What is a Title I school?

- Title I is the largest federally funded program for elementary, middle, and high schools.
- The U.S. Department of Education provides each state with an allocation based on census poverty data.
- The focus of the Title I program is on helping all students meet the same high standards expected of all children.
- For more information visit Georgia Department of Education website at <u>www.gadoe.org</u>.
- All of Tattnall County's schools are Title I schools.

Title I money

- Title I funds may only be used to supplement, not supplant existing services.
- Our district/school utilizes the 1% of our Title I funds for parent engagement – this pays for our student handbooks, agendas, printing, parent communication, parent newsletters, parent and family engagement activities, translations and interpretation, family resource centers, and other parent resources.
- Title I meeting supplies/materials.

 If you have any questions about the Title I budget for the county, please contact Dr. Tisha Holland at 557-4726.

While the ESSA has many requirements, there is a strong focus throughout the law on parent and family engagement notification and involvement.....

LEA Parent and Family Engagement Policy ESSA Section 1116 (a) (2)

Each Local Educational Agency (LEA) that receives Title I funds must jointly develop, and agree on with, and distribute to parents and family members of children receiving services a written parent and family engagement policy. The LEA parent and family engagement policy outlines how the district will implement programs, activities, and procedures for the engagement of parents in Title I programs. The policy will establish the district's expectations for parent and family engagement and how the district will carry out the parent and family engagement requirements.

School Parent and Family Engagement Policy

ESSA Section 1116 (b) and (c)

Each school that receives Title I funds must jointly develop, agree on with, and distribute to parents and family members of children receiving services a written parent and family engagement policy. The school parent and family engagement policy describes how the school will carry out the parent and family engagement requirements to ensure effective engagement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement.

School-Parent Compact ESSA Section 1116 (d)

Each school that receives Title I funds must jointly develop and revise with parents a school-parent compact as part of the school-level parent and family engagement policy. The school-parent compact is an agreement that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards.

Annual Title I Parent Meeting ESSA Section 1116 (c) (1)

Convene an annual meeting, at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation under this part and to explain the requirements of this part, and the right of the parents to be involved.

Annual Evaluation ESSA Section 1116 (a) (2) (D) & (E)

* Each Local Educational Agency (LEA) that receives Title I funds must conduct an annual evaluation of the content and effectiveness of the parent and family engagement policy in improving the academic quality of the Title I schools, including identifying possible barriers to greater participation of parents in activities and programs.

Title I Schoolwide Program requirements & participation

- A Title I Schoolwide Program (SWP) addresses the educational needs of <u>all students</u> with comprehensive strategies for improving the whole school so that every student achieves high levels of academic proficiency.
- SWP can improve academic achievement throughout a school so that <u>all students</u>, particularly the lowestachieving students, demonstrate proficiency related to the state's academic content standards.
- SWP builds on schoolwide reform strategies, rather than separate, add-on services.
- The Title I Annual Schoolwide Plan is developed with input from various stakeholders.
- Title I districts and schools are required to conduct a comprehensive needs assessment to identify student and staff needs and to determine appropriate programs, services and activities.
