Well, buckle up your boots and grab your poles, because the Midland High Ski Club is back and we're ready to hit the slopes! We will have our first official club meeting on Wednesday December 11th after school in Mr. Little's room. Room 342. If you're an experienced thrill seeker or wanting to try something new the MHS Ski Club is for you!

POSITIVE THINKING

Lead the Way: Teens face a lot of peer pressure these days, and it might feel like following the crowd is the easiest thing to do.

Never follow without knowing where you're heading.

Never fall in line without asking the hard questions.

Be a leader. Build your own path of positive thinking and good choices and invite others to join you along your journey.
