EQUAL EDUCATIONAL OPPORTUNITIES/ NONDISCRIMINATION

I. Policy Statement

Equal educational opportunities are available for all students, without regard to sex, sexual orientation, race, creed, color, national origin, gender, gender identity, ethnicity, religion, disability, ancestry, marital or parental status or any other unlawful basis. Educational programs are designed to meet the varying needs of all students.

II. Complaint Procedure

A. File Report

Any student who believes he or she has been the victim of prohibited discrimination should report the alleged discrimination as soon as possible to one of the Compliance Officers designated in this policy or to any other school personnel. The alleged discrimination should be reported as soon as possible, and the report generally should be made within fifteen (15) school days of the occurrence. Further, any student who has knowledge of conduct which may constitute prohibited discrimination should report such conduct to one of the Compliance Officers designated in this policy or to any school personnel. Any employee who has knowledge of conduct which may constitute prohibited discrimination shall immediately report such conduct to one of the Compliance Officers designated in this policy.

The reporting party should use the form, Report of Discrimination, JB-F, to make complaints of discrimination. However, oral reports and other written reports shall also be accepted. The complaint should be filed with either the building principal or one of the Compliance Officers designated in this policy. The principal shall immediately forward any report of alleged prohibited discrimination to the Compliance Officer. Any complaint that involves the Compliance Officer shall be reported to the superintendent.

The complaint, and identity of the complainant and of the person or persons allegedly responsible for the discrimination, will not be disclosed except as required by law or policy, as necessary to fully investigate the complaint or as authorized by the complainant. A complainant who wishes to remain anonymous will be advised that such confidentiality may limit the school division's ability to fully respond to the complaint.

B. Investigation

Upon receipt of a report of alleged prohibited discrimination, the Compliance Officer shall immediately authorize or undertake an investigation. The investigation may be conducted by school personnel or a third party designated by the school division. The investigation shall be completed as soon as practicable, which should generally be not later than 14 school days after receipt of the report by the Compliance Officer. Upon receiving the complaint, the Compliance Officer shall

acknowledge receipt of the complaint, by giving written notice that the complaint has been received, to both the person complaining of discrimination and the person or persons allegedly responsible for the discrimination. Also upon receiving the complaint, the Compliance Officer shall determine whether interim measures should be taken pending the outcome of the investigation. If the Compliance Officer determines that more than 14 school days will be required to investigate the complaint, the complainant and the person or persons allegedly responsible for the discrimination will be notified of the reason for the extended investigation and of the date by which the investigation will be concluded.

The investigation may consist of personal interviews with the complainant, the person or persons allegedly responsible for the discrimination, and any others who may have knowledge of the alleged discrimination or the circumstances giving rise to the complaint. The investigation will consider witnesses and evidence from both the complainant and the person or persons responsible for the alleged discrimination. The investigation may also include the inspection of any documents or information deemed relevant by the investigator. The school division shall take necessary steps to protect the complainant and others pending the completion of the investigation.

Whether a particular action or incident constitutes a violation of this policy requires a case by case determination based on all of the facts and circumstances revealed by a complete and thorough investigation.

The Compliance Officer shall issue a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, then the report shall be sent to the School Board. The report shall include a determination of whether the allegations are substantiated, whether this policy was violated and recommendations for corrective action, if any.

All employees shall cooperate with any investigation of alleged discrimination conducted under this policy or by an appropriate state or federal agency.

C. Action by Superintendent

Within 5 school days of receiving the Compliance Officer's report, the superintendent or designee shall issue a decision regarding (1) whether this policy was violated and (2) what action, if any, should be taken. This decision must be provided in writing to the complainant. If the superintendent or designee determines that prohibited discrimination occurred, the Rappahannock County School Division shall take prompt, appropriate action to address and remedy the violation as well as prevent any recurrence. Such action may include discipline up to and including expulsion or discharge.

D. Appeal

If the superintendent or designee determines that no prohibited discrimination occurred, the student who was allegedly subjected to discrimination may appeal this

finding to the School Board within 5 school days of receiving the decision. Notice of appeal must be filed with the superintendent who shall forward the record to the School Board. The School Board shall make a decision within 30 calendar days of receiving the record. The School Board may ask for oral or written argument from the aggrieved party and the superintendent and any other individual the School Board deems relevant. Written notice of the School Board's decision will be given to both the complainant and the person or persons responsible for the alleged discrimination.

If the superintendent or designee determines that prohibited discrimination occurred and discipline is imposed, the disciplined person may appeal the disciplinary sanction in the same manner as any other such sanction would be appealed.

E. Compliance Officer and Alternate Compliance Officer

The School Board designates a Compliance Officer responsible for identifying, preventing and remedying discrimination as well as receiving complaints under this Policy. The name and contact information for the Compliance Officer is posted on the Division's website at all times. The Compliance Officer may be contacted at 6 Schoolhouse Road, Washington, VA 22747, 540-227-0023. Complaints of discrimination may also be made to the Alternate Compliance Officer at 6 Schoolhouse Road, Washington, VA 22747, 540-227-0023.

The Compliance Officer

- receives reports or complaints of discrimination;
- conducts or oversees the investigation of any alleged discrimination;
- assesses the training needs of the school division in connection with this policy;
- arranges necessary training to achieve compliance with this policy; and
- ensures that any discrimination investigation is conducted by an impartial investigator who is trained in the requirements of equal education opportunity and has the authority to protect the alleged victim and others during the investigation.

III. Retaliation

Retaliation against students or school personnel who report discrimination or participate in the related proceedings is prohibited. The school division shall take appropriate action against any student or employee who retaliates against another student or employee who reports alleged discrimination or participates in related proceedings. The Compliance Officer will inform persons who make complaints, who are the subject of complaints, and who participate in investigations of how to report any subsequent problems.

IV. Right to Alternative Complaint Procedure

Nothing in this policy denies the right of any individual to pursue other avenues of recourse to address concerns relating to prohibited discrimination including initiating civil action, filing a complaint with outside agencies or seeking redress under state or federal law.

V. Prevention and Notice of Policy

Training to prevent discrimination should be included in employee and student orientations as well as employee in-service training.

This policy shall be (1) displayed in prominent areas of each division building in a location accessible to students, parents and school personnel, (2) included in the student and employee handbooks; and (3) sent to parents of all students within 30 calendar days of the start of school. All students and their parents/guardians shall be notified annually of the names and contact information of the Compliance Officers.

VI. False Charges

Students or school personnel who knowingly make false charges of discrimination shall be subject to disciplinary action.

SECTION 504 NONDISCRIMINATION POLICY AND COMPLAINT PROCEDURES

The Rappahannock County School Board does not discriminate against individuals on the basis of disability. The Rappahannock County School Board has established this policy as a way to provide prompt and impartial review of complaints alleging any action prohibited by Section 504 of the Rehabilitation Act of 1973. This policy provides an optional resolution procedure for a complainant. This procedure is not a prerequisite before a complainant may directly pursue any other remedy available under state or federal law. However, the policy of Rappahannock County School Board is for students, parents/guardians and employees to have the opportunity to make concerns known to the School Board and for the School Board to have the opportunity to respond to and resolve concerns as rapidly as practicable.

The goal of these procedures is to protect the substantive rights of interested persons, meet appropriate due process standards, assure School Board compliance with Section 504 of the Rehabilitation Act of 1973 and provide a prompt, equitable and impartial resolution of complaints alleging a violation of Section 504.

Any student or any parent or guardian of a student may be a complainant and may file a formal or informal grievance as provided below.

A. FORMAL PROCEDURE

1. Filing a Complaint

Any complainant should submit a complaint alleging discrimination as soon as possible to the Compliance Officer or to any other school or school division staff. The complaint shall be submitted within 45 school days of the alleged discrimination. Any employee who has knowledge of conduct which may constitute discrimination shall immediately report such conduct to the Compliance Officer, the employee's supervisor, or to any other school or school division staff. Any employee who receives a complaint under this policy shall immediately forward the complaint to the Compliance Officer.

The complainant should use the "Complaint of Discrimination" form (see end of this policy) to make a complaint of discrimination. However, oral complaints are also accepted. The complaint should be filed with the school principal, other school or school division staff, or the Compliance Officer. School or school division staff receiving a complaint of discrimination shall forward it to the school principal; who shall immediately forward the complaint of discrimination to the Compliance Officer. Any complaint that involves the Compliance Officer shall be reported to the superintendent. Any complaint that involves the superintendent shall be reported to the School Board Chair.

The complaint and the identity of the complainant, the individual who is the subject of the complaint (if other than the complainant), and the persons allegedly responsible for the discrimination will not be disclosed except as

required by law or policy, as necessary to fully investigate the complaint or as authorized by the complainant.

2. Investigation

Upon receipt of a report or complaint of discrimination, the Compliance Officer immediately authorizes or undertakes an investigation. The investigation may be conducted by school staff or a third party designated by the school division. The investigation shall be completed as soon as practicable, but not later than 15 school days after receipt of the complaint of alleged discrimination by the Compliance Officer unless the extension below is exercised. Within 3 school days of receiving the complaint, the Compliance Officer sends written notice that the complaint has been received to the complainant and the person or persons allegedly responsible for the discrimination.

Also upon receiving the complaint, the Compliance Officer determines whether interim measures should be taken pending the outcome of the investigation. If the Compliance Officer determines that more than 15 school days will be required to investigate the complaint, the Compliance Officer will notify the complainant and the person or persons allegedly responsible for the discrimination of the reasons for the extended investigation and of the date by which the investigation is projected to be concluded, which will be no longer than an additional 15 school days. The investigation may consist of personal interviews with the complainant, the person or persons allegedly responsible for the discrimination, and any others who may have knowledge of the alleged discrimination or the circumstances giving rise to the complaint. The investigation may also include the inspection of any documents or information deemed relevant by the investigator. The complainant and the person or persons allegedly responsible for the discrimination have the right to identify witnesses and other relevant information as well as rebut evidence presented by others. The school division takes necessary steps to protect the complainant and others pending the completion of the investigation.

Whether a particular action or incident constitutes a violation of this policy requires a case by case determination based on all of the facts and circumstances revealed by a complete and thorough investigation.

The Compliance Officer shall issue a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, then the report shall be sent to the School Board. The report shall include a determination of whether the allegations are substantiated, whether this policy was violated and recommendations for corrective action, if any. The Compliance Officer's written report, and all written notices sent pursuant to this policy are maintained and distributed in accordance with the Family Educational Rights and Privacy Act and Policy JO Student Records. The report shall be issued to the superintendent, the complainant and the accused person or persons allegedly

responsible for the discrimination within 20 school days of receipt of the complaint, unless additional time was utilized for the investigation in which case the report shall be issued within 35 school days of receipt of the complaint.

3. Action by the Superintendent

Within 10 school days of receiving the Compliance Officer's report, the superintendent or superintendent's designee shall issue a decision regarding: (1) whether this policy was violated and, if so (2) what action, if any, will be taken. This decision must be provided in writing to the complainant and the person or persons allegedly responsible for the discrimination. If the superintendent determines that discrimination occurred, the school division takes prompt, appropriate action to address and remedy the harm and prevent any recurrence. Such action may include discipline up to and including recommending that a student be expelled or that an employee be discharged.

4. Appeal

If the superintendent or designee determines that no discrimination occurred, the complainant may appeal this determination to the School Board within 5 calendar days of receiving the decision. Notice of appeal must be filed with the superintendent, who shall forward the Compliance Officer's report and any documentation or information deemed relevant by the Compliance Officer during the course of the investigation to the School Board. The School Board shall make a decision within 30 calendar days of receiving the record. The School Board may require oral or written argument from the complainant, the person or persons allegedly responsible for the discrimination, the superintendent, and any other individual it deems appropriate. An extension of the 30 calendar day time limit may occur if necessary as determined by the School Board Chair up to an additional 10 calendar days. The decision of the School Board shall be in writing and shall be provided to the complainant and the person or persons allegedly responsible for the discrimination.

If the superintendent or superintendent's designee determines that discrimination occurred and discipline is imposed, the disciplined person (i.e. student or employee) may appeal the disciplinary sanction in accordance with existing School Board policies and regulations.

5. Compliance Officer

The School Board designates a Compliance Officer responsible for identifying, preventing and remedying discrimination as well as receiving complaints under this Policy. The name and contact information for the Compliance Officer is posted on the Division's website at all times. The Compliance Officer may be contacted at 6 Schoolhouse Road, Washington, VA 22747.

The Rappahannock County School Board's Compliance Officer receives training and is knowledgeable about the requirements of Section 504 in order to impartially and equitably resolve complaints and ensure compliance with the law. In addition, the Compliance Officer

- a. receives reports and complaints of discrimination,
- b. conducts or oversees the investigation of any alleged discrimination,
- c. assesses the training needs of the school division in connection with this policy and
- d. arranges necessary training to achieve compliance with this policy.

B. INFORMAL PROCEDURE

If the complainant and the person or persons allegedly responsible for the discrimination agree, the school principal, principal's designee or the Compliance Officer may arrange for them to resolve the complaint informally with the assistance of a counselor, teacher or other school or school division staff.

If the complainant and the person or persons allegedly responsible for the discrimination agree to attempt to resolve the complaint informally, they shall each be informed that they have the right to abandon the informal procedure at any time in favor of the initiation of the above formal procedures.

If the complaint is resolved informally, the counselor, teacher or other school or school division staff shall notify the school principal of the resolution. The school principal shall notify the complainant, the person or persons allegedly responsible for the discrimination and the Compliance Officer in writing that the complaint has been resolved informally.

C. RETALIATION

Retaliation against students, school staff or school division staff who report discrimination or participate in the related proceedings is prohibited. The school division shall take appropriate action against any student or employee who retaliates against another student or employee who reports alleged discrimination or participates in related proceedings.

D. FALSE CHARGES

Students, school staff or school division staff who make false charges of discrimination are subject to disciplinary action.

CLASSROOM ASSIGNMENTS FOR TWINS

A parent of twins or higher order multiples in the same grade level may request that the children be placed in the same classroom or in separate classrooms if they are at the same elementary school. A parent must request the classroom placement no later than 3 days after the first day of each school year or 3 days after the first day of attendance of the children during a school year. COMPULSORY ATTENDANCE

Generally

Every parent, guardian, or other person having control or charge of any child who will have reached the fifth birthday on or before September 30 of any school year and who has not passed the eighteenth birthday shall cause such child to attend a public school or otherwise provide the child with an education in accordance with state law unless the child is exempt from the state's compulsory attendance requirement.

Further, in the case of any five-year-old child, the requirements of this policy may be satisfied by causing the child to attend any public educational pre-kindergarten program, including a Head Start program, or in a private, denominational, or parochial educational pre-kindergarten program.

As used in this policy, "attend" includes participation in educational programs and courses at a site remote from the school with the permission of the school and in conformity with applicable requirements.

The requirements of this policy apply to

- any child in the custody of the Department of Juvenile Justice or the Department of Corrections who has not passed the child's eighteenth birthday, and
- any child whom the superintendent has required to take a special program of prevention, intervention, or remediation as provided in Va. Code §§ 22.1-253.13:1.C and 22.1-254.01.

The requirements of this policy do not apply to

- any person 16 through 18 years of age who is housed in an adult correctional facility when such person is actively pursuing the achievement of a passing score on a high school equivalency examination approved by the Board of Education but is not enrolled in an individual student alternative education plan, and
- any child who has obtained a high school diploma or its equivalent, a certificate of completion, or a passing score on a high school equivalency examination approved by the Board of Education, or who has otherwise complied with compulsory school attendance requirements.

Individual Student Alternative Education Plan

The School Board may allow the compulsory attendance requirements to be met pursuant to an individual student alternative education plan developed in conformity with guidelines prescribed by the Board of Education under the following conditions:

1. The student must be at least sixteen years of age
2. There shall be a meeting of the student, the student's parents, and the principal or principal's designee of the school in which the student is enrolled to develop the plan, which must include the following:
 - career guidance counseling
 - mandatory enrollment and attendance in a preparatory program for passing a high school equivalency examination approved by the Board of Education or other alternative education program approved by the School Board, with attendance reported to the principal or principal's designee
 - mandatory enrollment in a program to earn a Board of Education-approved career and technical education credential, such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, or the Virginia workplace readiness skills assessment
 - successful completion of the course in economics and personal finance required to earn a Board of Education-approved high school diploma
 - counseling on the economic impact of failing to complete high school; and
 - procedures for re-enrollment
3. A student for whom such an individual student alternative education plan has been granted but who fails to comply with the conditions of the plan is in violation of the compulsory attendance law, and the superintendent or attendance officer shall seek immediate compliance with such law.

Alternative Education Programs

The School Board may, in accordance with the procedures set forth in Va. Code § 22.1-276.01 et seq. and upon a finding that a school-age child has been

- charged with an offense relating to the Commonwealth's laws, or with a violation of School Board policies, on weapons, alcohol or drugs, or intentional injury to another person;
- found guilty or not innocent of a crime that resulted in or could have resulted in injury to others, or of an offense that is required to be disclosed to the superintendent pursuant to subsection G of Va. Code § 16.1-260;
- suspended pursuant to Va. Code § 22.1-277.05; or
- expelled from school attendance pursuant to Va. Code §§ 22.1-277.06, 22.1-277.07, or subsection C of § 22.1-277,

require a student to attend an alternative education program as provided by Va. Code §§ 22.1-209.1:2 or 22.1-277.2:1.

Whenever a court orders any pupil into an alternative education program, including a program preparing students for a high school equivalency examination approved by the Board of Education, offered in the public schools, the School Board determines the appropriate alternative education placement of the pupil regardless of whether the pupil attends the public schools it supervises or resides within its school division.

Reports Regarding Nonenrolled Children

The attendance officer, the superintendent, or the superintendent's designee checks the reports submitted pursuant to subsection A of Va. Code § 22.1-260 with reports from the State Registrar of Vital Records and Health Statistics. From these reports and from any other reliable source the attendance officer, the superintendent, or the superintendent's designee, within five days after receiving all reports submitted pursuant to subsection A of Va. Code § 22.1-260, makes a list of the names of children who are not enrolled in any school and who are not exempt from school attendance. The attendance officer investigates all cases of nonenrollment and, when no valid reason is found therefor, notifies the parent, guardian or other person having control of the child to require the attendance of such child at the school within three days from the date of such notice.

SCHOOL ADMISSION

Generally

A person of school age (i.e., a person who will have reached the person's fifth birthday on or before September 30 of the school year and who has not reached 20 years of age on or before August 1st of the school year) is eligible for admission on a non-tuition basis if residing in the Rappahannock County School Division, or if eligible for admission under Policy JECA Admission of Homeless Children.

A person of school age is deemed to reside in the school division

- when the person is living with a natural parent, or a parent by legal adoption, in the Rappahannock County School Division;
- when, in accordance with the provisions of Va. Code § 22.1-360, the person is living with a noncustodial parent or other person standing in loco parentis, not solely for school purposes, pursuant to a Special Power of Attorney executed under 10 United States Code § 1044b by the custodial parent;
- when the parents of such person are dead and the person is living with a person in loco parentis who actually resides within the school division;
- when the parents of such person are unable to care for the person and the person is living, not solely for school purposes, with another person who resides in the school division and is either
 - (i) the court-appointed guardian, or has legal custody of the person,
 - (ii) acting in loco parentis pursuant to placement of the person for adoption by a person or entity authorized to do so under Va. Code § 63.2-1200; or
 - (iii) an adult relative providing temporary kinship care as that term is defined in Va. Code § 63.2-100. Both parents and the relative providing kinship care must submit signed, notarized affidavits
 - (a) explaining why the parents are unable to care for the person,
 - (b) detailing the kinship care arrangement, and
 - (c) agreeing that the kinship care provider or a parent will notify the school within 30 days of when the kinship care arrangement ends.

The parent must also provide a power of attorney authorizing the adult relative to make educational decisions regarding the person. A parent or the kinship care provider must also obtain written verification from the department of social services where the parent or parents live, and the department of social services where the kinship provider lives, that the kinship arrangement serves a legitimate purpose that is in the best interest of the person other than school enrollment. If the kinship care arrangement lasts more than one year, the school division must receive continued verification directly from both departments of social

services that the parents are unable to care for the person and that the kinship care arrangement serves a legitimate purpose other than school enrollment.

