

JANUARY

HEALTH SERVICE NEWSLETTER

January is "Get Organized" Month!

Establish an after-school routine with your child. Make it a habit to study/work with your child every night. Please make sure to check your child's folder every night for important messages from their teacher.

Parents

We will have games set up for children to play, snacks, and a door prize drawing. I am very excited about the agencies that have agreed to come set up a booth and share information/resources with our precious community! Not only will this be a great evening of fellowship, you may find connections to a resource that will benefit yourself or your child!
