### Fourteen Schools Receive Literacy and Math Leader Banners from Georgia Department of Education

HOUSTON COUNTY, GA – State School Superintendent Richard Woods visited the Houston County School District on January 26 to recognize outstanding achievements in literacy and mathematics during the 2024-2025 school year. Superintendent Woods presented 17 award banners to 14 schools, honoring them as *Literacy Leaders* and *Math Leaders* for their students' strong performance and growth.

The Literacy Leader and Math Leader honors celebrate schools that demonstrate extraordinary student progress and proficiency. Schools are recognized for achievement, growth, or both on annual end-of-grade or end-of-course assessments. The criteria recognize the crucial importance of grade-level reading in third and sixth grades and numeracy skills in fifth and eighth grades and require higher growth from schools with lower achievement levels.