- when the person is living in the school division not solely for school purposes, as an emancipated minor;
- when all or any portion of the building in which the person resides (i) with another person as set forth in the first through fourth bullets above or (ii) as an emancipated minor as set forth in the fifth bullet above is taxable by the locality in which the school division is located; or
- when the person has been placed in a foster care placement within the school division by a local social services agency. The sending and receiving school divisions will cooperate in facilitating the enrollment of any child placed in foster care across jurisdictional lines to enhance continuity of instruction. The child will be allowed to continue to attend the school in which the child was enrolled prior to the most recent foster care placement, upon the joint determination of the placing social services agency and the school division that such attendance is in the best interest of the child. No person of school age who is the subject of a foster care placement will be charged tuition regardless of whether the child is attending the school in which the child was enrolled prior to the most recent foster care placement or is attending a school in the receiving school division. These provisions apply to any student who was in in foster care upon reaching 18 years of age and has not reached 22 years of age.

Certain other students may be admitted into the public schools of the division and may be charged tuition in accordance with Va. Code § 22.1-5 and pursuant to Rappahannock County School Board Regulation JEC-R School Admission.

Children of Persons on Active Military Duty

No child of a person on active military duty

- who is attending a school free of charge in accordance with this policy will be charged tuition by the school division upon such child's relocation to military housing located in another school division in the Commonwealth, pursuant to orders received by such child's parent to relocate to base housing. Such children are allowed to continue attending school in the school division and are not charged tuition for attending such school;
- who is attending a school free of charge in accordance with this policy will be charged tuition upon such child's relocation pursuant to orders received by such child's parent to relocate to a new duty station or to be deployed. Such children are allowed to remain enrolled in the division free of tuition through the end of the school year; and

- who is eligible to attend school free of charge in accordance with this policy will be charged tuition by a school division that will be the child's school division of residence once the child's service member parent is relocated pursuant to orders received. Such a child will be allowed to enroll in the school division of the child's intended residence if documentation is provided, at the time of enrollment, of military orders of the service member parent or an official letter from the service member's command indicating such relocation. Documentation indicating a permanent address within the school division must be provided to the school division within 120 days of a child's enrollment or tuition may be charged, including tuition for the days since the child's enrollment in school. In the event that the child's service member parent is ordered to relocate before the 120th day following the child's enrollment, the school division will not charge tuition. Students eligible to enroll in the school division in accordance with this policy because they are the children of military personnel on active military duty who will reside in the division may register, remotely or in-person, for courses and other academic programs and participate in the lottery process for charter schools and college partnership laboratory schools in the school division at the same time and in the same manner as students who reside in the division. The assignment of the school such child will attend will be determined by the school division.

Such children are counted in the average daily membership of the school division in which they are enrolled. Further, the school division in which such children are enrolled subsequent to their relocation to base housing is not responsible for providing for their transportation to and from school.

Children of Certain Federal Employees

Children of federal employees serving under orders pursuant to Title 22 or 50 of the United States Code are eligible for enrollment in Rappahannock County School Division provided that the documents required by Va. Code §§ 22.1-3.1 and 22.1-3.2 are provided and subject to the authority of the school division to exclude such children from attendance pursuant to Va. Code § 22.1-277.2 or if such children have been found guilty or adjudicated delinquent for any offense listed in subsection G of Va. Code § 16.1-260 or any substantially similar offense under the laws of any state.

Students may enroll in the Rappahannock County School Division if the division is the student's intended residence if documentation is provided at the time of enrollment of Title 22 or 50 orders of the federal employee parent. Documentation indicating a permanent address within the school division must be provided to the school division within 120 days of a student's enrollment or tuition may be charged, including tuition for the days since the student's enrollment. In the event that the federal employee parent is ordered to relocate under Title 22 or Title 50 orders before the one

hundred twentieth day following the student's enrollment, the school division will not charge tuition. Students eligible to enroll in the school division pursuant to this section may register, remotely or in person, for courses and other academic programs and participate in the lottery process for charter schools and college partnership laboratory schools in the school division at the same time and in the same manner as students who reside in the division. The assignment of the school that such student will attend will be determined by the school division.

"Children of federal employees serving under orders pursuant to Title 22 or 50 of the United States Code" means school-age children, enrolled in kindergarten through grade 12, in the household of a federal employee serving under orders pursuant to Title 22 or 50 of the United States Code.

ADDITIONAL ADMISSION REQUIREMENTS

- A. Except as otherwise provided below, no pupil is admitted for the first time to any public school in any school division in Virginia unless the person enrolling the pupil presents, upon admission, a certified copy of the pupil's birth record. The principal or principal's designee records the official state birth number from the pupil's birth record into the pupil's permanent school record and may retain a copy in the pupil's permanent school record. If a certified copy of the pupil's birth record cannot be obtained, the person so enrolling the pupil must submit an affidavit setting forth the pupil's age and explaining the inability to present a certified copy of the birth record. If the school division cannot ascertain a child's age because of the lack of a birth certificate, the child will nonetheless be admitted into the public schools if the superintendent determines that the person submitting the affidavit presents information sufficient to estimate with reasonable certainty the age of such child.
- B. If a certified copy of the birth record is not provided, the administration immediately notifies the local law enforcement agency. The notice to the local law-enforcement agency includes copies of the submitted proof of the pupil's identity and age and the affidavit explaining the inability to produce a certified copy of the birth record.
- C. Within 14 days after enrolling a transfer student, the administration requests documentation that a certified copy of the pupil's birth record was presented when the pupil was enrolled in the former school.
- D. The School Board assigns a unique student identification number, determined in accordance with a system developed by the Department of Education, to each student enrolled in the division. No student identification number includes or is derived from the student's social security number. Each student retains the student's identification number for as long as the student is enrolled in a public elementary or secondary school in Virginia.

- E. Tuition rates are established each year in accordance with the provisions of Va. Code § 22.1-5.
- F. Prior to admission to the Rappahannock County School Division, the parent, guardian, or other person having control or charge of the child must provide, upon registration,
- a sworn statement or affirmation indicating whether the student has been expelled from school attendance at a private school or in a public school division of the Commonwealth or another state for an offense in violation of school board policies relating to weapons, alcohol or drugs, or for the willful infliction of injury to another person. This document is maintained as a part of the student's scholastic record; and
 - a sworn statement or affirmation indicating whether the student has been found guilty of or adjudicated delinquent for any offense listed in subsection G of Va. Code § 16.1-260 or any substantially similar offense under the laws of any state, the District of Columbia, or the United States or its territories. This document is maintained by the superintendent and by any others to whom the superintendent disseminates it, separately from all other records concerning the student.

However, if the school administrators or the School Board takes disciplinary action against a student based upon an incident which formed the basis for the adjudication of delinquency or conviction for an offense listed in subsection G of § 16.1-260, the notice will become a part of the student's disciplinary record.

When the child is registered as a result of a foster care placement, the information required under this subsection must be furnished by the local social services agency or licensed child-placing agency that made the placement.

- G. A student, who has been expelled or suspended for more than thirty days from attendance at school by a school board or a private school in Virginia or in another state or for whom admission has been withdrawn by a private school in Virginia or another state may be excluded from attendance in the Rappahannock County School Division regardless of whether such student has been admitted to another school division or private school in Virginia or in another state subsequent to such expulsion, suspension, or withdrawal of admission upon a finding that the student presents a danger to the other students or staff of the school division after (i) written notice to the student and the student's parent that the student may be subject to exclusion, including the reasons therefore, and notice of the opportunity for the student or the student's parent to participate in a hearing to be conducted by the superintendent or superintendent's designee regarding such exclusion; and (ii) a hearing of the case has been conducted by the superintendent or superintendent's

designee; and the decision has been to exclude the student from attendance. The decision of the superintendent or superintendent's designee to exclude the student is final unless altered by the School Board upon written petition filed within 15 days of the decision to exclude the student by the student or the student's parent, for a review of the record by the School Board.

Upon the expiration of the exclusion period for an expulsion or a withdrawal of admission, which period is established by the School Board, committee thereof, or superintendent or superintendent's designee, as the case may be, at the relevant hearing, the student may petition the School Board for readmission. If the petition for readmission is rejected, the School Board identifies the length of the continuing exclusion period and the subsequent date upon which such student may petition the School Board for readmission.

For the purposes of this section, the superintendent's designee must be a (i) trained hearing officer or (ii) professional employee within the administrative offices of the school division who reports directly to the superintendent and who is not a school-based instructional or administrative employee.

In excluding any such expelled student from school attendance, the School Board may accept or reject any or all of any conditions for readmission imposed upon such student by the expelling school board pursuant to Va. Code § 22.1-277.06. The excluding School Board may not impose additional conditions for readmission to school.

- H. This policy does not preclude contractual arrangements between the Rappahannock County School Board and agencies of the federal government or the school board of another jurisdiction to permit students not otherwise eligible to attend Rappahannock County Public Schools.
- I. Prior to admission, the student must document compliance with, or eligibility for exemption from, the physical examination and immunization requirements contained in Va. Code §§ 22.1-270, 22.1-271.2 and 32.1-46 and policies JHCA Physical Examinations of Students and JHCB Student Immunizations.

If the person enrolling a child who has been placed in foster care by a local social services agency is unable to produce a report of a comprehensive physical examination and/or proof of immunization, the student is immediately enrolled; however, the person enrolling the child must provide a written statement that, to the best of the person's knowledge, the student is in good health and is free from communicable or contagious disease. In addition, the placing social service agency must obtain and produce the required documents or otherwise ensure compliance with the statutory requirements for the foster child within 30 days after the child's enrollment.

SCHOOL ADMISSION

No person is charged tuition for admission or enrollment in the Rappahannock County Public Schools, whether on a full-time or part-time basis, who is eligible for admission under Policies JEC School Admission or JECA Admission of Homeless Children. School officials do not inquire into the student's citizenship or B, C or D visa status in determining eligibility for tuition-free enrollment in the Rappahannock County Public Schools.

However, the school division may admit and charge tuition to a student who:

- A. Is a resident of the school division but not of school age;
- B. Is of school age and not a resident of Virginia but is temporarily living with a non-parent who resides within the school division;
- C. Is of school age and resides beyond the boundaries of Virginia but near thereto in a state or the District of Columbia which grants equal attendance privileges to residents of the Commonwealth;
- D. Is of school age and resides on a military or naval reservation located wholly or partly within the geographical boundaries of the school division, is not a domiciled resident of the Commonwealth of Virginia, and is a student for whom federal funds provided under Public Law 874 of 1950, commonly known as Impact Aid, fund less than 50 percent of the total per capita cost of education in Rappahannock County Public Schools exclusive of capital outlay and debt service; such students shall be eligible for interscholastic programs immediately upon enrollment, provided that such persons (i) satisfy all other requirements for eligibility and (ii) are dependents of a military service member required by the military to live on the military installation as evidenced by a statement on command letterhead signed by, or by direction of, the service member's commanding officer;
- E. Is of school age and attending a school in the division pursuant to a foreign student exchange program approved by the School Board;
- F. Is a resident of the Commonwealth but not of the school division, except as provided in Policy JEC School Admission;
- G. Is of school age and was enrolled in a public school within the division as a domiciled resident of the Commonwealth, and has been required as a result of military or federal orders issued to their parents to relocate and reside on federal property in another state or the District of Columbia, where such state or the District of Columbia is contiguous to the school division; or

H. Is of school age and residing within the school division, and is enrolled in summer programs other than remediation required under Va. Code § 22.1-253:13.1, or is enrolled in local initiatives or programs not required by the Standards of Quality or the Standards of Accreditation.

The following category(ies) of students are eligible for consideration for admission: transfer, home schooled, foreign exchange, resident and nonresident. Eligibility for consideration does not signify acceptance of the admission application of a student. Each application for admission will be considered on an individual basis. The residency of persons in the above categories who reside in housing or temporary shelter, or on property located in multiple jurisdictions, shall be determined in the manner set forth in Policy JEC School Admission.

Foreign students in an F-1 immigration status or who obtain F-1 student visas are not admitted in the division's elementary schools or publicly funded adult education programs. Such students may be admitted, for a period up to twelve months, in the division's secondary schools only if they pre-pay the full, unsubsidized per capita cost of the education.

Procedure for Admission

The following procedure is followed for application and review of applications for admission of students who are not eligible for tuition-free enrollment.

A parent or guardian of a student shall apply for admission on behalf of the student by completing the division application. The application form contains information and agreements including, but not limited to:

- the current legal residence of the child and the school division in which the child is currently enrolled, if any;
- the child's unique student identification number, if any;
- the basis for requesting admission;
- the specific building and grade level (elementary) or course offerings (secondary) in which the student desires to be enrolled if accepted by the division; and,
- the agreement that the student is subject to all policies and regulations of the school division, including Policy JFC Student Conduct and the Standards of Student Conduct.

Within 15 calendar days of receipt of the application, the school division shall provide the applicant with written notification of the approval or denial of the application. If the student is to be admitted, the superintendent or superintendent's designee shall

notify the division which the student previously attended, if any, and make necessary arrangements for the transfer of student records. The notification of admission shall state the period for which the student is accepted and the subsequent conditions which could cause the acceptance to be terminated.

If the application is denied, the school division shall notify the parent or guardian of the right to have the decision reviewed by sending a written request to the superintendent or superintendent's designee within seven calendar days. Applications denied based upon the student's suspension, expulsion or withdrawal of admission shall be reviewed in as provided in Policy JEC School Admission. For all other denials of admission, the superintendent or superintendent's designee shall respond in writing to the request for review within 10 calendar days.

Tuition Rate

The tuition rate is set by the superintendent for each academic year.

Transportation

Transportation is not furnished to nonresident students except in those cases where:

- agreements between divisions specify transportation services;
- federal or state legislation mandates the provision of transportation services; or
- transportation services can be provided at no cost to the division.

RAPPAHANNOCK COUNTY PUBLIC SCHOOLS

ADMISSION OF HOMELESS CHILDREN

The Rappahannock County School Board is committed to educating homeless children and youth. Homeless children and youth are not stigmatized or segregated on the basis of their status as homeless. The school division coordinates the identification and provision of services to such students with relevant local social services agencies and other agencies and programs providing services to such students, and with other school divisions as may be necessary to resolve interdivisional issues.

The Rappahannock County School Division serves each homeless student according to the student's best interest and will

- continue the student's education in the school of origin for the duration of homelessness
 - if the student becomes homeless between academic years or during an academic year; or
 - for the remainder of the academic year, if the student becomes permanently housed during an academic year; or
- enroll the student in any public school that nonhomeless students who live in the attendance area in which the student is actually living are eligible to attend.

In determining the best interest of a homeless student, the Rappahannock County School Board

- presumes that keeping the student in the school of origin is in the student's best interest, except when doing so is contrary to the request of the student's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- considers student-centered factors related to the student's best interest, including factors related to the impact of mobility on achievement, education, health and safety of homeless students, giving priority to the request of the student's parent or guardian or (in the case of an unaccompanied youth) the youth;
- if, after conducting the best interest determination based on consideration of the presumption and the student-centered factors above, the Rappahannock County school division determines that it is not in the student's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, provides the student's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian or unaccompanied youth, including information regarding the right to appeal; and
- in the case of an unaccompanied youth, ensures that the division homeless liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth and provides notice to such youth of the right to appeal.

Enrollment

The school selected in accordance with this policy immediately enrolls the homeless student, even if the student

- is unable to produce records normally required for enrollment, such as previous academic records, records of immunization and other required health records, proof of residency or other documentation; or
- has missed application or enrollment deadlines during any period of homelessness.

The enrolling school immediately contacts the school last attended by the student to obtain relevant academic and other records.

If the student needs to obtain immunizations or other required health records, the enrolling school immediately refers the parent or guardian of the student or, (in the case of an unaccompanied youth) the youth, to the division's homeless liaison, who assists in obtaining necessary immunizations or screenings, or immunization or other required health records.

If the documentation regarding the comprehensive physical examination required by Policy JHCA Physical Examinations of Students cannot be furnished for a homeless child or youth, and the person seeking to enroll the pupil furnishes to the school division an affidavit stating that the documentation cannot be provided because of the homelessness of the child or youth and also indicating that, to the best of the person's knowledge, such pupil is in good health and free from any communicable or contagious disease, the school division immediately refers the student to the division's homeless liaison who, as soon as practicable, assists in obtaining the necessary physical examination by the county or city health department or other clinic or physician's office and immediately admits the pupil to school.

The decision regarding placement is made regardless of whether the student lives with the homeless parents or has been temporarily placed elsewhere.

Enrollment Disputes

If a dispute arises over eligibility, or school selection or enrollment in a school

- the homeless student is immediately enrolled in the school in which enrollment is sought, pending final resolution of the dispute, including all available appeals;
- the parent or guardian of the student or (in the case of an unaccompanied youth) the youth is provided with a written explanation of any decisions related to school selection or enrollment made by the school, the school division or the Virginia Department of Education, including the rights of the parent, guardian or student to appeal the decision;
- the student, parent or guardian is referred to the division's homeless liaison who carries out the appeal process as expeditiously as possible after receiving notice of the dispute; and

- in the case of an unaccompanied youth, the homeless liaison ensures that the youth is immediately enrolled in the school in which the youth seeks enrollment pending resolution of the dispute.

Appeal Process

Oral Complaint

In the event that an unaccompanied student or the parent or guardian of a student (hereinafter referred to as the Complainant) disagrees with a school's decision regarding the student's eligibility to attend the school, the Complainant shall orally present the Complainant's position to the division's homeless liaison.

Written Complaint

If the disagreement is not resolved within five (5) school days, the Complainant may present a written complaint to the homeless liaison. The written complaint must include the following information: the date the complaint is given to the homeless liaison; a summary of the events surrounding the dispute; the name(s) of the school division personnel involved in the enrollment decision; and the result of the presentation of the oral complaint to the homeless liaison.

Within five (5) school days after receiving the written complaint, the homeless liaison will reach a decision regarding the contested enrollment and shall provide a written statement of that decision, including the reasons therefore, to the Complainant. The liaison will inform the Superintendent of the formal complaint and its resolution.

Appeal to Superintendent

If the Complainant is not satisfied with the written decision of the homeless liaison, the Complainant may appeal that decision to the Superintendent by filing a written appeal. The homeless liaison shall ensure that the Superintendent receives copies of the written complaint and the response thereto. The Superintendent or designee shall schedule a conference with the Complainant to discuss the complaint. Within five (5) school days of receiving the written appeal, the Superintendent, or designee, shall provide a written decision to the Complainant including a statement of the reasons therefore.

Comparable Services

Each homeless student is provided services comparable to services offered to other students in the school attended by the homeless student including the following:

- transportation services;
- educational services for which the student meets the eligibility criteria, such as services provided under Title I, educational programs for children with disabilities and educational programs for English learners;

- programs in career and technical education;
- programs for gifted and talented students; and
- school nutrition programs.

Transportation

At the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison), transportation is provided for a homeless student to and from the school of origin as follows:

- if the homeless child or youth continues to live in the area served by the division in which the school of origin is located, the child's or youth's transportation to and from the school of origin is provided or arranged by the division in which the school of origin is located.
- if the homeless child's or youth's living arrangements in the area served by the division in which the school of origin is located terminate and the child or youth, though continuing the student's education in the school of origin, begins living in an area served by another division, the division of origin and the division in which the homeless child or youth is living must agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin. If the divisions are unable to agree upon such method, the responsibility and costs for transportation are shared equally.

Definitions

The term "homeless student" means an individual who lacks a fixed, regular and adequate nighttime residence and includes:

1. children and youths, including unaccompanied youths who are not in the physical custody of their parents, who
 - a. are sharing the housing of other persons due to loss of housing, economic hardship or a similar reason; are living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations or in emergency or transitional shelters; or are abandoned in hospitals;
 - b. have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; or

ADMISSION OF NONPUBLIC STUDENTS FOR PART-TIME ENROLLMENT

Generally

The Rappahannock County School Board acknowledges the provisions for equivalent instruction under Virginia law.

