

The Evaline School District #36 complies with all federal rules and regulations and does not discriminate on the basis of race, creed, religion, age, veteran or military status, color, national origin, sex, sexual orientation including gender expression or identity, or use of a trained guide dog or service animal by a person with a disability. This holds true for all students who are interested in participating in educational programs and/or extracurricular school activities and provides equal access to Boy Scouts and other designated youth groups. Inquiries regarding compliance and/or grievance procedures may be directed to, the school district's Title IX/RCW 28A.85 Officer and/or Section 504/ADA Coordinator, Kyle MacDonald at 111 Schoolhouse Rd Winlock, WA 98596. 360-785-3460 kmacdonald@evalinesd.k12.wa.us

Teacher Appreciation Week May 6th - 10th

We are looking forward to showing our appreciation to our wonderful teachers during the upcoming week of May 6th - 10th. We would like to encourage our school families to send notes of encouragement and appreciation for any of our awesome teachers who have made a positive impact on your student(s). Thank you to our amazing teachers: **Mr. Burlingame, Mrs. Mars, Mrs. Mittge, Mrs. Tinnin, Mrs. Duren and our wonderful sub, Ms. Zoey.** We are so thankful for you and all you do for our students and our school!!

Annual Dessert Auction!

****Next Friday** 5-10-24
6:00pm at Evaline School**

We hope you are able to come and join in the fun and support our Evaline students!! Invite Grandparents, Aunts, Uncles and friends! Everyone is welcome!

Evaline Families, please bring a dessert to auction off if you can! You can bring it with you to the auction or drop it at the school before the auction on Friday, May 10th or make other arrangements with the booster club for dessert drop off. Thank you!

Spring Youth Fair May 3rd - 5th

All students have an art piece displayed at this weekend's Spring Youth Fair at the Southwest Washington Fairgrounds. Students will be coming home Friday with a ribbon that counts as their free ticket into the fair. Friday is free entry day for all parents/guardians.

Growth and Development Education Wednesday, May 22nd for 5th and 6th Grade

Each year 5th and 6th grade students receive education from our certified health nurse, LuNell Erickson along with help from Mr. Burlingame and Mrs. Duren. This year we will have Dr. Wiley Here to educate our students. They will go over personal hygiene, growth and development and HIV/AIDS. This class is scheduled for Wednesday, May 22nd. Please refer to the letter previously sent out to the 5th and 6th grade parents/guardians for more information or if you wish to exempt your student from this class.

The Evaline School District #36 complies with all federal rules and regulations and does not discriminate on the basis of race, creed, religion, age, veteran or military status, color, national origin, sex, sexual orientation including gender expression or identity, or use of a trained guide dog or service animal by a person with a disability. This holds true for all students who are interested in participating in educational programs and/or extracurricular school activities and provides equal access to Boy Scouts and other designated youth groups. Inquiries regarding compliance and/or grievance procedures may be directed to, the school district's Title IX/RCW 28A.85 Officer and/or Section 504/ADA Coordinator, Kyle MacDonald at 111 Schoolhouse Rd Winlock, WA 98596. 360-785-3460 kmacdonald@evalinesd.k12.wa.us

TK and Kindergarten

Mrs. Tinnin

Kindergarteners are learning the sounds ee and the silent e. They are also finishing up their animal research packets. When we start our presentations next week, students will share what they learned about their animals with the class. TK is learning about farm habitats. They also learned the letter sounds for Z, P, and Q.

Kindergarten just finished learning about 3D shapes. Your child should be able to tell you the difference between 2D and 3D shapes. Next week, they will learn to compare height, weight, and length. TK is learning how to solve simple story problems.

Our pumpkin seeds have grown so much in the past couple of weeks. Students have had fun tracking the growth of their very own plants in their journals. The plants will be coming home on Friday. Soon they will have something else to watch grow. I haven't told anyone what it will be, so it will be a surprise.

First and Second Grade Explorers

Mrs. Mittge

Thank you for your generous contributions to our thematic auction basket "Fun In the Sun." We are collecting items related to summer outdoor activities. What are some of the things you enjoy doing or playing with your family during the summer months? We would love items related to these activities so other families can enjoy them too.

We currently have: a wading pool, sidewalk chalk, a bug habitat, bubbles, a 6:1 backyard game set, and two pool toys. Things to consider might be: fishing supplies, bbq supplies, balls, sunglasses, lawn chairs, sprinklers, etc.

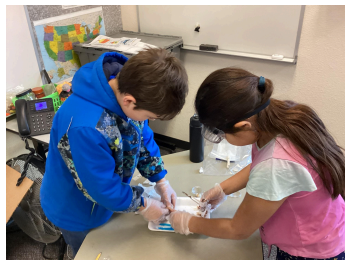

Students are deep into their waning math units. First graders should know how to use 2-D shapes to build new closed figures. Second graders should know various ways to organize data.

We continue to read, write, problem-solve and- like the living things we are studying-GROW!

Third and Fourth Grade Classroom

Mrs. Mars

Last week students had the opportunity to learn something new with the 5th and 6th graders in a hands-on way. In science they dissected squid over the course of two lessons. These lessons were designed to allow students to explore the structures that exist within both plants and animals that help them to survive in their environments.

Fifth and Sixth Grade Classroom

Mr. Burlingame

In ELA we are getting very close to finishing our "Rules to Live By" unit. Students have been working hard on writing an essay on their own "Rule to Live By" and will be completing their final drafts early next week.

Both grades have finished their chapters in math. 6th graders are getting a crash course in data and statistics while 5th grade will be reviewing important topics in preparation for the SBAC.

Speaking of SBAC- the test is scheduled for May 13 through May 24 this year. During these two weeks, please do all you can to get your student to school on time in the morning with plenty of rest. Testing can be tiring so we only test in the morning and keep our more fun classes intact in the afternoon.

As we get closer to the end of the school year keep an eye out for information in your newsletter envelope. As things are planned we will continue to send information home and we'd love to keep you in the loop of all the happenings at Evaline!
