McKINNEY-VENTO

To be in compliance with the federal law, McKinney-Vento, Smith County School District has a policy to support students in grades K-12 who are lacking a fixed, regular, and adequate nighttime residence. Money has been designated in the Title I, Part A CFPA to assist the needs of these students.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

AFFIRMATIVE ACTION

Every pupil of this district shall have equal educational opportunities regardless of race, color, creed, sex, disability, religion, marital status, national origin or age.

No student shall be excluded on such basis from participating in or having access to any course offerings, athletics, counseling, employment assistance, or extra-curricular activities. *MS Code S37-15-35 and 1972 Educational Amendments, Title IX: CFR Part 86 1964 Civil Rights Act, Title VI 1973 Rehabilitation Act, Section 503, 1973 Rehabilitation Act, Section 504, 45 CFR Part 84, Brown v. Board of Education, 347 U. S. 483 (1954).*

The Superintendent or his designee shall serve as the Civil Rights Compliance Coordinator, Section 504 Coordinator and Title IX Coordinator. The office of the Superintendent has been designated to handle inquiries and complaints regarding the non-discrimination policies of the SCSD.

ATTENDANCE

The Smith County School District stresses regular and punctual school attendance. Good attendance habits that are established today will help equip students for success in the future. Poor attendance and truancy can, on the other hand, lead to academic failure.

MS law requires that all children who attain the age of six but have not reached the age of seventeen years on or before September 1 must attend school. PARENTS are responsible for making sure that their children attend school. If parents refuse to comply with the law, the PARENT may be taken before the court and fined and/or jailed for EDUCATIONAL NEGLECT of their child. (*MS CODE 37-13-91*)

Present 63% of Day Attendance Law: Students should limit checking in and out of school. According to Mississippi Law, students must be in school for at least 63% of the instructional day to be considered present. A written excuse or doctor's excuse is required if the student is not present 63% of the school day.

Students with passing grades and excessive absences will receive no grade or credit for the class until makeup work is complete. Only makeup work from excused absences may be made up.

Students with excessive absences will be reported to the Attendance Officer. Students who are absent shall be expected to complete assigned makeup work. The student must remember to ask for the assignments he/she missed and any assigned makeup work. Students will be allowed an amount of time equal to the number of days missed to complete missed assignments and tests.

- Students who have more than 12 unexcused absences may be retained.
- Students who have more than 2 unexcused absences may not attend school field trips.
- Seniors who have more than 20 unexcused absences may not participate in graduation ceremonies unless given a waiver by the Principal for extenuating circumstances.
- Any athlete or student who has 10 or more unexcused absences in a given semester may not participate in school sanctioned public events or games.

TYPES OF ABSENCE

Students who have excused absences are expected to make up any missed work. Students who have unexcused absences will not be allowed the opportunity to make up missed work.

EXCUSED: An absence will be excused and the student will be allowed to make up the work with the following guidelines:

Only three (3) parent notes will be accepted each semester. All other absences during that semester will be considered unexcused unless the absence is verified by a medical professional. Notes must be presented within three (3) days of returning to school.

UNEXCUSED: All other absences will be considered unexcused and the student will not be given the opportunity to make up missed work. A grade of zero (0) will be given for any missed work.

If you received an unexcused absence that can be excused by a note from a medical professional or parent, you must bring the excuse within three (3) days from the time you return to school. Notes presented more than three (3) days after the return to school will not be accepted

Absences in excess of the allotted number of days may be excused at the sole discretion of the principal after an at-school conference with the parent or guardian. A parent/principal conference will not automatically result in excused absences.

Students attending a school-sponsored activity shall not be considered absent. Only those activities, which require the direct supervision of a school employee while traveling to and from the activity and during the activity, shall be considered school sponsored for this purpose.

Students must be in school on the day of an extracurricular activity in order to participate in that activity unless granted special approval from an administrator only.

Students must get excuses or “admit to class” slips before 1st period begins on the day they return from an absence.

KINDERGARTEN- 6TH GRADE:

Students in grades K-6 should have no more than 12 unexcused absences for the year. **More than 12 unexcused absences may result in retention.**

7TH & 8TH GRADE:

Classes meeting all year (36 weeks) - no more than 12 unexcused absences per year

9TH- 12TH GRADE:

1-unit credit class meeting 18 weeks - no more than 6 unexcused absences.

1\2 credit class meeting 9 weeks – no more than 3 unexcused absences.

Extenuating Circumstances: (accident, surgery, etc.)

Absences in excess of the number described above may be excused at the sole discretion of the principal after an at-school conference with the parent/guardian. The conference with the parent/guardian will not automatically result in an excused absence.

Attendance Officer: Each school district in Mississippi has an Attendance Officer provided by the state. The Attendance Officer is responsible for monitoring enforcement of the state's compulsory attendance law. Smith County's Attendance Officer may be contacted at 601-782-4867 (Fax: 601-782-9175) or by writing to School Attendance Officer, Post Office Box 308, Raleigh, MS, 39153.

K-12 EARLY DISMISSALS (Student Check-out)

Occasional:

The administration recognizes that students will occasionally have appointments or emergencies that require early dismissal. However, no student shall leave school before dismissal without permission from the principal and the parent or guardian. Early dismissal on an emergency basis will be allowed and excused. However, repeated early, non-emergency, dismissals (more than 3 per semester) will be considered unexcused absences and a zero will be given for class work missed during that time. Please note that students who miss more than 15 minutes of class time will be considered absent for that period.

EARLY DISMISSALS (Student Check-out)

Due to safety precautions, no student dismissals will be allowed after 2:30 p.m. Additionally, students will not be dismissed while a district or state test is being administered so that distractions and potential test security violations can be avoided. These testing dates are listed on the Smith County School District website and will include nine- weeks tests, semester exams, and all state mandated tests.

Procedures for Checking Students out of Class:

- Please do not call the school office and ask for students to be released. We will no longer release a student from campus without either the parent or someone from the emergency contact list physically signing the student out. Please be prepared to come into the schools to sign out your child when needed.
- Please bring your driver's license/ID when picking up a student, we require a photo ID for verification. Only those individuals listed in the student's data file will be allowed to sign a student out. The student must also come to the front office to check out before leaving the building.
- If your student drives their own vehicle and has a medical/dental appointment or court date, then the student must present a signed note on the same day they need to leave campus. This note must include a phone number for parent verification. Without a written notification, a student who drives may leave campus only if a parent or someone from the emergency contact list comes into the school and signs them out.
- All students will incur an unexcused absence unless they return with a formal doctor's note or a note from the court clerk within 72 hours of the absence.
- Please remember if your child is too ill to attend classes, please be prepared to sign your child out for the day.

Students who are dismissed early, for any reason, do not have Perfect Attendance and will not receive a Perfect Attendance certificate.

School officials use reasonable caution when dismissing students. However, the school cannot assume responsibility for students or others who misrepresent themselves as parents or guardians to obtain early dismissal. Students found guilty of such misrepresentation shall be considered truant.

SIGNING OUT DOES NOT GIVE STUDENTS PERMISSION TO LEAVE SCHOOL EARLY. THE PRINCIPAL MUST SIGN THE SIGN OUT FORM INDICATING HIS/HER PERMISSION TO LEAVE SCHOOL EARLY. STUDENTS WHO FAIL TO GET PERMISSION FROM THE PRINCIPAL ARE CONSIDERED TRUANT.

