

Dear Corporate Sponsor,

We are coming off of our most successful year in the history of the Lanier County High Athletics. We celebrated with 2 state championships, 4 region titles, 3 region runner-ups, and playoff appearances in every sport, including some playoffs spots in sports never achieved before.. The number one goal for all of our sport programs is to use athletics to instill the valuable life lessons of hard work, perseverance, and teamwork that will help prepare the young women and men in our community for life after graduation. The local businesses that support our student athletes at the middle and high school levels play a vital role for Lanier County Athletics.

We hope that your business will consider being a corporate sponsor for the 2025-2026 school year at one of the four levels of sponsorship. Corporate sponsorship incentives at various levels include all season sport passes, reserved parking in the tailgate zone right next to the football field, reserve seating at home football games, signs at various athletic venues and ads in the football program. We would love to have the opportunity to come and meet with you at your convenience. The incentives at each level are listed below.
