

COFFEE HIGH SCHOOL

PRE-REGISTRATION PARENT NOTICE

ALL students will complete PRE-REGISTRATION during their Freshman Seminar course. Students enrolled in Freshman Seminar during Fall 2021 will complete the pre-registration in October, and those scheduled for Spring 2022 will complete pre-registration in February.

Goal: Facilitate a smooth transition from GWCF to CHS. Begin conversations about courses needed for 10th grade.

Parents,

Pre-registration is an opportunity for students to begin the process of planning for 10th grade. During pre-registration, high school staff will meet with students to discuss their course options. We are excited about our academies and the valuable opportunities it has provided for our students. Over the last several weeks, students have had an opportunity to participate in Google Meets to hear from CHS teachers about the 4 academies and various pathways. Students have also participated in an Academy Tour where they were able to see the academies in action. In preparation, ALL students will select their first/second choice academy and pathways. Academies will consist of an academy assistant principal, counselor, administrative assistant, teachers, and students. It is important to note that honors and AP students may take courses off their academy to accommodate their schedules. In March, students will receive a printout of their pre registration requests and will have an opportunity to make changes if needed. In May, students will receive a final copy of their tentative schedule for the 2022-2023 school year.

If you haven't already, please begin to have conversations with your child about Freshman Seminar, career interests, as well as academy and pathway options. More information can be found at the links below.

We look forward to helping both students and parents navigate the transition from GWCF to CHS!

Sincerely,

Coffee High School