STUDENTS WHO CHECK OUT EARLY MUST LEAVE THE SCHOOL CAMPUS. ANY STUDENT WISHING TO RETURN DURING THE DAY MUST HAVE ADVANCE PERMISSION FROM THE PRINCIPAL.

Seniors may apply for early dismissal if they are on track to graduate and have a minimum ACT composite score of 18.

NOTICE: Once students have boarded the bus, they will not be allowed to get off the bus to ride with other students or adults. Only those students who have been checked out through the principals' office will be allowed to get off the bus.

TARDY POLICY K-12

Students who are not in class when the tardy bell rings are considered tardy. All tardy students will be required to get an "Admit to Class" slip from the principal or his designee before they are allowed to enter the class. A parent or legal guardian must sign in all K-6 students when tardy.

TARDIES TO ALL CLASSES:

If a student receives more than a total (all classes combined) of three tardies in one semester, the student is subject to the following disciplinary actions:

4th	After School Detention
5th	Parent Conference required before student returns to school plus after school detention, and student cannot participate in field trips.
6th	In-School Suspension plus after school detention
7th & Above	Out of School Suspension for every tardy plus 2 days In-school Suspension immediately upon returning to school.

***A student who has three tardies to the same class in one semester shall be assessed an unexcused absence.

PERFECT ATTENDANCE

All students are encouraged to be in class each day and to be on time for those classes. In an effort to reward those students in grades K-12 who maintain a record of Perfect Attendance during a grading period the following rewards shall be offered:

All Grading Periods:

Drop lowest weekly test grade for the grading period (Applies to all students with Perfect Attendance)

Perfect Attendance rewards are awarded on a class by class basis. Students may have Perfect Attendance in one class and not in others. Parents and students are asked to remember that Perfect Attendance means

“perfect”. The student who is rewarded for Perfect Attendance must have been in school all day every day. To qualify for Perfect Attendance rewards the student must:

1. Have no absences, either excused or unexcused, unless he/she is attending a school-sponsored activity
2. Have no unexcused tardies
3. Have no early dismissals
4. Have not served in In-School Suspension
5. In all cases, the decision of the principal shall be final.

Students who have Perfect Attendance for all classes for the entire year will receive a certificate.

MAKEUP WORK

GRADES K -12:

Students having **EXCUSED** absences shall be expected to complete make up work. It is the responsibility of the student to approach the teacher regarding make up work. The student must make arrangements for make-up work on the first day he/she returns to school. The amount of time a student has to complete the missed assignments will be equal to the number of days that the student missed.

Students who are present when tests are assigned and present when test material is covered shall take the assigned test on the assigned test day. Students who miss the day of the test will be required to take the test on the day they return to school. Students who are absent when the test material is covered shall be allowed to take the test at a later date. Make up tests shall be given at a time that does not interfere with classroom instruction.

Students serving in In-School Suspension shall be expected to complete all class assignments while in suspension. In the event there are assignments that must be completed in the classroom, (lab projects, oral presentations, etc.) the student shall complete those assignments on a date determined by the classroom teacher.

Students who have **UNEXCUSED** absences shall not have the privilege of making up missed work. A grade of zero (0) will be given for any missed work. Nine week exams will be given to students with **UNEXCUSED** absences.

GRADING AND ASSESSMENT SYSTEM (IHA)

The established grading system is to communicate to parents a periodic evaluation summarizing significant factors of student’s adjustment in the total education program. The grading system is based upon student achievement and performance, bearing in mind that any system incorporates both subjective and objective considerations in student evaluation.

All teachers teaching graded classes shall use the following grading scale.

Grades 1-2	Grades 3-6	Grades 7-12
A = 95-100	A = 95-100	A = 90- 100
B = 85-94	B = 85-94	B = 80-89
C = 75-84	C = 75-84	C = 70-79
	D = 70-74	D = 65-69
F = 74 and below	F = 69 and below	F = 64 and below
I = Incomplete	I = Incomplete	I = Incomplete

A grade of Incomplete shall be recorded for any student who fails to complete all the requirements of a class. All courses taught in Smith County Schools have a list of course requirements that must be met in order to receive credit for that course. Students will not receive credit (a grade) for any course, regardless of other work, until all class requirements have been met. Students must complete all required class work and tests within two weeks of the end of the term in order to remove an Incomplete from their record. Incompletes not removed by that date shall become an F.

All work not turned in by the due date will receive a grade of zero (0). Even though the student receives a zero (0) on the work, he or she must turn in the work to complete the requirements of the course.

GRADE AVERAGES

The following percentages will be assigned to determine the course average prior to taking the Nine Weeks Exam:

	Summative test		60%	
	Daily Grades and Quizzes		40%	
Summative Test Average	85	(multiply by 60%)	=	51
Daily Grades and Quizzes Avg.	90	(multiply by 40%)	=	<u>36</u>
Course Average				87

The Nine Weeks Exam will count as 25 % of the Final Nine Weeks Grade.

The Final Nine Weeks Grade will be calculated by combining the course average with the Nine Weeks Exam grade.

EXAMPLE:

Course Average	87	87		(3 times because it is 75% of the final grade.)
		87		
		87		
Exam	80	<u>+80</u>		
		341		

341 divided by 4 = 85.25 or 85 for the Final Nine Week

***On all final grades, decimals of 0.5 or higher will be rounded up to the next highest number.**

PRINCIPAL'S LIST AND HONOR ROLL

To be eligible for the Honor Roll, students must obtain the following grades in **all** academic subjects. These honors are awarded to elementary students in grades 2-6 following each nine week grading period.

Awards will be given to those students that have Perfect Attendance and to those who have a course average in all academic subjects that qualifies them for Honor Roll or Principal's List.

High school students who maintain an overall average of 93 or above for all academic work in grades 9, 10 and the first half of their 11th grade will be given an academic award. Students will be notified of other awards, scholarships and competitions through special assemblies, bulletin board announcements and their high school counselors. LITERACY BASED PROMOTION ACT

Mississippi's Literacy-Based Promotion Act (LBPA) requires all third-grade students to read at or above grade level by the end of third grade. The act is part of a statewide effort called *Strong Readers=Strong Leaders*. The LBPA is in place to improve literacy among all school children. Under the law, third grade students who do not read proficiently on grade level at the end of the year will not be promoted to the next grade level.

The reading portion of the Mississippi Academic Assessment Program (MAAP) English Language Arts (ELA) test will determine whether students meet the requirements for promotion. Students will have two retest opportunities. The test is multiple choice and given online at school.

MAAP (Mississippi Academic Assessment Program)

The MAAP (Mississippi Academic Assessment Program) is a standardized state test administered to students in Mississippi to evaluate their proficiency in various subjects, including English Language Arts (ELA), mathematics, and science. The performance levels on the MAAP state testing are used to categorize students based on how well they perform compared to the established standards for their grade level. These levels help to identify where students are in terms of mastering the subject content.

Here are the typical performance levels used in the MAAP state testing:

Level 5: Advanced Students who score at this level demonstrate a high level of understanding and can apply their knowledge in complex situations. They consistently perform above the grade-level expectations and show mastery of the material, often with the ability to analyze and extend their learning to more difficult tasks.

Level 4: Proficient Students at this level meet the grade-level expectations and demonstrate a solid understanding of the content. They can apply their knowledge in various contexts and show competency in skills expected for their grade.

Level 3: Passing Students who score at this level have a partial understanding of the content and skills for their grade. They may struggle with applying knowledge in more complex situations, but they have a basic grasp of the material.

Level 2: Basic Students at this level demonstrate a limited understanding of the subject material. They may struggle significantly to apply the knowledge and skills required at their grade level.

