Assignment

Answer the following questions in a two-paragraph format.

After reading the article over Elie Wiesel to gain background knowledge on his struggles and accomplishments, you most likely have a better understanding of his perspective from his speech.

In Elie Wiesel's *The Perils of Indifference* speech, the Holocaust survivor discusses the consequences of acting indifferently towards the suffering of others.

How do you think his experiences shaped his perspective on indifference to others? Use evidence from both texts to support your answer.
