

REQUEST FOR PROPOSAL

Classroom Security Cameras

FurLOW Charter School is soliciting proposals to enhance its security infrastructure by installing high-quality security cameras with audio capabilities for a classroom setting and a secure access system. The objective is to ensure the safety and well-being of students, staff, and visitors while maintaining a secure environment.

This project must be completed by July 26, 2024.

SCOPE OF WORK

The project scope includes the following:

Security Cameras:

- Supply and installation of 9 surveillance cameras in 9 classrooms in the modular (high school) building
- Either integration with our existing exacqVision video management system or a new digital system with the capability for future additions as old security cameras are upgraded
- High-resolution video capture with day/night functionality
- Audio capabilities
- 30 days of storage for review
- Easy to use software to navigate footage, zoom, download, and record
- Wide dynamic range (WDR) to provide clear footage in varying lighting conditions.
- Remote access capability for authorized personnel.
- Scalability to accommodate future expansion or upgrades.
- Compliance with applicable privacy laws and Federal regulations in regards to suppliers.
