## CELL PHONE AND SOCIAL MEDIA SAFETY

It is very important that parents monitor student activity on social media. We have seen an increase in social media related behavior issues. Students are arguing, making inappropriate videos and comments on TikTok, Instagram, Snapchat, and other social media sites which lead to altercations at school. Cell phones are also being brought to school and students sneak them out in the restrooms. Although our teachers do their best to monitor students closely, we need your help to ensure students are not bringing cell phones to school or inappropriately using social media. Check your child's social media pages! Let's work together to expose our children to positive, age-appropriate content!

## SPRING FUN DAY

Students will celebrate a year of hard work with a special fun day planned just for them! On May 10, students will enjoy extended P.E. time as they participate in relays, food, and games. This celebration is for students only and is not Spring Fling. Each child can purchase nachos, juice, and play unlimited games for only \$10. Students can begin bringing in money on May 1.
