Miss Martin

Welcome to the 2022-2023 School Year!

I hope **your** summer was restful and enjoyable. I am really looking forward to starting this year off with lots of energy and a solution-focused approach. Students will see me when I come into classrooms for weekly visits. We will be learning the Toolbox Curriculum which includes tools to help us manage emotions and relate to others in a positive manner. Students may be part of a small group (with parental permission) during the school year. I will also be available to students and parents to help make everyone's school experience a positive one.
