FAQ's on Page 42-59.

Independent-Game Participation (Varsity)

(**NOTE:** This rule does not apply to bowling, golf, tennis, wrestling, cross country, and track and field.)

Section 22. Once a student participates in a school contest at any level, a student cannot participate in an independent contest prior to the conclusion of the season. If a student participates in an independent game in that sport after the first contest date allowed and before the season has closed or his/her name has been removed from the eligibility report at the request of the school principal, the student shall be ineligible at the varsity level as explained below.

Any organized game in which players on a non-school team participate – regardless of whether admission is charged - is considered as an independent game. Once a violation of this rule has been confirmed, the student will be ineligible for the remainder of the season in that sport.

A student's name may be removed from the school's eligibility list (TSSAA Portal Roster) upon written request of the principal prior to the first official contest date allowed in that sport without penalty. After the first official contest allowed, a student's name may be removed from the school's eligibility list (TSSAA Portal Roster) upon written request of the principal, and he/she may then participate as an independent without penalty. If the principal requests the state office to remove a student's name after the first official contest date allowed in that sport, such student may not again be certified during the season of that sport.

Students may practice with an independent team regardless of whether or not scrimmage situations occur at the practice for the independent team as long as the scrimmage situation only involves the independent team that is conducting the practice. A group of students who are assembled to try-out for an independent team is considered a single team regardless of the number of students involved.

Please see FAQ's on Page 42-59.

Specialized Camps (Varsity)

Section 23. All expenses of an athlete who attends any athletic camp where specialized instruction is offered in any sport sponsored by TSSAA must be paid by the athlete or his/her parents.

2024-25 TSSAA Handbook

Special Cases Involving Hardship

Section 24. Except for the eligibility rules in regard to age and to the number of semesters in school, TSSAA shall have the authority to set aside the effect of any eligibility rule upon an individual student when:

- (a) the circumstances causing the student to fail to satisfy the eligibility rule were unforeseen and unavoidable;
- (b) application of the rule to the student works an undue hardship in light of the unforeseen and unavoidable circumstances;
- (c) application of the rule would not accomplish the purpose for which the rule was intended; and
- (d) in the case of a change of schools, the change is for reasons unrelated to participation in athletics.

The burden of establishing each of these elements to the Executive Director's satisfaction is upon the school at which eligibility is sought. The individual student must meet the TSSAA definition of *enrolled* at the school where eligibility is sought in order for the Executive Director to consider the hardship case.

Any decision of the Executive Director on any request for a waiver of eligibility rules under this Section may be appealed *de novo* to the Board of Control at its August, November, January March or **June** meetings. The Board of Control only considers appeals at the June meeting on behalf of students that meet the TSSAA definition of *enrolled* at their new school. If the appeal to the Board of Control or any materials in connection with that appeal are received by TSSAA less than one full week prior to the scheduled Board of Control meeting, the member school at which eligibility is sought shall be responsible for all additional expenses associated with providing copies of that material to the Board of Control. A school appealing a decision of the Executive Director under this Section must have an administrator (principal, assistant principal, or athletic director) present at the Board of Control meeting.

Please see FAQ's on Page 42-59.

Athletes Participating in Unified Sports

Section 25. To be eligible to participate as a Special Olympics Athlete in Unified Sports the student must be enrolled and in regular attendance at the member school unless participating as a part of an approved cooperative program. All other eligibility rules do not apply to a Special Olympics Athlete in Unified Sports. Special Olympics Athletes must complete the Special Olympics of Tennessee pre-participation medical and parental release form prior to practicing or competing. The student must be identified by an agency or professional as having one of the following conditions: intellectual disabilities, cognitive delays as measured by formal assessment, or significant learning or vocational problems due to cognitive delay that require or have required specially designed instruction.

Unified Partners must meet all TSSAA eligibility requirements. They are not eligible to participate in the TSSAA postseason at the state level for the sanctioned sport in which they are participating in the Unified competition.

