Spelling Test 11/13

****Spelling lists and study guides are posted on my webpage!**

PARENTS: Please make sure your child is studying for spelling tests. 4th grade spelling isn't easy! Please help them study and give them a practice test before Friday.

This Week's Shoutout:
Sarah Blayke!! Thank you for working hard every day and for caring about your classmates! 🥰

Lucas

Math:

We will be starting Topic 6 in our Math book this week. Topic 6 is using basic operations in word problems. We will not spend long on this Topic because it is not new information. It is simply using what we already know to complete word problems. Please practice all multiplication facts to 12. Regular spiral math homework this week. Remember the pages in the math book can be used for additional practice if you want to make sure they are grasping what we are doing in class. We will be working on our Math Project in class this week. Remember these are completed once per nine weeks and are major grades. This one is very similar to the last one.The project is on planning a Thanksgiving dinner.

AL History:

We will still be starting Science back this week! We will begin Unit 2. Unit 2 discusses different forms of energy. In Lesson 1 this week, students will make observations to explain how different types of energy can be transferred in various ways.

This Week's Shoutout:
Gideon!! Thank you for working so hard!!

Special Reminders