Level 1: Minimal Students in this category show minimal understanding of the material and have significant gaps in their knowledge and skills. They are far below grade-level expectations.

Summary of Performance Levels:

- Level 5: Advanced – Exceeds expectations.
- Level 4: Proficient – Meets expectations.
- Level 3: Passing – Approaching expectations.
- Level 2: Basic – Needs improvement.
- Level 1: Minimal – Far below expectations.

These performance levels help educators, students, and parents understand how well a student is performing relative to state standards, and they can guide decisions on additional support, interventions, and instructional strategies.

REPORT CARDS AND PROGRESS REPORTS

Report cards and progress reports are issued to each student each nine weeks. Parents and/or guardians must sign the grade reports and return them to the teacher. Parents and/or guardians who are not getting grade reports from their child should contact the guidance counselor or the school principal. Every student will receive a progress report and a report card for each grading period regardless of their grade. Progress reports for students who are failing will be mailed to parents.

ACTIVE PARENT - Parents are encouraged to sign up for an Active Parent account. Active Parent allows parents to view all their child's grades as soon as they are entered into the student data system. See the guidance counselor for more details.

Parents are encouraged to arrange after school conferences to discuss their child's progress with the teachers. The counselor will gladly schedule an appointment for a parent-teacher conference.

Report cards and progress reports will be issued on the dates listed. All Progress Reports and Report Cards issued to students must be signed and returned.

GRADUATION REQUIREMENTS

1. Carnegie Unit Requirement

All students who graduate from an accredited MS High School are required to fulfill the requirements of both the state of Mississippi and the Smith County School District. Smith County Schools require graduates to earn the number of units listed below.

Specific course requirements are detailed on the pages that follow.

Classification	Graduation Year	Traditional
9th	2028	24
10th	2027	24
11th	2026	24
12th	2025	24

2. Subject Area Tests Requirement

In addition to taking specific courses and earning the required number of Carnegie units, students must also take Subject Area Tests in English II (with a writing component), Biology I, and Algebra I. Students

must also meet one of the following options:

- Pass the applicable end-of-course Subject Area Test
- Use the end-of-course Subject Area Test score with the overall course grade
- Obtain a score of 17 or higher in the specific subject area on the ACT.
- Earn a C or higher in an entry level, credit-bearing dual enrollment/dual credit /college credit course.

The student who fails to meet any graduation requirement listed above is not permitted to participate in the graduation exercises. (*MS Public Schools Accountability Standards, 2012, standard # 20.4*)

In an effort to prevent any misunderstanding about who can and cannot participate in graduation exercises, parents and their senior students will be asked to acknowledge, in writing, remaining graduation requirements in August of the student’s senior year. Counselors will contact parents to set up appointments for parents to come in and sign the list of remaining requirements.

OPTIONS IN LIEU OF PASSING THE END-OF-COURSE ASSESSMENT

MISS. ADMIN. CODE 7-3: 36.5, STATE BOARD POLICY CHAPTER 36, RULE, 36.5 (EFFECTIVE 2013- 2014 SCHOOL YEAR AND THEREAFTER)

Mississippi Admin. Code 7-3: 36.5, State Board Policy Chapter 36, Rule 36.5 provides approved options for students to meet high school end-of-course (EOC) assessment requirements for graduation through approved alternate measures. Mississippi Admin. Code 7-3: 36.5, State Board Policy Chapter 36, Rule 36.5, applies to past, current, and future graduates and allows a student to meet the graduation requirements once he or she has failed to pass any required end-of-course (EOC) assessment one (1) time. The following graduation options provide opportunities for students to obtain a certain score or level on the ACT, ASVAB, ACT WorkKeys, MS-CPAS, or other state-approved industry certifications. Students also may obtain a grade of “C” or higher in a dual credit/dual enrollment course, corresponding to the EOC assessment that was not passed.

- ACT sub-scores resulting from non-college reportable accommodations can be used for graduation options, but the scores are non-college reportable.
- ACT sub-scores resulting from Residual ACT Testing cannot be used for graduation options.
- This option is available regardless of when the student took the SATP2, PARCC, or MAP/MAAP assessments.
- The college credit option is only applicable if the student is enrolled in high school and college at the same time. Students must meet the dual enrollment/dual credit admissions requirements of the community college partnering with the school district.
- The Graduation Options listed below are applicable to any EOC assessment.

Assessment Options	Math	Science	English	Social Studies

Universal Concordance Table Effective 2021-2022 School Year

Concordance tables, effective beginning with the 2014-2015 school year, provide opportunities for students who do not obtain a passing score on an EOC assessment to utilize a different graduation option, using a combination of the assessment scores with the final course grade. The tables provide the final course grade required to use with the scale score obtained on the EOC assessment. Students shall be enrolled in school to utilize the concordance table option. The Mississippi Department of Education (MDE) and the Technical Advisory Committee (TAC) developed one universal concordance table that shall be used for each of the four EOC assessments. The concordance tables were developed during each of the EOC test administrations, and the universal concordance table concept will alleviate confusion in determining which concordance table to apply for each test administration. Universal Concordance Table

COURSES REQUIRED FOR GRADUATION

Both the state of Mississippi and the Smith County School District require specific courses for high school graduation. In addition to those specific courses, electives must also be completed to equal the total number of units required for graduation. Students must meet with their high school counselor to be sure that all requirements have been met. Electives should be verified by the counselors to ensure that they meet the requirements.

Any student who completes the minimum graduation requirements* as specified below and has achieved a passing score on each of the required high school exit examinations** is eligible to receive a high school diploma. The local school district may establish additional local requirements as approved by the local school board as authorized under MS Code 37-16-7.

* *Completes the minimum graduation requirements – must pass the required courses and electives as specified*

** *Required high school exit examinations –state testing requirements*

Students failing to meet any of the above requirements will not be allowed to participate in graduation exercises.

EARLY COMPLETION OF GRADUATION REQUIREMENTS

Purpose

The Smith County School District recognizes that some students may complete all state and local graduation requirements prior to the end of the academic year. This policy outlines eligibility and procedural guidance for early completion while maintaining a unified graduation ceremony.

Policy Statement

Students who meet all academic requirements for graduation by the end of the first semester (December) may be granted early completion status. However, these students will receive their official diplomas and participate in commencement ceremonies **only at the district-wide graduation event held in May**.

Eligibility Criteria

To be considered for early completion, students must:

9. **Earn a minimum of 26 Carnegie units**, including all *state-required courses* and any *local graduation requirements* established by the Smith County School District.
10. Achieve a **composite ACT score of 20 or higher** by the end of their junior year.
11. Pass **all required Mississippi Academic Assessment Program (MAAP)** end-of-course assessments or demonstrate alternate assessment proficiency approved by MDE.
12. Obtain written approval from the **high school principal, school counselor**, and the **superintendent** no later than **July 1** of the intended early completion year.
13. Students who intend to participate in any MHSAA-sanctioned spring sport (e.g., baseball, softball, track and field, tennis, golf, etc.) during their senior year are **not eligible** for early release. Early completers may not represent the school in athletic competitions occurring after their withdrawal date.
14. Students enrolled in a Career and Technical Education (CTE) program must be classified as a “CTE Completer” to be eligible for early release. A “CTE Completer” is defined as a student who has successfully:
 - Completed all required Carnegie units in their CTE pathway (typically Year I and Year II),
 - Earned the appropriate statewide or industry-recognized credential, and
 - Met all other Mississippi Department of Education CTE program requirements.

