

December 2021 - Survey Question 16

Are there any other scholar needs you feel need to be addressed?

Attendance! If a child has been exposed or is living with someone that tested positive for COVID, how would Attendance be an issue? Especially, trying to quarantine them and keep everyone safe.

Better lunches and snacks

Bullying

Bullying

bullying

Dyslexia testing

How would things work virtually for Pre-K due to the increase in Covid cases

I want to meet my child's teachers?

Keep her focus keep her on right path

Keep the masks mandatory.

Mask worn and technology given

N95 masks should be provided to all students.

No, not at this time.

None

Not enough room for kids who need tutoring.

otherwise, no.

Please allow more time for the children to do STEM projects.

Providing more mask for students who come to school without a mask.

Reading tutors for each grade. It would be nice to have either teacher tutors or students in the higher grade to help tutor in reading for scholars in each grade who may not be as strong or not on reading level. Also, math tutors would be beneficial as well. If teachers are unavailable, scholars in the higher grades can be used. This could serve as a grade/extra credit/extracurricular for the scholar tutor but also a learning experience.

Record the activities such as plays or program for the parents to see since we can't come in.

Scholars need to be virtual

School buses

See note to previous question.

SPED

Staying 6 feet, continuously cleaning throughout the day.

Teach them how to pray
