

7th Grade Newsletter

Week of August 31st, 2026

Math Mrs. Jarrett mjarrett@rappahannockschoools.us We are taking our first unit test on Monday the 31st. We will then begin our unit on operations with rational numbers. The students will estimate, solve, and justify solutions to multistep word problems. Please do not hesitate to reach out with any questions, comments or concerns.	English Miss Rowell mrowell@rappahannockschoools.us We are continuing to learn about the elements of fiction. Students will be reading “The 11:59” by Patricia McKissack. We are practicing identifying complex and compound sentences, commonly confused synonyms, and new vocabulary. Students will have their second vocabulary test on Friday.
Civics Mr. Hummill mhummill@rappahannockschoools.us We are starting off the year by studying the foundations of government; specifically, founding principles and documents. Plan for our first quiz on Thursday August 27th.	Science Mrs. McCabe emccabe@rappahannockschoools.us Students are continuing to learn about scientific investigations by asking questions, making observations, collecting data, and using evidence to draw conclusions. We are excited to start putting this skill to practice. Students will have a unit test this week. Questions or concerns? Please feel free to reach out with an email.

Important Notes and Reminders

No school for staff or students September 4th and 7th.