15. Submit a completed **Early Completion Application** form (to be developed and distributed annually), including:
 - A current transcript showing completed and in-progress credits.
 - ACT
 - A signed agreement acknowledging that participation in the May graduation is mandatory and that no separate graduation will be held.

Graduation Ceremony

7. All students approved for early completion must return to participate in the formal commencement ceremony in May with their cohort.

Status After Early Completion

6. Early completers will no longer be enrolled as full-time students after December.
7. These students may not participate in extracurricular activities, athletics, or student organizations after their completion date unless otherwise approved.

Administrative Responsibility

The high school principal, in coordination with the district counselor coordinator, shall ensure all applications are reviewed for compliance and shall notify the superintendent of all approved early completions.

HONOR GRADUATES

Starting with Class of 2028

To be an Honor Graduate, a student must have an overall Numerical Grade Point Average of 93 or higher for all academic work in grades 9-12. Students must have at least a 21 on the ACT by the end of the 3rd nine weeks. The guidelines listed below will be used to calculate Grade Point Averages. ALL academic grades will be averaged using the four-point scale. Grades issued in non-academic subjects such as PE, cheerleader, or drivers' education will not be used to compute Grade Point Averages for Honor Graduates. One grade from the Visual and Performing Arts category will be used.

- If a student repeats a subject, the first grade will be used to compute honors.
- Semester average grades will be used to compute the Numerical Average
- Numerical Averages will be calculated at the end of the third nine-week grading period to determine Honor Graduates.
- Students must meet the Mississippi Scholars OR Distinguished Academic Endorsement requirements

Class of 2027

To be an Honor Graduate, a student must have an overall Numerical Grade Point Average 90 or higher for all academic work in grades 9-12. Students graduating with a Numerical Grade Point Average 95 or higher will be designated as graduating with highest honors. The guidelines listed below will be used to calculate Grade Point Averages.

Grades issued in non-academic subjects such as PE, cheerleader, or drivers' education will not be used to compute Grade Point Averages for Honor Graduates. One grade from the Visual and Performing Arts category will be used.

- If a student repeats a subject, the first grade will be used to compute honors.
- Semester average grades will be used to compute the Numerical Average
- Numerical Averages will be calculated at the end of the third nine-week grading period to determine Honor Graduates.
- Beginning with the incoming freshmen of 2021-2022 School Year, students must meet the Mississippi Scholars OR Distinguished Academic Endorsement requirements.

NON-TRADITIONAL COURSEWORK

Students may take courses via the Internet, Distance Learning, the local junior colleges, correspondence, or summer school. These courses offer students a greater variety of course offerings and allow students the opportunity to make up failed courses. These courses shall:

- Have prior approval, in writing, from the local school principal
- Be offered by the MS Department of Education or an accredited high school or university
- Be paid for by the student (if there is a fee)
- Be completed with grades on file with the principal prior to graduation
- Not exceed one per year unless there are extenuating circumstances
- MAAP courses (Algebra I, Biology, and English II) may not be taken in summer school or via Distance Learning. The only exception would be if a student has already passed the state test for the given subject.
- Students taking a summer school class to replace a failed course must have had at least a grade of 60 to be eligible for credit recovery.

Courses may not be taken via Distance Learning and the Internet if they are offered at the student's home school. When approved, non-traditional courses that are taken will have grades used just like grades from local school coursework. Those grades will be used to calculate honors and students may elect to use those grades in competition for highest honors when selecting four highest math, science and social

studies grades.

Summer school courses are limited to one (1) per summer and a maximum of four (4) may be counted for graduation. A maximum of one (1) unit may be earned through correspondence and counted for graduation.

GRADE POINT AVERAGES (GPA)

- After final grades have been reported, all graduates will have their Grade Point Average (GPA) calculated and recorded on their cumulative record.
- Grades for all classes for credit will be averaged using final grades for the course
- If a student repeats a subject, the higher grade will be used.
- End of course grades will be used to compute the overall GPA after graduation.

SCSD POLICY STATEMENT for FIGHTING:

The Smith County School District (SCSD) maintains a **zero-tolerance policy for fighting, physical assault, and violent conduct** on school property, at school-sponsored events, on school transportation, or while under the supervision or authority of the District.

Nothing in this policy eliminates a student’s limited right to **legitimate self-defense** when faced with an imminent threat of physical harm. However, **self-defense is narrowly construed** and applies only when all required conditions are met.

DEFINITIONS

Fighting – Mutual participation in physical contact or aggression intended to cause harm.

Physical Assault – Any intentional act, attempt, or threat to cause bodily injury to another person.

Self-Defense – A defensive response to an **immediate and unlawful physical threat**, using **only the degree of force reasonably necessary** to protect oneself and **ceasing immediately** when the threat ends or staff intervention becomes possible.

Self-defense **does not include**:

- Retaliation or revenge;
- Mutual combat or agreed-upon fights;
- Verbal disputes that escalate into physical force;
- Continued force after the aggressor disengages;
- Participation in or encouragement of group assaults.

ZERO-TOLERANCE EXPECTATION

Any student who engages in fighting or physical assault **will be subject to disciplinary action** up to and including long-term suspension or expulsion, consistent with MSBA policy, Mississippi law, and Mississippi Department of Education (MDE) discipline guidance.

Zero tolerance means that **violent conduct is never acceptable** and will always result in administrative action, even when reduced sanctions are applied due to verified self-defense.

SELF-DEFENSE DETERMINATION

A student shall **not be disciplined for fighting** when the Superintendent or designee determines, based on credible evidence, that the student acted solely in legitimate self-defense.

In making this determination, administrators shall consider all available evidence, including but not limited to:

- * Whether the student was the initial aggressor;
- * Whether the student made a reasonable attempt to avoid or disengage from the confrontation;
- * Whether the force used was proportionate to the threat;
- * Whether the student stopped using force once the threat ended or staff intervened; and
- * Statements from involved parties, witnesses, and available video or physical evidence.

The **burden of determination** rests with school administration. The Superintendent or designee’s determination shall be final for school disciplinary purposes.

DISCIPLINARY CONSEQUENCES

A. Fighting or Assault (Non-Self-Defense)

Students who engage in fighting or physical assault not qualifying as self-defense may be subject to one or more of the following maximum sanctions:

- In-school suspension
- Out-of-school suspension
- Assignment to an alternative school or program
- Recommendation for expulsion
- Loss of extracurricular or school privileges
- Required counseling or behavioral intervention

B. Verified Self-Defense

When conduct is determined to be legitimate self-defense:

- Disciplinary consequences **may be reduced or waived**;
- Administrative actions may still be taken to ensure safety;
- Supportive measures (counseling, schedule changes, safety plans) may be implemented.

MANDATORY YOUTH COURT REPORTING

In addition to school-based disciplinary consequences, **incidents involving fighting, assault, or violent conduct may be reported to Youth Court or other appropriate juvenile authorities**, consistent with Mississippi law.

Referral to Youth Court may occur when:

- The conduct constitutes a criminal offense;
- Serious bodily injury occurs or is attempted;
- A weapon or dangerous object is involved;
- The behavior presents a continuing safety risk; or
- The Superintendent or designee determines referral is necessary.

Youth Court referral is **in addition to, and not in lieu of**, the maximum disciplinary sanctions authorized by District policy.

LAW ENFORCEMENT AUTHORITY

Nothing in this policy limits the authority of school officials to contact law enforcement or emergency services when necessary to protect students, staff, or property.

