## END OF THE SEASON ROBOTICS

That's a wrap on an incredible robotics season! From the first build to the final match, all of our kids showed what hard work, grit, and teamwork can accomplish. Finishing in the world division finals and 17th overall is no small feat!

Along the way, there were long nights, tough challenges, and plenty of problem-solving, but also a lot of laughs, growth, and unforgettable moments.

That's what makes a season worth remembering. We couldn't be more proud of all of our robotics kids and everything they've achieved.

We'll be back at it in June!
