Today, our high school was informed of a communication, through social media, that a dangerous situation may be present. This communication was immediately turned over to law enforcement for assessment. The origin of this communication is being pursued by Shelby Police and Oceana County Sheriff departments.

Our district has partnered with local law enforcement agencies due to the fact that several other schools in Muskegon county received similar information. All parties are committed to finding the person(s) and prosecuting them to the fullest extent of the law.

As a precaution, the High School went into a soft lockdown. In a soft lockdown we limit the movement and activity of students and staff. In today's situation, given we did not receive additional information, we decided to remain in a soft lockdown for the remainder of the school day.

Sincerely,

Tim Reeves