The parents of students attending private school or being home schooled pursuant to Va. Code § 22.1-254.1 who wish to enroll their students on a part-time basis in the Rappahannock County Schools for participation in academic and/or extracurricular/club activities shall, along with the students, comply with this policy.

Admission

The parents shall identify their children as private school or home school students who desire part-time enrollment in academic courses of study. Students admitted under this policy are designated as part-time students. At the time of applying for admission, students shall designate the academic course(s) in which they want to enroll and each extracurricular or club activity in which they wish to participate.

Enrollment

Students must enroll in at least one academic class (high school) or one instructional unit (elementary/middle school) more than the requested course(s) and for each extracurricular or club activity in which they choose to participate. If no activity participation is sought, the part-time student must enroll in a minimum of two classes. Students wishing to participate in an academic class shall have completed all prerequisite course work or the equivalent required of full-time public school students wishing to enroll in the course. If part-time enrollment causes total enrollment in a class or grade level to exceed the maximum allowed by state or local policy (e.g. resulting in the need to employ another teacher) admission will be denied.

Once enrolled, the student shall comply with behavioral, disciplinary, attendance and other rules applicable to all students, including rules governing the use of the division's computer systems. If a student fails to comply, the school may withhold credit and/or terminate the student's participation in addition to taking any disciplinary action that would be taken against a full-time student for similar conduct.

Activities

Students wishing to participate in a Virginia High School League (VHSL) governed extracurricular or club activity shall satisfy the same or equivalent criteria for such activities that full-time students must satisfy. Students admitted under this policy shall participate in any try-out or selection process required of full-time students.

Transportation

The parents of the children for whom part-time admission is sought are responsible for the transportation of the child to and from school, including any expenses incident thereto.

Academic Credit

Class ranking and grade-point-average are not computed for part-time students.

JROTC Membership for Homeschooled Students

Membership in Junior Reserve Officer Training (JROTC) units is open to homeschooled students as provided in Policy LBD Home Instruction.

NONRESIDENT ADMISSION
Admission of Nonresident Students

1. Parents of any nonresident student wishing for their child to attend Rappahannock County Public Schools must seek approval in writing for nonresident student attendance on an annual basis to the Division Superintendent or his designee. The Superintendent or his designee shall make a written recommendation after considering all relevant factors, including, but not limited to scholastic, discipline, behavior, and attendance records; program request, class size, and time of school year. It is the policy and practice of the Rappahannock County School Board that each request for nonresident student admission will be considered on its merits and a determination made without regard to race, creed, gender, or disability.
2. An annual tuition fee shall be paid per child per semester for each nonresident student enrolled in the Rappahannock County Schools. Such tuition fee shall be paid within five (5) working days prior to the beginning of each semester; otherwise, the student will not be allowed to enroll. Students paying the tuition fees shall be assured of completing the current school year, unless excluded for other reasons. No refunds will be provided beyond thirty days after the start of the semester.
3. A student who begins the school year as a bona fide resident of Rappahannock County but whose residency changes during the course of the school year shall be allowed to finish only the current semester at no charge, absent extraordinary circumstance. A student who begins his/her senior year as a bona fide resident of Rappahannock County, but whose residency changes, shall be allowed to finish the entire school year at no charge.
4. Employees of Rappahannock County Public Schools and Rappahannock County Government Offices, who are nonresidents of the county, may enroll their children in county schools without paying tuition as long as such enrollment creates no significant disruption to the operations of the school division. Such nonresident employees' children may attend the county school where the class size best allows for enrollment. An application (JECB F-1) must be completed prior to enrollment.
5. Non-resident employees who work in Rappahannock County for 30 or more hours per week may apply for a tuition waiver (JECB F-1) to enroll their children in Rappahannock County Public Schools.
6. Non-residents who own land and/or property in Rappahannock County may apply for a tuition waiver (JECB F-1) to enroll their children in Rappahannock County Public Schools
7. Bona fide exchange students may attend the school without paying tuition.
8. Tuition is calculated annually by taking the total "county funds" in the current budget,-subtracting state, federal and other funds, capital outlay, debt service,

transportation, and the local share of special education. The result is then divided by the projected ADM. Actual additional costs for students accepted for Mountain Vista Governor's School or for students identified for Special Education (IEP)/related services or Section 504 plan will be assessed.

9. Prior to admission, an Application for Admission of Non-Resident Student Form (JECB-F1) must be completed.

STUDENT ABSENCES/EXCUSES/DISMISSALS

I. Student Attendance Policy

Student attendance is a cooperative effort and the School Board involves parents and students in accepting the responsibility for good attendance.

Each parent/guardian or person having control or charge of a child within the compulsory attendance age is responsible for such child's regular and punctual attendance at school as required under provisions of the law.

Parents of students who are absent must inform the school of the reason for the absence no later than upon the student's return to school. Absences are excused for the following reasons:

- for middle and high school students, one school day per school year to engage in a civic event
- a maximum of 2 school days per academic year for participation in a 4-H educational program or activity; no credit will be provided for a student whose participation in a 4-H educational program or activity occurs during scheduled Standards of Learning assessments or during any period of time that the student is suspended or expelled from school; the student's principal or assistant principal may request a representative of 4-H to provide documentation of a student's participation in order for the student's absence to be excused
- subject to guidelines established by the Virginia Department of Education, students who are members of a state- or federally-recognized tribal nation that is headquartered in Virginia shall be granted one excused absence per academic year to attend such nation's pow wow gathering provided that the student's parent provides the student's school advance notice of the absence in the manner required by the school
- funeral, illness (including mental health), injury, legal obligations, medical procedures, suspensions, expulsions, religious observances, and military obligations

The superintendent, by regulation, establishes procedures for appropriate interventions when a student engages in a pattern of absences for less than a full day, the explanation of which, if it were a full-day absence, would not be an excused absence.

The superintendent's regulations include procedures for excusing students who are absent by reason of observance of a religious holiday. Such regulations ensure that a student is not deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, which the student missed by reason of such absence, if the absence is verified in an acceptable manner.

Students shall attend school for a full day unless excused by the principal or principal's designee.

High school students may spend a maximum of 2 school days each academic year participating in High School to Work Partnerships established pursuant to guidelines developed by the Board of Education. Students who miss a partial or full day of school while participating in Partnership programs are not counted as absent for the purposes of calculating average daily membership. The superintendent's regulations include procedures by which students may make up work missed while participating in a High School to Work Partnership.

An attendance officer, or a division superintendent or superintendent's designee when acting as an attendance officer pursuant to Va. Code § 22.1-258, may complete, sign, and file with the intake officer of the juvenile and domestic relations district court, on forms approved by the Supreme Court of Virginia, a petition for a violation of a school attendance order entered by the juvenile and domestic relations district court pursuant to Va. Code § 16.1-278.5 in response to the filing of a petition alleging the pupil is a child in need of supervision as defined in Va. Code § 16.1-228.

Nothing in this policy shall be construed to limit in any way the authority of any attendance officer or the division superintendent to seek immediate compliance with the compulsory school attendance law.

II. Compulsory Attendance Procedures

Whenever a student fails to report to school on a regularly scheduled school day and no information has been received by school personnel that the student's parent is aware of and supports the absence, or the parent provides a reason for the absence that is unacceptable to the school administration, the school principal, principal's designee, attendance officer or other school personnel or volunteer notifies the parent by phone, email or other electronic means to obtain an explanation. School staff records the student's absence for each day as "excused" or "unexcused". Early intervention with the student and parent or parents takes place for repeated unexcused absences.

A. Upon Fifth Absence Without Parental Awareness and Support

If (1) a pupil fails to report to school for a total of five scheduled school days for the school year, and (2) there is no indication that the pupil's parent is aware of and supports the absence; and (3) a reasonable effort to notify the parent has failed, then the principal or principal's designee makes a reasonable effort to ensure that direct contact is made with the parent in person, through telephone conversation, or through the use of other communication devices to obtain an explanation for the pupil's absence and to explain to the parent the

consequences of continued nonattendance. The school principal or principal's designee, the pupil, and the pupil's parent shall jointly develop a plan to resolve the pupil's nonattendance. Such plan shall include documentation of the reasons for the pupil's nonattendance.

B. Upon Additional Absences Without Parental Awareness and Support

If the pupil is absent for more than one additional day after direct contact with the pupil's parent and school personnel have received no indication that the pupil's parent is aware of and supports the pupil's absence, the school principal or principal's designee shall schedule a conference with the pupil, the pupil's parent and school personnel. Such conference may include the attendance officer and other community service providers to resolve issues related to the pupil's nonattendance. The conference shall be held no later than 10 school days after the tenth absence of the pupil, regardless of whether the student's parent approves of the conference. The conference team shall monitor the pupil's attendance and may meet again as necessary to address concerns and plan additional interventions if attendance does not improve. In circumstances in which the parent is intentionally noncompliant with compulsory attendance requirements or the pupil is resisting parental efforts to comply with compulsory attendance requirements, the principal or principal's designee shall make a referral to the attendance officer. The attendance officer shall schedule a conference with the pupil and pupil's parent within 10 school days and may (i) file a complaint with the juvenile and domestic relations district court alleging the pupil is a child in need of supervision as defined in Va. Code § 16.1-228 or (ii) institute proceedings against the parent pursuant to Va. Code § 18.2-371 or § 22.1-262. In filing a complaint against the student, the attendance officer shall provide written documentation of the efforts to comply with the provisions of this policy. In the event that both parents have been awarded joint physical custody pursuant to Va. Code § 20-124.2 and the school has received notice of such order, both parents shall be notified at the last known addresses of the parents.

III. Report for Suspension of Driver's License

In addition to any other actions taken pursuant to this policy, if a student who is under 18 years of age has 10 or more unexcused absences from school on consecutive school days, the principal may notify the juvenile and domestic relations court, which may take action to suspend the student's driver's license.

IV. Attendance Reporting

Student attendance is monitored and reported as required by state law and regulations. At the end of each school year, each public school principal reports to the

superintendent the number of pupils by grade level for whom a conference was scheduled pursuant to Part II (B) above. The superintendent compiles this information and provides it annually to the Superintendent of Public Instruction.

V. Dismissal Precautions

Principals do not release a student during the school day to any person not authorized by the student's parent/guardian to assume responsibility for the pupil. Students are released only on request and authorization of parent or guardian. The superintendent establishes procedures for release of pupils who are not residing with or under the supervision of a parent/guardian. The burden of proof on the authority of the person to receive the student is on the requesting party. A formal check-out system is maintained in each school.

Unexcused absences will be handled according to procedures outlined in Section II of Policy JED.

EXCLUSIONS AND EXEMPTIONS FROM SCHOOL ATTENDANCE

The School Board shall excuse from attendance at school:

1. Any student who, together with the student's parents, by reason of bona fide religious training or belief is conscientiously opposed to attendance at school.
2. On the recommendation of the juvenile and domestic relations court of the city or county in which the student resides, and for such period of time as the court determines appropriate, any student who, together with the student's parents, is opposed to attendance at a school by reason of concern for the student's health as verified by competent medical evidence, or by reason of such pupil's reasonable apprehension for personal safety when such concern or apprehension in that pupil's specific case is determined by the court, upon consideration of the recommendation of the principal and division superintendent, to be justified.

The School Board may excuse from attendance at school:

1. On recommendation of the principal and the superintendent and with the written consent of the parent or guardian, any student who the School Board determines, in accordance with regulations of the Board of Education, cannot benefit from education at school; or

In addition, any child who will not have reached the child's sixth birthday on or before September 30 of each school year whose parent or guardian notifies the School Board that the parent does not wish the child to attend school until the following year because the child, in the opinion of the parent or guardian, is not mentally, physically, or emotionally prepared to attend school, may delay the child's attendance for one year.

STUDENT CONDUCT

Generally

The Rappahannock County School Board establishes expectations for student conduct so that public education is conducted in an atmosphere free of disruption and threat to persons or property and supportive of individual rights.

In addition to the types of conduct prohibited below, the superintendent issues Standards of Student Conduct and a list of possible actions for violations of those Standards.

This Policy and the Standards of Student Conduct apply to all Rappahannock County school students. They are enforced when the student's conduct occurs when the student is

- On school property.
- Traveling to school or from school.
- Traveling to, at, and from bus stops.
- In School Board vehicles.
- In attendance at any school-sponsored activity.
- Off school property if the conduct disrupts the learning environment.

The School Board and superintendent biennially review the model student conduct code developed by the Virginia Board of Education to incorporate into policy and the Standards of Student Conduct a range of discipline options and alternatives to preserve a safe and non-disruptive environment for effective learning and teaching.

Parental Involvement and Responsibility

Each parent of a student enrolled in Rappahannock County schools has a duty to assist in enforcing this policy, the Standards of Student Conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property and supportive of individual rights. This policy, the Standards of Student Conduct, a notice of the requirements of Va. Code § 22.1-279.3, and a copy of the compulsory school attendance law is sent to all parents within one calendar month of the opening of schools simultaneously with any other materials customarily distributed at that time. A statement for the parent's signature acknowledging the receipt of this policy, the Standards of Student Conduct, the requirements of Va. Code § 22.1-279.3 and the compulsory school attendance law is also sent. Parents are notified that by signing the statement of receipt, they are not deemed to waive, but expressly reserve, their rights protected by the constitution or laws of the United States or Virginia. Each school maintains records of the signed statements.

The school principal may request the student's parent or parents, if both have legal and physical custody, to meet with the principal or principal's designee to review this policy, the Standards of Student Conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure

the student's compliance with compulsory school attendance law and to discuss improvement of the child's behavior, school attendance and educational progress.

The school principal or principal's designee notifies the parents of any student who violates a School Board policy, the Standards of Student Conduct, or the compulsory school attendance requirements when such violation is likely to result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed such a petition. The notice states (1) the date and particulars of the violation; (2) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compliance with compulsory school attendance; (3) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (4) that a petition with the juvenile and domestic relations district court may be filed under certain circumstances to declare the student a child in need of supervision.

The principal or principal's designee notifies the parent of any student involved in an incident required to be reported to the superintendent and Virginia Board of Education as described in Policy CLA Reporting Acts of Violence and Substance Abuse.

If a parent fails to comply with the requirements of this Policy, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent in accordance with the requirements of the Code of Virginia.

A parent, guardian or other person having control or charge of a student is notified in writing of any disciplinary action taken with regard to any incident upon which an adjudication of delinquency or conviction for an offense listed in Va. Code § 16.1-260.G was based and the reasons therefor. The parent or guardian is also notified of the parent or guardian's right to review, and to request an amendment of, the student's scholastic record, in accordance with regulations of the Board of Education governing the management of scholastic records.

Prevention, Intervention, and Treatment Activities and Programs

Any student involved in a reportable drug or violent incident, as described in Policy CLA Reporting Acts of Violence and Substance Abuse, participates in prevention and intervention activities deemed appropriate by the superintendent or superintendent's designee. Further, any student who has been found to be in possession of or under the influence of drugs or alcohol on school property or at a school sponsored activity may be required to (1) undergo evaluation for drug or alcohol abuse and (2) participate in a drug and/or alcohol treatment program if recommended by the evaluator and if the parent consents.

CODE OF RESPONSIBLE STUDENT DRESS

A successful educational process includes not only academic instruction but also student development of marketable job skills and positive behaviors and attitudes towards honesty, hard work, family, modesty, civility, wellness, and country. To these ends, students are expected to observe a Code of Responsible Student Dress. This code helps create and ensure a healthy, safe, and effective learning environment for everyone. It promotes a school atmosphere of respect, civility, pride, self-esteem and cohesiveness, reinforces community values and positive respect for authority and discipline, and assists in readying students for employment by advancing their mature transition from the world of school to the world of work. This code applies to all students in the Rappahannock County Public Schools while present on or using school or school-controlled property and while attending school-related events or activities.

DRESS CODE

RCPS respects students' right to express themselves in the way they dress. It is important, however, that their appearance is appropriate for a K-12 school setting. Any clothing that interferes with or disrupts the educational environment is unacceptable. Discussion about dress code violations shall be held privately and maintain the dignity of the student.

Clothing and accessories should not:

- Display vulgar, discriminatory, racist, culturally divisive, obscene language or images
- Promote illegal or violent conduct
- Contain threats or gang symbols
- Promote the unlawful use of weapons, alcohol, tobacco, drugs, or drug paraphernalia
- Expose private parts or show an excessive amount of bare skin (see-through clothing that exposes under garments)
- Contain studs or chain belts
- Include hoods or other head coverings that cover the face unless worn for significant religious, cultural, or medical purpose (School administration may reach out to a student's family if clarification is needed regarding the purpose of a head covering.)

***Each school has the prerogative to further define the specifics of student dress in their Student Handbook after review and approval by the building principal and final approval by the RCPS Equity Team.**

TEACHER REMOVAL OF STUDENTS FROM CLASS

Teachers have the initial authority to remove students from class for disruptive behavior. "Disruptive behavior" means a violation of School Board policies or regulations issued by the superintendent governing student conduct that interrupts or obstructs the learning environment.

Criteria for Removal

In order for a teacher to remove a student from class for disruptive behavior

- removal of the student from the class must be necessary to restore a learning environment free from interruptions and obstructions caused by the student's behavior
- interventions by the teacher and/or administrators have been attempted and failed to end the student's disruptive behavior, and
- notice of the student's disruptive behavior and the opportunity to meet with the teacher and/or school administrators must have been provided to the student's parents as described below.

When all of the above criteria have been satisfied, a teacher may remove a student from class.

Requirements for Incident Reports

Teachers should write incident reports regarding all incidents of disruptive behavior. The reports will be filed with the school administration and provided to the student's parents within 24 hours of the incident. The parents must be given the opportunity to meet with the teacher and/or school administrator to discuss the student's behavior and the possible consequences if the behavior continues. The teacher will document, in writing, attempts to request and encourage the parents to meet with him or her or school administrators.

A student may not be removed from class for disruptive behavior unless two written incident reports have been filed with school administrators and provided to the student's parents concerning two prior incidents of disruptive behavior. Upon removal, the teacher shall file a "Student Removal Form" (JFCA-E) with school administrators. The teacher will include any other documentation supporting the removal including, but not limited to, the previous two incident reports.

Procedures for Written Notification of Student and Parents

The teacher shall provide copies of any incident report and Student Removal Form to the student and the student's parents and notify them of the opportunity to meet with the teacher and/or school administrators to discuss the behavior and the possible consequences if the behavior continues. Such notice shall be provided within twenty-four hours of each incident. The teacher shall document, in writing, attempts to request and encourage the parents to meet with school administrators and/or the teacher. Such

notice and documentation shall be required for each incident report and student removal.

Guidelines for Alternative Assignment and Instruction of Removed Students

The principal shall determine the appropriate placement of any student removed from class by a teacher. The principal may

1. assign the student to an alternative program
2. assign the student to another class
3. send the student to the principal's office or study hall. If the principal chooses this option, the teacher shall provide and evaluate appropriate make-up work for the student
4. suspend the student or recommend the student for expulsion. If the principal chooses this option, alternative instruction and assignment, if any, shall be provided according to School Board policy and in the case of students with disabilities, in accordance with federal law
5. return the student to class in accordance with the procedures below

Procedure for the Student's Return to Class

The principal shall determine, after consultation with the teacher, the duration of the student's removal from class. The principal shall notify the teacher of the decision to return the student to class. If the teacher disagrees with the principal's decision to return a student to the class

- the teacher and principal shall discuss the teacher's objection to returning the student to class and the principal's reason for returning the student.
- the teacher, after meeting with the principal, may appeal the principal's decision to the superintendent or designee within one school day. The incident reports and removal form must accompany the appeal. After discussion with the principal and teacher or receiving their written comments, the decision of the superintendent or designee shall be final. The decision shall be made within forty-eight hours of the teacher's appeal. During the appeal process, the student shall not be returned to class and the principal will determine an appropriate placement for the student.

Once the decision has been made to return the student to class, the teacher and principal shall develop a plan to address future disruptive behavior.

Other Provisions

The principal shall ensure that students removed from class under this policy continue to receive an education in accordance with School Board policies.

