

Mrs. Montgomery

Second Grade

Hello, Coyote Den, I am so excited to join the pack! I was born and raised in Cookeville and recently graduated from Tennessee Tech with my Bachelor's Degree in Elementary Education. I have wanted to be a teacher my entire life and have worked in the school environment since I was 16 years old. Watching this dream come true has been absolutely incredible, and I can't wait to be a part of your student's educational journeys!
