Purpose of the Guide

The Shippensburg Community Resource Coalition was developed in part because the town of Shippensburg is located in both Cumberland County and Franklin County which can lead to confusion about how and where to access social services. Social services are available in the neighboring towns of Carlisle and Chambersburg. Both counties have their own guides to social services so this guide focuses on the services that are available within the Shippensburg Area School District boundaries. **For County offices and additional resources in Cumberland and Franklin Counties please refer to the county websites below.**