Application of this policy to students with disabilities shall be consistent with federal and state law and regulations as well as School Board policy regarding students with disabilities.

Teacher deficiencies in classroom management shall be addressed in teacher evaluations pursuant to Policy GCN Evaluation of Professional Staff.

This policy does not limit or restrict the ability of School Board employees to apply other policies, regulations or laws for maintaining order in the classroom.

TOBACCO PRODUCTS AND NICOTINE VAPOR PRODUCTS REGULATION

Use of Tobacco Products

The use and distribution of tobacco products; nicotine vapor products, or alternative nicotine products, including electronic smoking devices, and any components or accessory used in the consumption of a tobacco product (including liquid-containing nicotine) is prohibited by students, staff, contractors, and visitors on school property or school premises, on school buses, and at on-site or off-site school-sponsored activities, at any time, including non-school hours.

School property includes any building, structure, or vehicle owned, leased, or contracted by the Division, both on- and off-site.

School premises means any property surrounding buildings and structures, athletic grounds, parking lots, or any other outdoor property owned, leased, or contracted by the Division, both on- and off-site.

Appropriate signage will be posted in buildings and on school property in a manner and location that adequately informs students, staff, and visitors of the policy, including at entrances to school buildings and athletic events.

Consequences for employees who violate this regulation will be in accordance with School Board Policy GCPD, "Professional Staff Discipline." For RCPS employees, a first offense will merit a verbal warning and a referral to tobacco cessation resources. A second offense will bring a written warning that will be included in the employee's personnel file. A third offense will prompt a letter advising that the violation is "considered insubordination" and will be treated as a disciplinary matter.

Visitors using tobacco products as defined by this regulation will be asked to refrain or leave the premises. Law enforcement may be contacted to escort the person off the premises or cite the person for trespassing, if the person refuses to leave. Forfeiture of any fee charged for admission will be enforced for visitors violating this policy.

The Superintendent, Designee, and Principals are responsible for implementing and monitoring this regulation.

This regulation and related policy shall be reviewed at least every five years and revised as needed.

SUBSTANCE ABUSE - STUDENT ASSISTANCE PROGRAM

The primary responsibility for helping students who are involved with substance abuse lies with the students and their parents. Nevertheless, the School Board strives to provide a supportive school environment for students involved with substance use or abuse.

The School Board supports substance abuse programs which vary according to individual needs. Included among these are programs for persons who desire more information, and for those who need help with intervention activities and programs.

The School Board supports efforts to help students during the school day as well as to reinforce programs provided by other sources. To that end, individual school substance abuse programs may provide group experiences, individual counseling and other programs.

Students are prohibited from possessing, using, or distributing restricted substances in accordance with Policy JFC Student Conduct.

WRITTEN NOTIFICATION OF VIOLATION OF SCHOOL POLICIES BY
STUDENTS IN ALTERNATIVE EDUCATION PROGRAMS

The School Board requires written notification of an offense to the parent, guardian or other person having charge or control of a pupil in an alternative education program as described in Va. Code § 22.1-209.1:2 when

- a pupil commits an offense in violation of School Board policies and school officials determine the offense was committed without the willful intent to violate such policies, or
- the offense did not endanger the health and safety of the individual or other persons.

The notification shall be made no later than two school days following the incident. The School Board requires the principal of the school the child attends, or other appropriate school personnel, to develop appropriate measures, in conjunction with the pupil's parent or guardian, for correcting such behavior.

1. Undergoes literacy and Response to Intervention screening and services; or
2. Does not meet the benchmark on any assessment used to determine at-risk learners in preschool through grade 12, which notification shall include all such assessment scores and subscores and any intervention plan that results from such assessment scores or subscores.

SEARCH AND SEIZURE

A search involves an invasion of privacy. Whether a search of a student is permissible depends on a balancing of the student's right to privacy and freedom from unreasonable search and seizure against the school division's responsibility to protect the health, safety and welfare of all persons in the school community and to carry out its educational mission. To maintain order and discipline in the schools and to protect the health, safety and welfare of students and school personnel, school authorities may search a student, student belongings, student lockers or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized or contraband materials discovered in the search.

As used in this policy, the term "unauthorized" means any item dangerous to the health or safety of students or school personnel, or disruptive of any lawful function, mission or process of the school or any item described as unauthorized in school rules available beforehand to the student.

The locations at which searches of students and student property may be conducted are not limited to the school building or school property. Searches may be conducted wherever the student is involved in a school-sponsored function.

PERSONAL SEARCHES

A student's person and/or personal effects (e.g. purse, book bag, etc.) may be searched by a school official whenever the official has reasonable suspicion to believe that the student has violated or is about to violate the law or a school rule and that the search will yield evidence of the violation.

All individual searches of students must be based on reasonable suspicion. In order to be permissible, the search must be:

- justified at its inception and
- reasonably related in scope to the circumstances justifying the search.

An individual search is justified at its inception when a school official has reasonable grounds, based on the totality of the known circumstances, for suspecting that the search will reveal evidence that the student has violated or is violating either the law or the rules of the school. A search is reasonable in scope when it is reasonably related to the objectives of the search and is not excessively intrusive in light of the age and sex of the student and the nature of the suspected infraction.

A personal search may include requiring a student to be scanned with a metal detector.

A pat down search of a student may only be conducted if a school administrator has established a high level of reasonable suspicion that evidence will be found to corroborate suspicion that a law or school rule has been broken. If a pat down search of a student's person is conducted, it will be conducted in private by a school official of the same sex and with an adult witness of the same sex present.

Strip searches involve an extreme intrusion into the rights of a student and may only be conducted when an extremely serious situation exists requiring immediate action because of an imminent threat of death or great bodily injury to a person or persons. If a strip search is necessary the school official should contact the appropriate law enforcement official, and the search should be conducted by a sworn law enforcement officer of the same sex, in the presence of a same sex adult witness. School officials may only conduct a strip search in cases where it is necessary to avoid the imminent threat of death or great bodily injury to the student or another person. If a strip search must be conducted by a school official, it must be by a same sex official with a same sex adult witness, and the school official must have the prior approval of the superintendent or superintendent's designee, unless the health or safety of the student is endangered by the delay.

LOCKER AND DESK SEARCHES

Student lockers and desks are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers and are responsible for the content of their assigned locker at all times. Periodic general inspections of lockers and desks may be conducted by school authorities for any reason at any time without notice, without student consent and without a search warrant.

AUTOMOBILE SEARCHES

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of student parking lots and inspections of the exteriors of student automobiles on school property. The interiors of student vehicles may be inspected whenever a school official has reasonable suspicion to believe that the student has violated or is about to violate the law or a school rule and that the search will yield evidence of the violation, or that illegal or unauthorized materials or other evidence of illegal or otherwise prohibited activities are contained inside the automobile. Such patrols and inspections may be conducted without notice, without student consent and without a search warrant.

COMPUTER SEARCHES

The school computer system, as defined in Policy GAB/IIBEA Acceptable Computer System Use, is school property. Students are only authorized to use the school's computer system and other similar educational technology consistent with the educational mission of the school and in accordance with Policy GAB/IIBEA Acceptable Computer System Use. School officials may search school computers, software and internet access records at any time for any reason and without student consent.

CONSENT SEARCHES

If a student gives a school official consent for a search the school official does not need to demonstrate reasonable suspicion. A student's consent is only valid if given willingly and with knowledge of the meaning of consent. Students should be told of their

right to refuse to be searched, and students must not perceive themselves to be at risk of punishment for refusing to grant permission for the search.

SEIZURE OF ILLEGAL MATERIALS

If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities for ultimate disposition.

PROHIBITION AGAINST HARASSMENT AND RETALIATION

I. Policy Statement

The Rappahannock County School Board is committed to maintaining an educational environment and workplace that is free from harassment. In accordance with law, the Board prohibits harassment against students, employees, or others on the basis of sex, sexual orientation, gender, gender identity, race, color, national origin, disability, religion, ancestry, age, marital status, pregnancy, childbirth or related medical conditions, military status, genetic information or any other characteristic protected by law or based on a belief that such characteristic exists, hereinafter referred to as protected group status, at school or any school sponsored activity.

It is a violation of this policy for any student or school personnel to harass a student or school personnel based on protected group status at school or any school sponsored activity. Further, it is a violation of this policy for any school personnel to tolerate harassment based on a student's or employee's protected group status at school or any school sponsored activity, by students, school personnel or third parties participating in, observing or otherwise engaged in school sponsored activities.

For the purpose of this policy, school personnel includes School Board members, school employees, agents, volunteers, contractors or other persons subject to the supervision and control of the school division.

The school division

- promptly investigates all complaints, written or verbal, of harassment based on protected group status at school or any school sponsored activity;
- promptly takes appropriate action to stop any harassment;
- takes appropriate action against any student or school personnel who violates this policy; and
- takes any other action reasonably calculated to end and prevent further harassment of school personnel or students.

II. Definitions

The Compliance Officer is the person designated by the School Board to receive complaints of harassment referred by the Title IX Coordinator and oversee investigation of those complaints as described below.

“Consent” is clear, unambiguous, and voluntary agreement between the participants to engage in specific sexual activity.

Prohibited Conduct

Harassment Based on Sex

Harassment based on sex consists of unwelcome sexual advances, requests for

sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication, which may include use of cell phones or the internet, of a sexual nature when submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining or retaining employment or education; submission to or rejection of the conduct or communication by an individual is used as a factor in decisions affecting that individual's employment or education; or that conduct or communication substantially or unreasonably interferes with an individual's employment or education, or creates an intimidating, hostile or offensive employment or educational environment (i.e. the conduct is sufficiently serious to limit a student's or employee's ability to participate in or benefit from the educational program or work environment).

Examples of conduct which may constitute harassment based on sex if it meets the immediately preceding definition include:

- unwelcome sexual physical contact
- unwelcome ongoing or repeated sexual flirtation or propositions, or remarks
- sexual slurs, leering, epithets, threats, verbal abuse, derogatory comments or sexually degrading descriptions
- graphic comments about an individual's body
- sexual jokes, notes, stories, drawings, gestures or pictures
- spreading sexual rumors
- touching an individual's body or clothes in a sexual way
- displaying sexual objects, pictures, cartoons or posters
- impeding or blocking movement in a sexually intimidating manner
- sexual violence
- display of written materials, pictures, or electronic images
- unwelcome acts of verbal, nonverbal, written, graphic, or physical conduct based on sex or sex stereotyping

"Sexual harassment prohibited by Title IX" means conduct on the basis of sex that satisfies one or more of the following:

- an employee of the School Board conditioning the provision of an aid, benefit, or service of the School Board on an individual's participation in unwelcome sexual conduct;
- unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the School Board's education program or activity; or
- "sexual assault" as defined in 20 U.S.C. § 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. § 12291(a)(10), "domestic violence" as defined in 34 U.S.C. § 12291(a)(8), or "stalking" as defined in 34 U.S.C. § 12291(a)(30).

Harassment Based on Race, National Origin, Disability or Religion

Harassment based on race, national origin, disability or religion consists of physical or verbal conduct, which may include use of cell phones or the internet, relating

to an individual's race, national origin, disability or religion when the conduct

- creates an intimidating, hostile or offensive working or educational environment;
- substantially or unreasonably interferes with an individual's work or education; or
- otherwise is sufficiently serious to limit an individual's employment opportunities or to limit a student's ability to participate in or benefit from the education program.

Examples of conduct which may constitute harassment based on race, national origin, disability or religion if it meets the immediately preceding definition include:

- graffiti containing racially offensive language
- name calling, jokes or rumors
- physical acts of aggression against a person or his property because of that person's race, national origin, disability or religion
- hostile acts which are based on another's race, national origin, religion or disability
- written or graphic material which is posted or circulated and which intimidates or threatens individuals based on their race, national origin, disability or religion

Additional Prohibited Behavior

Behavior that is not unlawful may nevertheless be unacceptable for the educational environment or the workplace. Demeaning or otherwise harmful actions are prohibited, particularly if directed at personal characteristics including socioeconomic level regardless of whether the personal characteristic is protected by law.

"Title IX" means 20 U.S.C. §§ 1681-1688 and the implementing regulations.

"Title IX Coordinator" means the person designated by the School Board to coordinate its efforts to comply with its responsibilities under this policy and Title IX.

The Title IX Coordinator, Dr. Carol Johnson, may be contacted at 6 Schoolhouse Road, Washington, VA 22747.

III. Complaint Procedures

Report

Any student or school personnel who believes he or she has been the victim of harassment prohibited by law or by this policy by a student, school personnel or a third party should report the alleged harassment to the Title IX Coordinator or to any school personnel. The alleged harassment should be reported as soon as possible, and the report generally should be made within fifteen (15) school days of the occurrence.

Further, any student who has knowledge of conduct which may constitute prohibited harassment should report such conduct to the Title IX Coordinator or to any school personnel. Any school personnel who has notice that a student or other school personnel may have been a victim of prohibited harassment shall immediately report the alleged harassment to the Title IX Coordinator. Any complaint that involves the Title IX Coordinator should be reported to the superintendent.

The reporting party should use the form, Report of Harassment, GBA-F/JFHA-F, to make complaints of harassment. However, oral reports and other written reports are also accepted.

The complaint, and identity of the person allegedly harassed and alleged harasser, will be disclosed only to the extent necessary to fully investigate the complaint and only when such disclosure is required or permitted by law. Additionally, a person allegedly harassed who wishes to remain anonymous shall be advised that such confidentiality may limit the School Division's ability to fully respond to the complaint.

After receiving a complaint, the Title IX Coordinator makes an initial determination whether the allegations may be sexual harassment prohibited by Title IX. If they may be, the Title IX Grievance Process below is followed. If they cannot be sexual harassment prohibited by Title IX, then the complaint is referred to the Compliance Officer who follows the procedures below.

The Title IX Coordinator also determines whether the alleged harassment may also constitute criminal conduct and ensures that law enforcement officials are notified if necessary.

If the alleged harassment may also constitute child abuse, then it must be reported to the Department of Social Services in accordance with Policy GAE Child Abuse and Neglect Reporting.

Investigation by Compliance Officer

Generally

The Compliance Officer

- receives complaints of harassment referred by the Title IX Coordinator;
- conducts or oversees the investigation of any alleged harassment referred by the Title IX Coordinator;
- assesses the training needs of the school division in connection with complaints referred by the Title IX Coordinator;
- arranges necessary training; and
- ensures that any harassment investigation is conducted by an impartial investigator who is trained in the requirements of equal employment/education opportunity and has the authority to protect the alleged victim and others during the investigation.

Compliance Officer Formal Procedure

Upon receiving a referral of a complaint of alleged prohibited harassment from the Title IX Coordinator, the Compliance Officer shall immediately authorize or undertake an investigation. The investigation may be conducted by school personnel or a third party designated by the school division. The investigation shall be completed as soon as practicable, which generally should be not later than 14 school days after referral of the complaint to the Compliance Officer. Upon receiving the complaint, the Compliance Officer shall acknowledge receipt of the complaint by giving written notice that the complaint has been received to both the person complaining of harassment and the person accused of harassment. Also upon receiving the complaint, the Compliance Officer shall determine whether interim measures should be taken pending the outcome of the investigation. Such interim measures may include, but are not limited to, separating the alleged harasser and the person allegedly harassed. If the Compliance Officer determines that more than 14 school days will be required to investigate the complaint, the person allegedly harassed and the alleged harasser shall be notified of the reason for the extended investigation and of the date by which the investigation will be concluded.

The investigation may consist of personal interviews with the person allegedly harassed, the alleged harasser and any others who may have knowledge of the alleged harassment or the circumstances giving rise to the complaint. The investigation will consider witnesses and evidence from both the alleged harasser and the person allegedly harassed. The investigation may also consist of the inspection of any other documents or information deemed relevant by the investigator. The school division shall take necessary steps to protect the person allegedly harassed and others pending the completion of the investigation.

In determining whether alleged conduct constitutes a violation of this policy, the division shall consider, at a minimum: (1) the surrounding circumstances; (2) the nature of the behavior; (3) past incidents or past or continuing patterns of behavior; (4) the relationship between the parties; (5) how often the conduct occurred; (6) the identity of the alleged perpetrator in relation to the alleged victim (i.e. whether the alleged perpetrator was in a position of power over the alleged victim); (7) the location of the alleged harassment; (8) the ages of the parties and (9) the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a case by case determination based on all of the facts and circumstances revealed after a complete and thorough investigation.

The Compliance Officer shall issue a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, then the report shall be sent to the School Board. The report shall include a determination of whether the allegations are substantiated, whether this policy was violated and recommendations for corrective action, if any.

All employees shall cooperate with any investigation of alleged harassment conducted under this policy or by an appropriate state or federal agency.

Action by Superintendent

Within 5 school days of receiving the Compliance Officer's report, the superintendent or superintendent's designee shall issue a decision regarding whether this policy was violated. This decision must be provided in writing to the person allegedly harassed and the alleged harasser. If the superintendent or superintendent's designee determines that it is more likely than not that prohibited harassment occurred, the Rappahannock County School Division shall take prompt, appropriate action to address and remedy the violation as well as prevent any recurrence. Such action may include discipline up to and including expulsion or discharge. Whether or not the superintendent or superintendent's designee determines that prohibited harassment occurred, the superintendent or superintendent's designee may determine that school-wide or division-wide training be conducted or that the person allegedly harassed receives counseling.

Appeal

If the superintendent or superintendent's designee determines that no prohibited harassment occurred, the employee or student who was allegedly subjected to harassment may appeal this finding to the School Board within 5 school days of receiving the decision. Notice of appeal must be filed with the superintendent who shall forward the record to the School Board. The School Board shall make a decision within 30 calendar days of receiving the record. The School Board may ask for oral or written argument from the aggrieved party, the superintendent and any other individual the School Board deems relevant. Written notice of the School Board's decision will be given to both the alleged harasser and the person allegedly harassed.

If the superintendent or superintendent's designee determines that prohibited harassment occurred and discipline is imposed, the disciplined person may appeal the disciplinary sanction in the same manner as any other such sanction would be appealed.

Employees may choose to pursue their complaints under this policy through the relevant employee grievance procedure instead of the complaint procedure in this policy.

Compliance Officer Informal Procedure

If the person allegedly harassed and the person accused of harassment agree,

the person allegedly harassed' s principal or principal's designee or supervisor may arrange for them to resolve the complaint informally with the help of a counselor, teacher or administrator.

If the person allegedly harassed and the person accused of harassment agree to resolve the complaint informally, they shall each be informed that they have the right to abandon the informal procedure at any time in favor of the initiation of the Compliance Officer Formal Procedures set forth herein. The principal or principal's designee or supervisor shall notify the person allegedly harassed and the person accused of harassment in writing when the complaint has been resolved. The written notice shall state whether prohibited harassment occurred.

Sexual Harassment Prohibited by Title IX

Definitions

"Actual knowledge" means notice of sexual harassment prohibited by Title IX or allegations of sexual harassment prohibited by Title IX to the Title IX Coordinator or any official of the school division who has authority to institute corrective measures or to any employee of an elementary or secondary school.

"Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment prohibited by Title IX.

"Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment prohibited by Title IX against a respondent and requesting that the allegation be investigated. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail. When the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party. The allegations in a formal complaint must be investigated. In response to a formal complaint, the Title IX Grievance Process below is followed.

"Program or activity" includes locations, events or circumstances over which the School Board exercises substantial control over both the respondent and the context in which the sexual harassment occurs.

"Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment prohibited by Title IX.

"Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the School Board's education program or activity without unreasonably burdening the other party, including measures designed to protect the

safety of all parties or the educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security or monitoring of parts of campus, and other similar measures. Any supportive measures provided to the complainant or respondent are maintained as confidential, to the extent that maintaining such confidentiality does not impair the ability to provide supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Title IX Grievance Process

Generally

Any person may report sex discrimination prohibited by Title IX, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. The reporting party may use the form, Report of Harassment, GBA-F/JFHA-F, to make a complaint. Such a report may be made at any time, including non-business hours, by using the telephone number or electronic mail address, or by mail to the office address listed for the Title IX Coordinator.