DUE PROCESS

All disciplinary actions under this policy shall comply with:

- Mississippi Code §37-11-53 and related statutes;
- Mississippi Department of Education discipline regulations;
- Mississippi School Boards Association (MSBA) policy guidance; and
- Smith County School District due process procedures.

Policy Statement: No student shall record, transmit, or distribute any audio, video, or photographic

images of any staff member, classroom activity, or instructional content without prior written consent from the staff member and written approval from the school principal or designee. This prohibition applies to all forms of recording, including but not limited to smartphones, tablets, laptops, smartwatches, and other electronic devices. It applies at all times during the school day, on school property, and at school-sponsored activities.

Definitions:

Exceptions:

1. Recording required by a student’s IEP or Section 504 Plan;
2. Recording conducted under the direct supervision or request of a staff member for instructional purposes;

- Loss of technology privileges;
- Referral to law enforcement for violations of state privacy laws;

IN-SCHOOL SUSPENSION

In as many cases as possible, students who break the prescribed rules of conduct will be subjected to In-School Suspension. School personnel will assign students in In-School Suspension to a room that is not being used by other students. The student will be given assignments to work on and will be monitored by the school principal or his designee. The student will be allowed to eat lunch and will be allowed to go to the bathroom. The student will not be allowed to participate or attend any activity on the day he/she has been assigned ISS. Students placed in In-School Suspension more than one time in any one 18-week term will not be allowed to return to class until their parents have had a conference with the principal.

Students serving in In-School Suspension will be required to complete all class work and assignments. Students who miss class work assignments, such as lab, oral reports, etc., must complete those assignments even though it may require that the student remain after school. All work assigned to students serving in In-School Suspension will be graded and grades will be given just as if the student were in class.

Students serving in In-School Suspension shall not be awarded Perfect Attendance honors.

In the event a student is absent, assigned In-School Suspension time shall be served following the student's return to school. Students may not miss school to avoid In-School Suspension.

ANY STUDENT ASSIGNED TO IN-SCHOOL SUSPENSION WHO:

- A. Refuses to attend In-School Suspension classes, or,
- B. Refuses to complete assigned work, or
- C. Creates a disturbance while in In-School Suspension

SHALL BE SUSPENDED FROM SCHOOL UNTIL:

1. The student agrees to serve his/her time in suspension, or,
2. The parent meets with the principal. This conference will not cancel the In-School Suspension Time

CORPORAL PUNISHMENT

In cases of minor rule violations, where suspension is not mandated, corporal punishment (paddling, up to three (3) licks) may be offered to the student in lieu of other punishment; however, corporal punishment is not an option for students with a disability.

HB 1182 -Corporal punishment;

Prohibits the use of corporal punishment in all public schools (K-12), to any student with an IEP or a 504 Plan. These students will receive another form of punishment if warranted. (In-School suspension, out of school suspension, or Community Learning Center placement)

Students in grades 7-12 (students who do not have an IEP or a 504) may refuse to be paddled. Students who refuse to be paddled will be suspended for 3 days.

SHORT TERM SUSPENSION FROM SCHOOL

Suspension is the denial of the privilege of attending school for a limited time. Students under suspension from school shall be considered absent and the absence shall be unexcused. The student shall

not have the privilege of making up any missed class work. Only nine-week exams may be made up.

The suspended student shall not trespass on school grounds except for a prearranged conference with a principal. Students under out-of-school suspension shall not participate in or attend any school activity (day or night) during the time of the suspension.

In all cases of suspension, the parent or guardian shall be notified giving the reason for the suspension. If a student is to be sent home during normal school hours the parent or guardian shall be notified before the student is dismissed. Students under suspension shall not be allowed to return to class until their parents have had a conference with the principal.

Students who are suspended from school for a third time during one school year may be placed in the Community Learning Center for a minimum of nine weeks.

COMMUNITY LEARNING CENTER PLACEMENT (Grades 4 -12)

Grades 4-6 (including students whose age is equivalent to that of a typical 4th grader)

Students who continually fail to comply with the prescribed rules of conduct and habitually disrupt the educational process may be placed in the Smith County Community Learning Center in lieu of suspension or expulsion. The Smith County Community Learning Center is designed to provide an alternative educational opportunity for students who have been expelled or suspended long term from their regular school program. The discipline committee can vote to place a student at the Community Learning Center for the following:

- Forty-five (45) day placement period
- Ninety (90) day placement period
- Calendar Year placement (180 days)

If a principal recommends a placement of 45 days or longer, the referral will be forwarded to the Smith County Discipline Committee. Students recommended for Community Learning Center placement for disciplinary reasons shall be afforded their due process rights and shall have the opportunity for a hearing before the Smith County Discipline Committee. Community Learning Center students failing to comply with the rules of conduct while at the Community Learning Center shall face the possibility of expulsion.

Students in grades K-3 may be placed in the Community Learning Center after first being referred to the School District Discipline Committee.

Students placed in the Community Learning Center for disciplinary reasons shall be expected to continue their regular course of study under the supervision of Community Learning Center staff. All students will be expected to attend school each day and to complete all assignments and tests as assigned. All work will be graded and grades assigned accordingly. Students must complete all of their assigned days at the Community Learning Center. Any absences incurred while attending Community Learning Center must be made up before returning to a student's home campus.

Students placed in the Community Learning Center for disciplinary reasons shall not participate in or attend any Smith County School District student activity or program.

LONG TERM SUSPENSION AND/OR EXPULSION

Long term suspension and/or expulsion is the denial of the privilege of attending school for more than nine days during the current school year. Expulsion is the denial of the privilege of attending school for a

specific period beyond the beginning of the next school year or any permanent denial of school attendance.

POSITIVE BEHAVIOR INTERVENTION

Additionally, a Positive Behavior Intervention model shall be in place in each school. That model shall be designed to meet the needs of students having academic difficulty because of discipline problems.

When disruptive behavior causes a child to have academic problems that child will be observed in a Functional Behavior Assessment and those observations will be used to develop a Behavior Intervention Plan for the individual student. The purpose of the plan is to identify positive reinforcements and the support system the child needs to maintain acceptable behavior. Parents needing more information about Positive Behavior Interventions should contact the local school counselor or principal.

SMITH COUNTY DISCIPLINE COMMITTEE

Students whose misbehavior does not warrant a recommendation for expulsion will be afforded a hearing before the SCSD Discipline Committee.

The Smith County Discipline Committee will hold hearings for students who have violated the district's disciplinary rules and are being recommended for Community Learning Center placement. Students who merit expulsion will be sent directly to the School Board. The hearing committee will be made up of district and school administrators. The purpose of the hearing is to offer the student a second opportunity to tell his/her side of the problem and to allow parents/guardians to speak on behalf of the student. The committee will meet frequently so that parents/students don't have to wait to know what is going to happen.

Parents will be notified of Discipline Committee meetings involving their child.

SCHOOL BUS REGULATIONS

Bus transportation to and from school is considered a privilege. For the sake of safety, the need for proper behavior on a school bus is essential. Students are expected to follow all rules and regulations concerning bus safety at all times. The principal will be responsible for the disciplining students reported to him or her by the driver.

1. The child has a physical problem verified by a doctor
2. The weather is extremely bad (providing the road is passable for a bus)
3. Stopping on the main road would cause a safety hazard

SEARCHES

School authorities recognize each student’s right to privacy. However, no person’s right to privacy shall be allowed to endanger the health and safety of others. In order to maintain order in the schools and to protect the health, safety, and welfare of students and school personnel, school authorities may search a student, student storage areas or student automobiles under the conditions described below.

