

Call Out for May 23, 2023

This is Richard Dennis, Superintendent of Elmore County Public Schools.

The long-awaited day on which students have focused has finally arrived, the hallways of are empty for the moment except for the teachers who will finish tomorrow, and then everyone will begin to enjoy a nice long summer break.

Student report cards will be distributed by each school beginning this week. Please, consult your student's school's website for specific report card pickup dates and times. Third and fourth grade students will have ACAP letters included as well. Please, review summer school opportunities that begin as early as May 30 for middle and high schools and June 5 for elementary Literacy and Numeracy Camps.

The Child Nutrition Program will be providing walk-in breakfast and lunch for any child 18 years and younger in each community at the following sites: SEHS, HHS, WMS, ECHS and RMS. All walk-in sites will be available for breakfast from 8:00 - 9:00AM and lunch from 11:30AM – 12:20PM

On Friday I included good luck wishes to the Lady Indians and they followed through undefeated in the State Tournament to claim the 6A State Softball Title! Congratulations Ladies!

I want to take this opportunity to thank parents for the support they have shown for our schools this year as we have attempted to return to normalcy. Overall, we have had an exceptional year and finished strong in many areas. With that said, have a great afternoon, and enjoy the summer!

*Every Student Empowered, Every Student Succeeds.*
