(The census list must be sworn to, to entitle the district to public money.)

Notice to Enumerators:—

1. Section 5697 as amended in 1901 governs the taking of the school census. "Enumerators shall not include in the census the names of any child or children in reformatories or prisons, nor the names of any child or children in asylums, almshouses, or other charitable institutions, except as follows:

(a) Children in such institutions who regularly attend the public schools.
(b) Orphans whose parent at time of death resided in such school district or city.
Children of either class shall be included in the district or ward where such institution is located, except children in class (a) where the parents, or either of them, reside in such city or district and in such cases the legal residence of the child is that of the parent.
Domestics, hired boys, and other servants if entitled to be included in the census, must be recorded at the residence of their parents or legal guardians."

Section 4040 provides how children in almshouses may attend school, but do not become residents of the district.

2. The ages of children must be given as they are on June 1, 1911. If a child removes from the district during the twenty days preceding June 1, he must be enrolled in the district in which he is
