1	I think everyone at the school genuinely tries to help, but perhaps more education about different ways things like adhd can present themselves and ways to help students through that could be helpful to more than just my child.	2/20/2024 8:50 PM
2	I am so grateful that Dr. Washington is the principal. He loves the students and holds them accountable because he knows they will need these skills later in life. The teachers are fantastic and knowledgeable which is very helpful when I have questions about math or reading. Keep up the great work!	2/17/2024 10:16 AM

46	The charlie brown thanksgiving feast was a big disappointment. The school should have been upfront that it was not a feast, that only a small amount of smacks would be served. The other parents and myself talked about how they didnt have lunch prior because it was advertised as a "feast," but then we were given that small snack plate to share. The worst part was the roll. Each plate had a quarter of a dinner roll to somehow share. Thats right, the school took time to cut up dinner rolls into quarters, and five one quarter to each family.	2/5/2024 5:40 PM