All Special Olympics Athletes and Unified Partners must be registered through the TSSAA Eligibility Portal.

Article III Compliance

Effect of Agreeing to Join TSSAA - Sections 1 and 2
Enforcement - Sections 3, 4, 5, and 6
Unsportsmanlike Conduct - Sections 7, 8, 9, 10, and 11
Playing of Ineligible Student-Athletes – Sections 12, 13, 14, and 15

Effect of Agreeing to Join TSSAA

Section 1. Membership in the association is voluntary. By joining the association, a member school agrees to abide by all rules of the association. If a member school, or that school's governing body, files suit against the association and does not prevail on the merits, the member school shall reimburse the association for all legal fees and expenses incurred by the association in connection with said suit.

Section 2. Each member school has a responsibility to monitor its athletic program and to self-report any violations of TSSAA Bylaws to the Executive Director as soon as the school is aware of possible violations. The responsibility extends to all administrators and coaches at the school. Each member school is responsible for the conduct of its administrators and coaches and for any knowledge possessed by its administrators or coaches.

Enforcement

Section 3. The Executive Director and/or the Board of Control shall have power to suspend, to fine, or otherwise penalize any member school for the violation of any provisions of the Constitution or Bylaws of the association or for other just cause. The period of suspension or other penalty shall be left to the discretion of the Board of Control where the penalty is not fixed.

Section 4. The Executive Director shall, in his/her discretion, determine whether information about any possible violation of the TSSAA Constitution or Bylaws is sufficiently reliable to justify further investigation. The Executive Director shall also, in his/her discretion, determine whether to conduct any investigation of possible violations of the Constitution or Bylaws as well as the nature and extent of any investigation that may be conducted and the procedures to be used in any such investigation. Factors to be considered by the Executive Director in making these determinations may include, but are not limited to, the workload of the TSSAA office, the seriousness of the alleged violation, the availability of staff members to assist in any investigation, the cost of investigation, the time needed to conduct an investigation, and any other factor the Executive Director may deem relevant in making these decisions.

Section 5. (a) A violation of the TSSAA Constitution or Bylaws will not result in any investigation or penalty if it is inadvertent and the school first learns of and reports the violation after the conclusion of the following year's playoffs in the sport in which the violation occurred, (b) If it is determined that a school (or any of its administrators or coaches) had knowledge of a violation or possible violation of the TSSAA Constitution or Bylaws and failed to promptly self-report it as required in Section 2, or that a delay in self-reporting occurred as a result of a failure by the school to properly monitor its athletic program as required in Section 2, the provisions of subsection (a) shall not apply. In any such case, a violation may be investigated and penalties may be implemented regardless of when the violation occurred.

Section 6. Any school under suspension, if it has restricted its athletic program to intramural athletics for the period of suspension, may be reinstated by the Board of Control upon application made in writing, 20 days in advance of the time it desires to be reinstated, to the Executive Director by the principal of the school and by the governing board under which the school operates. The Executive Director shall present the application of the suspended school to the Board of Control for its consideration. The principal and the governing board shall agree in writing that the school will abide by all rules of the association in the future. The principal and each member of the governing board shall sign the statement.

If a school with one or more two-year contracts has its athletic program in any sport suspended for violation of TSSAA regulations -- and the first game of the two-year contract has been played at the offending school -- such school shall be required to complete the contract, or contracts, when it resumes its athletic program if the school, or schools, affected desire.

Suspension of a member school shall free all existing contracts between that school and other member schools.

2024-25 TSSAA Handbook

Unsportsmanlike Conduct

The TSSAA and its member schools believe strongly that the major purpose of athletics at the secondary level is to be a part of the total educational program. A major part of this purpose is to stress to coaches, players, officials, and fans the vital importance of sportsmanship. It is critical that all people in each of these categories understand the major role that they play and the role model that they can be for others.

Recognizing this principle, unsportsmanlike conduct on the part of any of these groups cannot be accepted. Penalties for unsportsmanlike conduct set forth in these Bylaws are minimum penalties. A member school is free to impose any additional penalties upon its student-athletes, coaches, or fans as it may see fit.