Complainants and respondents are treated equitably by offering supportive measures to a complainant and by following this grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.

The Title IX Coordinator promptly contacts the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain the process for filing a formal complaint.

Applicants for admission and employment, students, parents or legal guardians, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the School Board are notified

- of the name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator; and
- that the School Board does not discriminate on the basis of sex in its education program or activity and that it is required by Title IX not to

discriminate in such a manner. The notification states that the requirement not to discriminate extends to admission and employment and that inquiries about the application of Title IX may be referred to the Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

The School Board prominently displays the contact information for the Title IX Coordinator and this policy on its website and in each handbook or catalog it makes available to persons listed above who are entitled to notifications.

Nothing herein precludes a respondent from being removed from the School Board's education program or activity on an emergency basis, provided that an individualized safety and risk analysis determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and that the respondent is provided with notice and an opportunity to challenge the decision immediately following the removal.

Nothing herein precludes a non-student employee respondent from being placed on administrative leave during the pendency of a grievance process

This grievance process treats complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following this process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies are designed to restore or preserve equal access to the School Board's education program or activity.

The respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

All relevant evidence is evaluated objectively, including both inculpatory and exculpatory evidence. Credibility determinations are not based on a person's status as a complainant, respondent, or witness.

Any Title IX Coordinator, investigator, decision-maker, or any person who facilitates an informal resolution process may not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process receives training on the definition of sexual harassment prohibited by Title IX, the scope of the School Board's education program or activity, how to conduct an investigation and grievance process including appeals, and informal resolution processes, and how to serve impartially, including by avoiding

prejudgment of the facts at issue, conflicts of interest, and bias. Decision-makers receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. Investigators receive training on issues of relevance in order to create investigative reports that fairly summarize relevant evidence.

A finding of responsibility may result in disciplinary action up to and including expulsion for students or dismissal of employees.

The standard of evidence used to determine responsibility is preponderance of the evidence.

This grievance process does not allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege unless the person holding such privilege has waived the privilege.

Notice of Allegations

On receipt of a formal complaint, the Title IX coordinator gives the following written notice to the parties who are known:

- notice of the grievance process, including any informal resolution process, and
- notice of the allegations of sexual harassment potentially constituting sexual harassment prohibited by title IX, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment prohibited by Title IX, and the date and location of the alleged incident, if known.

The written notice

- includes a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- informs the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- informs the parties of any provisions in the School Board's code of conduct or the superintendent's Standards of Student Conduct that prohibit knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the investigator decides to investigate allegations about the complainant or respondent that are not included in the notice previously provided, notice of the additional allegations is provided to the parties whose identities are known.

Dismissal of formal complaints

A formal complaint or any allegations therein must be dismissed if the conduct alleged in the complaint

- would not constitute sexual harassment prohibited by title IX even if proved,
- did not occur in the School Board's education program or activity, or
- did not occur against a person in the United States.

Such a dismissal does not preclude action under another provision of the School Board's code of conduct or the superintendent's Standards of Student Conduct.

A formal complaint or any allegations therein may be dismissed if at any time during the investigation:

- a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- the respondent is no longer enrolled or employed by the School Board; or
- specific circumstances prevent the School Board from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Investigation of formal complaint

When investigating a formal complaint and throughout the grievance process, the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the School Board and not on the parties provided that a party's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party are not accessed, considered, disclosed or otherwise used without the voluntary, written consent of the party's parent, or the party if the party is an eligible student, to do so for this grievance procedure.

The parties have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.

The ability of the parties to discuss the allegations under investigation or to gather and present relevant evidence is not restricted.

The parties have the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The choice or presence of advisor for either the complainant for respondent is not limited in any meeting or grievance proceeding.

Any party whose participation is invited or expected is provided written notice of

the date, time, location, participants, and purpose of all investigative interviews or other meetings with sufficient time for the party to prepare to participate.

The investigator provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence which will not be relied upon in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to the completion of the investigative report, the investigator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report.

The investigator creates an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the time a determination regarding responsibility is made, sends to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

After the investigator has sent the investigative report to the parties and before reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the question any decision to exclude a question as not relevant.

Determination regarding responsibility

The decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, must issue a written determination regarding responsibility.

The written determination must include

- identification of the allegations potentially constituting sexual harassment prohibited by Title IX;
- a description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- findings of fact supporting the determination;

- conclusions regarding the application of the School Board's code of conduct or the superintendent's Standards of Student Conduct to the facts;
- a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the School Board imposes on the respondent, and whether remedies designed to restore or preserve equal access to the School Board's education program or activity will be provided to the complainant; and
- the procedures and permissible bases for the complainant and respondent to appeal.

The decision-maker must provide the written determination regarding responsibility to the parties simultaneously.

The determination regarding responsibility becomes final either on the date that the parties are provided with the written determination of the result of the appeal, if an appeal is filed, or, if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The Title IX Coordinator is responsible for effective implementation of any remedies.

Appeals

Either party may appeal from a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- procedural irregularity that affected the outcome of the matter;
- new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- the Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

Notification of appeal must be given in writing to the Title IX Coordinator.

As to all appeals, the Title IX Coordinator

- notifies the other party in writing when an appeal is filed and implements appeal procedures equally for both parties;
- ensures that the decision-maker for the appeal is not the same person as the decision-maker that reached the determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator; and
- ensures that the decision-maker for the appeal complies with the standards set forth in title IX and this policy.

The appeal decision-maker

- gives both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
- reviews the evidence gathered by the investigator, the investigator's report, and the decision-maker's written decision;
- issues a written decision describing the result of the appeal and the rationale for the result; and
- provides the written decision simultaneously to both parties and the Title IX Coordinator.

Timelines

The investigative report will be provided to the parties within 35 days from the date the formal complaint is filed.

A decision will be issued within 10 working days from the date the investigative report is submitted to the decision-maker.

Either party may appeal within 5 working days from the date the written determination regarding responsibility is given to the parties.

Any appeal will be resolved within 15 calendar days from the filing of the appeal.

If the parties agree to an informal resolution process, these deadlines are tolled from the time one party requests an informal resolution process until either the time the other party responds, if that party does not agree to the informal resolution process, or until either party withdraws from the informal resolution process.

Temporary delays of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action are permitted. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; disciplinary processes required by law or School Board policy; or the need for language assistance or accommodation of disabilities.

Informal Resolution Process

At any time during the formal complaint process and prior to reaching a determination regarding responsibility, the parties may participate in an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility. When one party requests an informal resolution process,

the other party must respond to the request within 3 days. The informal resolution process must be completed within 10 days of the agreement to participate in the process.

The informal resolution process may be facilitated by a trained educational professional, consultant, or other individual selected by the Title IX Coordinator under the following conditions:

- the parties are provided a written notice disclosing the allegations, the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations; provided, however that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process, resume the grievance process with respect to the formal complaint, and be informed of any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- the parties, voluntarily and in writing, consent to the informal resolution process; and
- the informal resolution process cannot be used to resolve allegations that an employee sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the resolution, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. If the matter is not resolved, the formal complaint process is resumed.

Parties cannot be required to participate in an informal resolution process.

An informal resolution process is not offered unless a formal complaint is filed.

Recordkeeping

The School Board will maintain for a period of seven years records of:

- each investigation of allegations of sexual harassment prohibited by Title IX including any determination regarding responsibility and any audio or audiovisual recording or transcript, if any, required under the Title IX regulations, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to School Board's education program or activity;
- any appeal and the result therefrom;
- any informal resolution and the result therefrom; and
- all materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. These materials will also be made available on the School Board's website.

For each response required under 34 C.F.R. § 106.44, the School Board must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment prohibited by Title IX. In each instance, the School Board will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to its education program or activity. If the School Board does not provide a complainant with supportive measures, then it will document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

IV. Retaliation

Retaliation against students or school personnel who report harassment or participate in any related proceedings is prohibited. The school division shall take appropriate action against students or school personnel who retaliate against any student or school personnel who reports alleged harassment or participates in related proceedings. The Title IX Coordinator will inform persons who make complaints, who are the subject of complaints, and who participate in investigations of how to report any subsequent problems.

V. Right to Alternative Complaint Procedure

Nothing in this policy shall deny the right of any individual to pursue other avenues of recourse to address concerns relating to prohibited harassment including initiating civil action, filing a complaint with outside agencies or seeking redress under state or federal law.

VI. Prevention and Notice of Policy

Training to prevent harassment prohibited by law or by this policy is included in employee and student orientations as well as employee in-service training.

This policy is (1) displayed in prominent areas of each division building in a location accessible to students, parents and school personnel (2) included in the student and employee handbooks; and (3) sent to parents of all students within 30 calendar days of the start of school. Further, all students, and their parents/guardians, and employees are notified annually of the names and contact information of the Compliance Officers.

VII. False Charges

Students or school personnel who knowingly make false charges of harassment shall be subject to disciplinary action as well as any civil or criminal legal proceedings.

CORPORAL PUNISHMENT

No teacher, principal or other person employed by the School Board shall subject a student to corporal punishment. This prohibition does not prohibit the use of incidental, minor or reasonable physical contact or other actions designed to maintain order and control or the use of reasonable and necessary force

- to quell a disturbance or remove a student from the scene of a disturbance which threatens physical injury to persons or damage to property;
- to prevent a student from inflicting physical harm on himself;
- for self-defense or the defense of others; or
- to obtain possession of weapons or other dangerous objects or controlled substances or paraphernalia which are upon the person of the student or within his control.

For the purposes of this policy, "corporal punishment" means the infliction of, or causing the infliction of, physical pain on a student as a means of discipline. "Corporal punishment" does not include physical pain, injury, or discomfort caused by participation in practice or competition in an interscholastic sport, or participation in physical education or an extracurricular activity.

In Sections III, IV, VI, and VIII of this Policy, "superintendent's designee" means a 1) trained hearing officer or 2) professional employee in the administrative offices of the school division who reports directly to the superintendent and who is not a school-based instructional or administrative employee.

II. SUSPENSIONS AND EXPULSIONS OF STUDENTS GENERALLY

Pupils may be suspended or expelled from attendance at school for sufficient cause; however, in no case may sufficient cause for suspension include only instances of truancy.

Except as provided in subsection C of Va. Code § 22.1-277 or Va. Code §§ 22.1-277.07 or 22.1-277.08, no student in preschool through grade three is suspended for more than three school days or expelled from attendance at school, unless (i) the offense involves physical harm or credible threat of physical harm to others or (ii) the School Board or the superintendent or superintendent's designee finds that aggravating circumstances exist, as defined by the Virginia Department of Education.

Any student for whom the superintendent has received a report pursuant to Va. Code § 16.1-305.1 of an adjudication of delinquency or a conviction for an offense listed in subsection G of Va. Code § 16.1-260 may be suspended or expelled from school attendance.

The authority of teachers to remove students from their classes in certain instances of disruptive behavior shall not be interpreted to affect the operation of this Policy.

The superintendent is responsible for creating procedures to ensure that suspended students are able to access and complete graded work during and after the suspension.

III. SHORT-TERM SUSPENSIONS

A pupil may be suspended for not more than ten school days by either the school principal, any assistant principal, or, in their absence, any teacher. The principal, assistant principal or teacher may suspend the pupil after giving the pupil oral or written notice of the charges against him and, if he denies them, an explanation of the facts as known to school personnel and an opportunity to present his version of what occurred. In the case of any pupil whose presence poses a continuing danger to persons or property, or whose presence is an ongoing threat of disruption, the pupil may be removed from school immediately and the notice, explanation of facts and opportunity to present his version shall be given as soon as is practical thereafter.

Upon suspension of any pupil, the principal, assistant principal or teacher responsible for such suspension reports the facts of the case in writing to the superintendent or superintendent's designee and the parent of the pupil suspended. The superintendent or superintendent's designee reviews forthwith the action taken by the principal, assistant principal or teacher upon a petition for such review by any party in interest and confirms or disapproves such action based on an examination of the record of the pupil's behavior.

The decision of the superintendent or superintendent's designee is final and may not be appealed.

Any oral or written notice to the parent of a student who is suspended from school attendance for not more than ten days includes notification of the length of the suspension, information regarding the availability of community-based educational programs, alternative education programs or other educational options, and of the student's right to return to regular school attendance upon the expiration of the suspension. The costs of any community-based educational program or alternative education program or educational option, which is not a part of the educational program offered by the school division, are borne by the parent of the student.

IV. LONG-TERM SUSPENSION

A pupil may be suspended from attendance at school for 11 to 45 school days after written notice is provided to the pupil and the pupil's parent of the proposed action

and the reasons therefore and of the right to a hearing before the superintendent or superintendent's designee. The decision of the superintendent or superintendent's designee may be appealed to the full School Board. Such appeal shall be decided by the School Board within thirty days.

The written notice of a suspension for 11 to 45 school days includes notification of the length of the suspension and provides information concerning the availability of community-based educational, alternative education or intervention programs. Such notice also states that the student is eligible to return to regular school attendance upon the expiration of the suspension or to attend an appropriate alternative education program approved by the School Board during or upon the expiration of the suspension. The costs of any community-based educational, alternative education, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his suspension is borne by the parent of the student.

A long-term suspension may extend beyond a 45-school-day period but shall not exceed 364 calendar days if (i) the offense is one described in Va. Code §§ 22.1-277.07 or 22.1-277.08 or involves serious bodily injury or (ii) the School Board or division superintendent or superintendent's designee finds that aggravating circumstances exist, as defined by the Virginia Department of Education.

Nothing herein shall be construed to prohibit the School Board from permitting or requiring students suspended pursuant to this section to attend an alternative education program provided by the School Board for the term of such suspension.

V. EXPULSION

- Generally

Pupils may be expelled from attendance at school after written notice to the pupil and the pupil's parent of the proposed action and the reasons therefor and of the right to a hearing before the School Board. The School Board confirms or disapproves of the proposed expulsion regardless of whether the pupil has exercised the right to a hearing.

The written notice given to the pupil and the pupil's parent includes notification of the length of the expulsion and provides information to the parent of the student concerning the availability of community-based educational, training and intervention programs. The notice also states whether or not the student is eligible to return to regular school attendance, or to attend an appropriate alternative education program approved by the School Board, or an adult education program offered by the school division, during or upon the expiration of the expulsion, and the terms or conditions of such readmission. The costs of any community-based educational, training, or

intervention program that is not a part of the educational program offered by the school division that the student may attend during the expulsion is borne by the parent of the student.

Nothing in this section shall be construed to prohibit the School Board from permitting or requiring students expelled pursuant to this Policy to attend an alternative education program provided by the School Board for the term of such expulsion.

If the School Board determines that the student is ineligible to return to regular school attendance or to attend during the expulsion an alternative education program or an adult education program in the school division, the written notice also advises the parent of such student that the student may petition the School Board for readmission to be effective one calendar year from the date of the expulsion, and of the conditions, if any, under which readmission may be granted.

Such students may apply and reapply for readmission to school in accordance with the following schedule:

In the event of an expulsion, the student's initial petition for readmission may be heard by the superintendent forty-five days prior to one calendar year from the date of the expulsion. If the superintendent denies the petition for readmission, the student may petition the School Board for review for readmission.

- Conduct Giving Rise to Expulsion

Recommendations for expulsions for actions other than those specified below are based on consideration of the following factors:

- the nature and seriousness of the conduct;
- the degree of danger to the school community;
- the student's disciplinary history, including the seriousness and number of previous infractions;
- the appropriateness and availability of an alternative education placement or program;
- the student's age and grade level;
- the results of any mental health, substance abuse or special education assessments;
- the student's attendance and academic records; and
- other appropriate matters.

No decision to expel a student shall be reversed on the grounds that such factors were not considered. Nothing in this subsection precludes the School Board from considering any of the factors listed above as "special circumstances" for purposes of expulsions discussed in the following subsections.

Firearms, Destructive Devices and Pneumatic Guns

The School Board shall expel from school attendance for a period of not less than one year any student whom the School Board has determined to have possessed a firearm on school property or at a school-sponsored activity as prohibited by Va. Code § 18.2-308.1, or to have possessed a firearm or destructive device as defined in this policy, a firearm muffler or firearm silencer or a pneumatic gun as defined in this policy on school property or at a school-sponsored activity. A school administrator or the School Board may, however, determine, based on the facts of a particular situation, that special circumstances exist and no disciplinary action or another disciplinary action or another term of expulsion is appropriate. The School Board may promulgate guidelines for determining what constitutes special circumstances. In addition, the School Board authorizes the superintendent or superintendent's designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate. Nothing in this section shall be construed to require a student's expulsion regardless of the facts of the particular situation.

The exemptions set out in Va. Code § 18.2-308 regarding concealed weapons apply, *mutatis mutandis*, to the provisions of this Policy. The provisions of this section do not apply to students who possess such firearm or firearms or pneumatic guns as a part of the curriculum or other programs sponsored by the schools in the school division or any organization permitted to use school premises.

Drug Offenses

The School Board shall expel from school attendance any student whom the School Board has determined to have brought a controlled substance or imitation controlled substance as those terms are defined in Va. Code § 18.2-247 onto school property or to a school-sponsored activity. The School Board may, however, determine, based on the facts of the particular case that special circumstances exist and another disciplinary action is appropriate. In addition, the School Board authorizes the superintendent or the superintendent's designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate. Nothing in this section shall be construed to require a student's expulsion regardless of the facts of the particular situation.

C. Procedure for School Board Hearing

The procedure for the School Board hearing is as follows:

- The School Board determines the propriety of attendance at the hearing of persons not having a direct interest in the hearing. The hearing is private unless otherwise specified by the School Board.

- The School Board may ask for opening statements from the principal or principal's representative and the student or student's parent(s) (or their representative) and, at the discretion of the School Board, may allow closing statements.
- The parties then present their evidence. Because the principal has the ultimate burden of proof, he presents his evidence first. Witnesses may be questioned by the School Board members and by the parties (or their representative). The School Board may, at its discretion, vary this procedure, but it shall afford full opportunity to both parties for presentation of any material or relevant evidence and shall afford the parties the right of cross-examination provided, however, that the School Board may take the testimony of student witnesses outside the presence of the student, the student's parent(s) and their representative if the School Board determines, in its discretion, that such action is necessary to protect the student witness.
- The parties shall produce such additional evidence as the School Board may deem necessary. The School Board is the judge of the relevancy and materiality of the evidence.
- Exhibits offered by the parties may be received in evidence by the School Board and, when so received, are marked and made part of the record.
- The School Board may, by majority vote, uphold, reject or alter the recommendations.
- The School Board transmits its decision, including the reasons therefor, to the student, the student's parent(s), the principal and superintendent.

VI. ALTERNATIVE EDUCATION PROGRAM

The School Board may require any student who has been

- charged with an offense relating to the laws of Virginia, or with a violation of School Board policies, on weapons, alcohol, or drugs, or intentional injury to another person, or with an offense that is required to be disclosed to the superintendent pursuant to Va. Code § 16.1-260.G;
 - found guilty or not innocent of an offense relating to Virginia's laws on weapons, alcohol, or drugs, or of a crime that resulted in or could have resulted in injury to others, or of an offense that is required to be disclosed to the superintendent pursuant to Va. Code § 16.1-260.G;
 - found to have committed a serious offense or repeated offenses in violation of School Board policies;
 - suspended pursuant to Va. Code § 22.1-277.05; or
 - expelled pursuant to Va. Code § 22.1-277.06, 22.1-277.07, or 22.1-277.08 or subsection C of Va. Code § 22.1-277,
- to attend an alternative education program.

The School Board may require such student to attend such programs regardless of where the conduct occurred.

The School Board may require any student who has been found to have been in possession of, or under the influence of, drugs or alcohol on a school bus, on school property, or at a school-sponsored activity in violation of School Board policies, to undergo evaluation for drug or alcohol abuse, or both, and, if recommended by the evaluator and with the consent of the student's parent, to participate in a treatment program.

