**CONSENT AGENDA:**

Claims

**INFORMATION ITEMS:**

Director's Report

**ACTION ITEMS:**

Independent education evaluations (see attached email about IEEs)

The board should decide about whether the cost of IEEs will be incurred by the district or by the cooperative. Per Mr. Weldon's advice, I would recommend that future requests for IEEs be the financial responsibility of the involved school district.

The cooperative can provide a list of qualified examiners upon request so that districts can ensure examiners are fully qualified and to allow for reasonable cost containment.

Private and Homeschool Count for OPI (see attached email from Anne Rainey)

The count of IDEA-eligible students who attend private or homeschool, ***whether or not they receive any special education services***, must be submitted by November 4, 2022. Failure to return the documentation could result in IDEA funds being placed on hold.

The board should decide whether individual districts or the cooperative are responsible for managing this report.