Section 7. Unsportsmanlike Conduct by Student Athletes

- A. In contests in which registered TSSAA officials are involved, the officials will immediately notify the state office with a written report if players are ejected for unsportsmanlike conduct. In sports where registered TSSAA officials are not used, it will be the responsibility of the principal and/or coach of the player involved to report this incident to the state office.
- B. On the ejection of the student-athlete, the school will be required to submit a report on the action of the player and any disciplinary action taken by the school. The minimum penalty will be as follows:
 - 1. Football – 1 Game Suspension
 - 2. Soccer – There is a 2 Game Suspension for serious foul play except for the following offenses which shall result in a 1 Game Suspension:
 - a. A player anywhere on the field (other than a goalkeeper within his/her own penalty area) who deliberately handles a ball to prevent it from going into the goal.
 - b. A foul by a player against an opponent who is moving toward his/her offensive goal with an obvious opportunity to score.
 - c. **A player who is disqualified from the contest for receiving his/her second yellow card.**
 - 3. All other sports – 2 Game Suspension

The student-athlete is also suspended from all levels of participation (varsity, junior varsity, freshman) the same number of contest(s) in the sport involved.

If the student-athlete is a senior and cannot fulfill all of the disciplinary action due to the completion of the season, he/she will fulfill the action in the next sport in which they participate.

- C. In addition to what is presently required when a player is ejected for unsportsmanlike conduct, a meeting shall be held with the player, coach, principal, and parent(s) or guardian(s) prior to the player's next competition. A Confirmation of Sportsmanship Meeting Form must be sent to the state office by the principal. Schools that have not submitted the required Confirmation of Sportsmanship Meeting Form by the end of the sports season in which the violation occurred shall be subject to a \$100 fine.
- D. If a player is ejected for a second time for unsportsmanlike conduct, a more severe punishment shall be imposed.
- E. Other non-monetary penalties may be assessed by the Executive Director based on all the facts.
- F. In all situations where ejections occur for unsportsmanlike conduct, the individual will be removed from the next contest(s) following the one in which the ejection occurred. If the individual plays in a subsequent contest after being ejected for unsportsmanlike conduct the minimum penalty shall be increased by an amount determined by the state office.
- G. For substitutes leaving the bench area during an incident, the school will be fined a minimum of \$250.00. The school will be required to submit a report and video tape if available. All schools are instructed to inform individuals taping to continue taping all incidents. In addition, other non-monetary disciplinary action may occur, including but not limited to probation and/or restrictive probation for the sport in which the incident occurred.

Section 8. Unsportsmanlike Conduct by Coaches

- A. The school and coach will be required to submit a written report of the incident.
- B. The school will be given a choice of removing the coach for a specified number of contest(s) and pay a fine of **\$500.00** or face further disciplinary action. The school shall not allow the suspended coach to attend games while under suspension.
- C. In addition to what is presently required when a coach is ejected for unsportsmanlike conduct, a meeting shall be held with the coach, principal, and superintendent, or his/her appointed representative prior to the coach returning to their coaching position. A Confirmation of Sportsmanship Meeting Form must be sent to the state office by the principal. Schools that have not submitted the required Confirmation of Sportsmanship Meeting Form by the end of the sports season in which the violation occurred shall be subject to a \$100 fine.
- D. On any subsequent ejection by the same coach, the school will be given a choice of removing the coach for a specified number of contest(s) and pay a fine of **\$1,000.00** or face further disciplinary action. The school shall not allow the suspended coach to attend games while under suspension.
- E. If the coach is ejected from the contest and an assistant coach or an employee of the school involved is not available to continue as coach, the event is terminated and forfeited to the opponent.
- F. Other non-monetary penalties may be assessed by the Executive Director based on all the facts.
- G. In soccer, coaches who are ejected for receiving a red card, or a second (yellow card) followed by a red card, are subject to the penalties above.