The School Board authorizes the superintendent or superintendent's designee to require students to attend an alternative education program consistent with the provisions of the previous paragraph after (i) written notice to the student and the student's parent that the student will be required to attend an alternative education program and (ii) notice of the opportunity for the student or the student's parent to participate in a hearing to be conducted by the superintendent or the superintendent's designee regarding such placement. If the student or parent wants to participate in a hearing regarding the placement, the student or parent must notify the superintendent or superintendent's designee within 7 days of receiving the written notice of the student's assignment to the alternative education program. The decision of the superintendent or superintendent's designee regarding such alternative education placement is final unless altered by the Board upon written petition by the student or student's parent for a review of the record by the School Board. Such petition must be received by the superintendent or superintendent's designee within 7 days after receiving written notice of the decision after the hearing.

A principal or principal's designee may impose a short-term suspension, pursuant to Va. Code § 22.1-277.04, upon a student who has been charged with an offense involving intentional injury enumerated in Va. Code § 16.1-260.G, to another student in the same school pending a decision as to whether to require that such student attend an alternative education program.

As used in this section, "charged" means that a petition or warrant has been filed or is pending against a pupil.

VII. REPORTING

A. Except as may otherwise be required by federal law, regulation or jurisprudence, reports are made to the superintendent and to the principal or principal's designee on all incidents involving

(1) the assault, or assault and battery, without bodily injury, of any person on a school bus, on school property or at a school-sponsored activity;

- (2) the assault and battery which results in a bodily injury, sexual assault, death, shooting, stabbing, cutting, or wounding of any person, abduction of any person as described in Va. Code § 18.2-47 or Va. Code § 18.2-48, or stalking of any person as described in Va. Code § 18.2-60.3, on a school bus, on school property or at a school-sponsored activity;
- (3) any conduct involving alcohol, marijuana, a controlled substance, imitation controlled substance, or an anabolic steroid on a school bus, on school property or at a school-sponsored activity, including the theft or attempted theft of student prescription medications;
- (4) any threats against school personnel while on a school bus, on school property or at a school-sponsored activity;
- (5) the illegal carrying of a firearm as defined in Va. Code § 22.1-277.07 onto school property;
- (6) any illegal conduct involving firebombs, explosive materials or devices, or hoax explosive devices, as defined in Va. Code § 18.2-85 or explosive or incendiary devices, as defined in Va. Code § 18.2-433.1, or chemical bombs, as described in Va. Code § 18.2-87.1, on a school bus, on school property or at a school-sponsored activity;
- (7) any threats or false threats to bomb, as described in Va. Code § 18.2-83, made against school personnel or involving school property or school buses;
- (8) the arrest of any student for an incident occurring on a school bus, on school property or at a school sponsored activity, including the charge therefor; and
- (9) any illegal possession of weapons, alcohol, drugs or tobacco products.

B. The superintendent and the principal or principal's designee receive reports made by local law enforcement authorities on offenses, wherever committed, by students enrolled at the school if the offense would be a felony if committed by an adult or would be a violation of the Drug Control Act, Va. Code § 54.1-3400 et seq., and occurred on a school bus, on school property, or at a school-sponsored activity, or would be an adult misdemeanor involving any incidents described in the clauses (1) through (8) of subsection VII.A. of this policy, and whether the student is released to the custody of the student's parent or, if 18 years of age or more, is released on bond. A superintendent who receives notification that a juvenile has committed an act that would be a crime if committed by an adult pursuant to subsection G of Va. Code § 16.1-260 reports such information to the principal of the school in which the juvenile is enrolled.

C. The principal or principal's designee submits a report of all incidents required to be reported pursuant to subsection VII.A.(1-8) of this policy to the superintendent. The superintendent annually reports all such incidents to the Department of Education.

In submitting reports of such incidents, principals and superintendents accurately indicate any offenses, arrests, or charges as recorded by law-enforcement authorities and required to be reported by such authorities pursuant to subsection VII.B. of this policy.

- D. The principal or principal's designee also notifies the parent of any student involved in an incident required by this subsection to be reported, regardless of whether disciplinary action is taken against such student or the nature of the disciplinary action. Such notice relates to only the relevant student's involvement and does not include information concerning other students.
- E. Whenever any student commits any reportable incident as set forth in this subsection, such student is required to participate in such prevention and intervention activities as deemed appropriate by the superintendent or superintendent's designee.
- F. Except as may otherwise be required by federal law, regulation or jurisprudence, a principal immediately reports to the local law-enforcement agency any act enumerated in clauses (2) through (7) of subsection VII.A. of this policy that may constitute a felony offense and may report to the local law enforcement agency any incident described in clause (1) of subsection VII.A. of this policy.

In addition, except as may be prohibited by federal law, regulation or jurisprudence, the principal also immediately reports any act enumerated in clauses (2) through (5) of subsection VII.A of this policy that may constitute a criminal offense to the parents of any minor student who is the specific object of such act. Further, the principal reports whether the incident has been reported to local law enforcement pursuant to this subsection and if the incident is so reported, that the parents may contact local law enforcement for further information, if they so desire.

- G. For purposes of this section, "parent" or "parents" means any parent, guardian or other person having control or charge of a child.

VIII. RE-ADMISSION OF SUSPENDED AND/OR EXPELLED STUDENTS

Any student who has been suspended from a school of this division is not eligible to attend any other school within the division until eligible to return to the student's regular school.

Any student who has been expelled or suspended for more than thirty days from attendance at school by a school board or a private school in this Commonwealth or in another state or for whom admission has been withdrawn by a private school in this Commonwealth or in another state may be excluded from attendance in the Rappahannock County Schools, in accordance with Policy JEC School Admission. In the case of a suspension of more than thirty days, the term of the exclusion may not exceed the duration of such suspension.

In excluding any such expelled student from school attendance, the School Board may accept or waive any or all of any conditions for readmission imposed upon such student by the expelling school board pursuant to Va. Code § 22.1-277.06. The School Board shall not impose additional conditions for readmission to school.

No suspended student is admitted to the regular school program until such student and the student's parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or principal's designee determines that re-admission, without parent conference, is appropriate for the student.

If the parent fails to comply with this policy or Policy JEC School Admission, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior.

Upon the expiration of the exclusion period for an expulsion or a withdrawal of admission, which period shall be established by the School Board or superintendent or superintendent's designee, as the case may be at the relevant hearing, the student may re-petition the School Board for admission. If the petition for admission is rejected, the School Board shall identify the length of the continuing exclusion period and the subsequent date upon which such student may re-petition the School Board for admission.

The School Board may permit students excluded pursuant to this section to attend an alternative education program provided by the School Board for the term of such exclusion.

DISCIPLINING STUDENTS WITH DISABILITIES

Students with disabilities, who violate the student code of conduct, or engage in conduct for which they may be disciplined, will be disciplined in accordance with this policy. Additionally, the regular disciplinary procedures must be followed. School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability as a result of discipline.

I. Long-Term Suspensions, Expulsions or Short-Term Suspensions Which Constitute a Pattern are Long Term Removals and Considered a Disciplinary Change in Placement

For the purpose of removing students with disabilities from their current educational placements, a disciplinary change in placement occurs when:

- (1) the removal is for more than 10 consecutive school days at a time; or
- (2) Pattern analysis: there is a series of removals during the school year, each of which is for 10 days or less and they cumulate to more than 10 days in a school year and constitute a pattern because of:
 - (a) the length of each removal,
 - (b) the proximity of the removals to each other,
 - (c) the total time the student is removed, and
 - (d) the child's behavior is substantially similar to the child's behavior in the series of removals for previous incidents in the school year.
- (e) The pattern analysis determination is made and documented by the administration.

If the disciplinary action will result in a long term removal, the student's parents must be sent notice of the recommendation of discipline the same day as the decision is made for the disciplinary change in placement and must be provided with a copy of the procedural safeguards. The procedures outlined in Section IV must also be followed.

A parent may request a due process hearing to challenge the pattern analysis determination. For any disciplinary change in placement, a Manifestation Determination Review ("MDR") must be held and the Individualized Education Program (IEP) team must meet to determine the educational services to be provided during the long-term removal.

II. Short-Term Suspensions

A short-term suspension is a suspension of 10 consecutive days or less at a time.

School authorities may remove a student with a disability from the student's current educational setting for 10 school days cumulative in a school year to the extent that such removals would be applied to students without disabilities and for additional short-term suspensions during the school year provided no pattern

exists. Short term suspensions which constitute a pattern will be handled through long term removal procedures.

No MDR or IEP meeting is required for a short term removal, although an IEP meeting may be held if needed. Educational services are provided for each day of removal after the first ten days of removal in a school year. Educational services should also be provided during the first ten days of removal if services are provided to a student without disabilities in the same circumstances.

III. Functional Behavior Assessments and Behavior Intervention Plans

If the MDR team members determine that a manifestation exists, the IEP team must:

- conduct a Functional Behavioral Assessment (FBA) and implement a Behavioral Intervention Plan (BIP), if no FBA was conducted previously; or,
- if the student already has an FBA and a BIP in place, review and modify the BIP, as necessary to address the behavior.

If a manifestation is found, the school division and the parent may still agree to a change in placement made through the IEP process. Without this agreement, the student must return to the placement from which the student was removed. Nothing in this section limits the authority of the school division for the first ten days of removal in a school year or for applicable forty-five school day removals.

If the MDR team members determine that there is no manifestation, then the IEP team should decide whether there is a need to conduct or review an FBA and BIP.

IV. Educational Services While Disciplined

For the first 10 days of removal in a school year, the School Board is not required to provide educational services to the student with a disability if services are not provided to students without disabilities who have been similarly removed.

After the first 10 days of removal in a school year, the School Board shall provide educational services to the student during the period of removal. The services must enable the student to:

- 1) continue to progress in the general curriculum, although in another setting, and
- 2) make progress toward meeting the goals set out in the student's IEP.

The determination of the educational services is made by the IEP team if the discipline constitutes a change in placement. For a short term removal which is not a change in placement, the determination of the education services is made by school personnel in consultation with the student's special education teacher.

V. Manifestation Determination Review

When a disciplinary action is proposed that will result in a disciplinary change of placement, an MDR shall be conducted within 10 school days after the date on which the decision to take disciplinary action is made. This review shall be conducted by the Manifestation Team which consists of a local educational agency representative, the parent(s) and relevant members of the IEP team (as determined by the parent and the school division).

The Manifestation Team may determine that the behavior of the student was not a manifestation of such child's disability only if the Team:

- 1) considers all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information supplied by the parents; and
- 2) determines that:
 - (a) the conduct in question was not caused by, or did not have a direct and substantial relationship to, the student's disability; and
 - (b) the conduct in question was not the direct result of the school division's failure to implement the IEP.

VI. Disciplinary Action Following an MDR Determination that there is No Manifestation

If the behavior is not a manifestation of the student's disability, the disciplinary procedures will be applied in the same manner as applied to students without disabilities. The student must continue to receive the educational services necessary to enable the student to continue to participate in the general curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP. In addition, the special education and disciplinary records of the student must be made available to the person who makes the final decision regarding the imposition of discipline.

A parent may request an expedited due process hearing if the parent disagrees with the determination that the behavior was not a manifestation of the student's disability or if the parent disagrees with any decision regarding the placement of the student while disciplined. During any appeal, the student will remain in the interim alternative education setting unless reversed by decision of the hearing officer; provided, however, the student may still serve the balance of any applicable forty-five school day removal. The placement may also be changed through the IEP process with the consent of the parent.

VII. Disciplinary Action Following MDR Determination that there is a Manifestation

A student with a disability whose behavior is determined to be a manifestation of the student's disability may not be disciplined except to the extent a removal is otherwise permitted by law. The student may be removed to a more restrictive placement by following change in placement procedures through the IEP

process. The IEP team must conduct or review an FBA and/or BIP as provided in Section III.

VIII. Interim Alternative Educational Settings for Weapons, Drugs and Infliction of Serious Bodily Injury

Students with disabilities 1) who carry or possess a weapon to or at school, or on school premises, or to or at a school function under the jurisdiction of a state or local educational agency; 2) who knowingly possess or use illegal drugs or sell or solicit the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency; or 3) who inflict serious bodily injury upon another person at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency may be disciplined pursuant to Policies JFCD Weapons in School, JFCF Drugs in School or JGDB Discipline of Students with Disabilities for Infliction of Serious Bodily Injury and may be placed in an interim alternative educational setting for up to forty-five school days. These options are available even if a manifestation exists. If no manifestation is found, the student may be disciplined to the extent a student without disabilities would be disciplined.

Weapons, controlled substance and serious bodily injury have the meaning given under state regulations in 8 VAC 20-81-10.

Any interim alternative educational setting shall be selected, by the IEP team, so as to enable the student to continue to progress in the general curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP. The student must also receive, as appropriate, an FBA, behavioral intervention services and modifications designed to address the behavior so it does not recur.

IX. Change of Placement by Hearing Officer

In addition to the other options for removal, a hearing officer through an expedited due process hearing requested by the school division, may order a change in the placement for a student with a disability to an appropriate interim alternative educational setting for not more than forty-five (45) school days if the hearing officer determines that maintaining the current placement of such student is substantially likely to result in injury to the student or others. Additional forty-five (45) school day removals may be authorized by the hearing officer as appropriate.

X. Placement During Appeals

During the course of any appeals, the student's placement shall be in accordance with the provisions of state and federal law unless the parent and the school division agree otherwise. Students with disabilities are also entitled to the due process rights available to a non-disabled student who is subject to discipline. In addition, students with disabilities are entitled to the due process procedures

available under the Individuals with Disabilities Education Act, as amended, and any state procedures.

XI. Students Not Yet Identified as Disabled

Students for whom the parents assert there is a disability but who have not yet been identified as disabled may be subjected to the same measures applied to students without disabilities if the school division did not have knowledge of the disability before the behavior that precipitated the disciplinary action occurred. A school division will be found to have knowledge of the student's disability if, before the behavior that precipitated the disciplinary action occurred, one of the following occurred:

- (1) the parent expressed concern in writing to supervisory or administrative personnel of the school division, or to a teacher of the student, that the student is in need of special education and related services; or
- (2) the parent requested an evaluation of the student for special education eligibility; or
- (3) the student's teacher or other school personnel expressed specific concerns about a pattern of behavior demonstrated by the student directly to the director of special education or to other supervisory personnel of the school division that suggests the presence of a disability.

A school division would not be found to have knowledge of a student's disability if:

- (1) the parents refused to allow an evaluation of the student or refused special education services; or
- (2) the student was evaluated and found not eligible for special education services.

If a request for an initial evaluation is made during the period a student is subject to disciplinary measures, the evaluation shall be conducted in an expedited manner. If the student is found eligible as a child with a disability, taking into consideration information from the evaluation conducted by the school division and information provided by the parents, then the student must be provided special education and related services, although in another setting. Pending the results of the evaluation, the student shall remain in the educational placement determined by the school authorities which placement can include suspension or expulsion without services.

XII. Disciplining Certain Section 504 Students Who Violate Alcohol and Drug Policies

Students who are identified as disabled solely under Section 504 of the Rehabilitation Act, and who are currently engaging in the illegal use of drugs or alcohol, may be disciplined for violating the division's alcohol and drug policies to the same extent as non-disabled students. The student is not entitled to a due

process hearing under special education procedures in this circumstance but does retain the protections afforded to regular education students.

XIII. Reporting of Crimes

Nothing in these procedures prevents the reporting of a crime to appropriate authorities or prevents state law enforcement and judicial authorities from exercising their responsibilities.

DISCIPLINE OF STUDENTS WITH DISABILITIES FOR INFLICTION OF SERIOUS BODILY INJURY

A student with a disability may be removed without parent consent and assigned to an interim alternative education program by school personnel for not more than forty-five (45) school days when the student has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency. This option is available regardless of whether a manifestation exists. If no manifestation is found, the student may be disciplined to the extent that a student without disabilities would be disciplined.

In addition, the applicable procedures of Policies JGDA and JGD/JGE will be followed.

The term serious bodily injury has the same meaning given the term "serious bodily injury" under paragraph (3) of subsection (h) of section 1365 of title 18 of the United States Code.

PETS ON SCHOOL PROPERTY

Due to numerous safety and health concerns, not the least of which is allergies, fear of certain animals by some students and staff members, and the risk of spread of disease such as, but not limited to, avian influenza, no personal pets of any type, large or small, bird, reptile, insect, fish, or animal, shall be brought into any school building by any employee at any time whether school is in session or not.

The building Principal is authorized to give permission for reptiles, insects, fish, or non-bird eating animals to be brought into school by authorized, trained handlers, such as zoo personnel, for a reason connected directly to the curriculum such as a science lesson or for a student assembly. If permission is granted, students and staff members will be informed in advance that the creature(s) will be in school for that reason only and that anyone with potential allergies or fears of the particular creature(s) should avoid the area where the creature(s) will be displayed or kept. No birds of any kind shall be brought into the school for any reason.

Any creature brought to school under the conditions described above shall never be allowed to "roam free" and shall be caged, leashed, or restrained and under the complete control of the owner/handler at all times.

PHYSICAL EXAMINATIONS OF STUDENTS

No pupil is admitted for the first time to any public kindergarten or elementary school in Rappahannock County School Division unless such pupil furnishes, prior to admission,

- a report from a qualified licensed physician, or a licensed nurse practitioner or licensed physician assistant acting under the supervision of a licensed physician, of a comprehensive physical examination of a scope prescribed by the State Health Commissioner performed within the 12 months prior to the date such pupil first enters such public kindergarten or elementary school; or
- records establishing that such pupil furnished such report upon prior admission to another school or school division and providing the information contained in such report.

If the pupil is a homeless child or youth as defined in Va. Code § [22.1-3](#), and for that reason cannot furnish the required report or records, and the person seeking to enroll the pupil furnishes to the school division an affidavit so stating and also indicating that, to the best of the person's knowledge, such pupil is in good health and free from any communicable or contagious disease, the school division immediately refers the student to the division's homeless liaison, who, as soon as practicable, assists in obtaining the necessary physical examination by the local health department or other clinic or physician's office and immediately admits the pupil to school.

The health care provider making a report of a physical examination shall, at the end of such report, summarize the abnormal physical findings, if any, and shall specifically state what, if any, conditions are found that would identify the child as having a disability.

Physical examination reports are placed in the child's health record at the school and made available for review by any employee or official of the State Department of Health or any local health department at the request of such employee or official.

A physical examination is not required of any child whose parent or guardian objects on religious grounds and who shows no visible evidence of sickness. The parent or guardian shall state in writing that, to the best of the parent or guardian's knowledge, the child is in good health and free from any communicable or contagious disease.

The health departments of the counties and cities of the Commonwealth conduct such required physical examinations for medically indigent children, upon request, without charge and may provide such examinations to others on such uniform basis as the departments establish.

Parents/guardians of students entering school shall complete a health information form as required by state law. Such forms shall be returned within 15 days of receipt unless reasonable extensions have been granted by the superintendent or superintendent's designee. Upon failure of the parent to complete such form within the extended time, the superintendent may send the parent written notice of the date he intends to exclude the child from school; however, no child who is a homeless child or

youth as defined in subdivision 6 of Va. Code § [22.1-3](#) shall be excluded from school for such failure to complete such form.

STUDENT IMMUNIZATIONS

No student is admitted by a school unless at the time of admission the student or the student's parent submits documentary proof of immunization as required by Va. Code §§ 22.1-271.2 and 32.1-46 to the admitting official of the school or unless the student is exempted from immunization as described below or is a homeless child or youth as defined in Va. Code § 22.1-3.

If a student does not have documentary proof of immunization, the school will notify the student or the student's parent

- (i) that it has no documentary proof of immunization for the student;
- (ii) that it may not admit the student without proof unless the student is exempted, including any homeless child or youth as defined in Va. Code § 22.1-3;
- (iii) that the student may be immunized and receive certification by a licensed physician, physician assistant, advanced practice registered nurse, registered nurse or an employee of a local health department; and
- (iv) how to contact the local health department to learn where and when it performs these services.

Any parent, guardian, or other person having control or charge of a child being home instructed or exempted or excused from school attendance shall comply with immunization requirements provided in Va. Code §§ 22.1-271.4 and 32.1-46 in the same manner and to the same extent as if the child has been enrolled in and is attending school.

