# Quality, Craftsmanship, Memories.

*Presidential Billiards is proud to create pool tables and game room furnishings designed and built to provide a lifetime of style and enjoyment.*

From entry-level models to heirloom-quality furnishings that feature exotic hardwoods and hand carving, **our pool tables set the standard for playability and performance.** All Presidential products feature top-grade materials, quality construction, unique designs and a lifetime warranty.

Founded in 1999 and based just north of Houston in New Caney, Texas, Presidential Billiards draws on more than half a century of manufacturing experience of Zimbabwe-based Wilson International. United through a family ownership that spans two generations, these companies showcase the incomparable benefits of vertical integration across two continents. By manufacturing much of our furniture in Zimbabwe in family-owned factories, we are able to ensure the highest-possible quality and gain unparalleled access to **hand-crafted exotic woods sourced from renewable resources and international fair-trade artisans.** As the exclusive wholesale distributor, we offer top-of-the-line products at prices that represent exceptional value for our network of trusted retailers and customers.

While we strive to ensure that the product photographed or displayed in a store matches the product purchased, slight differences may occur. We reserve the right to make necessary changes to product specifications. Due to the natural variations in wood and the hand applied, multi-step finishing process, the actual finish of the table and matching furniture may vary. We regret that no responsibility can be accepted for variations.