Section 9. Unsportsmanlike Conduct by Fans

- A. For fans coming onto the field or floor during an incident, the school will be fined a minimum of \$250.00. In addition, other non-monetary disciplinary action may occur, including but not limited to probation and/or restrictive probation for the entire athletic program.
- B. For fans ejected for unsportsmanlike conduct during a contest, the school will be fined a minimum of \$250.00. In addition, other non-monetary disciplinary action may occur, including but not limited to probation and/or restrictive probation for the entire athletic program.

Section 10. If a team is removed from competition, the school shall be fined \$500.00, and the school shall face disciplinary action by TSSAA. Other non-monetary penalties may be assessed by the Executive Director based on the facts.

Section 11. Appeals

A school may appeal the ejection of players or coaches or a penalty imposed for unsportsmanlike conduct by fans.

- A. Any appeal request shall be submitted in writing from the administrator of the school.
- B. Ejections of players or coaches will be overturned only if it is shown that there was a misapplication of a rule. If the appeal pertains to the ejection of players or coaches, the written request should state which playing rule was misapplied.
- C. The school will be charged \$50 for the appeal unless the official's decision is overturned.
- D. The decision of the Executive Director on the appeal shall be final.

2024-25 TSSAA Handbook

Playing of Ineligible Student-Athletes

Section 12. All rulings on eligibility must be in writing, and the accidental, intentional or other use of ineligible players by a member school shall require that team victories in which the ineligible player participated are forfeited to opponents; and any one or more of these additional actions may be taken:

- (a) That individual or team records and performances achieved during participation by such ineligible be vacated or stricken;
- (b) That team or individual awards earned by such ineligible be returned to the TSSAA; and
- (c) That a fine for the playing of an ineligible player be assessed against the school, if deemed necessary.

Section 13. If a student is ineligible according to TSSAA rules but is permitted to participate in interscholastic competition contrary to such TSSAA rules but in accordance with the terms of a court restraining order or injunction against his/her school and/or the TSSAA, and that injunction is subsequently voluntarily vacated, stayed, reversed or finally determined by the courts that injunctive relief is not or was not justified or expires without further judicial determination, those actions stipulated in Section 12 and 14 shall be taken.

Section 14. If an ineligible contestant competes in a meet, match or tournament and any violation of TSSAA rules occurs, all points earned by that student, or by a relay team of which he/she may have been a member, in that meet or tournament are to be declared forfeited; and in team sports (baseball, basketball, football, girls soccer, soccer, girls softball and girls volleyball) the entire contest is forfeited.

When a team plays an ineligible athlete in TSSAA tournaments or playoffs and wins the contest, the win is vacated, the team is removed from the tournament or playoff, and no team replaces that team in the tournament series. All awards and money earned from the post season tournament series must be returned to TSSAA.

The penalty for playing an ineligible contestant shall be \$50.00 per contest at the varsity level and \$25.00 per contest below the varsity level, with a maximum fine of \$250.00, provided it is voluntarily reported by the school, which is in violation, to the Executive Director. If it is not voluntarily reported by the school to the Executive Director, the penalty shall be \$100.00 per contest at the varsity level and \$50.00 per contest below the varsity level. Other non-monetary penalties may be assessed by the Executive Director based on all the facts.

Section 15. If an otherwise ineligible student-athlete provides false information to a member school and is erroneously determined to be eligible and is allowed to participate on the basis of that false information, the student shall be ineligible at all levels in all sports at any member school for twelve (12) months from his or her last participation date.

For the purposes of this rule, a school team may be one school or a cooperative program of one or more schools.

A member school may play one alumni game or one preseason scrimmage with alumni in all sports except football. If the school has separate teams for boys and girls in a particular sport (e.g., girls' and boys' basketball), each team may play an alumni game or preseason scrimmage. A preseason scrimmage with alumni must count as one of the four permitted preseason scrimmages. A game with alumni must count as a regular season contest.

