

Fifth graders build collaboration skills as they create their own sports ball, game board and brand.

Second graders explore STEM concepts through glowing circuitry and hands-on projects.

Fourth graders gain confidence while reverse engineering their robotic lab-on-wheels.

## DISCOVER FUN ADVENTURES IN A TYPICAL **DAY AT OUR ALL-NEW 2024 PROGRAM**

#### A.M. BASE CAMP

Drop off your camper with qualified local educators who start each day with games that ignite creativity.

### N THE GAME™

Campers team up as they investigate the science of sports ball design and personalize a lightup game board, then add a unique logo and name!

#### **LET'S GLOW™**

When they build a customized Glow Box, campers discover different forms of light. finding inspiration in illuminating inventions and animals that glow!

#### **GAMES & LUNCH**

### **OPERATION:** HYDRODROP™

To cultivate awareness of real-world water challenges, campers engineer a tiny house with crops to explore water-based technology and sustainable design thinking.

## **STUDIO™**

Campers get creative as they transform their ideas from initial sketches to working prototypes using everyday items.

#### P.M. BASE CAMP

The day wraps up as campers wind down with problem-solving games.

Camp Invention is a nonprofit program of the National Inventors Hall of Fame.

# **Investors in Creativity and Invention**

Overdeck Family Foundation United Way of Summit & Medina U.S. Department of Defense (DoD) STEM