Conditional Enrollment

Any student whose immunizations are incomplete may be admitted conditionally if that student provides documentary proof at the time of enrollment of having received at least one dose of the required immunizations accompanied by a schedule for completion of the required doses within 90 calendar days. If the student requires more than two doses of hepatitis B vaccine, the conditional enrollment period will be 180 calendar days.

The immunization record of each student admitted conditionally is reviewed periodically until the required immunizations have been received.

Any student admitted conditionally who fails to comply with the student's schedule for completion of the required immunizations will be excluded from school until the student's immunizations are resumed.

Exemptions

No certificate of immunization is required for the admission to school of any student if

- (i) the student or the student's parent submits an affidavit to the admitting official stating that the administration of immunizing agents conflicts with the student's religious tenets or practices; or

- (ii) the school has written certification from a licensed physician, physician assistant, advanced practice registered nurse, or local health department that one or more of the required immunizations may be detrimental to the student's health, indicating the specific nature and probable duration of the medical condition or circumstance that contraindicates immunization.

Homeless Pupils

- If a student is a homeless child or youth as defined in Va. Code § 22.1-3 and
- (a) does not have documentary proof of necessary immunizations or has incomplete immunizations and
 - (b) is not exempted from immunization,

the school division immediately admits such student and refers the student to the school division homeless liaison who will assist in obtaining the documentary proof of, or completing, immunization.

Immunization Record

Every school records each student's immunizations on the school immunization record. The school immunization record is a standardized form provided by the State Department of Health, which is a part of the mandatory permanent student record. Such record is open to inspection by officials of the State Department of Health and the local health departments.

The school immunization record is transferred by the school whenever the school transfers any student's permanent academic or scholastic records.

Within 30 calendar days after the beginning of each school year or entrance of a student, each admitting official files a report with the local health department. The report is filed on forms prepared by the State Department of Health and states the number of students admitted to school with documentary proof of immunization, the number of students who have been admitted with a medical or religious exemption and the number of students who have been conditionally admitted, including those students who are homeless children or youths as defined in Va. Code § 22.1-3.

COMMUNICABLE DISEASES

The Rappahannock County School Board recognizes the importance of protecting its students and employees from the transmission of communicable diseases which present a threat to their health and safety while also protecting the legitimate interests and rights of students and employees with communicable diseases. The Board directs the superintendent to act in compliance with applicable law to exclude from school attendance or work in the school setting any person who has a communicable disease. Both the decision to remove the student or employee and the decision to readmit the student or to permit the employee to return to work are made by the superintendent based upon consultation with the local health department, the student's or employee's physician, physician assistant, advanced practice registered nurse, and/or other medical authorities. (See policy JHCCA Blood Borne Contagious or Infectious Diseases).

The identity of a student who has a communicable disease is kept confidential and revealed only in accordance with state law. An alternative educational program is made available to any student whose removal pursuant to this policy is expected to result in a prolonged absence from school or where otherwise required by law.

Administrative procedures concerning the exclusion of employees and students with communicable diseases are consistent with the requirements of law, including the policies of the Virginia Department of Education and reflect current medical knowledge and research.

BLOOD BORNE CONTAGIOUS OR INFECTIOUS DISEASES

The attendance at school of students who suffer from blood borne diseases which are infectious or contagious, such as AIDS and Hepatitis B, and which may be transmitted by the exchange of body secretions is determined by the superintendent on a case-by-case basis. The superintendent obtains the advice of the local department of health to assist with the determination. The student may be excluded from school and school-related functions pending the superintendent's decision. The superintendent issues regulations setting forth the procedures to be followed to effectuate this policy.

The identity of a student who has tested positive for human immunodeficiency virus is confidential in accordance with law.

An alternative educational program is made available to any student whose removal pursuant to this policy is expected to result in a prolonged absence from school or where otherwise required by law.

Training in the use of universal precautions for handling blood is conducted periodically in accordance with state and federal law. Universal precautions for handling blood are implemented within the school setting and on buses in accordance with state and federal law.

The school board adopts guidelines for school attendance for children with human immunodeficiency virus. Such guidelines are consistent with the model guidelines for such school attendance developed by the Board of Education.

GUIDELINES FOR SCHOOL ATTENDANCE FOR STUDENTS WITH HUMAN IMMUNODEFICIENCY VIRUS

The Rappahannock County School Board recognizes its dual obligations to protect the rights of individual students infected with human immunodeficiency virus (HIV) and to provide a safe environment for students, staff, and the public. Because HIV is not transmitted through casual contact, any student who is HIV-infected continues in a regular classroom assignment unless the student's health significantly interferes with the student's ability to benefit from the educational program.

Rappahannock County Public Schools works cooperatively with the local health department with regard to the school attendance of students infected with HIV. To enhance the school attendance of students who are HIV-infected, the school division collaborates with public and private organizations in the provision of support services to HIV-infected students.

All students are expected to satisfy the immunization requirements of Virginia Code § 22.1-271.2 unless a required immunization would be harmful to the health of the student. Students who are HIV-infected or have acquired immune deficiency syndrome (AIDS) may be exempted from obtaining immunizations which would otherwise be required. School personnel cooperate with public health personnel regarding exemptions from the requirements.

Mandatory screening for HIV infection is not warranted as a condition of school attendance. Upon learning that a student is HIV-infected or has AIDS, the superintendent may consult with the student's family, the student's family physician, or an official from the local department of health to determine whether the student is well enough to stay in school. If a change in the student's program is necessary because of the student's health, the superintendent or superintendent's designee will work with the student's family, family physician or local health official to develop an educational plan for the student.

Any school board employee or volunteer who has any information regarding a student's HIV-infected status treats that information as confidential.

Despite the extremely remote risk that exposure of skin to blood could result in infection, the following universal precautions for handling blood are implemented within schools and on school buses:

- persons involved in cleaning surfaces exposed to blood and persons rendering first aid to bleeding students should wear disposable gloves to avoid exposure of open skin lesions and mucous membranes to blood;
- surfaces contaminated with blood should be promptly cleaned with household bleach (1 part bleach to 9 parts water) using disposable towels and tissues;
- hands must be washed after gloves are removed;
- if one person's skin is exposed to the blood of another person, the exposed areas should be washed with soap and water.

Universal precautions do not apply to feces, nasal secretions, saliva, sputum, sweat, tears, urine, and vomitus unless they contain blood.

To ensure implementation of the proper procedures for all body fluids, training is provided to all school personnel. Training includes information regarding the following: etiology, transmission, prevention, and risk reduction of HIV; standard procedures for

handling blood and body fluids; community resources available for information and referral; and school board policies.

Comprehensive and age-appropriate instruction on the principal modes by which HIV is spread and the best methods for the reduction and prevention of AIDS is provided.

Self-Administration of Asthma Medications and Auto-Injectable Epinephrine

Students with a diagnosis of asthma or anaphylaxis, or both, are permitted to possess and self-administer inhaled asthma medications or auto-injectable epinephrine, or both, as the case may be, in accordance with this policy during the school day, at school-sponsored activities, or while on a school bus or other school property. A student may possess and self-administer asthma medication, or auto-injectable epinephrine, or both, when the following conditions are met:

- Written notice from the student's health care provider is on file with the school, indicating the identity of the student, stating the diagnosis of asthma or anaphylaxis, or both, and approving self-administration of inhaled asthma medications or auto-injectable epinephrine, or both, that have been prescribed for the student; specifying the name and dosage of the medication, the frequency in which it is to be administered and the circumstances which may warrant its use; and attesting to the student's demonstrated ability to safely and effectively self-administer the medication.
- An individualized health care plan is prepared, including emergency procedures for any life-threatening conditions.

- There is a consultation with the student's parent before any limitations or restrictions are imposed on a student's possession and self-administration of inhaled asthma medications and auto-injectable epinephrine, and before the permission to possess and self-administer inhaled asthma medications and auto-injectable epinephrine at any point during the school year is revoked.
- Self-administration of inhaled asthma medications and auto-injectable epinephrine is consistent with the purposes of the Virginia School Health Guidelines and the Guidelines for Specialized Health Care Procedure Manual, which are jointly issued by the Virginia Department of Education and the Virginia Department of Health.
- Information regarding the health condition of the student may be disclosed to school board employees in accordance with state and federal law governing the disclosure of information contained in student scholastic records.

Permission granted to a student to possess and self-administer asthma medications or auto-injectable epinephrine, or both, will be effective for a period of 365 calendar days, and must be renewed annually. However, a student's right to possess and self-administer inhaled asthma medication or auto-injectable epinephrine, or both, may be limited or revoked after appropriate school personnel consult with the student's parents.

Epinephrine

Pursuant to an order or standing protocol issued by the prescriber within the course of his professional practice, any school nurse, School Board employee, employee of a local appropriating body or employee of a local health department who is authorized by a prescriber and trained in the administration of epinephrine may possess epinephrine and administer it to any student believed to be having an anaphylactic reaction.

Albuterol Inhalers

Albuterol inhalers and valved holding chambers are stocked in each school in the division to be administered by any school nurse, licensed athletic trainer under contract with the school division, employee of the School Board, employee of a local appropriating body, or employee of a local health department who is authorized by the local health director and trained in the administration of albuterol inhalers and valved holding chambers for any student believed in good faith to be in need of such medication.

Regulation

The superintendent shall develop a regulation for administration of medicines to students. The regulation shall include provisions for the handling, storage, monitoring, documentation and disposal of medication.

ADMINISTERING EPINEPHRINE TO STUDENTS

Rappahannock County Public Schools (RCPS) anaphylaxis regulation has been developed to meet the Code of Virginia Section 22.1-274.2. RCPS will provide at least two (2) doses of auto-injectable epinephrine in each school, to be administered by a school nurse or other employee who is authorized and trained in the administration of epinephrine to any student believed to be having an anaphylactic reaction on school premises, during the academic day. The Code of Virginia Section 8.01-225 provides civil protection for employees of a school board who are appropriately trained to administer epinephrine.

RCPS employees will be trained to administer epinephrine by the Nurse Coordinator at the beginning of each school year. Epinephrine will be stored in the clinic at each school and staff will be made aware of the storage locations. The expiration date of epinephrine should be periodically checked; the drug should be replaced if it is approaching the expiration date. Each school should maintain documentation that stock epinephrine has been checked on a monthly basis to ensure proper storage, expiration date, and medication stability. Usage of epinephrine will be monitored as it is on all medications and once used, auto injectors will be discarded in a sharps container. The school division shall maintain a sufficient number of extra doses of epinephrine for replacement of used or expired school stock on the day it is used or discarded.

Parents of students with known life threatening allergies and/or anaphylaxis must provide the school with written instructions from the students' health care provider for handling anaphylaxis and all necessary medications for implementing the student specific order on an annual basis. Those students with a diagnosis of anaphylaxis are permitted to possess and self-administer auto-injectable epinephrine, in accordance with Policy JHCD Administering Medicines to Students, during the school day.

The anaphylaxis policy is not intended to replace student specific orders or parent provided individual medications. This regulation does not extend to activities off school grounds (including transportation to and from school, field trips, etc.) or outside of the academic day (sporting events, extra-curricular activities, etc.).

Regulation Added: November 13, 2012

RECOMMENDATION OF MEDICATION
BY SCHOOL PERSONNEL

School personnel are prohibited from recommending the use of psychotropic medications for any student. School health staff, classroom teachers, or other school professionals may recommend that a student be evaluated by an appropriate medical practitioner with the written consent of the student's parent. In addition, school personnel may consult with a medical practitioner who is serving the student with the written consent of the student's parent.

For the purpose of this policy, "psychotropic medications" means those medications that are prescribed with the intention of altering mental activity or state, including, but not limited to, antipsychotic, antidepressant, and anxiolytic medication and behavior-altering medication.

STUDENT WELLNESS

Goals

Based on review and consideration of evidence-based strategies and techniques, the Rappahannock County School Board establishes the following goals to promote student wellness.

Nutrition Promotion and Education

Students receive nutrition educations that teaches the skills they need to adopt and maintain healthy eating behaviors.

Nutrition education is offered in the school cafeteria as well as in the classroom, with coordination between the foodservice staff and other school personnel, including teachers.

Division health education curriculum standards and guidelines address both nutrition and physical education.

Nutrition is integrated into the health education or core curricula (e.g., math, science, language arts)

Schools link nutrition education activities with the coordinated school health program.

Staff who provide nutrition education have appropriate training.

The level of student participation in the school breakfast and school lunch programs is appropriate.

Schools are enrolled as Team Nutrition Schools, and the conduct nutrition education activities and promotions that involve parents, students, and the community.

Staff are provided professional development with training on nutrition and physical activity education each school year.

The district will ensure the promotion of healthy food and beverage choices through school announcements, newsletters, and website postings.

Physical activity

Students are given opportunities for physical activity during the school day through physical education (PE) classes, daily recess periods for elementary school students and the integration of physical activity into the academic curriculum where appropriate.

Students are given opportunities for physical activity through a range of before-and/or after-school programs including, but not limited to, intramurals, interscholastic athletics and physical activity clubs.

Schools encourage parents and guardians to support their children's participation in physical activity, to be physically active role models and to include physical activity in family events.

Schools provide training to enable staff to promote enjoyable, lifelong physical activity among students.

We promote physical activity in the classroom outside of planned instruction with the expectation teachers provide one brain break every 30 minutes of instruction.

Classroom teachers receive resources and annual training on promoting physical activity and integrating physical activity in the classroom.

Other school-based activities

An adequate amount of time is allowed for students to eat meals in adequate lunchroom facilities.

All children who participate in subsidized food programs are able to obtain food in a not-stigmatizing manner.

The availability of subsidized food programs is adequately publicized in ways designed to reach families eligible to participate in the programs.

Environmentally-friendly practices such as the use of locally grown and seasonal foods, school gardens and nondisposable tableware have been considered and implemented where appropriate.

Physical activities and/or nutrition services or programs designed to benefit staff health have been considered and, to the extent practical, implemented.

Rappahannock County Public Schools will provide health promotion communication to parents and caregivers, families, and the general community on the benefits of and approaches to healthy eating and physical activity throughout the school year. Families will be informed, invited to participate in school-sponsored activities, and will receive information about health promotion efforts. These health promotion efforts include a health and wellness newsletter sent to Rappahannock County Public School families.

Nutrition Standards and Guidelines

The School Board incorporates and adopts the nutrition standards in 8 VAC 20-740-10 through 8 VAC 20-740-40.

The superintendent is responsible for creating

- A. regulations to develop and implement standards for all foods and beverages provided, but not sold, to students on the school campus during the school day. It is a recommendation that smart snacks guidelines are followed when considering foods for celebrations, given as awards, or classroom snacks.
- B. standards and nutrition guidelines for all foods and beverages sold to students on the school campus during the school day that promote student health and reduce childhood obesity and are consistent with the applicable standards and requirements in 7 C.F.R. §§ 210.10, 210.11 and 220.8.
- C. Fundraisers – The school bookkeeper tracks and monitors all food and beverage fundraisers. Each school shall be permitted to conduct, on the school campus during regular school hours, no more than 30 school-sponsored fundraisers per school year during which food or beverages that do not meet the nutrition standards by the Code of Virginia § 22.1-207.4, may not be conducted during school meal service times.

Marketing on the school campus during the school day is permitted only for those foods and beverages that meet the nutrition standards under 7 C.F.R. § 210.11, serve to promote student health, reduce and prevent childhood obesity, and combat problems associated with poor nutrition and physical inactivity.

Implementation

The School Board encourages parents, students, representatives of the school food authority, teachers of physical education, school health professionals, school administrators and the general public to participate in the development, implementation and periodic review and update of this policy. The district will promote opportunities to participate in the advisory committee through parent and stakeholder communication, which may include newsletters, public announcements, web-postings, etc.

The Director of Food Services is responsible for implementing and enforcing this policy. The implementation of the policy is measured by an assessment of compliance and progress towards wellness goals.

The public is informed about the content and implementation of the policy through progress reports that will be disseminated through parent and stakeholder communication, which may include newsletters, public announcements, web-postings, etc.

Implementation procedures include measuring and making available to the public, at least once every three years, an assessment of the implementation of the

policy, including the extent to which schools are in compliance with the policy, the extent to which this policy compares to model school wellness policies and a description of the progress made in attaining the goals of the policy. The results of the triennial assessment are considered in updating the policy.

The superintendent is responsible for developing procedures for such contact that are in accordance with the guidelines developed by the Board of Education in cooperation with the Department of Behavioral Health and Developmental Services and the Department of Health as required by Va. Code § 22.1-272.1.

Abuse or Neglect

If the student has indicated that the reason for being at imminent risk of suicide relates to parental abuse or neglect, contact is not made with the parent. Instead, the staff person notifies, as soon as practicable, the local department of social services of the county or city wherein the child resides or wherein the abuse or neglect is believed to have occurred or the state Department of Social Services' toll-free child abuse and neglect hotline as required by Policy GAE Child Abuse and Neglect Reporting and Va. Student Suicide Threat Protocol

Protocols for Counselors and Administrators:

Students who communicate to staff thoughts or threats of suicide are to be referred immediately to a school counselor for a suicide risk screening.

1. The school counselor will interview the person making the report to examine evidence and to understand why there is belief the student is at risk of suicide.
2. The counselor will interview the student believed to be at-risk of suicide.
3. Immediately following the interview of the student, the counselor will complete the **Suicide Risk Assessment Form (SRAF)**. This form is for the use of the counselor to determine the level of suicide risk that the student manifests.

Low Risk

4. If the student's assessed risk of suicide is initially believed to be "low" (ie. suicidal ideation is transient-temporary reaction to a situation or first time ideation has been encountered with this student by counselor) the counselor will:
 - A. Notify the parent or guardian by phone and seek additional information to complete the SRAF. The phone call and any additional information will be documented with the SRAF.
 - B. The counselor will share the SRAF and any other supporting documentation with the school level Threat Assessment Team (TAT) members for input (Building Administrators, counselors, school psychologist). Once the TAT members reach consensus on the level of threat as "low", an unspecific entry into the student's electronic record will be made by the counselor to document the low-level threat. The Threat Assessment Document (JHH-E1) is not completed for low-level threats.
 - C. The counselor may ask the student to sign a Support/Safety Contract (JHH-E2) by which the student is given a list of trusted persons to contact if feelings of intense sadness or thoughts of self-harm re-surface.
 - D. Student may be referred for in-school counseling session through contracted provider.

Medium Risk

5. If the student's assessed risk of suicide is initially believed to be "medium" (ie. a substantive threat has been communicated or repeated transient threats have been made) the counselor will immediately notify the principal or designee for the initiation of the TAT process. The student will be kept under watch by an adult at all times.
 - A. Notify the parent or guardian by phone and seek additional information to complete the SRAF. The phone call and any additional information will be documented with the SRAF.
 - B. The counselor will share the SRAF and any other supporting documentation with the Threat Assessment Team (TAT) members for input. Once the TAT members reach consensus on the level of threat as "medium", the counselor will complete the Threat Assessment Team Document (JHH-E1) and attach the SRAF. An unspecific entry will be made into the student's electronic record by the counselor to document the medium risk threat.
 - C. The counselor will call the parent(s) or guardian to have the student picked up and to debrief them on their child's suicide threat level and risk assessment. The parent or

- guardian will be given a copy of the SRAF and a qualified list of mental health professionals in the area. The call and meeting will be documented.
- D. The counselor will ask the student to sign a Support/Safety Contract (JHH-E2) by which the student is given a list of trusted persons to contact if feelings of intense sadness or thoughts of self-harm re-surface.
 - E. Upon the student's return to school the counselor will meet with the student and parent/guardian to ascertain their state of mind, to learn of the actions taken by the parent to assist the student, and to reinforce coping strategies and points of contact for help.
 - F. Student may be referred for in-school counseling session through contracted provider.