Personal Searches

School Authorities may search a student and/or the student’s personal items, such as a purse, book bag, backpack, etc., when there is reasonable suspicion to believe that the student possesses any item, which violates state law, violates School Board policy, or may be harmful to the school or its students. Searches of the student’s person by school authorities will be limited to a search of the contents of the student’s pockets and any objects in the student’s possession. Students may be asked to remove coats or jackets. Searches of a student’s person that require the removal of clothing other than coats or jackets will be referred to and conducted by law enforcement officials.

Student Storage Areas

All lockers, desks, and similar storage areas provided for student use on school grounds are school property and are under the control of the school. Student use of these items is subject to the right of school authorities to open and inspect the contents any time there is reasonable suspicion that such areas

contain items that are illegal or are prohibited by School Board policy.

Student Vehicles

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of student parking lots and inspections of the exteriors of student automobiles on school property. The interiors of student vehicles may be inspected whenever a school authority has reasonable suspicion to believe that illegal or unauthorized materials are contained inside. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

VIDEO SURVEILLANCE

The School Board authorizes the use of surveillance cameras on district property and school buses. Cameras may be used in locations deemed appropriate by the administration.

STUDENT DRUG TESTING

ALL STUDENTS:

Students who are believed to be under the influence of illegal drugs or alcohol shall be disciplined. Students disciplined for violations of the district's drug or alcohol policy will be offered the opportunity to immediately submit to a drug/alcohol test. *This test will offer students the opportunity to prove that they are innocent of being under the influence of drugs or alcohol.* A refusal to submit to the drug/alcohol test will be treated as a positive result. Procedures for testing are:

- Parents are notified immediately and invited to accompany the student and school official(s) to the testing site.
- A school official and the parent or two school officials shall transport the student to the testing facility on a school bus.
- There shall be no lengthy delay from the time the parents are notified and the time the student is tested.
- A refusal to submit to testing, from either the student or his/her parent, shall be recorded in the student's discipline file. The student will then be disciplined under the conduct policy (see pg. 10-11).
- The school district shall pay for the test.
- Results of the test shall be released to the parents and school officials.
- When the initial test indicates the presence of illegal drugs or alcohol, the same sample will be retested to verify the results.
- If the second test is negative, no further action will be taken. If the second test is positive, disciplinary action will be taken. (see pg. 10-11)

DUE PROCESS

In all cases of student misconduct, the offending student shall be punished. However, no student shall be denied his or her due process rights. Prior to the administration of disciplinary sanctions, students shall:

1. Be advised, either orally or in writing, of the charges against him or her.
2. Hear an explanation of the evidence against him or her.
3. Have the opportunity to present his or her side of the story.

After such discussion, and on the basis of the evidence, the principal shall determine the student's guilt or innocence and make his/her recommendation for disciplinary action. Long term suspension (more than nine (9) days) and/or expulsion may be given only by action of the School Board. Before the suspension or expulsion, the student will be given notice of all charges against him or her, be advised of the evidence supporting those charges, and be given the opportunity to present his or her side of the story to the school principal. Following this discussion, the student and his or her parent/guardian will be notified in writing of the student's procedural due process rights consistent with the state and federal due process requirements. MS Code 37-7-301 (e)

EXTRACURRICULAR ACTIVITIES

Participation in extracurricular activities is a privilege offered to the students. In order for students to take advantage of these opportunities, the student must meet certain qualifications and abide by the rules and regulations governing conduct and attendance.

1. Students must meet academic requirements set forth by the MS High School Activities Association. Students may only use summer school/credit recovery one time in order to regain eligibility.
2. Students serving Out of School Suspension or in the Community Learning Center for disciplinary purposes shall not participate in extracurricular activities during the period of suspension or Community Learning Center placement.
3. Students must be in school the entire day of an activity in order to participate in that activity. The principal may make exceptions for students who have extenuating circumstances.
4. Students failing any class because of excessive absences shall not participate in extracurricular activities.
5. The privilege of participation may be revoked by the administration in cases of continued misconduct.
6. Any athlete or student who has 10 or more unexcused absences in a given semester may not participate in school sanctioned public events or games.

STUDENT DRUG TESTING : ATHLETES, CHEERLEADERS AND BAND MEMBERS

In order to support a wholesome school environment, in which there is abstinence from the use of illegal drugs. The purpose of the program is threefold:

- To provide for the health and safety of all students
- To undermine the efforts of peer pressure by providing a legitimate reason for students to refuse to use illegal drugs
- To encourage students who use drugs to participate in treatment programs.

Student Athletes, Cheerleaders, and Band Members:

The Smith County School District will conduct a drug-testing program for all students participating in athletics, cheerleading, or band. All students participating in athletics or cheerleading will be tested prior to the beginning of their practice season and students will be tested at random throughout their sports career. Band members will not be tested prior to practice season but will be subject to random testing throughout their band career.

Each student wishing to participate in any interscholastic athletics, cheerleading, or band and the student's custodial parent or guardian shall consent in writing to the district's drug testing program. Students shall not participate in these activities without participation in the Student Drug Testing Program. A refusal to take the test will be treated as a positive result.

The school district shall pay for the first test. All additional drug tests will be paid for by the parent or legal guardian.

- **First Positive Test:** Suspension from Extra-Curricular Activities (additionally, a 2nd test will be performed 30 days after the initial test by the same testing facility)
- **Second Positive Test:** Suspension from Extracurricular Activities for the remainder of the school year with counseling provided by WEEMS

Furthermore, if a student tests positive, they will be tested again during the same year at the District's discretion.

STUDENT INSURANCE

Any student who participates in any athletic activity, cheerleading, vocational or shop class or band shall be required to have proof of insurance, either Medicaid or personal health insurance, on file in the principal's office. School Day Insurance is sufficient for most activities. However, some activities are not covered by these policies so students/parents should check with coaches or the school principal prior to participation to be sure the policies offer adequate coverage. This information must be on file before the student will be allowed to participate in the above mentioned activities.

Each student will have the opportunity of taking a group, or School Day, student accident insurance. The teachers will distribute forms. Parents desiring to take such insurance should complete the forms and return them with the proper fee to the principal's office.

ELECTED HONORS

K-6

Students who run for Class Officer or Class Favorite or Student Council must have an overall average of 75 or above for the previous year's classwork and not have been suspended for disciplinary reasons.

7-12

Student body elections will be held in each high school each year. These elections will determine class officers, Student Council members, Mr. and Miss High School and other Who's Who honors.

Students who run for Mr. and Miss High School must have an overall average of 75 or above for the previous year's class work and be enrolled in the same Smith County for the entire sophomore through senior school year.

Candidates for Mr. and Miss High School will be nominated by the faculty and elected by the student body. Students who fail to meet the qualifications of an elected office or honor after being elected may be required to resign that office or honor. A second election will be held to fill the vacancy.

Students who run for Class Officer or Student Council member must have an overall average of 75 or

above for the previous year's class work and not have been suspended out of school for disciplinary reasons. Only seniors may run for Who's Who unless the title is grade specific

Students who become ill while in school should report to the office to ensure that proper care and attention are given. The school will not provide medication. The school will, however, cooperate with students who need to take medication while at school. Parents are asked to follow these guidelines:

1. All medication shall be kept in the office.
2. A letter from the student's physician or accurate instructions on the container shall accompany all medication.
3. Parents shall complete a medication authorization form before any medication is administered.
4. 24 hours fever free.

