

Principal's Message

I want to thank you for your participation in both our Annual Title I Meeting and the Open House. It was wonderful to see and interact with all of you. If you have suggestions of other agencies or businesses you would like to see join our events, please let Mrs. Grenert know (in our office). We believe this collaboration with our community is very important and would like to see it grow. We love involving all stakeholders in the education of our children!

DID YOU KNOW???

Havasupai is a Title I School. The rate of free or reduced lunches is what qualifies us for this funding. If you have not done so already, please take the time to fill out the application online (<https://www.lhusd.org/freereducedmeals>). We appreciate your attention and support!

This funding is used to pay for the following:

- Hire an Instructional Interventionist and Title I Paraprofessionals to provide instructional support
- After school tutoring
- Summer School
- Materials and resources for intervention
- Support parent and family engagement activities
- Train parents, teachers, and other staff

Another component of Title I is your right to know who is teaching your children. If your child's teacher is not highly qualified according to the state of Arizona, a letter was sent out this past week. Should you have any questions, please contact me through the front office.

COUNSELOR'S CORNER

Teach your kids to stand up for the underdog and to protect their friends when they're down. Remind them that it's okay to not always be the cool kid and that being different is a gift. Instill in them that being kind is always better than being cool.