3. Events in non-bordering states if more than eight (8) schools are involved.

The original residence should be closed, rented, or disposed of and not used by family for an overnight stay. 6. Change of address with the DMV or Homeland Security.

12.

Q. Is it possible for an athlete who does not live at home with his/her parents or guardians to become eligible?

A. No. The student is a transfer with an athletic record the previous year. His/Her parents have not changed residence. (This regulation is sometimes misinterpreted due to the statement that eighth grade participation does not count against a student. Such participation does not count as one of the four years he/she is allowed to participate while in high school, but the student is charged with an athletic record the previous year and cannot therefore transfer to another school unless there has been a corresponding change of residence on the part of his/her parents.)

16.

Q. A student participates in basketball at school A. He changes to school B without a corresponding change of residence by the parents and wants to play basketball. Is he eligible?

A. No. A student will be ineligible at the varsity level for twelve months from his/her last participation date. Example: A student last played basketball on January 16, 2024 at school A. That student would be eligible at school B on January 17, 2025.

2024-25 TSSAA Handbook

2024-25 TSSAA Handbook

25.

Q. A student attending School A with an athletic record in basketball at School A attends a summer team camp at School B. The student transfers to School B with a bona fide change of residence in August. Is the student eligible at School B?

A. The student is eligible at School B, provided they meet all other eligibility requirements. Attendance at a team camp where a coach from another school is present does not constitute a coaching link. Attendance at an individual camp where a coach from another school is present would constitute a coaching link and would render the student ineligible at all levels of competition.

26.

Q. A student attending School A with an athletic record plays on a softball team during the summer where an assistant coach at School B is serving as the summer softball team's head coach. The student transfers to School B with a bona fide change of residence prior to or during the following school year. Is the student eligible at School B?

A. The student is ineligible at School B in the sport of softball. A coaching link was established when the student played for the coach's summer softball team. If a coaching link exists in the previous 12 months, the student is ineligible in the sport where a link is present at all levels of competition.

27.

Q. A student attending School A has an athletic record in football, wrestling and soccer at School A. He is receiving strength and conditioning training during the summer from a personal trainer who happens to be the strength and conditioning coach at School B. The student transfers to School B with a bona fide change of residence the following school year. Is the student eligible at School B?

28.

Q. A student attending School A was injured on September 10 in a varsity football game and was not able to participate in sports the rest of the school year. The student transfers to School B with no change of residence at the beginning of the following school year. The student wants to play football, basketball, and baseball at school B. When is the student eligible at the varsity level in each sport, assuming that the student meets all other eligibility requirements?

A. The student will become eligible in football on September 11. The student will be eligible immediately in basketball and baseball. The student's participation in football does not impact their eligibility in baseball or basketball. Athletic records from each sport are treated independently of each other.

29.

Q. A student plays volleyball and establishes an athletic record at School A. At the end of the first semester, the family has a bona fide change of residence into another school zone where they reside for two months. She enrolls and attends School B. They then return to a residence in School A's zone and the student enrolls in School C. Is she eligible?

A. No. Since the student participated at School A within the past twelve months, she will be ineligible in volleyball twelve months past her last date of participation. Athletic eligibility is always based on what the student has done the past twelve months. In this case, the student participated for a member school in the same zone within the last twelve months. Therefore, the last move does not justify a change in schools.

2024-25 TSSAA Handbook

Non-Traditional Students

1.

A. A student should notify the member school of his/her intent to participate before the first practice date in the sport.

A. Once the student has an athletic record at a member school, eligibility following a change of schools is governed by the transfer rule.

2024-25 TSSAA Handbook

5.

Q. If an athlete wishes to give private lessons or run a mini camp using school facilities and advertises the lesson or camp, is he/she in violation of the Amateur Rule by mentioning the school as the host site in the advertisement?

A. Yes. Students may receive payment for activities not related to performance provided that they are carried out in a manner that does not suggest the endorsement or sponsorship of a TSSAA school. To avoid the inference or suggestion that the school endorses or sponsors the activity, the school should not be mentioned in the advertisement. The student may, of course, inform those who contact him or her about the location of the lessons or camp, but that location – if it is a member school – should not be mentioned in any advertisement. A. Not at this time.