PARTIES AND SPECIAL EVENTS

All elementary classes will have class parties for Christmas and Easter. The younger children, grades K-3, may have Easter egg hunts for Easter. The children in the class will contribute refreshments or money to cover the cost of refreshments and favors for the parties. Food safety regulations recommend that all refreshments be purchased/pre-packaged items.

Teachers may, with the permission of the principal, give small parties for Valentine's Day or other special holidays.

MULTI-TIERED SYSTEM OF SUPPORT (MTSS)

A three- tiered model, designed as directed by the Mississippi Department of Education, shall be in place in each school. That model shall be designed to meet the needs of every student. The model shall consist of three tiers of instruction which are:

- Tier 1: Quality classroom instruction based on the MS College and Career Ready Standards
- Tier 2: Focused supplemental instruction
- Tier 3: Intensive interventions specifically designed to meet the individual needs of students.

Teachers will monitor student progress to (a) determine if students are making adequate progress, (b) identify students as soon as they begin to fall behind, and (c) modify instruction early enough to ensure each and every student gains essential skills. Monitoring of student progress is an ongoing process that may be measured through informal classroom assessment, benchmark assessment instruments and large-scale assessments.

If strategies as Tiers I and II are unsuccessful, students must be referred to the MTSS. The MTSS is the problem solving unit responsible for interventions developed at Tier III.

STUDENT LOCKERS

Student lockers are the property of Smith County Schools and are provided for the student's convenience. School authorities have the right to inspect student lockers at any time. The school assumes no responsibility for student valuables left in lockers.

Each student is expected to keep his/her locker clean and neat both inside and outside. Damages to lockers caused by misuse will be the responsibility of the student. Any malfunction of the locker should be reported to the school office.

Students are encouraged to plan their day so that they do not have to visit their lockers before every class.

STUDENT SCHEDULES

All students in grades 9, 10, and 11 are required to be in a class or activity every period of the school day. Schedule choices should be made with that policy in mind.

Course selections are made in the spring of each year and schedules are made to accommodate these selections. If a problem arises in filling your request, another course will be substituted.

Senior students and their parents should carefully examine schedules to be sure that all courses required for graduation have been scheduled. Questions about courses and required coursework should be addressed to the high school counselor at the beginning of the school year.

Schedule changes must be made before the fifth class meeting. Classes may not be dropped without the prior consent of the high school principal. Any dropped class must be replaced with another class. Students may not drop classes in order to leave school early or arrive late. Students who wish to drop a Dual Credit course must follow the guidelines from both JCJC and the Smith County School District.

ASSEMBLIES

Student assemblies will be held when needed. From time to time, there will be guest speakers. Students are expected to be courteous to program presenters and to refrain from making loud or rude noises during any presentation. No student will be excused from student assemblies without permission from the principal. Misconduct will not be tolerated.

Pep rallies will be held during football season. Students will assemble by grades in designated areas. All students are expected to attend pep rallies and to show their support for their school.

BUILDINGS AND GROUNDS

The Smith County School District is in compliance with all rules and regulations regarding the identification, containment, and removal of asbestos and asbestos containing materials in all SCSD buildings. The District has on file with the Mississippi Department of Education an approved asbestos management plan. Asbestos management plans are available for public review at each school location and the District office.

CAFETERIAS

All school meals are planned to meet or exceed the recommended quality and quantity standards set by the Federal School Food and Nutrition Service. District Food Service policy includes an "Offer versus Serve" for all grades. However, all full meals served must contain the necessary components to meet federal guidelines. Additionally, each school may offer extra items, such as ice cream, slush (100% fruit juice), water and canned fruit juice. With the exception of milk, ice cream and bottled water, a student

may purchase extra items **only** if the full meal unit is being purchased.

Students who wish to pay in advance for meals may do so. Meals not used will be credited to the student's meals for the next week. Cash refunds will be made only when a student withdraws from school. Requests for cash refunds must be made in writing. Checks will be accepted for the amount of food service purchases only. Parents may not combine payment for meals with other school expenses in a single check.

The Smith County School District has adopted a no charge meal policy. Junior High and High School students will not be allowed to charge meals.

Students may bring a lunch from home or eat the lunch prepared by the cafeteria staff. Students who bring lunch from home may purchase milk, ice cream or bottled water only. It is recommended that neither children nor adults bring canned or bottled drinks into the cafeteria without the label being removed or covered with aluminum foil. It is further recommended that children or adults bring no "fast food" into the cafeteria. Time limitations require that all students remain on the school campus during their lunch period.

Food shall not be delivered to children or adults. "Fast Food" deliveries could be an introduction point for alcohol, drugs, or weapons to the campus. "Fast Food" deliveries could also pose a sanitation problem by introducing food borne illness or pests.

- No glass containers allowed in the dining room.

Breakfast is served each day from 7:20 until 7:40. All students go directly to the cafeteria upon their arrival on campus and eat breakfast before the school day begins.

Students going to and from the cafeteria are considered in class and should walk quietly without disturbing other classes. At lunchtime all students are required to go to the cafeteria with their group and remain in the cafeteria until their group is dismissed. In order to keep the cafeteria clean and attractive the following rules must be observed:

1. Enter the cafeteria quietly and keep lines orderly
2. Never push or run.
3. Use good table manners.
4. Leave eating areas clean and neat.
5. Return trays, forks and spoons to the receiving window.
6. No food shall be taken out of the cafeteria.
7. Respect and obey the duty teacher and cafeteria staff.

CORRIDORS

Students should be in the halls only at the beginning and close of school and while moving from one class to another. Students in the hallways during class time must have hall passes signed by a teacher or the principal.

In passing through the corridors to classes or in entering or leaving the building, proper procedure is dictated by common sense and common good. Always move by the nearest route.

FUNDRAISING

All fundraising activities must have a specific goal. General, non-specific, fundraising activities are prohibited. The Principal and the Superintendent must approve activities designed to raise money for any school organization. The group sponsor shall turn in all money to the school bookkeeper. All required forms must be completed before and after the fund drive. No student shall solicit funds in the name of

the school, or any school organization, without the permission of the Principal and the Superintendent.

STUDENT VEHICLE POLICY

Driving on school roads and parking on school property is a courtesy offered to students by the School Board. Parking facilities located at the schools are not public parking areas and are to be used for school purposes only. School purposes include attendance at school or other school authorized activities. Traffic rules and regulations are established by the local school administration to promote the safety of all students on the school campuses. Failure to abide by prescribed safety regulations shall result in the denial of the privilege of bringing a vehicle on campus.

Students wishing to drive a car to school must obtain a parking permit from the principal's office. Students must have a valid driver's license and show proof of liability insurance to obtain a parking permit. The parking permit must be displayed in all cars parked on school campuses. Smith County Schools shall assume no responsibility for damages to vehicles parked on school property. Students are responsible for locking their cars, as the school district shall assume no responsibility for any loss of property.

Students shall not sit in vehicles parked on school property. Students shall not return to their vehicle during the school day without written permission from the principal or his or her designee. Students may not move their vehicles until they are leaving for the day.

TELEPHONE USE

The office telephone is to be used by students only in the case of an emergency. Students may not use the office telephone for personal calls except in an emergency and with permission from the principal or his/her designee. All messages to students should be received in the school office before 2:00p.m. to allow for timely delivery to the student. **Messages received after 2:00p.m. may not reach the student before dismissal time.**

MESSAGES FOR STUDENTS

All messages for students must be communicated through the school office.

Messages to Change a Student's Regular Routine

To change a student's regular routine, a note must include a telephone number for verification.