High Risk

- 6. If the student's assessed risk of suicide is initially believed to be "high" (ie. an immediate, serious, substantive threat of suicide has been communicated) the counselor will immediately notify the principal or designee for the initiation of the TAT process.
The student will be kept under watch by an adult at all times.
 - A. Notify the parent or guardian by phone call and seek additional information to complete the SRAF. The phone call and any additional information will be documented on the SRAF.
 - B. The counselor will share the SRAF and any supporting documentation with the TAT for their input. Once the TAT reaches consensus on the level of threat as "high", the counselor will complete the Threat Assessment Team Document (JHH-E1) and attach the SRAF. An unspecific entry will be made in the student's electronic record to document the high-level threat.
 - C. The counselor will call the parent to pick the student up and to debrief on their child's suicide level and risk assessment. At the meeting the parent will be given a copy of the SRAF and a list of qualified mental health professionals in the area. The call and meeting with the parent will be documented.
 - D. If a parent or emergency contact person is unobtainable by the end of the school day, the counselor will call the Rappahannock Rapidan Community Services Board (RRCSB) staff for a pre-screen appointment. STUDENT-ATHLETE CONCUSSIONS

Generally

In order to participate in any extracurricular physical activity, each student-athlete and the student-athlete's parent or guardian must review, on an annual basis, information on concussions provided by the school division. After having reviewed materials describing the short- and long-term health effects of concussions, each student-athlete and the student-athlete's parent or guardian must sign a statement acknowledging receipt of such information, in a manner approved by the Board of Education.

Return to Play Protocol

A student-athlete suspected by that student-athlete's coach, athletic trainer, or team physician of sustaining a concussion or brain injury in a practice or game is removed from the activity at that time. A student-athlete who has been removed from play, evaluated, and suspected to have a concussion or brain injury does not return to play that day or until the student-athlete is

- evaluated by an appropriate licensed health care provider as determined by the Board of Education and
- in receipt of written clearance to return to play from such licensed health care provider.

The licensed health care provider evaluating student-athletes suspected of having a concussion or brain injury may be a volunteer.

Return to Learn Protocol

School personnel are alert to cognitive and academic issues that may be experienced by a student who has suffered a concussion or other head injury, including

- difficulty with concentration, organization, and long-term and short-term memory;
- sensitivity to bright lights and sounds; and
- short-term problems with speech and language, reasoning, planning, and problem solving.

School personnel accommodate the gradual return to full participation in academic activities of a student who has suffered a concussion or other head injury as appropriate, based on the recommendation of the student's licensed health care provider as to the appropriate amount of time that such student needs to be away from the classroom.

Procedures

The superintendent is responsible for developing, and biennially updating, procedures regarding the identification and handling of suspected concussions in student-athletes.

Athletic Activities Conducted by Non-School Organizations on School Property

The school division may provide this policy to organizations sponsoring athletic activity for student-athletes on school property. The school division does not enforce compliance with the policy by such organizations.

All fundraising activities conducted by school-sponsored organizations or clubs must be approved in advance by the principal. Students may participate in fundraising activities provided such activities are approved in writing and carefully monitored and regulated by the school principal or principal's designee. Elementary school students may not participate in door-to-door solicitation. Students are not excused from class to participate in fundraising activities. No grade is affected by a student's participation, or lack of participation, in a fundraising activity.

Restraint/Seclusion Statement of Procedures: Rappahannock County Public Schools

Physical restraint and seclusion may only be used by RCPS staff for the purpose of behavioral intervention in accordance with School Board Policy JM. The School Board encourages the use of positive behavioral intervention and supports (PBIS) to reduce and prevent the need for the use of physical restraint and seclusion. Administration and other essential staff members are annually trained in using the MANDT system to support this goal. In addition, the RCPS Mental Health Innovators Team provides school-wide and individual support for PBIS through coaching, modeling, and the development of personal behavior plans.

Physical restraint and seclusion may be utilized in the following circumstances:

- A. School personnel may implement physical restraint or seclusion only when other interventions are, or would be, in the reasonable judgment of the particular school personnel implementing physical restraint or seclusion in an emergency situation, ineffective and only to:
 - 1. Prevent a student from inflicting serious physical harm or injury to self or others;
 - 2. Quell a disturbance or remove a student from the scene of a disturbance in which such student's behavior or damage to property threatens serious physical harm or injury to persons.
 - 3. Defend self or others from serious physical harm or injury;
 - 4. Obtain possession of controlled substances or paraphernalia which are upon the person of the student or within the student's control; or
 - 5. Obtain possession of weapons or other dangerous objects that are upon the person of the student or within the student's control.
- B. Physical restraint and seclusion shall be discontinued as soon as the imminent risk of serious physical harm or injury to self or others presented by the emergency situation has dissipated.

Standards for Seclusion include:

- A. School divisions electing to use seclusion as permitted by this chapter shall meet the following structural and physical standards for rooms designated by the school to be used for seclusion:
 - 1. Any seclusion room or area shall be free of any objects or physical features that may cause injury to the student.
 - 2. Any seclusion room or area shall be of sufficient dimensions, and shall have sufficient lighting, heating, cooling and ventilation to comport with the dignity and safety of the student.
 - 3. Windows in the seclusion room shall be constructed to minimize breakage and otherwise prevent the occupant from harming himself.
 - 4. All space in the seclusion room shall be visible through the door, either directly or by mirrors.
- B. School divisions electing to use seclusion shall provide for the continuous visual monitoring of any seclusion, either by the presence of school personnel in the seclusion room or area or observation by school personnel through a window, viewing panel, or half-door.
- C. Duration of seclusion shall be no longer than 5 to 30 minutes for elementary school students and 5 to 60 minutes for high school students.

In the event physical restraint or seclusion are necessary, a written incident report will be completed to document the incident and will be provided to parents (see page 3). Emergency situations in which securing visual monitoring before the implementation of restraint or seclusion would result in serious physical harm or injury to persons are exceptions to these provisions.

Dissemination and Maintenance of Records About Court Proceedings

Adjudications

The superintendent shall disseminate the notice or information regarding an adjudication of delinquency or conviction for an offense listed in Va. Code § 16.1-260.G. contained in a notice received pursuant to Va. Code § 16.1-305.1 to school personnel responsible for the management of student records and to other relevant school personnel, including, but not limited to, the principal of the school in which the student is enrolled. The principal shall further disseminate such information to licensed instructional personnel and other school personnel who (1) provide direct educational and support services to the student and (2) have a legitimate educational interest in such information.

A parent, guardian, or other person having control or charge of a student, and, with consent of a parent or in compliance with a court order, the court in which the disposition was rendered, shall be notified in writing of any disciplinary action taken with regard to any incident upon which the adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260 was based and the reasons therefor. The parent or guardian shall also be notified of his or her right to review, and to request an amendment of, the student's scholastic record.

Every notice of adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260 received by a superintendent, and information contained in the notice, which is not a disciplinary record as defined in Board of Education regulations, shall be maintained by him and by any others to whom he disseminates it, separately from all other records concerning the student. However, if the school administrators or the School Board takes disciplinary action against a student

based upon an incident which formed the basis for the adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260, the notice shall become a part of the student's disciplinary record.

Any notice of disposition received pursuant to Va. Code § 16.1-305.1 shall not be retained after the student has been awarded a diploma or a certificate as provided in Va. Code § 22.1-253.13:4.

Petitions and Reports

The superintendent shall not disclose information contained in or derived from a notice of petition received pursuant to Va. Code § 16.1-260 or report received pursuant to Va. Code § 66-25.2:1 except as follows:

- If the juvenile is not enrolled as a student in a public school in the division to which the notice or report was given, the superintendent shall promptly so notify the intake officer of the juvenile court in which the petition was filed or the Director of the Department which sent the report and may forward the notice of petition or report to the superintendent of the division in which the juvenile is enrolled, if known.
- Prior to receipt of the notice of disposition in accordance with Va. Code § 16.1-305.1 the superintendent may disclose the fact of the filing of the petition and the nature of the offense to the principal of the school in which the student is enrolled if the superintendent believes that disclosure to school personnel is necessary to ensure the physical safety of the student, other students, or school personnel within the division. The principal may further disseminate the information regarding a petition, after the student has been taken into custody, whether or not the child has been released, only to those students and school personnel having direct contact with the student and need of the information to ensure physical safety or the appropriate educational placement or other educational services.
- If the superintendent believes that disclosure of information regarding a report received pursuant to Va. Code § 66-25.2:1 to school personnel is necessary to ensure the physical safety of the student, other students, or school personnel, he may disclose the information to the principal of the school in which the student is enrolled. The principal may further disseminate the information regarding such report only to school personnel as necessary to protect the student, the subject or subjects of the danger, other students, or school personnel.

Protective Orders and Orders Prohibiting Contact with a Child

Any school principal who receives notice that a circuit court, general district court, juvenile and domestic relations district court, or magistrate has issued a protective order for the protection of any child who is enrolled at the school, or any other order

prohibiting contact with such a child, notifies licensed instructional personnel and other school personnel who (i) provide direct educational or support services to the protected child or the child subject to the order, (ii) have a legitimate educational interest in such information, and (iii) are responsible for the direct supervision of the protected child or the child subject to the order that such order has been issued.

Parents of students or eligible students may inspect and review the student's education records within a reasonable period of time, which shall not exceed 45 days, and before any meeting regarding an IEP or hearing involving a student with a disability. Further, parents have the right to a response from the school division to reasonable requests for explanations and interpretations of the education record.

Parents or eligible students should submit to the student's school principal a written request which identifies as precisely as possible the record or records he or she wishes to inspect.

The principal (or appropriate school official) will make the needed arrangements for access as promptly as possible and notify the parent or eligible student of the time and place where the records may be inspected.

When a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the portion of the record which pertains to other students.

Copies of Education Records

The Rappahannock County Public Schools will not provide a parent or eligible student a copy of the student's education record unless failure to do so would effectively prevent the parent or eligible student from exercising the right to inspect and review the records.

Fees for Copies of Records

The fee for copies will be .25 per page. The actual cost of copying time and postage will be charged. The Rappahannock County Public Schools does not charge for search and retrieval of the records.  - the parties to whom the division disclosed the information.

Code § 22.1-254. However, the superintendent or School Board may disclose, with the written consent of a student's parent, such information to the extent provided by the parent's consent. Nothing in this policy prohibits the superintendent from notifying the Superintendent of Public Instruction of the number of students in the school division receiving home instruction.

Audit or Evaluation of Education Programs

Authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the federal Secretary of Education, and state and local educational authorities may have access to education records in connection with an audit or evaluation of federal- or state- supported education programs, or for the enforcement of or compliance with federal legal requirements that relate to those programs.

Military Recruiters and Institutions of Higher Learning

The Rappahannock County Public Schools provides, on request made by military recruiters or an institution of higher education, access to secondary school students' names, addresses and telephone listings unless a parent or eligible student has submitted a written request that the student's name, address and telephone listing not be released without the prior written consent of the parent or eligible student. The school division notifies parents of the option to make a request and complies with any request.

The school division provides military recruiters the same access to secondary school students as is provided generally to post-secondary educational institutions or to prospective employers of those students.

Record of Disclosure

The Rappahannock County Public Schools maintains a record, kept with the education records of each student, indicating all individuals (except school officials who have a legitimate educational interest in the records), agencies or organizations which request or obtain access to a student's education records. The record will indicate specifically the legitimate interest the party had in obtaining the information. The record of access will be available only to parents, to the school official and his assistants who are responsible for the custody of such records and to persons or organizations which audit the operation of the system.

The requirements related to records of disclosure stated above do not apply to disclosures made pursuant to an ex parte order issued by a court at the request of the United States Attorney General (or any federal officer or employee, in a position not lower than an Assistant Attorney General, designated by the Attorney General) seeking to collect education records relevant to an authorized investigation or prosecution of international terrorism as defined in 18 U.S.C. § 2331 or other acts listed in 18 U.S.C. § 2332b(g)(5)(B).

Personal information will only be transferred to a third party on the condition that such party will not permit any other party to have access to such information without the written consent of the parents of the student. If a third party permits access to information, or fails to destroy information, the division will not permit access to information from education records to that third party for a period of at least five years.

Directory Information

The Rappahannock County School Board notifies parents and eligible students at the beginning of each school year what information, if any, it has designated as directory information, the right to refuse to let the division designate any or all of such information as directory information, and the period of time to notify the division, in

writing, that he or she does not want any or all of those types of information designated as directory information. The notice may specify that disclosure of directory information will be limited to specific parties, for specific purposes, or both. If the School Board specifies that disclosure of directory information will be so limited, the disclosures of directory information will be limited to those specified in the public notice.

No school discloses the address, telephone number, or email address of a student pursuant to the Virginia Freedom of Information Act unless the parent or eligible student affirmatively consents in writing to such disclosure. Except as required by state or federal law, no school discloses the address, telephone number, or email address of a student pursuant to 34 C.F.R. § 99.31(a)(11) unless (a) the disclosure is to students enrolled in the school or to school board employees for educational purposes or school business and the parent or eligible student has not opted out of such disclosure in accordance with Virginia law and this policy or (b) the parent or eligible student has affirmatively consented in writing to such disclosure.

Parents and eligible students may not use the right to opt out of directory information disclosures to 1) prevent disclosure of the student's name, identifier or institutional email address in a class in which the student is enrolled; or 2) prevent an educational agency or institution from requiring the student to wear, to display publicly or to disclose a student ID card or badge that exhibits information designated as directory information and that has been properly designated as directory information.

Correction of Education Records

The procedures for the amendment of records that a parent or eligible student believes to be inaccurate are as follows.

1. Parents or the eligible student must request in writing that the Rappahannock County Public Schools amend a record. In so doing, they should identify the part of the record they want changed and specify why they believe it is inaccurate, misleading or in violation of the student's privacy or other rights.
2. Rappahannock County Public Schools shall decide whether to amend the record in accordance with the request within a reasonable period of time. If it decides not to comply, the school division shall notify the parents or eligible student of the decision and advise them of their right to a hearing to challenge the information believed to be inaccurate, misleading or in violation of the student's rights.
3. Upon request, Rappahannock County Public Schools shall arrange for a hearing, and notify the parents or eligible student, reasonably in advance, of the date, place and time of the hearing. The hearing shall be held within a reasonable period of time after the request.

4. The parent or eligible student may, at his or her own expense, be assisted or represented by one or more individuals of his or her own choice, including an attorney.
5. The hearing shall be conducted by a hearing officer who is a disinterested party; however, the hearing officer may be an official of the school division. The parents or eligible student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records in accordance with FERPA.
6. Rappahannock County Public Schools shall prepare a written decision which will include a summary of the evidence presented and the reasons for the decision within a reasonable period of time after the hearing. The decision will be based solely on the evidence presented at the hearing.
7. If Rappahannock County Public Schools decides that the information is inaccurate, misleading or in violation of the student's right of privacy, it shall amend (including expungement) the record and notify the parents or eligible student, in writing, that the record has been amended.
8. If Rappahannock County Public Schools decides that the challenged information is not inaccurate, misleading or in violation of the student's right of privacy, it will notify the parents or eligible student that they have a right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision. The statement will be maintained as part of the student's education records as long as the contested portion is maintained and disclosed whenever the school division discloses the portion of the record to which the statement relates.

Confidentiality of HIV and Drug and Alcohol Treatment Records

The Rappahannock County Public Schools complies with the confidentiality requirements of Va. Code § 32.1-36.1 providing for the confidentiality of records related to any test for Human Immunodeficiency Virus (HIV). In addition, the school division maintains confidentiality of drug and alcohol treatment records as required by federal and state law.

STUDENT TRANSCRIPTS

Generally

Secondary school transcripts contain information as specified by the Virginia Board of Education.

Test Record

The superintendent is responsible for establishing a procedure by which parents, guardians or others with legal control of a student can elect in writing to have the student's test record excluded from the student transcript. The test record includes at least the highest score earned, if applicable, on college performance-related standardized tests such as SAT and ACT, excluding Standards of Learning (SOL) test scores.

High School Credit-Bearing Courses Taken in Middle School

For any high school credit-bearing course taken in middle school, parents may request that grades be omitted from the student's transcript and the student not earn high school credit for the course. The superintendent specifies, by regulation, the deadline and procedure for making such a request. Notice of this provision is provided to parents.

STUDENT TRANSCRIPTS

Test Record

RCHS does not include a test record on transcripts unless specifically requested by students for certain college admissions procedures. Generally, these test records are sent to colleges directly by the test administration organizations (i.e. College Board). Should a student wish to have his or her transcript modified, they should set up an appointment with the guidance department or submit a written request that certain test information be excluded.

High School Credit Bearing Courses Taken in Middle School

High school courses taken in middle school will count toward meeting high school diploma requirements. The grade and credit for high school courses taken in middle school will appear on the high school transcript. High school courses taken in middle school will be included in high school grade point average calculations.

Occasionally, students may not demonstrate a desired degree of success in these courses. In these cases, parents have the option of requesting that the grade be removed from the transcript. However, when a credit-bearing grade is removed from the transcript, the high school credit is forfeited. To exercise this option, parents must request, in writing, no more than 30 days following the posting of year-end grades, that the credit-bearing course taken before entering high school be removed from the child's high school transcript.

ACCEPTANCE OF ELECTRONIC SIGNATURES AND RECORDS

Policy Statement

Electronic or digital signatures can take many forms and can be created using many different types of technology. The authenticity and reliability of electronic signatures relating to transactions are dependent on the accompanying processes, supplemental records and the overall context in which records are created, transferred, and signed. The Rappahannock County School Board adopts the following policy with respect to the use of electronic records and signatures in connection with its communications with parents, guardians, or other persons having control over a child enrolled in this division.

Definitions

“Attribution” – An electronic record or electronic signature is attributable to a person if it was the act of the person. The act of the person may be shown in any manner, including a showing of the efficacy of any security procedure applied to determine the person to which the electronic record or electronic signature was attributable.

“Electronic Signature”- An electronic sound, symbol or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

“Electronic Record” – Any record created, generated, sent, communicated, received or stored by electronic means.

Applicability

This policy applies to parents, guardians, and other persons having control or charge of a child enrolled in the division; and also to individuals affiliated with the division, whether paid or unpaid, including but not limited to teachers, administrators, staff, students, affiliates, and volunteers.

Electronic Records

Electronic records created or received by the division shall be appropriately attributed to the individual(s) responsible for their creation and/or authorization or approval. The division shall utilize available technology to implement reliable methods for generating and managing electronic records. Any electronic record filed with or issued by the division may be given full force and effect of a paper communication if the following conditions are satisfied:

1. The communication is an electronic filing or recording and the Rappahannock County School Board agrees to accept or send such communication electronically; and
2. If a signature is required on the record or communication by any statute, rule or other applicable law or School Board policy, the electronic

signature must conform to the requirements set forth in this policy governing the use of electronic signatures.

Electronic Signatures

An electronic signature may be used if the law requires a signature unless there is a specific statute, regulation, or policy that requires records to be signed in non-electronic form. The issuance and/or acceptance of an electronic signature by the School Board may be permitted in accordance with the provisions of this policy and all applicable state and federal law. If permitted, such electronic signature shall have the full force and effect of a manual signature only if the electronic signature satisfies all of the following requirements:

1. The electronic signature identifies the individual signing the document by the individual's name and title;
2. The identity of the individual signing with an electronic signature is capable of being validated through the use of an audit trail;
3. The electronic signature and the document to which it is affixed cannot be altered once the electronic signature has been affixed;
4. The electronic signature conforms to all other provisions of this policy.

Acceptance, Use and Issuance of Electronic Records and Signatures

The School Board shall maintain an electronic recordkeeping system that can receive, store, and reproduce electronic records and signatures relating to communications and transactions in their original form. Such system should include security procedures whereby the School Board can (a) verify the attribution of a signature to a specific individual, (b) detect changes or errors in the information contained in a record submitted electronically, (c) protect and prevent access, alteration, manipulation or use by an unauthorized person, and (d) provide for nonrepudiation through strong and substantial evidence that will make it difficult for the signer to claim that the electronic representation is not valid.

The School Board shall ensure that all electronic records and signatures are capable of being accurately reproduced for later reference and retained until such time as all legally mandated retention requirements are satisfied.

The School Board shall maintain a secure hard copy log of the PIN/password or actual signature of any individual authorized to provide an electronic signature in connection with School Board business.

The School Board may receive and accept as original, electronic records and signatures so long as the communication, on its face, appears to be authentic.