10.

A. This would be a recruiting violation if a school was involved.

11.

Q. Does a school have to document its athletes' NIL activities?

A. Not for the purposes of TSSAA. However, school officials may wish to maintain an awareness of those activities in order to ensure that the activities do not suggest the endorsement or sponsorship of the school.

12.

Q. If a coach is contacted by a community member seeking a pitcher/receiver/setter/etc. to provide lessons to their child, could the coach direct them to one of his/her players?

A. No. A coach directing someone to one of his/her players for this purpose would reasonably suggest endorsement or sponsorship of the school.

Award Rule

Q. If a student accepts a gift card or apparel from an outside entity during a camp, combine, showcase, etc., will he/she lose his/her eligibility?

A. No. Accepting these items from an outside source during a camp, combine, or showcase, etc., would not make a student ineligible. Bowling, golf and tennis students must abide by USBC, USGA, and USTA regulations in regards to accepting awards.

2024-25 TSSAA Handbook

Independent-Game Participation

1.

Q. Team A is eliminated in the district basketball tournament. May players on Team A participate in an independent game or tournament without endangering their eligibility?

2.

Q. Who can a member school of TSSAA not play during regular season?

A. Any non-school team. Examples would be a club team, teams that are not recognized as a school team by the school/school system they represent, recreational park league team, or any type of independent team.

Contests and Tournaments with Out-Of-State Teams

1.

Q. May a TSSAA school participate in tournaments or meets involving out-of-state teams that have not been sanctioned?

A. No. All tournaments or meets involving out-of-state teams must be sanctioned by TSSAA, the other state associations concerned, and the National Federation.

Varsity Teams

Q. Can a school's junior varsity team participate against another school's varsity team?

A. No. A game is either a varsity game for both teams, a junior varsity game for both teams, or a scrimmage for both teams. An exception may be made by the Executive Director when a school is beginning an athletic program.

TSSAA SPORTS CALENDAR

2024-25 TSSAA Handbook

4.

Q. Is it permissible for a school to have try-outs before the first practice date?

5.

Q. In football, five schools come together on a Saturday for a five-way scrimmage on two practice fields. Team A is working a half line scrimmage against Team B, Team C is working 7-on-7 with secondary against quarterbacks and receivers, etc. Later in the day, Team B is scrimmaging Team A, B vs. C, etc. How would this be counted?

A. This is one scrimmage date. All schools would have either two scrimmages or one scrimmage date remaining in preseason.

6.

Q. Three schools go together for a three-way scrimmage with A vs. B, B vs. C, and C vs. A set up during the day. How would this be counted?

A. This is either two scrimmages for each team or one scrimmage date for each team. It really does not make any difference. All three schools would have either two scrimmages or one scrimmage date remaining in preseason.

7.

Q. School A and School B get together and set up a scrimmage with their two schools. During the scrimmage the freshman teams are working against each other at 2:00; the junior varsity teams are working against each other at 3:30; and the varsity teams come back that night and work against each other at 7:00. How would this be counted in preseason scrimmages.

A. This is one preseason scrimmage for both schools, provided all of the scrimmaging is at one site.

8.

Q. A school invites nine schools to participate in an all-day scrimmage on a Saturday. What can occur and how is this counted toward the scrimmage rule?

A. If any of the schools invited scrimmage more than one school, then it would count as a scrimmage date for that school and for all the schools that participate against more than one school in the all-day affair. The schools would then have either two scrimmages remaining or one scrimmage date.

There cannot be any tournament format set up or play that would reflect a regular season game. Preseason scrimmages are an extension of preseason practice and should be learning experiences for athletes and coaches as they prepare for regular season games.

9.

Q. How many students may receive individual instructions during the pre-season and/or off-season?

- Outside of pre-season team practice in baseball and softball, individual instruction may be given to no more than five students per day.
