Phone: 662-581-3032

Contractor Requirements

The contractor must, as a minimum, provide the following specifications:

The software program should have the following specifications:

- Provides user-friendly reports with actionable data that give teachers and admin a foundational understanding of what assistance their students need
- Provides advanced reporting that moves beyond basic scoring
- Provides “drill down analytics.” The system should provide tiered data view from district-wide trends down to individual student performance.
- Provides accountability measures aligned with MDE accountability model
- Integrate with student information system (SIS)
- Integrate with learning management system