Due to safety and security concerns any changes which need to be made in regard to a student's transportation are to be made prior to 1:30. This allows the office staff time to notify all parties involved of the changes being made to reduce the risk of interfering with the end- of- the day procedures.

VISITORS

For the security of your child it is necessary that school officials monitor all school visitors. All visitors must stop at the principal's office before going to a classroom or to visit students or school employees on the school campuses. Individuals without a proper visitor's pass will be asked to leave the school grounds immediately. Refusal may result in notification of law enforcement officials.

Students are not permitted to bring visitors into the classrooms

Textbooks and Computer Equipment

Textbooks, computers, and Chromebooks are furnished to students by the school district at public expense; therefore, it is necessary that they be handled with care. Parents must assume full responsibility for books and technology equipment issued to their children and see that they are returned in good

EMAIL CLIENT AS
DISTRICT REPRESENTATIVE**
(Teachers, Administrators, Managers, etc.)

Use of "Internet mail" by students, staff, and faculty such as Yahoo mail, Gmail, and POP3 accounts provided by their "home" Internet service providers is NOT permitted. Beginning in the 2019-2020 school year, the District blocks the use of Internet mail accounts not managed by SCSD. All "OFFICIAL" communications, e.g., Teacher to Parent, Teacher to Student, Staff to Staff, must be via the district's e-mail system or at any given time an approved solution for such communications. This includes, but is not limited to, teachers who guide extracurricular activities such as Clubs, Choirs, Bands, Athletics, and the like.

FILTERING

An Internet filter is in place for Smith County School District. This filter is a critical component of the SCSD network as well as the federally required Children's Internet Protection Act (CIPA) compliance ruling since it allows valuable online Internet access while restricting access to specific unwanted material in the following categories:

Pornography, Gambling, Illegal Drugs, Online Merchandising, Hate Speech, Criminal Skills, Alternative Journals and Other Undesirable Materials.

The filter is updated daily to restrict access to the above items. Filtering is not a 100% foolproof way of limiting access to appropriate sites. Inappropriate sites are added to the Internet daily. Students will be supervised at all times by a teacher while using the Internet. All Internet hits are logged and archived to include the date/time, IP address and account of the user of the workstation making the request.

Attempts to bypass the school Internet filters is in violation of this acceptable use policy and will be subject to disciplinary action that may include denial of access to technology, detention, suspension, expulsion, termination of employment or other remedies applicable under the school disciplinary policy, and state or federal law.

WORKSTATION MONITORING

All data transferred and/or transmitted over the SCSD network is monitored and recorded. All data transferred or transmitted over the network can be tracked and identified, and the originating user can be held liable if their use of the network/device violates any established policy, regulation, or law. Any data stored on district owned equipment may be archived and preserved by the district for an indefinite period.

Such data includes, but is not limited to email, text documents, digital photographs, music, and other digital or electronic files. If a device continues to try to connect to an inappropriate site, that device will be remotely monitored and the individual using that workstation will be reported to District Administration.

TECHNOLOGIES COVERED

SCSD may provide the privilege of Internet access, desktop computers, mobile computers or devices, video conferencing capabilities, online collaboration capabilities, email, and more.

The Acceptable Use Policy applies to both District-owned technology equipment utilizing the SCSD network, the SCSD Internet connection, and/or private networks/Internet connections accessed from District-owned devices at any time.

Thus, the AUP also applies to privately owned devices accessing the SCSD network, the SCSD Internet connection, and/or private networks/Internet connections while on school property or participating in school functions or events off campus. SCSD policies outlined in this document cover all available technologies now and in those released in the future, not just those specifically listed or currently available.

GOOGLE WORKSPACE FOR EDUCATION

At SCSD, we use Google Workspace for Education, and we are seeking your permission to provide and manage a Google Workspace for Education account for your child. Google Workspace for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. At SCSD, students will use their Google Workspace for Education accounts to complete assignments, communicate with their teachers, sign into their Chromebooks, and learn 21st century digital citizenship skills.

The notice provided on the SCSD website, answers to common questions about what Google can and can't do with your child's personal information, including:

- What personal information does Google collect?
- How does Google use this information?

- Will Google disclose my child’s personal information?
- Does Google use student personal information for users in K-12 schools to target advertising?
- Can my child share information with others using the Google Workspace for Education account?

Please let us know of any questions.

EMAIL

Employees and students SCSD email is the property of SCSD. SCSD archives all employee & student email. It is the responsibility of the employee and student to maintain this email account appropriately. When user email accounts are suspended due to the end user no longer being enrolled or employed by SCSD, the account will not be restored without the user making a person meeting with members of the IT Staff.

SECURITY

Users are expected to take reasonable safeguards against the transmission of security threats over the SCSD network. This includes not opening or distributing infected files or programs and not opening files or programs of unknown or untrusted origin. Users should never share personal information about other employees or any student using email.

If users believe a computer or laptop they are using might be infected with a virus, they should alert the Technology Department. Users should not attempt to remove the virus themselves or download any programs to help remove the virus.

ONLINE ETIQUETTE

Users should always use the Internet, network resources, and online sites in a courteous and respectful manner. Users should recognize that among the valuable content online there is also unverified, incorrect, or inappropriate content. Users should only use known or trusted sources when conducting research via the Internet.

Users should remember not to post anything online that they would not want students, parents, teachers, or future colleges or employers to see. Once something is online, it cannot be completely retracted and can sometimes be shared and spread in ways the user never intended.

PLAGIARISM

Users should not plagiarize (or use as their own, without citing the original creator) content, including words or images, from the Internet. Users should not take credit for things they did not create themselves, or misrepresent themselves as an author or creator of something found online.

Information obtained via the Internet should be appropriately cited, giving credit to the original author.

PERSONAL SAFETY

Users should never share personal information, including phone number, address, a Social Security Number, birthday, or financial information, over the Internet without a signed compliance form from a parent or guardian of any student. Users should recognize that communicating over the Internet brings anonymity, associated risks, and should carefully safeguard the personal information of themselves and others. Users should never agree to meet in person someone they meet online without parental / guardian permission.

If users see a message, comment, image, or anything else online that makes them concerned for their personal safety or the safety of someone else, they should immediately bring it to the attention of an adult (teacher or administrator if at school, parent if using the device at home).

CYBER BULLYING

Cyber bullying includes, but is not limited to, harassing, flaming, denigrating, impersonating, outing, tricking, excluding, and cyber stalking, as such cyber bullying will not be tolerated. Users should not send emails or post comments with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted individual and create for the targeted individual a hostile school environment.

Engaging in these behaviors or in any online activities intended to harm (physically or emotionally) another person, will result in disciplinary action described in SCSD Policy IJNDB-1 – Responsible Use of the Internet and Cyber Bullying. In some cases, cyber bullying can be a crime. Users should remember that online activities might be monitored.

All students will be educated about appropriate online behavior, including interacting with other persons on social networking websites and in chat rooms, and cyber bullying awareness and response.

LIMITATION OF LIABILITY

SCSD will not be responsible for damage or harm to persons, files, data, or hardware. While SCSD uses filtering and other safety and security mechanisms, and attempts to ensure their proper function, it makes no guarantees as to their effectiveness.

SCSD will not be responsible or liable for, financially or otherwise, unauthorized transactions conducted over the SCSD network.

VIRTUAL MEETINGS

All virtual meetings hosted by any SCSD employee are monitored and recorded. Virtual meetings are an extension of the school the student attends and follows any rules or guidelines set by that school. The teacher reserves the right to limit the student's ability to communicate or attend any school sanctioned virtual meeting.
