With that being said, this Thursday Midland High will also be hosting a swing dance party afterschool from 2:30-3:15. Come and have a good time learning how to dance in preparation for prom!

AUTISM: From Awareness to Acceptance

Autism Acceptance Month shifts the focus from simply knowing autism exists to truly valuing autistic individuals. While awareness is a good first step, acceptance involves action-listening to autistic voices, challenging harmful stereotypes, and advocating for inclusive environments. Acceptance recognizes that autistic people have unique strengths and perspectives that enrich our schools, workplaces, and communities. It's about moving past pity or fear and toward understanding, respect, and equity.

POSITIVE THINKING

A Simple Reminder

Sometimes it is important to remember:

Bad days happen.

You don't have to be perfect.

Asking for help is a sign of strength.

Small steps are important steps.

Tomorrow is a new day.

The Chemics showcased outstanding defense all night, backing up dominant performances on the mound. Leading the offense were Isaac Jones and Jaxon Arnold, each collecting two hits on the evening.

In Game One, Kaden Lewis was lights out on the mound, throwing a complete-game shutout. He went all seven innings, allowing just four hits, no runs, and striking out seven.

In Game Two, Corbin Frazier matched that effort with a complete game of his own. He gave up only one run on four hits and struck out seven to seal the second win of the night.
